BOARD REPORT

PG. 2 NO. 16-147

SUMMARY

On May 4, 2016, the Board of Recreation and Park Commissioners approved Board Report 16-108, which awarded the Griffith Park Pony Ride Concession (Concession) to Los Angeles Pony Rides, Inc., and authorized RAP staff to develop the Concession Agreement. Shortly thereafter, RAP staff met with Los Angeles Pony Rides, Inc., to review all contractual terms and discuss a transition plan between the incumbent operator and Los Angeles Pony Rides, Inc. RAP staff expects a smooth transition with minimal interruption to operations.

The Concession is located at 4400 Crystal Springs Drive, within the Griffith Park area that includes recreational amenities such as hiking trails, horseback riding trails, picnic areas, train rides, and a refreshment stand. The Concession consists of a pergola structure, ticket booth, pony sweep structure, wooden guide rails, corrals, and a metal hay barn. The Concession offers pony rides for children with the appropriate saddlery and tack necessary for the safety of the riders and ponies, a mule or pony-drawn stagecoach ride and a pony sweep ride.

The Concession is currently operated under the terms of Concession Agreement No. 191 which began on June 28, 1979 for a single ten-year term and ended on June 28, 1989, between the City of Los Angeles and Hank William Bronk, (Concessionaire) whose family has operated the Concession since 1980. The Agreement has been operated on a month-to-month basis since its expiration in 1989.

BACKGROUND

Transitional and Operational Plan: Los Angeles Pony Rides, Inc. will begin operation of the Concession with sixty-five (65) experienced ponies and other needed equipment acquired through an asset purchase agreement, which was included in the proposal, signed by the current operator of the pony ride concession. This will assist in a smooth transition between the incumbent operator and new operator. The incumbent operator has approved the new operator's general managers to be on site thirty to forty-five (30-45) days prior to insure a smooth transition. In addition to providing pony rides six days a week (closed Mondays for clean-up, care and rest of the animals, with the exception of holidays or private events), as is currently offered, Los Angeles Pony Rides, Inc.'s business plan includes several additional services and/or amenities that include: educational classes where children learn how to groom and relate to a pony; pony-assisted non-riding therapy for special needs children and adults; and a program to help veterans find assistance through bonding with a pony. A small themed product sales kiosk for purchase of pony related products, a free petting zoo, and private birthday parties will also be offered.

Capital Improvements: Los Angeles Pony Rides, Inc. has committed to perform the required concession improvements (deferred maintenance) as listed in the Request for Proposal (RFP) within six months upon execution of the Agreement. In addition to the required improvements, Los Angeles Pony Rides, Inc. included an optional concession improvement plan in its proposal, which includes remodeling the ticket office, adding a petting zoo, pony coral and pony sales kiosk; constructing a birthday party pavilion, landscaping and improvements to the surface of the main pony ring, and installing a state-of-the-art video security system all to be completed within first one hundred twenty (120) days of operations. Both improvement categories, required and optional, are estimated to cost

BOARD REPORT

PG. 3 NO. 16-147

Eighty-Three Thousand Dollars (\$83,000.00).

Financial Return to the City: Los Angeles Pony Rides, Inc.'s proposal includes a twenty-five percent (25%) revenue sharing plan with projected gross revenue of One Million, Twenty-Six Thousand, One Hundred Forty-Four Dollars (\$1,026,144.00) the first year of operation and growing to One Million, Ninety-Five Thousand, Eight Hundred Forty-Two Dollars (\$1,095,842.00) by Year Eight of operation. This would provide the City with approximately Two Hundred Fifty Thousand Dollars (\$250,000.00) in rental income per year, or Two Million (\$2,000,000.00) in rental income for this Concession over the eight-year term of the Agreement. This expected increase in revenue is premised on an increase to the pony ride ticket price from the current \$3 per ticket to \$5 per ticket. Staff has conducted comparative research of pony ride ticket prices, and this price increase is consistent with similar pony ride operations in the region.

CONCLUSION

Los Angeles Pony Rides, Inc. has met and in some cases exceeded the requirements, as provided in the RFP, to operate the Concession. Los Angeles Pony Rides, Inc. has demonstrated the necessary qualifications, and has proposed a business plan, operation plan, transition plan, and capital improvement plan that will enhance the experience offered to the public. In addition, the financial return to the city is expected to increase, allowing for ongoing and future resources to be available for upkeep, maintenance and repairs. After a thorough evaluation of the Los Angeles Pony Rides, Inc.'s proposal, and following further clarifying discussions, RAP staff recommends approval of the proposed Agreement.

ENVIRONMENTAL IMPACT STATEMENT

Staff has not yet performed an environmental review as it relates to the capital improvements that have been proposed in concept as part of the proposal submitted by Los Angeles Pony Rides, Inc. Staff will perform an environmental review, and provide a CEQA determination upon concessionaire providing final construction plans.

FISCAL IMPACT STATEMENT

The Board's approval of the Recommendations, and the execution of a new Agreement for the operation of the Griffith Park pony rides, will have a positive impact on the RAP's General Fund, due to an increase in concessions revenue.

This Report was prepared by LaTricia Jones, Management Analyst II, Partnership and Revenue Branch, Concessions Division.

CONCESSIONAIRE shall transmit with each revenue-sharing payment a Monthly Gross Receipts and Revenue-Sharing Report, also referred to as a Monthly Remittance Advice Form (Exhibit D), for the month for which a payment is submitted.

E. Late Payment Fee

Failure of CONCESSIONAIRE to pay any of the revenue-sharing payments or any other fees, charges, or payments required herein on time is a breach of the AGREEMENT for which CITY may terminate same or take such other legal action as it deems necessary.

Without waiving any rights available at law, in equity or under the AGREEMENT, in the event of late or delinquent payments by CONCESSIONAIRE, the latter recognizes that CITY will incur certain expenses as a result thereof, the amount of which is difficult to ascertain. Therefore, in addition to monies owing, CONCESSIONAIRE agrees to pay the CITY a late fee set forth below to compensate CITY for all expenses and/or damages and loss resulting from said late or delinquent payments.

The charges for late or delinquent payments shall be One Hundred Fifty Dollars (\$150.00) for each month late plus interest calculated at the rate of eighteen percent (18%) per annum, assessed monthly, on the balance of the unpaid amount. Payments shall be considered past due if postmarked after the fifteenth (15th) day of the month in which payment is due.

The acceptance of late revenue-sharing payments by CITY shall not be deemed as a waiver of any other breach by CONCESSIONAIRE of any term or condition of this AGREEMENT other than the failure of CONCESSIONAIRE to timely make the particular revenue-sharing payment so accepted.

SECTION 9. ADDITIONAL FEES AND CHARGES

- A. If CITY pays any sum or incurs any obligations or expense which CONCESSIONAIRE has agreed to pay or reimburse CITY for, or if CITY is required or elects to pay any sum or to incur any obligations or expense by reason of the failure, neglect, or refusal of CONCESSIONAIRE to perform or fulfill any one or more of the conditions, covenants, or agreements contained in the AGREEMENT, or as a result of an act or omission of CONCESSIONAIRE contrary to said conditions, covenants, and agreements, CONCESSIONAIRE agrees to pay to CITY the sum so paid or the expense so incurred, including all interest, costs, (including CITY'S fifteen percent (15%) administrative overhead cost), damages, and penalties. This amount shall be added to the rental payment thereafter due hereunder, and each and every part of the same shall be and become additional

rental payment, recoverable by CITY in the same manner and with like remedies as if it were originally a part of the basic rental payment set forth in Section 5 hereof.

- B. For all purposes under this Section, and in any suit, action, or proceeding of any kind between the parties hereto, any receipt showing the payment of any sum by CITY for any work done or material furnished shall be prima facie evidence against CONCESSIONAIRE that the amount of such payment was necessary and reasonable. Should CITY elect to use its own personnel in making any repairs, replacements, and/or alterations, and to charge CONCESSIONAIRE with the cost of same, receipts and timesheets will be used to establish the charges, which shall be presumed to be reasonable in absence of contrary proof submitted by CONCESSIONAIRE.
- C. Use of the PREMISES for purposes not expressly permitted herein, may result in additional charges; however, any such use without the prior written approval of the DEPARTMENT shall also constitute a material breach of AGREEMENT and is prohibited.

