RECOMMENDATIONS:

That the Board:

1. Accept, with gratitude, a donation from Friends Of The Observatory (FOTO) of \$175,000.00 to support the Griffith Observatory School Program during the 2015-16 school year and, direct that appropriate recognition be given to FOTO; and,
2. Direct the Department's Chief Accounting Employee to deposit the funds in the existing special account in Fund 302, Department 89, Account 89843M (Observatory School Program) upon receipt of the funds from FOTO.

SUMMARY:

For an eighth (8th) year, FOTO has generously agreed to donate One Hundred Seventy-Five Thousand Dollars (\$175,000.00) to the Griffith Observatory (the Observatory), located at 2800 East Observatory Road, Los Angeles, California 90027. The money for this donation was granted to Friends Of The Observatory by Burberry Limited as part of a partnership between Burberry Limited, Friends Of The Observatory, and the Department of Recreation and Parks (RAP). The donation is intended to continue FOTO's support for the Observatory School Program through the 2015-16 school year.

The Griffith Observatory School Program serves fifth (5th) grade students from across the region, with roughly half coming from the Los Angeles Unified School District. Due to significant reductions in the Observatory's staffing and expense budgets in Fiscal Year 2008-09, the Observatory sought FOTO's assistance in supporting the continuation of the Griffith

Observatory School Program for the 2008-09 school year. FOTO provided support again for the 2009-10, 2010-11, 2011-12, 2012-13, 2013-14, and 2014-15 school years. FOTO is continuing to seek a multi-year private sponsor for the program.

The donation funds will be deposited into the existing interest-bearing account in Fund 302, Department 89, Account 89843M (Observatory School Program) and used solely and exclusively for costs associated with the implementation of the Griffith Observatory School Program including reimbursements for part-time staffing, program expenses, and other related activities. RAP will continue to provide regular reports to FOTO on the disposition of the funding and status of the funds in the account.

FISCAL IMPACT STATEMENT:

Acceptance of the donation will have no fiscal impact on the RAP's General Fund, as the General Fund would not have been used for the program in the 2015-16 school year. Without the funds contributed by FOTO, the Griffith Observatory School Program would have been cancelled for the 2008-09, 2009-10, 2010-11, 2011-12, 2012-13, 2013-14, 2014-15, and 2015-16 school years.

The offer is the result of a stipulation under the terms of the First Amendment to Ruth Phelps' trust stating that Westchester Senior Center receive five percent (5%) of the residuary trust as specified in notification letter (Exhibit A).

Prior to her passing at the age of 102, Ruth Phelps was an active member of the Westchester community and regular participant in the program offerings of the Westchester Senior Center. THE RUTH PHELPS TRUST consists of a large concentration of Chevron stock, real property in Westchester, some short-term bond mutual funds and/or money market funds.

Re: The Ruth Phelps Trust

Dear Ms. Patsouras,

My favorite client, Ruth Phelps, passed away at the age of 102, on or about January 3, 2016. She was a remarkable woman. Under terms of the First Amendment to her Trust, your organization is to receive five percent (5%) of the residuary trust. We believe the account at the end of 2015 was in excess of \$1,400,000.

The Ruth Phelps Trust consists of a large concentration of Chevron stock, real property in Westchester, some short-term bond mutual funds or money market funds. It is my intention to retain a real estate agent to sell the property in Westchester and we hope to hire that representative within the next three weeks. Because there are ten other designated charitable organizations, we believe you will prefer us to sell the stock and provide you cash rather than distribute stock to you and will proceed to do so.

You should be aware that the Chevron stock had a very low cost basis and it was Ruth's wish for us to retain that stock during her lifetime. As of the date of death Ruth's Chevron shares gets the stepped up basis cost basis so we will avoid the capital gains taxes that would have been required if the stock were sold during her lifetime. We recognize that oil prices are very low at this time but with the volatile market conditions we believe it prudent to complete the sale of the stock in the very near future.

One of the conditions of the gift to all of the organizations is the request that your Board of Directors use the funds for the general purposes of your organization. Personally, I would hope that some recognition of the gift you receive from The Ruth Phelps Trust will recognize her in some positive manner.

Our current plan is to distribute approximately 60% of the trust within the next 90 days. The final distribution will take place after the real estate is sold in Westchester.

