**Interested in offering guidance and assistance on programming and fundraising at Van Nuys Recreation Center?**

**If so, become a member of the Park Advisory Board and make a positive impact today!**

Park Advisory Boards and their members are essential to the overall operation of a recreation facility. The Department of Recreation and Parks believes that the partnership between staff and the community is of primary importance in identifying and meeting the recreational needs of the community. A Park Advisory Board works to make facilities safe, clean and hospitable. A Park Advisory Board member must be a community stakeholder and understand the community's needs and interests. A member should support park improvements, help establish goals for the park, and assist with special events and fundraising. All PAB members are selected by the Department of Recreation and Parks staff. All PAB meetings are open to the public and have allotted time for public comments.