SECTION 10. MAINTENANCE OF PREMISES

During all periods that the PREMISES are used or are under the control of the CONCESSIONAIRE for the uses, purposes, and occupancy aforesaid, CONCESSIONAIRE shall be responsible for all necessary janitorial duties and damage/maintenance repairs, to the satisfaction of the DEPARTMENT. The cause of said maintenance, cleaning and repairs may result from normal wear and tear, as well as vandalism.

A. Interior of Premises

- 1. Areas to be Maintained by CONCESSIONAIRE:
CONCESSIONAIRE shall, at its own expense, keep and maintain all the interior walls and surfaces of PREMISES and all improvements, fixtures, and utility systems which may now or hereafter exist thereon, whether installed by CITY or CONCESSIONAIRE. Improvements shall include all buildings and appurtenances recessed into or attached by any method to the ground or to another object which is recessed or attached to the ground or to other CITY-owned facilities (such as buildings, fences, posts, signs, electrical hook-ups, plumbing, tracks, tanks, etc.).

CONCESSIONAIRE shall provide all maintenance, repair, and service required on all interior areas, surfaces, and equipment used in the PREMISES and keep such equipment in good repair and in a clean and orderly condition and appearance. CONCESSIONAIRE shall also be responsible for electrical, mechanical, and plumbing maintenance in the

interior of the PREMISES, such as lighting fixtures, sinks, and faucets; however, CITY shall be responsible for maintenance of utility lines and drains within the walls and floors of the concession PREMISES. Insofar as sanitation and appearance of the PREMISES is concerned, the DEPARTMENT may direct CONCESSIONAIRE to perform necessary repairs and maintenance to the interior of the structure or to the equipment, whether the equipment is CONCESSIONAIRE or CITY property.

2. Duties

CONCESSIONAIRE'S maintenance duties shall include all sweeping, washing, servicing, repairing, replacing, cleaning, and interior painting that may be required to properly maintain the premises in a safe, clean, operable, and attractive condition. CONCESSIONAIRE shall provide for such repairs, replacements, rebuilding, and restoration as may be required by or given prior written approval by the DEPARTMENT to comply with the requirements hereof. Those duties shall also include electrical, mechanical, and plumbing maintenance in the interior of the premises, such as light fixtures, toilets, and faucets.

B. Exterior of Premises and Common Passageways

CITY shall maintain the exterior of all buildings and will endeavor to perform all exterior repairs occasioned by normal wear and tear, and the elements, unless otherwise provided for in the AGREEMENT. Common passageways leading to other CONCESSION facilities or offices maintained by CITY which also lead to the PREMISES shall not be considered under the control of CONCESSIONAIRE for purposes of this Section. In addition, CITY shall be responsible for maintenance of the lawn area within the perimeter of the PREMISES, including mowing and watering, and shall maintain all existing landscaping, trees, and bushes on the PREMISES. CITY shall also maintain the existing water, drain and sewer systems, provided, however, that CONCESSIONAIRE shall make every effort not to clog such systems with manure or other debris from all operations.

C. Correction of Conditions Leading to Damage

If CONCESSIONAIRE fails, after written notice, to correct such conditions which have led or, in the opinion of CITY, could lead to significant damage to CITY property, the DEPARTMENT may at its option, and in addition to all other remedies which may be available to it, repair, replace, rebuild, redecorate or paint any such PREMISES included in said notice, with the cost thereof, plus fifteen percent (15%) for administrative overhead, to be paid by CONCESSIONAIRE to CITY on demand. If, for any reasons, payment of such fees becomes delinquent, DEPARTMENT may, in its sole discretion, suspend the AGREEMENT and all terms and conditions contained therein.

D. Property Damage and Theft Reporting

CONCESSIONAIRE shall complete and submit to the DEPARTMENT a "Special Occurrence and Loss Report," in the event that the PREMISES and/or CITY-

owned property is damaged or destroyed, in whole or in part, from any cause whatsoever, and in the event of theft, burglary, or other crime committed on the PREMISES. Blank forms for this purpose shall be provided by the DEPARTMENT.

E. Damage or Destruction to Premises

1. Partial Damage

If all or a portion of the PREMISES are partially damaged by fire, explosion, flooding inundation, floods, the elements, public enemy, or other casualty, but not rendered uninhabitable, the same will be repaired with due diligence by CITY at its own cost and expense, subject to the limitations as hereinafter provided; if said damage is caused by the negligent acts or omissions of CONCESSIONAIRE, its agents, officers, or employees, CONCESSIONAIRE shall be responsible for reimbursing CITY for the cost and expense incurred in making such repairs.

2. Extensive Damage

If the damages as described above in "Partial Damage" are so extensive as to render the PREMISES or a portion thereof uninhabitable, but are capable of being repaired within a reasonable time not to exceed sixty (60) days, the same shall be repaired with due diligence by CITY at its own cost and expense and a negotiated portion of the fees and charges payable hereunder shall abate from the time of such damage until such time as the PREMISES are fully restored and certified by DEPARTMENT as again ready for use; provided, however, that if such damage is caused by the negligent acts or omissions of CONCESSIONAIRE, its agents, officers, or employees, said fees and charges will not abate and CONCESSIONAIRE shall be responsible for the cost and expenses incurred in making such repairs.

3. Complete Destruction

In the event all or a substantial portion of the PREMISES are completely destroyed by fire, explosion, the elements, public enemy, or other casualty, or are so damaged that they are uninhabitable and cannot be replaced except after more than sixty (60) days, CITY shall be under no obligation to repair, replace or reconstruct said PREMISES, and an appropriate portion of the fees and charges payable hereunder shall abate as of the time of such damage or destruction and shall henceforth cease until such time as the said PREMISES are fully restored. If within four (4) months after the time of such damage or destruction said PREMISES have not been repaired or reconstructed, CONCESSIONAIRE may terminate this AGREEMENT in its entirety as of the date of such damage or destruction. Notwithstanding the foregoing, if the said PREMISES, or a substantial portion thereof, are completely destroyed as a result of the negligent acts or omissions of CONCESSIONAIRE, its agents, officers, or employees, said fees and charges shall not abate and CITY may, in its discretion, require

CONCESSIONAIRE to repair and reconstruct the same within twelve (12) months of such destruction and CONCESSIONAIRE shall be responsible for reimbursing CITY for the cost and expenses incurred in making such repairs. CONCESSIONAIRE shall continue paying CITY rent as determined above during the rebuilding of the facility.

4. **Limits of CITY'S Obligation Defined**

In the application of the foregoing provisions, CITY may, but shall not be obligated to, repair or reconstruct the PREMISES. If CITY chooses to do so, CITY'S obligation shall also be limited to repair or reconstruction of the PREMISES to the same extent and of equal quality as obtained by CONCESSIONAIRE at the commencement of its operations hereunder. Redecoration and replacement of furniture, equipment and supplies shall be the responsibility of CONCESSIONAIRE and any such redecoration and refurbishing/reequipping shall be equivalent in quality to that originally installed.

F. **Pest Control**

Unless otherwise specified in the AGREEMENT, CONCESSIONAIRE shall be responsible for pest control in and around the PREMISES, including but not limited to, abatement of insects (including roaches, bees, etc.), spiders, rodents, vermin, and other nuisance pests, if the pests are found in or on structures or areas used and maintained by CONCESSIONAIRE, such as any of the following portions of the PREMISES:

1. Any portion of a building or enclosed structure with walls, roof, and doors, such as pro shops, gift shops, golf car storage facilities, restaurants, food stands, ticket and sales booths, kiosks, theater stage buildings, offices and storage facilities, storage containers owned and/or used by CONCESSIONAIRE, equine housing, etc.

CITY shall be responsible for pest control if pests are found in or on structures or areas maintained by CITY, such as:

1. Open, unfenced areas such as those locations permitted for mobile food vending, bike rentals, coin-operated telescopes, etc.
2. Recreation centers, rental halls, and other facilities occupied in part by CONCESSIONAIRE but maintained by CITY.
3. Other areas, structures, or facilities adjacent to the PREMISES, but not used by or under the control of CONCESSIONAIRE; or areas, structures, or facilities shared by CONCESSIONAIRE and CITY.