Under penalties of perjury, I certify that:

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
- Certify that you are not subject to backup withholding; or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' shares of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity.
- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report as your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester.
2. You do not certify your TIN when required (see Part II instructions on page 3 for details).
3. The IRS tells the requester that you furnished an incorrect TIN.
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate instructions for the Requester of Form W-9.

Also see Special rules for partnerships on page 1.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from that person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Disregarded entity. Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income will be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a domestic owner, the domestic owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, you must complete an appropriate Form W-8.

Note. Check the appropriate box for the federal tax classification of the person whose name is entered on the "Name" line (individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "limited liability company" box only and enter the appropriate code for the tax classification in the space provided. If you are an LLC that is treated as a partnership for federal tax purposes, enter "P" for partnership. If you are an LLC that has filed Form 8832 or a Form 2563 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name," sign and date the form.

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the area following the "Business name/disregarded entity name," sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(c), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2).

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

12. A common trust fund operated by a bank under section 884(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

15. A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 5 and 7 through 13. Also, C corporations.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over \$600 required to be reported and credit sales over \$5,000 ¹	Generally, exempt payees 1 through 7 ²

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.

² However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see How to get a TIN below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see Limited Liability Company (LLC) on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting irs.gov or by calling 1-800-TAX-FORM (1-800-929-3876).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, below, and items 4 and 5 on page 4 indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see Exempt Payee on page 3.

Signature requirements. Complete the certification as indicated in items 1 through 3, below, and items 4 and 5 on page 4.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. **Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. **Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA, or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN.
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit irs.gov to learn more about identity theft and how to reduce your risk.

REPORT OF GENERAL MANAGER

PG. 2

NO. 16-062

SUMMARY:

Between May 2000 and April 2009, the State of California, acting through the Sixth District Agricultural Association, also known as the California Science Center (Science Center) and the City of Los Angeles, acting through its Department of Recreation and Parks (RAP), approved two (2) Land Exchange Agreements that effectuated the exchange of approximately twenty six (26) acres equally divided between the two (2) parties. Included in this land exchange, was a requirement that an operating agreement for the use of Science Center property by RAP for the Soboroff Playfield (Playfield) be executed (Report No. 08-319). The playfield is indicated in Exhibit A. This Agreement was executed in 2009.

Under the Operating Agreement, the Science Center granted use of the Science Center property for the operation of a playfield. RAP was required to make the playfield available for parking for major events. Doing so required RAP to install and remove a playfield tile cover. This process cost RAP between Fifteen Thousand Dollars (\$15,000.00) and Forty Thousand Dollars (\$40,000.00) for each event. Further, RAP had to pay the Science Center an additional One Hundred Twenty Thousand Dollars (\$120,000.00) per year for grounds maintenance, utilities, and security. The total cost to RAP was up to Four Hundred Five Thousand Dollars (\$405,000.00) annually.

After several years of surmounting costs and escalating maintenance requirements associated with the tile covers, the Agreement was terminated by mutual notice on April 1, 2015. Not desiring to have the playfields temporarily closed, or youth and other league sports schedules disrupted, the Science Center and RAP entered into a month-to-month agreement effective March 1, 2015 to December 31, 2015. During this time, the Science Center and RAP conducted several meetings to negotiate the terms of a new agreement for the use and operation of the Playfield.

The proposed new Agreement now presented is composed of a Lease Agreement for the Playfield and a new Operating Agreement for the Playfield, as Exhibit B to the Lease.

The two new agreements include, but are not limited to the following terms and conditions:

- A one (1) time RAP commitment for a capital expenditure that will provide for an expanded parking plan designed to increase the number of parking spaces controlled by RAP and to mitigate parking on the Playfield for major events, thus eliminating the need to cover the Playfield. This plan consists of creating three hundred twenty-five (325) parking spaces as indicated on Exhibit B. The parking spaces will be created through the re-stripping of the current parking lots and the creation of a new parking lot at the corner of Martin Luther King Boulevard and Bill Robertson Avenue. The estimated capital expenditure is Two Hundred Seventeen Thousand Eight Hundred Forty-Five Dollars (\$217,845.00.00).
- Upon completion of the expanded parking plan, the RAP will no longer have use of Lot 1 for daily parking.

