

COUNTY CLERK'S USE

CITY OF LOS ANGELES
OFFICE OF THE CITY CLERK
ROOM 395, CITY HALL
LOS ANGELES, CALIFORNIA 90012
CALIFORNIA ENVIRONMENTAL QUALITY ACT

NOTICE OF EXEMPTION

(Article III, Section 3, City CEQA Guidelines)

FORM RP 1-1-91

Submission of this form is optional. This form shall be filed with the County Clerk, 12400 East Imperial Highway, Norwalk, California 90650, pursuant to Public Resources Code Section 21152(b). Pursuant to Public Resources Code Section 21168(d), the filing of this notice starts a 35-day statute of limitation on Court challenges to the approval of the project. Failure to file this notice with the County Clerk results in the statute of limitation being extended to 180 days.

LEAD CITY AGENCY AND ADDRESS: City of Los Angeles Department of Recreation and Parks, 221 N. Figueroa Street, Suite 400, Los Angeles, CA 90012	COUNCIL DISTRICT: 09
PROJECT TITLE: SOUTH PARK RECREATION CENTER - Football equipment donation	LOG REFERENCE: BR 23-028

PROJECT LOCATION: 345 East 51st St, Los Angeles, CA, 90011

DESCRIPTION OF NATURE, PURPOSE, AND BENEFICIARIES OF PROJECT:

The proposed Project consists of the installation football related equipment at South park RC football field, funded by the Los Angeles Chargers Impact Fund, Find Your Grind Foundation, and Oakley.

Beneficiaries of the project are the patrons of the park.

JUSTIFICATION FOR PROJECT EXEMPTION:

The proposed Project consists of placement of minor structures accessory to (appurtenant to) existing institutional facilities. It is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 11(6) of City CEQA Guidelines as well as to Article 19, Section 15311 of California CEQA Guidelines. None of the limitations set forth in State CEQA Guidelines 15300.2 apply, see attached narrative.

SOUTH PARK RECREATION CENTER - Football equipment donation CATEGORICAL EXEMPTION NARRATIVE

I. PROJECT DESCRIPTION

The proposed Project consists of the installation of one (1) football backstop net system, one (1) goalpost pad, one (1) multi-sport scoreboard, two (2) three-row freestanding bleacher structures and a storage container where the bleachers will be secured at South park RC football field, funded by the Los Angeles Chargers Impact Fund, Find Your Grind Foundation, and Oakley.

The project is located at 345 East 51st St, Los Angeles, CA, 90011, in the Southeast Los Angeles Community Planning Area (Fig.1).

II. ENVIRONMENTAL REVIEW

Basis for Categorical Exemption

The proposed Project consists of placement of minor structures accessory to (appurtenant to) existing institutional facilities. It is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 11(6) of City CEQA Guidelines as well as to Article 19, Section 15311 of California CEQA Guidelines.

Consideration of Potential Exceptions to Use of a Categorical Exemption

The State CEQA Guidelines (CCR Sec 15300.2) limit the use of categorical exemptions in the following circumstances:

1. Location. Exemption Classes 3, 4, 5, 6, and 11 are qualified by consideration of where the project is to be located – a project that is ordinarily insignificant in its impact on the environment may be significant in a particularly sensitive environment. Therefore, these classes are considered to apply to all instances, except where the project may impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies.

The proposed project falls under Class 11, and could potentially constitute an exception to CEQA exemptions. According to the parcel profile report retrieved on January 10, 2023, this area resides in a liquefaction zone. The construction of this Project, however, will not create conditions that could lead to liquefaction. This site is not within a coastal, or methane zone, therefore the project does not impact on a recognized environmental resource of hazardous or critical concern, and this exception has no application here.

2. Cumulative Impact. This exception applies when, although a particular project may not have a significant impact, the cumulative impact of successive projects of the same type in the same place, over time is significant.

The proposed project consists of the installation of small structures in an existing park. No other known projects would involve cumulatively significant impacts, and no future projects would result from the proposed project. Therefore, this exception has no application here.

3. Significant Effect. This exception applies when, although the project may otherwise be exempt, there is a reasonable possibility that the project will have a significant effect due to unusual circumstances.

RAP is not aware of any unusual circumstances associated with this project. Therefore, this exception has no application here.

4. Scenic Highway. A categorical exemption shall not be used for a project that may result in damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway.

The proposed project is not within sight of any state designated scenic highway, nor of any other historic and scenic resource. Therefore, this exception has no application here.

5. Hazardous Waste Site. This exception applies when a project is located on a site listed as a hazardous waste site under Government Code Section 65962.5.

As of 1/19/2023, the State Department of Toxic Substances Control (Envirostor at www.envirostor.dtsc.ca.gov) and the State Water Resources Control Board (Geotracker at <https://Geotracker.waterboards.ca.gov>) have not listed any site within the project area or near the Project area (within 500 feet). Therefore, this exception has no application here.

6. Historical Resources. This exception applies when a project may cause a substantial adverse change in the significance of a historical resource.

The proposed project area is not located in proximity of known historical, paleontological or archeological resources. The excavation required for the proposed project will occur in already disturbed areas, and this office does not anticipate the disruption of archaeological or paleontological resources.

However, in case historical artifacts are encountered, City Engineer Standard Specifications, Section 6-3.2, (Greenbook, 2012) states: "If discovery is made of items of archaeological or paleontological interest, the Contractor shall immediately cease excavation in the area of discovery and shall not continue until ordered by the Engineer." Therefore, during activities in which there will be ground disturbances (i.e., digging, drilling, etc.) if any evidence of archaeological, cultural, or paleontological resources are found, all work within the vicinity of the find shall stop until a qualified archaeologist can assess the finds and make recommendations. No excavation of any finds should be attempted by Project personnel unless directed by a qualified archaeologist. Construction activities may continue in other areas. If the discovery proves significant under CEQA (Section 15064.5f; Public Resources Code or PRC 21082), additional work such as testing or data recovery may be warranted.

The discovery of human remains is always a possibility during ground disturbances; State of California Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the Los Angeles County Coroner has made a determination of origin and disposition pursuant to PRC Section 5097.98. The Los Angeles County Coroner must be notified of the find immediately. If the human remains are determined to be prehistoric, the Coroner will notify the Native American Heritage Commission, which will determine and notify a Most Likely Descendent (MLD). The MLD shall complete the inspection of the site within 48 hours of notification and may recommend scientific removal and nondestructive analysis of human remains and items associated with Native American burials.

Therefore, this exception has no application here.