Pest control for pests which may cause permanent structural damage to DEPARTMENT property (for example, termite infestation) shall be the

responsibility of CITY. CONCESSIONAIRE shall take all reasonable measures to reduce the proliferation of pests, including maintaining the PREMISES clean and orderly in accordance with this Section, and keeping wood components painted. DEPARTMENT may direct CONCESSIONAIRE to take additional measures to abate pests which are an immediate threat to public health or safety.

SECTION 11. PROHIBITED ACTS

CONCESSIONAIRE shall not:

1. Use the PREMISES to conduct any other business operations of CONCESSIONAIRE not related to the CONCESSION.
2. Do or allow to be done anything which may interfere with the effectiveness or accessibility of utility, heating, ventilating, or air conditioning systems or portions thereof on the PREMISES or elsewhere on the FACILITY, nor do or permit to be done anything which may interfere with free access and passage in the PREMISES or the public areas adjacent thereto, or in the streets or sidewalks adjoining the PREMISES, or hinder police, fire fighting or other emergency personnel in the discharge of their duties;
3. Interfere with the public's enjoyment and use of the FACILITY or use the PREMISES for any purpose which is not essential to the CONCESSION operations;

5. Overload any floor in the PREMISES;
6. Place any additional lock of any kind upon any window or interior or exterior door in the PREMISES, or make any change in any existing door or window lock or the mechanism thereof, unless a key therefore is maintained on the PREMISES, nor refuse, upon the expiration or sooner termination of the AGREEMENT, to surrender to DEPARTMENT any and all keys to the interior or exterior doors on the PREMISES, whether said keys were furnished to or otherwise procured by CONCESSIONAIRE, and in the event of the loss of any keys furnished by DEPARTMENT, CONCESSIONAIRE shall pay CITY, on demand, the cost for replacement thereof;
7. Do or permit to be done any act or thing upon the PREMISES which will invalidate, suspend or increase the rate of any insurance policy required under the AGREEMENT, or carried by CITY, covering the PREMISES, or the buildings in which the same are located or which, in the opinion of DEPARTMENT, may constitute a hazardous condition that will increase the

risks normally attendant upon the operations contemplated under the AGREEMENT, provided, however, that nothing contained herein shall preclude CONCESSIONAIRE from bringing, keeping or using on or about the PREMISES such materials, supplies, equipment and machinery, including belted safety saddles, as are appropriate or customary in carrying on its business, or from carrying on said business in all respects as is customary;

8. Use, create, store or allow any hazardous materials as defined in Title 26, Division 19.1, Section 19-2510 of the California Code of Regulations, or those which meet the criteria of the above Code, as well as any other substance which poses a hazard to health and environment, provided, however, that nothing contained herein shall preclude CONCESSIONAIRE from bringing, keeping or using on or about the PREMISES such materials, supplies, equipment and machinery as are appropriate or customary in carrying on its business, or from carrying on said business in all respects as is customary except that all hazardous materials must be stored and used in compliance with all City, State and Federal rules, regulations, ordinances and laws;
9. Allow any sale by auction upon the PREMISES;
10. Permit undue loitering on or about the PREMISES;
11. Use the PREMISES in any manner that will constitute waste;
12. Use or allow the PREMISES to be used for, in the opinion of DEPARTMENT, any improper, immoral, or unlawful purposes.

SECTION 12. RATIFICATION LANGUAGE

At the request of the DEPARTMENT, and because of the need therefore, CONCESSIONAIRE may have begun performance of the responsibilities herein required prior to the execution hereof. By its execution hereof, the DEPARTMENT hereby accepts such service subject to all the terms, covenants, and condition of this AGREEMENT, and ratifies its AGREEMENT with CONCESSIONAIRE for such services.

SECTION 13. PERFORMANCE DEPOSIT

CONCESSIONAIRE shall provide the DEPARTMENT a sum equal to Forty Thousand Dollars (\$40,000.00) to guarantee payment of fees and as a damage deposit to be used in accordance with the default provisions of this AGREEMENT.

Form of Deposit

CONCESSIONAIRE'S Deposit shall be in the following form:

1. A cashier's check payable to the order of the City of Los Angeles.
- A. **Agreement of Deposit and Indemnity**
CONCESSIONAIRE unconditionally agrees that in the event of any default, CITY shall have full power and authority to use the deposit in whole or in part to indemnify CITY. All deposits of checks must be immediately so deposited by the DEPARTMENT.
 - B. **Maintenance of Deposit**
Said deposit shall be held by CITY during the entire term of the AGREEMENT.
 - C. **Return of Deposit to CONCESSIONAIRE**
Said Deposit shall be returned to CONCESSIONAIRE and any rights assigned to the Deposit shall be surrendered by CITY in writing, after the expiration or earlier termination of the AGREEMENT and any exit audits performed in conjunction with the AGREEMENT. The CITY reserves the right to deduct from the Performance Deposit, any amounts up to and including the full amount of the Deposit as stated herein, owed to the CITY by CONCESSIONAIRE as shown by any exit audits performed by CITY, or as compensation to CITY for failure to adhere to material terms and conditions of the AGREEMENT.

SECTION 14. TAXES, PERMITS, AND LICENSES

- A. CONCESSIONAIRE shall obtain and maintain at its sole expense any and all approvals, permits, or licenses that may be required in connection with the operation of the CONCESSION including, but not limited to, tax permits, business licenses, health permits, animal regulation, building permits, police and fire permits, etc.
- B. CONCESSIONAIRE shall pay all taxes of whatever character that may be levied or charged upon the rights of CONCESSIONAIRE to use the PREMISES, or upon CONCESSIONAIRE'S improvements, fixtures, equipment, or other property thereon or upon CONCESSIONAIRE'S operations hereunder. In addition, by executing the AGREEMENT and accepting the benefits thereof, a property interest may be created known as "Possessory Interest" and such property interest will be subject to taxation. CONCESSIONAIRE, as the party to whom the Possessory Interest is vested, may be subject to the payment of the possessory taxes levied by the State and County upon such interest.
- C. During the entire term of the AGREEMENT, the CONCESSIONAIRE must hold a current Los Angeles Business Tax Registration Certificate (BTRC) as required by

the CITY'S Business Tax Ordinance (LAMC Article 1, Chapter 2, Sections 21.00 et. seq.).

- D. Pursuant to Section 21.3.3 of Article 1.3 of the LAMC Commercial Tenants Occupancy Tax, CONCESSIONAIRE must pay to the City of Los Angeles for the privilege of occupancy, a tax at the rate of One Dollar and Forty-Eight Cents (\$1.48) per calendar quarter or fractional part thereof for the first One Thousand Dollars (\$1,000.00) or less of charges (rent) attributable to said calendar quarter, plus One Dollar and Forty-Eight Cents (\$1.48) per calendar quarter for each additional One Thousand Dollars (\$1,000.00) of charges or fractional part thereof in excess of One Thousand Dollars (\$1,000.00). Said tax shall be paid quarterly to the DEPARTMENT, on or before the fifteenth (15th) of April, July, October, January of each calendar year, for the preceding three (3) months. Should the rate of the Occupancy Tax rise at any time during the term of the AGREEMENT, the CONCESSIONAIRE shall be responsible to pay the updated, higher rate.

The charges for late or delinquent payments shall be One Hundred Fifty Dollars (\$150.00) for each month late plus interest calculated at the rate of eighteen percent (18%) per annum, assessed monthly, on the balance of the unpaid amount.

SECTION 15. ASSIGNMENT, SUBLEASE, BANKRUPTCY

CONCESSIONAIRE shall not under-let or sub-let the subject PREMISES or any part thereof or allow the same to be used or occupied by any other person or for other use than that herein specified, nor purport or attempt to assign the AGREEMENT nor transfer or in any manner convey any of the rights or privileges herein granted without the explicit, prior written consent of CITY. Neither the AGREEMENT nor the rights herein granted shall be assignable or transferable by any process or proceedings in any court, or by attachment, execution, proceeding in insolvency or bankruptcy either voluntary or involuntary, or receivership proceedings. Any purported or attempted assignment, mortgaging, hypothecation, or encumbering of the CONCESSION rights or other violation of the provisions of this Section shall be void and shall confer no right, title or interest in or to the AGREEMENT or right of use of the whole or any portion of the PREMISES upon any such purported assignee, mortgagee, encumbrancer, pledgee or other lien holder, successor or purchaser. Any such purported or attempted assignment, transfer, mortgaging, hypothecation or encumbering without the explicit, prior, written consent of the DEPARTMENT shall be a material breach of this AGREEMENT, and the DEPARTMENT at its discretion may terminate the AGREEMENT.