REPORT OF GENERAL MANAGER

PG. 3

NO. 16-062

- RAP shall pay the Science Center an annual fee of Ninety Thousand Dollars (\$90,000.00) to lease the Playfield. The first year's annual fee will be reduced by an amount not to exceed Ninety Thousand Dollars (\$90,000.00) for necessary improvements along the Vermont Strip. (At this time, it is estimated that this will cost approximately Fifty-Two Thousand Dollars (\$52,000.00).
- Science Center shall provide a full-time Department of Public Safety officer to EXPO Center during operating hours of Monday through Saturday.
- Science Center shall provide free parking for five (5) EXPO Center major events (not to exceed Four Hundred Ninety-Five (495) parking spaces).
- The agreement shall have an initial term of ten (10) years with five (5) one (1) year options to renew.

ENVIRONMENTAL IMPACT STATEMENT:

Environmental Management Staff has determined that the proposed lease agreement and the associated parking plan will consist of the issuance of a new lease agreement, minor alterations to existing parking lots, and the construction of new parking lot comprised of less than 110 spaces. Therefore, the project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1 (3, 14) and Class 11 (2) of the City CEQA Guidelines.

FISCAL IMPACT STATEMENT:

Staff does not anticipate any additional costs beyond those already considered in the execution of the Lease and Operating Agreements.

This report was prepared by Cid Macaraeg, Sr. Management Analyst II, Real Estate and Asset Management Section, Planning and Development.

act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay. Nothing in this Paragraph shall excuse LESSEE from prompt payment of any rent, taxes, insurance or any other charge required of LESSEE, except as may be expressly provided in this Lease.

32. WAIVER.

If STATE waives the performance of any term, covenant or condition contained in this Lease, such waiver shall not be deemed to be a waiver of that or any subsequent term, covenant or condition. Restrooms shall be locked when not in use and will be fully screened to the satisfaction of both parties.

(d) LESSEE shall insure that their users are familiar with the rules, regulations, and any terms that govern the users conduct at PREMISES, and will inform users about the conduct required when dealing with, associating with, or interacting with STATE, clients and guests. LESSEE shall also be responsible to ensure that users are aware of any consequences for failure to comply with such rules, regulations, and terms herein. STATE police will confer with LESSEE police in this event. Control of any criminal act involving LESSEE's permitted users at the site will be under the authority of the local police jurisdiction, although STATE police may be first responders. (i) LESSEE shall only use maintenance products and materials on STATE grounds that have been reviewed and approved by STATE. LESSEE shall endeavor to limit the use of any toxic or hazardous substances, and shall at all times remain responsible for the storage, use and transportation of any toxic or hazardous substances. RECOMMENDATION:

That the Board find, pursuant to Charter Section 1022 Determinations Policy, that the proposed contract with Plug'N Play Technologies, Inc. (Plug'n Pay) for the purchase and setup of the WebXpress Gateway system for the recreation management and reservation system, approved on December 9, 2015, is exempt from Charter Section 1022, as described in the Summary of this Report.

SUMMARY:

On September 2, 2015, the Board approved the purchase of a recreation management and reservation system software licenses, equipment and services from Vermont Systems, Inc. (VSI) for a term of one (1) year with two (2), one-year renewal options (Report No. 15-194). This new recreation management and reservation system will replace an old Online Activity Catalog system from 1999 and will improve the operation, programming and scheduling services for all activities available to the public, including facility and swimming pool reservations, rental hall and tennis court scheduling, memberships, and point-of-sale purchases at various facilities and recreation centers throughout the City of Los Angeles.

On December 9, 2015, the Board approved the purchase of the Plug'n Pay WebXpress Gateway system for use with the recreation management and reservation system purchased from VSI (Report No. 15-269). This Plug'n Pay WebXpress Gateway system is the only payment card gateway system provider that is utilized by the VSI system and is compatible with both the VSI recreation management and reservation system and the Department of Recreation and Park's payment card processor, First Data Corporation.

Upon review of the proposed contract, the Mayor requested (upon City Administrative Officer (CAO) recommendation) that this Board make a finding that the proposed contract is exempt from Charter Section 1022 because the contract does not include a labor component. A request for a 1022 determination was submitted to the Personnel Department but according to the Personnel

REPORT OF GENERAL MANAGER

PG. 2

NO. 16-063

Department, since this proposed contract with Plug'n Pay Technologies Inc., does not have a labor component, a 1022 review is not necessary.