SECTION 16. BUSINESS RECORDS

CONCESSIONAIRE shall maintain during the term of the AGREEMENT and for three (3) years thereafter, all of its books, ledgers, journals, and accounts wherein are kept all entries reflecting the gross receipts received or billed by it from the business transacted

pursuant to the AGREEMENT. Such books, ledgers, journals, accounts, and records shall be available for inspection and examination by DEPARTMENT, or a duly authorized representative, during ordinary business hours at any time during the term of this agreement and for at least three (3) years thereafter.

A. Employee Fidelity Bonds

At the DEPARTMENT'S discretion, adequate employee fidelity bonds may be required to be maintained by CONCESSIONAIRE covering all its employees who handle money.

B. Cash And Record Handling Requirements

If requested by DEPARTMENT, CONCESSIONAIRE shall prepare a description of its cash handling and sales recording systems and equipment to be used for operation of the CONCESSION which shall be submitted to DEPARTMENT for approval.

CONCESSIONAIRE shall be required to maintain a method of accounting of the CONCESSION which shall correctly and accurately reflect the gross receipts and disbursements received or made by CONCESSIONAIRE from the operation of the CONCESSION. The method of accounting, including bank accounts, established for the CONCESSION shall be separate from the accounting systems used for any other business operated by CONCESSIONAIRE or for recording CONCESSIONAIRE'S personal financial affairs. Such method shall include the keeping of the following documents:

1. Regular books of accounting such as general ledgers.
2. Journals including supporting and underlying documents such as vouchers, checks, tickets, bank statements, etc.
3. State and Federal income tax returns and sales tax returns and checks and other documents proving payment of sums shown.
4. Cash register tapes shall be retained so that day to day sales can be identified. A cash register must be used in public view which prints a dated double tape, indicating each sale and the daily total.
5. Any other accounting records that CITY, in its sole discretion, deems necessary for proper reporting of receipts.

C. Method of Recording Gross Receipts

Unless otherwise specified in the AGREEMENT, CONCESSIONAIRE shall obtain and install a cash register(s) on which it shall record all gross sales. The cash register shall be non-resettable and sufficient to supply an accurate recording of all sales on tape. CONCESSIONAIRE shall not purchase or install the cash register before obtaining the DEPARTMENT'S written approval of the specific

register to be purchased. All cash registers shall have a price display which is and shall remain at all times visible to the public.

In lieu of a cash register as described directly above, the CONCESSIONAIRE may install a computerized Point-of-Sale system, including hardware and software, to record transactions and receipts. Such computerized Point-of-Sale system must be capable of providing paper receipts to patrons, have a price display which is and shall remain at all times visible to the public, and have controls in place to make it equivalent to a non-resettable cash register. CONCESSIONAIRE shall not purchase or install the computerized Point-of-Sale system, including hardware and software, before obtaining DEPARTMENT's written approval of the specific hardware and software to be purchased.

D. Annual Statement of Gross Receipts and Expenses

CONCESSIONAIRE shall transmit a Statement of Gross Receipts and Expenses (Profit and Loss Statement) for the CONCESSION operations as specified in the AGREEMENT, in a form acceptable to the DEPARTMENT, on or before March 15th of each calendar year during the term of the AGREEMENT. Such Statement must be prepared by a Certified Public Accountant (CPA) and shall not include statements of omission or non-disclosure. An extension may be granted in writing, prior to the April 30th due date, by the DEPARTMENT or his designee, provided sufficient verification of the need for the extension is provided, as accepted by the DEPARTMENT or his designee. The charge for late or delinquent Statements shall be One Hundred Dollars (\$100.00) per month or part thereof late.

In addition, CITY may from time to time conduct an audit and re-audit of the books and businesses conducted by CONCESSIONAIRE and observe the operation of the business so that accuracy of the above records can be confirmed. If the report of gross sales made by CONCESSIONAIRE to CITY shall be found to be less than the amount of gross sales disclosed by such audit and observation, CONCESSIONAIRE shall pay CITY within thirty (30) days after billing any additional rentals disclosed by such audit. If discrepancy exceeds two percent (2%) and no reasonable explanation is given for such discrepancy, CONCESSIONAIRE shall also pay the cost of the audit.

SECTION 17. REGULATIONS, INSPECTION, AND DIRECTIVES

A. Constitutional and Other Limits on CONCESSIONAIRE'S Rights to Exclusivity

Notwithstanding exclusivity granted to Concessionaire by the terms of this Agreement, the City in its discretion may require Concessionaire, without any reduction in rent or other valuable consideration to Concessionaire, to accommodate the rights of persons to access and engage in expressive activities, as guaranteed by the first amendment to the United States constitution, the California constitution, and other laws, as these laws are interpreted by the City.

Expressive activities include, but are not limited to, protesting, picketing, proselytizing, soliciting, begging, and vending of certain expressive, message-bearing items.

B. Conformance with Laws

1. Any and all applicable rules, regulations, orders, and restrictions which are now in force or which may be hereafter adopted by CITY with respect to the operation of the CONCESSION;
2. Any and all orders, directions or conditions issued, given, or imposed by DEPARTMENT with respect to the use of the roadways, driveways, curbs, sidewalks, parking areas, or public areas adjacent to the PREMISES;
3. Any and all applicable laws, ordinances, statutes, rules, regulations or orders, including the LAMC, LAAC, the Charter of the City of Los Angeles, and of any governmental authority, federal, state or municipal, lawfully exercising authority over the CONCESSIONAIRE'S operations; and,
4. Any and all applicable local, state and federal laws and regulations relative to the design and installation of facilities to accommodate disabled persons.

C. Permissions

Any permission required by the AGREEMENT shall be secured in writing by CONCESSIONAIRE from CITY or the DEPARTMENT and any errors or omissions therefrom shall not relieve CONCESSIONAIRE of its obligations to faithfully perform the conditions therein. CONCESSIONAIRE shall immediately comply with any written request or order submitted to it by CITY or the DEPARTMENT.

D. Right of Inspection and Access to Venue

CITY and the DEPARTMENT, their authorized representatives, agents and employees shall have the right to enter upon the PREMISES at any and all reasonable times for the purpose of inspection, evaluation, and observation of CONCESSIONAIRE'S operation. Park Rangers are specifically designated as CITY agents and are empowered by CITY to conduct inspections of the PREMISES, evaluate CONCESSIONAIRE and inform the DEPARTMENT fully as to CONCESSIONAIRE's conduct of the CONCESSION. During these inspections, they all shall have the right to photograph, film, or otherwise record conditions and events taking place upon the PREMISES. The inspections may be made by persons identified to CONCESSIONAIRE as CITY Employees, or may be made by independent contractors engaged by CITY. Inspections may be made for the purposes set forth below, and for any other lawful purpose for which the CITY or another governmental entity with jurisdiction is authorized to perform inspections of the PREMISES:

1. To determine if the terms and conditions of the AGREEMENT are being complied with.
2. To observe transactions between the CONCESSIONAIRE and patrons in order to evaluate the quality of services provided or quality and quantities of items sold or dispensed.

E. Control of Premises

CITY shall have absolute and full access to the PREMISES and all its appurtenances during the term of the AGREEMENT and may make such changes and alterations therein, and in the grounds surrounding same, as may be determined by said CITY. Such determination shall not be unreasonable and shall take into account the business considerations presented by CONCESSIONAIRE.

F. Business Inclusion Program

CONCESSIONAIRE agrees and obligates itself to utilize the services of Minority, Women, Small, Emerging, Disabled Veteran and Other Business Enterprise firms on a level so designated in its proposal, Schedule A (Exhibit G). CONCESSIONAIRE certifies that it has complied with Executive Directive No. 14 regarding the Outreach Program. CONCESSIONAIRE shall not change any of these designated sub consultants and subcontractors, nor shall CONCESSIONAIRE reduce their level of effort, without prior written approval of the CITY, provided that such approval shall not be unreasonably withheld.

During the term of the AGREEMENT, CONCESSIONAIRE must submit the MBE/WBE/SBE/EBE/DVBE/OBE Utilization Profile, Schedule B (Exhibit H) when submitting the Monthly Remittance Advice. Upon completion of the project, a summary of these records shall be prepared on the "Final Subcontracting Report" form, Schedule C (Exhibit I) and certified correct by CONCESSIONAIRE or its authorized representative. The completed Schedule C shall be furnished to the DEPARTMENT within fifteen (15) working days after completion of the AGREEMENT.

G. First Source Hiring Ordinance

Unless otherwise exempt in accordance with the provisions of this Ordinance, this AGREEMENT is subject to the applicable provisions of the First Source Hiring Ordinance (FSHO), Section 10.44 et seq. of the LAAC, as amended from time to time.

1. CONCESSIONAIRE shall, prior to the execution of the contract, provide to the Designated Administrative Agency (DAA) a list of anticipated employment opportunities that CONCESSIONAIRE estimates it will need to fill in order to perform the services under the AGREEMENT. The Department of Public Works, Bureau of Contract Administration is the DAA.

2. CONCESSIONAIRE further pledges that it will, during the term of the AGREEMENT:
 - a. At least seven (7) business days prior to making an announcement of a specific employment opportunity, provide notifications of that employment opportunity to the Economic and Workforce Development Department (EWDD), which will refer individuals for interview;
 - b. Interview qualified individuals referred by EWDD; and
 - c. Prior to filling any employment opportunity, the CONCESSIONAIRE shall inform the DAA of the names of the Referral Resources used, the names of the individuals they referred, the names of the referred individuals who the CONCESSIONAIRE interviewed and the reasons why referred individuals were not hired.
3. Any Subcontract entered into by the CONCESSIONAIRE relating to this AGREEMENT, to the extent allowed hereunder, shall be subject to the provisions of FSHO, and shall incorporate the FSHO.
4. CONCESSIONAIRE shall comply with all rules, regulations and policies promulgated by the designated administrative agency, which may be amended from time to time.

Where under the provisions of Section 10.44.13 of the LAAC the DAA has determined that the CONCESSIONAIRE intentionally violated or used hiring practices for the purpose of avoiding the article, the determination must be documented in the Awarding Authority's Contractor Evaluation, required under LAAC Section 10.39 et seq., and must be documented in each of the CONCESSIONAIRE's subsequent Contractor Responsibility Questionnaires submitted under LAAC Section 10.40 et seq. This measure does not limit the City's authority to act under this article.

Under the provisions of Section 10.44.8 of the LAAC, the Awarding Authority shall, under appropriate circumstances, terminate this AGREEMENT and otherwise pursue legal remedies that may be available if the DAA determines that the subject CONCESSIONAIRE has violated provisions of the FSHO.

SECTION 18. SURRENDER OF POSSESSION

CONCESSIONAIRE agrees to yield and deliver possession of the PREMISES to CITY on the date of the expiration or earlier termination of the AGREEMENT promptly, peaceably, quietly, and in as good order and condition as the same now are or may be hereafter improved by CONCESSIONAIRE or CITY, normal use and wear and tear thereof excepted.

No agreement of surrender or to accept a surrender shall be valid unless and until the same is in writing and signed by the duly authorized representatives of CITY and CONCESSIONAIRE. Neither the doing nor omission of any act or thing by any of the officers, agents or employees of CITY shall be deemed an acceptance of a surrender of the PREMISES utilized by CONCESSIONAIRE under the AGREEMENT.

Upon termination of this AGREEMENT other than by forfeiture, CONCESSIONAIRE shall quit and surrender possession of the PREMISES to CITY and shall, without cost to CITY, remove any and all works, structures, or other improvements owned by CONCESSIONAIRE and restore the premises to the same or as good condition, ordinary wear and tear excepted, as the same were in it at the time of the first occupancy, thereof by CONCESSIONAIRE under this or any prior agreement or lease. CONCESSIONAIRE will have thirty (30) days to effect removal and restoration. DEPARTMENT may at his option accept all or a portion of the works, structures, or other improvements on behalf of CITY in lieu of all or a portion of the removal or restoration required herein.

STANDARD PROVISIONS FOR CITY CONTRACTS

PSC-1. CONSTRUCTION OF PROVISIONS AND TITLES HEREIN

All titles, subtitles, or headings in this Contract have been inserted for convenience, and shall not be deemed to affect the meaning or construction of any of the terms or provisions hereof. The language of this Contract shall be construed according to its fair meaning and not strictly for or against the **CITY** or **CONTRACTOR**. The word "**CONTRACTOR**" herein in this Contract includes the party or parties identified in the Contract. The singular shall include the plural; if there is more than one **CONTRACTOR** herein, unless expressly stated otherwise, their obligations and liabilities hereunder shall be joint and several. Use of the feminine, masculine, or neuter genders shall be deemed to include the genders not used.

PSC-2. NUMBER OF ORIGINALS

The number of original texts of this Contract shall be equal to the number of the parties hereto, one text being retained by each party. At the **CITY'S** option, one or more additional original texts of this Contract may also be retained by the City.

PSC-3. APPLICABLE LAW, INTERPRETATION AND ENFORCEMENT

Each party's performance hereunder shall comply with all applicable laws of the United States of America, the State of California, and the **CITY**, including but not limited to, laws regarding health and safety, labor and employment, wage and hours and licensing laws which affect employees. This Contract shall be enforced and interpreted under the laws of the State of California without regard to conflict of law principles. **CONTRACTOR** shall comply with new, amended, or revised laws, regulations, and/or procedures that apply to the performance of this Contract.

In any action arising out of this Contract, **CONTRACTOR** consents to personal jurisdiction, and agrees to bring all such actions, exclusively in state or federal courts located in Los Angeles County, California.

If any part, term or provision of this Contract is held void, illegal, unenforceable, or in conflict with any law of a federal, state or local government having jurisdiction over this Contract, the validity of the remaining parts, terms or provisions of the Contract shall not be affected thereby.

PSC-4. TIME OF EFFECTIVENESS

Unless otherwise provided, this Contract shall take effect when all of the following events have occurred:

- A. This Contract has been signed on behalf of **CONTRACTOR** by the person or persons authorized to bind **CONTRACTOR** hereto;
- B. This Contract has been approved by the City Council or by the board, officer or employee authorized to give such approval;
- C. The Office of the City Attorney has indicated in writing its approval of this Contract as to form; and
- D. This Contract has been signed on behalf of the **CITY** by the person designated by the City Council, or by the board, officer or employee authorized to enter into this Contract.

PSC-5. INTEGRATED CONTRACT

This Contract sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous Contracts or understandings, whether written or oral, relating thereto. This Contract may be amended only as provided for in paragraph PSC-6 hereof.

PSC-6. AMENDMENT

All amendments to this Contract shall be in writing and signed and approved pursuant to the provisions of PSC-4.

PSC-7. EXCUSABLE DELAYS

In the event that performance on the part of any party hereto is delayed or suspended as a result of circumstances beyond the reasonable control and without the fault and negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. Circumstances deemed to be beyond the control of the parties hereunder include, but are not limited to, acts of God or of the public enemy; insurrection; acts of the Federal Government or any unit of State or Local Government in either sovereign or contractual capacity; fires; floods; earthquakes; epidemics; quarantine restrictions; strikes; freight embargoes or delays in transportation, to the extent that they are not caused by the party's willful or negligent acts or omissions, and to the extent that they are beyond the party's reasonable control.

PSC-8. BREACH

Except for excusable delays as described in PSC-7, if any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights

and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in no event shall any party recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

PSC-9. WAIVER

A waiver of a default of any part, term or provision of this Contract shall not be construed as a waiver of any succeeding default or as a waiver of the part, term or provision itself. A party's performance after the other party's default shall not be construed as a waiver of that default.