In accordance with Charter Section 1022 Determinations Policy, adopted by the Council on July 20, 2014 (Council File 03-1673), contracts and contract amendments not requiring Charter Section 1022 determinations include "Contractor requires use of its staff or specially trained and certified persons to install, maintain or service equipment or other product in order to maintain warranties, patent rights or due to other rational basis; or the labor component cannot reasonably be separated from the other contract elements." Based on this policy, a 1022 determination was not originally requested.

The overall cost of this contract will not exceed Seventy-Five Thousand Dollars (\$75,000.00) and will be funded through Department 89, Fund 302, Account 89712H. On May 20, 2015, the Board approved the transfer of funds in the amount of Three Million Dollars (\$3,000,000.00) to Department 89, Fund 302, Account TBD – System Developments, to modernize RAP's technologies in the areas of business applications, technology infrastructure, computational storage capacities, Internet/intranet websites, mobile web and mobile applications (Report No. 15-110).

FISCAL IMPACT STATEMENT:

This project will allow RAP to process all payment card transactions securely via the internet made through the new recreation management and reservation system.

RECOMMENDATION:

That the Board approve a four (4) month closure of Runyon Canyon Park, from April 1, 2016 through July 31, 2016.

SUMMARY:

Runyon Canyon is a popular local park used for hiking and off leash dog walking by a large number of residents and tourists each week. It is ranked as one (1) of the top five (5) locations for hiking in the Greater Los Angeles Area. This 137 acre park is located in the densely populated Hollywood Hills, bordered by Mulholland Highway to the north, Franklin Avenue to the south, and Nichols Canyon to the west.

The Department of Water and Power (DWP) has determined that a one (1) mile stretch of pipeline which was installed in the 1930's, has deteriorated to a level that is of serious concern. A break in the line would probably cause major damages, not only in the park but also to properties surrounding the park.

DWP has obtained approved designs and permits to replace this existing line with a new one. This will not only improve the water system, but also add new valves and upgrade the fire system.

Due to the severity of the current condition of the pipeline, DWP is requesting a four (4) month closure of the park. This temporary closure will reduce the project timeline from eight (8) months if the park remains open, to four (4) months if the park is closed. Closing the park will reduce safety concerns with hikers walking next to open trenches. DWP will conduct an extensive outreach prior to the start of construction to ensure that all residents and park users are notified of this temporary closure. Signs containing detailed information will be installed at all entrances to the park several weeks prior to the start of construction.

REPORT OF GENERAL MANAGER

PG. 2

NO. 16-064

Council District Four and the Friends of Runyon Canyon are in support of this temporary closure.

FISCAL IMPACT STATEMENT:

There is no fiscal impact to the Department's General Fund.

This report was prepared by Joe Salaices, Griffith Region Superintendent.

SUBJECT: LOS ANGELES COUNTYWIDE PARKS NEEDS ASSESSMENT – REPORT ON
RECOMMENDED PROJECTS

SUMMARY:

In March 2015, the County of Los Angeles (County) initiated a countywide assessment of the need for parks and recreation in all cities and unincorporated areas in the County. The goal of the Park Needs Assessment is to engage all communities within the County in a collaborative process to gather data and input for future decision-making on parks and recreation.

The Park Needs Assessment is organized around Study Areas, which will be used to identify community-specific needs and determine priority projects. The Park Needs Assessment has identified one hundred eighty-seven (187) Study Areas across the County; of which, forty-three (43) are located in the City of Los Angeles (City).

In May 2016, at the conclusion of the Park Needs Assessment, the County will produce a final report with a recommended list of projects and cost estimates, in order of priority, for all one hundred eighty-seven (187) Study Areas and for the sixteen (16) "Regional Recreational Parks" located across the County. This final report will also include a separate addendum that will discuss "Open Space/Nature" and "Regional Specialty" facilities.

FACILITY ASSESSMENT PHASE

The first phase of the Park Needs Assessment is the facility assessment phase. As a part of that phase, all park-owning or operating agencies in the County, including the Department of Recreation and Parks (RAP), documented the condition of various park facilities and amenities at each of their parks and recreational facilities. The resultant facility assessment information was entered into a web portal inventory database that was developed by the County.

The facility assessment phase started on July 16, 2015 and ended on September 4, 2015.