PSC-10. TERMINATION

A. TERMINATION FOR CONVENIENCE

The **CITY** may terminate this Contract for the **CITY'S** convenience at any time by giving **CONTRACTOR** thirty days written notice thereof. Upon receipt of said notice, **CONTRACTOR** shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The **CITY** shall pay **CONTRACTOR** its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by **CONTRACTOR** to affect such termination. Thereafter, **CONTRACTOR** shall have no further claims against the **CITY** under this Contract. All finished and unfinished documents and materials procured for or produced under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon the date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.

B. TERMINATION FOR BREACH OF CONTRACT

1. Except for excusable delays as provided in PSC-7, if **CONTRACTOR** fails to perform any of the provisions of this Contract or so fails to make progress as to endanger timely performance of this Contract, the **CITY** may give **CONTRACTOR** written notice of such default. If **CONTRACTOR** does not cure such default or provide a plan to cure such default which is acceptable to the **CITY** within the time permitted by the **CITY**, then the **CITY** may terminate this Contract due to **CONTRACTOR'S** breach of this Contract.
2. If a federal or state proceeding for relief of debtors is undertaken by or against **CONTRACTOR**, or if **CONTRACTOR** makes an assignment for the benefit of creditors, then the **CITY** may immediately terminate this Contract.
3. If **CONTRACTOR** engages in any dishonest conduct related to the performance or administration of this Contract or violates the

CITY'S lobbying policies, then the **CITY** may immediately terminate this Contract.

4. In the event the **CITY** terminates this Contract as provided in this section, the **CITY** may procure, upon such terms and in such manner as the **CITY** may deem appropriate, services similar in scope and level of effort to those so terminated, and **CONTRACTOR** shall be liable to the **CITY** for all of its costs and damages, including, but not limited, any excess costs for such services.
5. All finished or unfinished documents and materials produced or procured under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.
6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the **CITY** provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-11. INDEPENDENT CONTRACTOR

CONTRACTOR is acting hereunder as an independent contractor and not as an agent or employee of the **CITY**. **CONTRACTOR** shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, or agents to be an agent or employee of the **CITY**.

PSC-12. CONTRACTOR'S PERSONNEL

Unless otherwise provided or approved by the **CITY**, **CONTRACTOR** shall use its own employees to perform the services described in this Contract. The **CITY** shall have the right to review and approve any personnel who are assigned to work under this Contract. **CONTRACTOR** agrees to remove personnel from performing work under this Contract if requested to do so by the **CITY**.

CONTRACTOR shall not use subcontractors to assist in performance of this Contract without the prior written approval of the **CITY**. If the **CITY** permits the use of subcontractors, **CONTRACTOR** shall remain responsible for performing all aspects of

this Contract. The **CITY** has the right to approve **CONTRACTOR'S** subcontractors, and the **CITY** reserves the right to request replacement of subcontractors. The **CITY** does not have any obligation to pay **CONTRACTOR'S** subcontractors, and nothing herein creates any privity between the **CITY** and the subcontractors.

PSC-13. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

CONTRACTOR may not, unless it has first obtained the written permission of the **CITY**:

- A. Assign or otherwise alienate any of its rights under this Contract, including the right to payment; or
- B. Delegate, subcontract, or otherwise transfer any of its duties under this Contract.

PSC-14. PERMITS

CONTRACTOR and its directors, officers, partners, agents, employees, and subcontractors, to the extent allowed hereunder, shall obtain and maintain all licenses, permits, certifications and other documents necessary for **CONTRACTOR'S** performance hereunder and shall pay any fees required therefor. **CONTRACTOR** certifies to immediately notify the **CITY** of any suspension, termination, lapses, non-renewals, or restrictions of licenses, permits, certificates, or other documents.

PSC-15. CLAIMS FOR LABOR AND MATERIALS

CONTRACTOR shall promptly pay when due all amounts payable for labor and materials furnished in the performance of this Contract so as to prevent any lien or other claim under any provision of law from arising against any **CITY** property (including reports, documents, and other tangible or intangible matter produced by **CONTRACTOR** hereunder), against **CONTRACTOR'S** rights to payments hereunder, or against the **CITY**, and shall pay all amounts due under the Unemployment Insurance Act with respect to such labor.

PSC-16. CURRENT LOS ANGELES CITY BUSINESS TAX REGISTRATION CERTIFICATE REQUIRED

If applicable, **CONTRACTOR** represents that it has obtained and presently holds the Business Tax Registration Certificate(s) required by the **CITY'S** Business Tax Ordinance, Section 21.00 *et seq.* of the Los Angeles Municipal Code. For the term covered by this Contract, **CONTRACTOR** shall maintain, or obtain as necessary, all such Certificates required of it under the Business Tax Ordinance, and shall not allow any such Certificate to be revoked or suspended.

PSC-17. RETENTION OF RECORDS, AUDIT AND REPORTS

CONTRACTOR shall maintain all records, including records of financial transactions, pertaining to the performance of this Contract, in their original form, in accordance with

requirements prescribed by the **CITY**. These records shall be retained for a period of no less than three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. Said records shall be subject to examination and audit by authorized **CITY** personnel or by the **CITY'S** representative at any time during the term of this Contract or within the three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. **CONTRACTOR** shall provide any reports requested by the **CITY** regarding performance of this Contract. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

PSC-18. FALSE CLAIMS ACT

CONTRACTOR acknowledges that it is aware of liabilities resulting from submitting a false claim for payment by the **CITY** under the False Claims Act (Cal. Gov. Code §§ 12650 *et seq.*), including treble damages, costs of legal actions to recover payments, and civil penalties of up to \$10,000 per false claim.

PSC-19. BONDS

All bonds which may be required hereunder shall conform to **CITY** requirements established by Charter, ordinance or policy, and shall be filed with the Office of the City Administrative Officer, Risk Management for its review and acceptance in accordance with Sections 11.47 through 11.56 of the Los Angeles Administrative Code.

PSC-20. INDEMNIFICATION

Except for the active negligence or willful misconduct of the **CITY**, or any of its Boards, Officers, Agents, Employees, Assigns and Successors in Interest, **CONTRACTOR** undertakes and agrees to defend, indemnify and hold harmless the **CITY** and any of its Boards, Officers, Agents, Employees, Assigns, and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the **CITY**, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever, for death or injury to any person, including **CONTRACTOR'S** employees and agents, or damage or destruction of any property of either party hereto or of third parties, arising in any manner by reason of the negligent acts, errors, omissions or willful misconduct incident to the performance of this Contract by **CONTRACTOR** or its subcontractors of any tier. Rights and remedies available to the **CITY** under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the **CITY**. The provisions of PSC-20 shall survive expiration or termination of this Contract.

PSC-21. INTELLECTUAL PROPERTY INDEMNIFICATION

CONTRACTOR, at its own expense, undertakes and agrees to defend, indemnify, and hold harmless the **CITY**, and any of its Boards, Officers, Agents, Employees, Assigns,

and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the **CITY**, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever arising out of the infringement, actual or alleged, direct or contributory, of any intellectual property rights, including, without limitation, patent, copyright, trademark, trade secret, right of publicity and proprietary information right (1) on or in any design, medium, matter, article, process, method, application, equipment, device, instrumentation, software, hardware, or firmware used by **CONTRACTOR**, or its subcontractors of any tier, in performing the work under this Contract; or (2) as a result of the **CITY'S** actual or intended use of any Work Product furnished by **CONTRACTOR**, or its subcontractors of any tier, under the Agreement. Rights and remedies available to the **CITY** under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the **CITY**. The provisions of PSC-21 shall survive expiration or termination of this Contract.

PSC-22. INTELLECTUAL PROPERTY WARRANTY

CONTRACTOR represents and warrants that its performance of all obligations under this Contract does not infringe in any way, directly or contributorily, upon any third party's intellectual property rights, including, without limitation, patents, copyrights, trademarks, trade secrets, rights of publicity and proprietary information.