COMMUNITY OUTREACH PHASE

The second phase of the Park Needs Assessment is the community engagement process. The purpose of the community engagement process is for community members to review the background information about each Study Area and to develop a prioritized list of potential park projects they that would like to see in each Study Area. As a part of this process, RAP scheduled a total of twenty-one (21) community meetings for the forty-three (43) Study Areas in the City. The first of the nineteen (19) RAP meetings were held between December 3, 2015 and February 4, 2016. Two additional meetings are scheduled at North Hollywood Recreation Center and EXPO Center on February 25, 2016, due to low attendance at the previous meetings.

For each community meeting RAP staff prepared flyers and background materials in various languages (e.g. English, Spanish, Korean, Chinese, and Vietnamese).

- A pop-up about the Needs Assessment was posted on RAP's website, which directed people to the website that the County set up for the Needs Assessment (<http://lacountyparkneeds.org/>).
- Information about the Needs Assessment and meetings was shared through RAP's various social media channels (Twitter, Facebook) and on the City's social media accounts.
- Flyers were distributed through each of RAP's Operations Regions. Instructions were given to staff to reproduce, post, and distribute the flyers for the meetings occurring in their respective areas of the City.
- Flyers were sent by RAP's staff to the various Park Advisory Boards.
- Flyers were sent to RAP's 17,000 volunteers through the Volgistics database.
- Flyers were sent by RAP's staff to each Council Office for the meetings occurring in their respective areas of the City.
- Flyers were sent by RAP's staff to each Neighborhood Council, and the various Neighborhood Council Alliances, for the meetings occurring in their respective areas of the City. As well as e-mail contacts for the various Neighborhood Councils were provided by the Department of Neighborhood Empowerment. Additionally, based on information RAP's staff received from the Department of Neighborhood Empowerment regarding language preferences, certain Neighborhood Councils received information in multiple languages.

Additionally, the County hired a firm, MIG, Inc., to assist in providing targeted outreach for the community meetings and MIG hired several non-profits to assist with outreach in certain areas of the City:

- Southeast Los Angeles (LA), South LA, Boyle Heights Study Areas - LA Neighborhood Land Trust
- Sun Valley, Valley Glen, Van Nuys Study Areas - Pacoima Beautiful
- Westlake, Wilshire East - Korean Youth and Community Center

PROJECT PRIORITIZATION PHASE

The third phase of the Park Needs Assessment is the project prioritization phase. Based in part on the input received in the previous two phases of the Park Needs Assessment, RAP will be developing a list of priority projects to submit to the County for inclusion in the Needs Assessment Final Report.

This list of recommended priority projects may include:

- A maximum of ten (10) priority park projects for each of the forty-three (43) Study Areas in the City.
- A maximum of five (5) priority park projects for each of the six (6) "Regional Recreational Parks" located in the City (Elysian Park, Ernest E. Debs Regional Park, Griffith Park, Hansen Dam Recreation Area, Sepulveda Dam Basin Recreation Area, Ken Malloy Harbor Regional Park).
- A maximum of twenty (20) priority park projects for "Open Space/Nature" facilities in the City.
- A maximum of twenty (20) priority park projects for "Regional Specialty" facilities" in the City.

The list of recommended priority projects is scheduled to be submitted to the County on February 29, 2016, a draft of which is attached as Exhibit A.

This Report was prepared by Meghan Luera, Management Assistant, Planning, Construction, and Maintenance Branch.

Potential Park Projects

All potential park projects must meet the following criteria:

1. Be site specific, with the following exception:

- a. Repair/improvements/additions of *single type of general park infrastructure* such as signage, park furniture, irrigation, security lighting and restrooms at multiple sites are considered one project.

2. A project must fall into one of the following three categories:

a. Repair Existing Amenities

- i. A project of this type can only address **one amenity type per project**. For example, each of these would be considered a single project:
 - 1. Repair 5 basketball courts at Central Park
 - 2. Repair pool at South Park
 - 3. Repair 3 soccer fields at North Park
- ii. General park infrastructure is a *single amenity type* and includes restrooms, signage, parking lots, walkways, security lighting (not athletic field lighting), park furniture, irrigation, vegetation/landscaping, and security fencing/gates. **All general infrastructure repairs needed in a given park are considered as one project.** Each of these would be considered a single project:
 - 1. Resurface parking lot, repair broken irrigation system, replace broken lighting at Central Park
 - 2. Fix drainage issues, replace broken drinking fountains, fix buckled walkways, re-stripe parking lot at South Park
- iii. Repair of a **single type of general infrastructure at multiple sites is considered one project**. Each of these would be considered a single project:
 - 1. Repair restrooms at all parks in Study Area
 - 2. Repair security lighting at Central Park, North Park and South Park.
 - 3. Repair irrigation systems at all parks in Study Area

b. Add or Replace Amenities at an Existing park

- i. A project of this type can only address **one amenity type per project**. For example, each of these would be considered a single project:
 1. Replace 3 soccer fields at West Park with artificial turf and add lights
 2. Add 2 basketball courts to North Park
 3. Expand splashpad at Central Park
 4. Add a 3 mile trail at South Park

- ii. General park infrastructure is a *single amenity type* and includes restrooms, signage, parking lots, walkways, security lighting (not athletic field lighting), park furniture, irrigation, vegetation/landscaping, and security fencing/gates. Sample projects:
 1. Add smart irrigation controller, expand parking lot, and add 10 picnic tables at North Park
 2. Plant 7 trees, add 2 drinking fountains, upgrade to drip irrigation at West Park

- iii. Adding or replacing a **single type of general infrastructure at multiple sites is considered one project**. Each of these would be considered a single project:
 1. Add restrooms at all parks in Study Area
 2. Replace irrigation controllers at Central Park, South Park, and West Park
 3. Replace all park furniture at all parks in Study Area

c. Building a New Park or Specialty Facility

- i. A new park project includes land acquisition, general park infrastructure and two types of amenities
 1. **A new park will count as 3 projects** on the final list
 2. If additional amenity types are desired in the new park, each should be considered a separate project
 3. If your city already owns the land that the new park will be constructed on, the new park project will include general park infrastructure and two types of amenities and will count as **2 projects**.

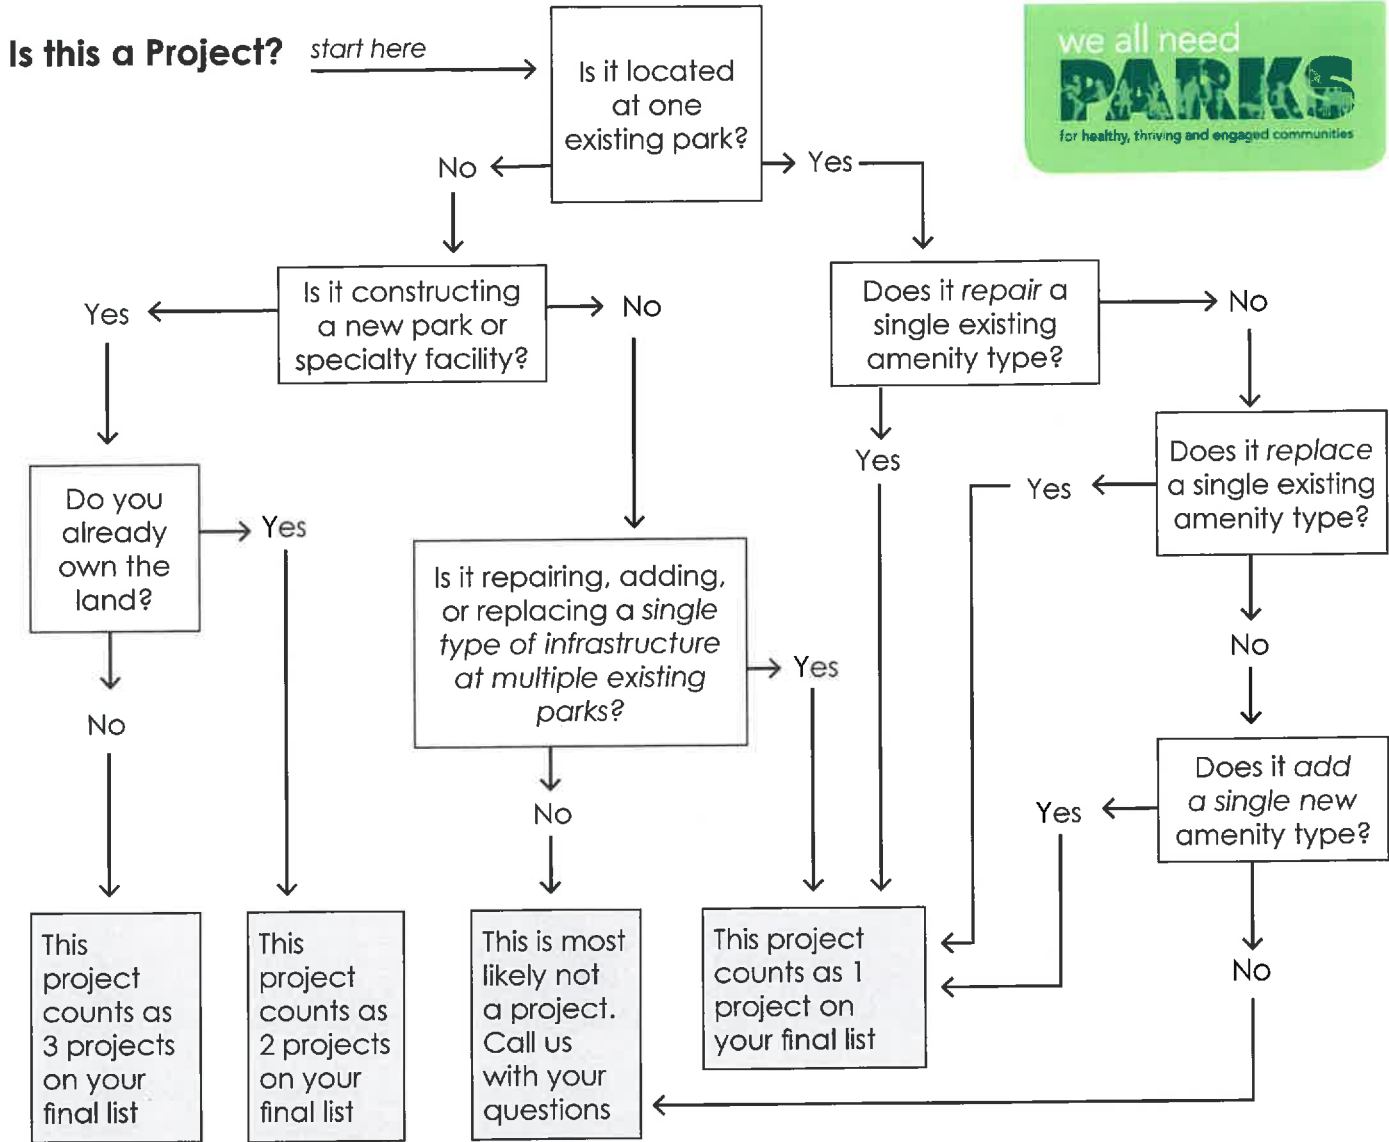

- ii. Specialty facilities include arboretums, gardens, aquatic centers, equestrian facilities, golf courses, and amphitheaters that will **serve a need beyond the Study Area**. Specialty facility projects will include land acquisition, general infrastructure and the specialty facility itself.
 1. **A specialty facility will count as 3 projects** on the final list
 2. If your city already owns the land that the specialty facility will be constructed on, the project will include general infrastructure and the specialty facility itself and will count as **2 projects**.