PSC-23. OWNERSHIP AND LICENSE

Unless otherwise provided for herein, all Work Products originated and prepared by **CONTRACTOR** or its subcontractors of any tier under this Contract shall be and remain the exclusive property of the **CITY** for its use in any manner it deems appropriate. Work Products are all works, tangible or not, created under this Contract including, without limitation, documents, material, data, reports, manuals, specifications, artwork, drawings, sketches, computer programs and databases, schematics, photographs, video and audiovisual recordings, sound recordings, marks, logos, graphic designs, notes, websites, domain names, inventions, processes, formulas matters and combinations thereof, and all forms of intellectual property. **CONTRACTOR** hereby assigns, and agrees to assign, all goodwill, copyright, trademark, patent, trade secret and all other intellectual property rights worldwide in any Work Products originated and prepared by **CONTRACTOR** under this Contract. **CONTRACTOR** further agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.

For all Work Products delivered to the **CITY** that are not originated or prepared by **CONTRACTOR** or its subcontractors of any tier under this Contract, **CONTRACTOR** hereby grants a non-exclusive perpetual license to use such Work Products for any **CITY** purposes.

CONTRACTOR shall not provide or disclose any Work Product to any third party without prior written consent of the **CITY**.

Any subcontract entered into by **CONTRACTOR** relating to this Contract, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract to contractually bind or otherwise oblige its subcontractors performing work under this Contract such that the **CITY'S** ownership and license rights of all Work Products are preserved and protected as intended herein. Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of **CONTRACTOR'S** contract with the **CITY**.

PSC-24. INSURANCE

During the term of this Contract and without limiting **CONTRACTOR'S** indemnification of the **CITY**, **CONTRACTOR** shall provide and maintain at its own expense a program of insurance having the coverages and limits customarily carried and actually arranged by **CONTRACTOR**, but not less than the amounts and types listed on the Required Insurance and Minimum Limits sheet (Form General 146 in Exhibit 1 hereto), covering its operations hereunder. Such insurance shall conform to **CITY** requirements established by Charter, ordinance or policy, shall comply with the Insurance Contractual Requirements (Form General 133 in Exhibit 1 hereto) and shall otherwise be in a form acceptable to the Office of the City Administrative Officer, Risk Management. **CONTRACTOR** shall comply with all Insurance Contractual Requirements shown on Exhibit 1 hereto. Exhibit 1 is hereby incorporated by reference and made a part of this Contract.

PSC-25. DISCOUNT TERMS

CONTRACTOR agrees to offer the **CITY** any discount terms that are offered to its best customers for the goods and services to be provided hereunder and apply such discount to payments made under this Contract which meet the discount terms.

PSC-26. WARRANTY AND RESPONSIBILITY OF CONTRACTOR

CONTRACTOR warrants that the work performed hereunder shall be completed in a manner consistent with professional standards practiced among those firms within **CONTRACTOR'S** profession, doing the same or similar work under the same or similar circumstances.

PSC-27. NON-DISCRIMINATION

Unless otherwise exempt, this Contract is subject to the non-discrimination provisions in Sections 10.8 through 10.8.2 of the Los Angeles Administrative Code, as amended from time to time. The **CONTRACTOR** shall comply with the applicable non-discrimination and affirmative action provisions of the laws of the United States of America, the State of California, and the **CITY**. In performing this Contract, **CONTRACTOR** shall not

discriminate in its employment practices against any employee or applicant for employment because of such person's race, religion, national origin, ancestry, sex, sexual orientation, age, disability, domestic partner status, marital status or medical condition. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of **CONTRACTOR'S** contract with the **CITY**.

PSC-28. EQUAL EMPLOYMENT PRACTICES

Unless otherwise exempt, this Contract is subject to the equal employment practices provisions in Section 10.8.3 of the Los Angeles Administrative Code, as amended from time to time.

- A. During the performance of this Contract, **CONTRACTOR** agrees and represents that it will provide equal employment practices and **CONTRACTOR** and each subcontractor hereunder will ensure that in his or her employment practices persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
 - 1. This provision applies to work or service performed or materials manufactured or assembled in the United States.
 - 2. Nothing in this section shall require or prohibit the establishment of new classifications of employees in any given craft, work or service category.
 - 3. **CONTRACTOR** agrees to post a copy of Paragraph A hereof in conspicuous places at its place of business available to employees and applicants for employment.
- B. **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to their race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
- C. As part of the **CITY'S** supplier registration process, and/or at the request of the awarding authority, or the Board of Public Works, Office of Contract Compliance, **CONTRACTOR** shall certify in the specified format that he or she has not discriminated in the performance of **CITY** contracts against any employee or applicant for employment on the basis or because of

race, religion, national origin, ancestry, sex, sexual orientation, age, disability, marital status or medical condition.

- D. **CONTRACTOR** shall permit access to and may be required to provide certified copies of all of his or her records pertaining to employment and to employment practices by the awarding authority or the Office of Contract Compliance for the purpose of investigation to ascertain compliance with the Equal Employment Practices provisions of **CITY** contracts. On their or either of their request **CONTRACTOR** shall provide evidence that he or she has or will comply therewith.
- E. The failure of any **CONTRACTOR** to comply with the Equal Employment Practices provisions of this Contract may be deemed to be a material breach of **CITY** contracts. Such failure shall only be established upon a finding to that effect by the awarding authority, on the basis of its own investigation or that of the Board of Public Works, Office of Contract Compliance. No such finding shall be made or penalties assessed except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.
- F. Upon a finding duly made that **CONTRACTOR** has failed to comply with the Equal Employment Practices provisions of a **CITY** contract, the contract may be forthwith canceled, terminated or suspended, in whole or in part, by the awarding authority, and all monies due or to become due hereunder may be forwarded to and retained by the **CITY**. In addition thereto, such failure to comply may be the basis for a determination by the awarding authority or the Board of Public Works that the **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Charter of the City of Los Angeles. In the event of such a determination, **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until **CONTRACTOR** shall establish and carry out a program in conformance with the provisions hereof.
- G. Notwithstanding any other provision of this Contract, the **CITY** shall have any and all other remedies at law or in equity for any breach hereof.
- H. Intentionally blank.
- I. Nothing contained in this Contract shall be construed in any manner so as to require or permit any act which is prohibited by law.
- J. At the time a supplier registers to do business with the **CITY**, or when an individual bid or proposal is submitted, **CONTRACTOR** shall agree to adhere to the Equal Employment Practices specified herein during the performance or conduct of **CITY** Contracts.

- K. Equal Employment Practices shall, without limitation as to the subject or nature of employment activity, be concerned with such employment practices as:
1. Hiring practices;
 2. Apprenticeships where such approved programs are functioning, and other on-the-job training for non-apprenticeable occupations;
 3. Training and promotional opportunities; and
 4. Reasonable accommodations for persons with disabilities.
- L. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with all such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of the **CONTRACTOR'S** Contract with the **CITY**.

PSC-29. AFFIRMATIVE ACTION PROGRAM

Unless otherwise exempt, this Contract is subject to the affirmative action program provisions in Section 10.8.4 of the Los Angeles Administrative Code, as amended from time to time.

- A. During the performance of a **CITY** contract, **CONTRACTOR** certifies and represents that **CONTRACTOR** and each subcontractor hereunder will adhere to an affirmative action program to ensure that in its employment practices, persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
1. This provision applies to work or services performed or materials manufactured or assembled in the United States.
 2. Nothing in this section shall require or prohibit the establishment of new classifications of employees in any given craft, work or service category.
 3. **CONTRACTOR** shall post a copy of Paragraph A hereof in conspicuous places at its place of business available to employees and applicants for employment.
- B. **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to

their race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.