d. Additional considerations and sample projects

- i. If you have any questions about the projects on your list, please contact C.C. LaGrange (clagrange@placeworks.com), Jessica Wuyek (jwuyek@placeworks.com), or Tara Worden (tworden@placeworks.com)
- ii. The following sample projects are not considered a single project, for the reason listed:
 1. Add Zumba classes at the Senior Center (programming is not an amenity type and cannot be considered a project in the Park Needs Assessment)
 2. Repaint the crosswalk at the northwest entrance to South Park (crosswalks are not an amenity or general infrastructure type included in the Needs Assessment)
 3. Repair restrooms and parking lots at all parks in Study Area (this is 2 projects – one to repair all restrooms and one to repair all parking lots, as a project cannot repair multiple infrastructure types at multiple parks)
 4. Repair walkways at South Park and signage at West Park (this is 2 projects – one at South Park and one at West Park)
 5. Repair basketball courts, tennis courts and playground at Central Park (this is 3 projects because it deals with 3 different amenity types)
 6. Resurface parking lot and repair broken irrigation system at Central Park and replace broken lighting at North Park (this is 2 projects – one at Central Park and one at North park, as a project cannot repair multiple infrastructure types at multiple parks)
 7. Repair playground and replace restroom at South Park (this is 2 projects, as it address two separate amenity types – playgrounds and general infrastructure)
 8. Add swimming pools to Central Park, North Park and South Park (this is 3 separate projects because it adds an amenity to three different parks)
 9. Replace dog park and playground at West Park (this is two separate projects because it addresses two separate amenity types)