- C. As part of the **CITY'S** supplier registration process, and/or at the request of the awarding authority or the Office of Contract Compliance, **CONTRACTOR** shall certify on an electronic or hard copy form to be supplied, that **CONTRACTOR** has not discriminated in the performance of **CITY** contracts against any employee or applicant for employment on the basis or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
- D. **CONTRACTOR** shall permit access to and may be required to provide certified copies of all of its records pertaining to employment and to its employment practices by the awarding authority or the Office of Contract Compliance, for the purpose of investigation to ascertain compliance with the Affirmative Action Program provisions of **CITY** contracts, and on their or either of their request to provide evidence that it has or will comply therewith.
- E. The failure of any **CONTRACTOR** to comply with the Affirmative Action Program provisions of **CITY** contracts may be deemed to be a material breach of contract. Such failure shall only be established upon a finding to that effect by the awarding authority, on the basis of its own investigation or that of the Board of Public Works, Office of Contract Compliance. No such finding shall be made except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.
- F. Upon a finding duly made that **CONTRACTOR** has breached the Affirmative Action Program provisions of a **CITY** contract, the contract may be forthwith cancelled, terminated or suspended, in whole or in part, by the awarding authority, and all monies due or to become due hereunder may be forwarded to and retained by the **CITY**. In addition thereto, such breach may be the basis for a determination by the awarding authority or the Board of Public Works that the said **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Los Angeles City Charter. In the event of such determination, such **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until he or she shall establish and carry out a program in conformance with the provisions hereof.
- G. In the event of a finding by the Fair Employment and Housing Commission of the State of California, or the Board of Public Works of the City of Los Angeles, or any court of competent jurisdiction, that **CONTRACTOR** has been guilty of a willful violation of the California Fair Employment and Housing Act, or the Affirmative Action Program provisions of a **CITY** contract, there may be deducted from the amount payable to **CONTRACTOR** by the **CITY** under the contract, a penalty of ten dollars

(\$10.00) for each person for each calendar day on which such person was discriminated against in violation of the provisions of a **CITY** contract.

- H. Notwithstanding any other provisions of a **CITY** contract, the **CITY** shall have any and all other remedies at law or in equity for any breach hereof.
- I. Intentionally blank.
- J. Nothing contained in **CITY** contracts shall be construed in any manner so as to require or permit any act which is prohibited by law.
- K. **CONTRACTOR** shall submit an Affirmative Action Plan which shall meet the requirements of this chapter at the time it submits its bid or proposal or at the time it registers to do business with the **CITY**. The plan shall be subject to approval by the Office of Contract Compliance prior to award of the contract. The awarding authority may also require contractors and suppliers to take part in a pre-registration, pre-bid, pre-proposal, or pre-award conference in order to develop, improve or implement a qualifying Affirmative Action Plan. Affirmative Action Programs developed pursuant to this section shall be effective for a period of twelve months from the date of approval by the Office of Contract Compliance. In case of prior submission of a plan, **CONTRACTOR** may submit documentation that it has an Affirmative Action Plan approved by the Office of Contract Compliance within the previous twelve months. If the approval is 30 days or less from expiration, **CONTRACTOR** must submit a new Plan to the Office of Contract Compliance and that Plan must be approved before the contract is awarded.
 - 1. Every contract of \$5,000 or more which may provide construction, demolition, renovation, conservation or major maintenance of any kind shall in addition comply with the requirements of Section 10.13 of the Los Angeles Administrative Code.

EXHIBIT 1**INSURANCE CONTRACTUAL REQUIREMENTS**

CONTACT For additional information about compliance with City Insurance and Bond requirements, contact the Office of the City Administrative Officer, Risk Management at (213) 978-RISK (7475) or go online at www.lacity.org/cao/risk. The City approved Bond Assistance Program is available for those contractors who are unable to obtain the City-required performance bonds. A City approved insurance program may be available as a low cost alternative for contractors who are unable to obtain City-required insurance.

CONTRACTUAL REQUIREMENTS**CONTRACTOR AGREES THAT:**

1. Additional Insured/Loss Payee. The CITY must be included as an Additional Insured in applicable liability policies to cover the CITY'S liability arising out of the acts or omissions of the named insured. The CITY is to be named as an Additional Named Insured and a Loss Payee As Its Interests May Appear in property insurance in which the CITY has an interest, e.g., as a lien holder.

2. Notice of Cancellation. All required insurance will be maintained in full force for the duration of its business with the CITY. By ordinance, all required insurance must provide at least thirty (30) days' prior written notice (ten (10) days for non-payment of premium) directly to the CITY if your insurance company elects to cancel or materially reduce coverage or limits prior to the policy expiration date, for any reason except impairment of an aggregate limit due to prior claims.

3. Primary Coverage. CONTRACTOR will provide coverage that is primary with respect to any insurance or self-insurance of the CITY. The CITY'S program shall be excess of this insurance and non-contributing.

4. Modification of Coverage. The CITY reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving CONTRACTOR ninety (90) days' advance written notice of such change. If such change should result in substantial additional cost to CONTRACTOR, the CITY agrees to negotiate additional compensation proportional to the increased benefit to the CITY.

5. Failure to Procure Insurance. All required insurance must be submitted and approved by the Office of the City Administrative Officer, Risk Management prior to the inception of any operations by CONTRACTOR.

CONTRACTOR'S failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the CITY may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the CITY'S interests and pay any and all premiums in connection therewith and recover all monies so paid from CONTRACTOR.

6. Workers' Compensation. By signing this Contract, CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake

self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all time during the performance of the work pursuant to this Contract.

7. California Licensee. All insurance must be provided by an insurer admitted to do business in California or written through a California-licensed surplus lines broker or through an insurer otherwise acceptable to the CITY. Non-admitted coverage must contain a **Service of Suit** clause in which the underwriters agree to submit as necessary to the jurisdiction of a California court in the event of a coverage dispute. Service of process for this purpose must be allowed upon an agent in California designated by the insurer or upon the California Insurance Commissioner.

8. Aggregate Limits/Impairment. If any of the required insurance coverages contain annual aggregate limits, CONTRACTOR must give the CITY written notice of any pending claim or lawsuit which will materially diminish the aggregate within thirty (30) days of knowledge of same. You must take appropriate steps to restore the impaired aggregates or provide replacement insurance protection within thirty (30) days of knowledge of same. The CITY has the option to specify the minimum acceptable aggregate limit for each line of coverage required. No substantial reductions in scope of coverage which may affect the CITY'S protection are allowed without the CITY'S prior written consent.

9. Commencement of Work. For purposes of insurance coverage only, this Contract will be deemed to have been executed immediately upon any party hereto taking any steps that can be considered to be in furtherance of or towards performance of this Contract. The requirements in this Section supersede all other sections and provisions of this Contract, including, but not limited to, PSC-4, to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

The parties hereby waive compliance with the provisions of any bulk sales, bulk transfer or similar laws of any jurisdiction that may otherwise be applicable with respect to the sale of any or all of the Purchased Assets to the Purchaser. All transfer, documentary, sales, use, stamp, registration, value added and other such taxes and fees (including any penalties and interest) incurred in connection with this Agreement shall be borne and paid by the Purchaser when due. The Purchaser shall, at its own expense, timely file any tax return or other document with respect to such taxes or fees.
9. Survival. All covenants, warranties and representations herein shall not survive the Closing.
10. Entire Agreement. This Agreement and the documents to be delivered hereunder constitute the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein, and supersede all prior and contemporaneous understandings and agreements, both written and oral, with respect to such subject matter. In the event of any inconsistency between the statements in the body of this Agreement and the documents to be delivered hereunder, the statements in the body of this Agreement will control.
11. Successors and Assigns. This Agreement shall be binding upon the personal representatives, successors and permitted assignees of the parties. Neither party may assign its rights or obligations hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed. No assignment shall relieve the assigning party of any of its obligations hereunder.

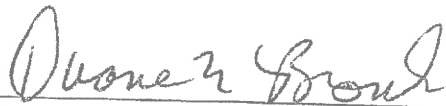

12. Waiver. No waiver by any party of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party so waiving. No waiver by any party shall operate or be construed as a waiver in respect of any failure, breach or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power or privilege arising from this Agreement shall operate or be construed as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

RECOMMENDATIONS

1. Approve the Request for Proposals (RFP) and associated attachments for the Management and Operation of a Recreational Child Development and Childcare Center at Bellevue Recreational Center, herein included as Attachment 1, for a five-year term with one five-year option to extend, exercisable at the sole discretion of the Department of Recreation and Parks, and subject to review and approval by the City Attorney as to form; and
2. Direct staff, subsequent to City Attorney review and approval, to advertise the RFP and conduct the RFP process.

SUMMARY

The Department of Recreation and Parks (RAP) seeks to conduct a Request for Proposals (RFP) process to identify a qualified, responsible business entity or nonprofit organization (collectively, "Contractor") for the management and operation of a Recreational Child Development and Childcare Center (Center) at Bellevue Recreation Center, which is located at 3625 Marathon Street, Los Angeles, 90026. The Center's programs and services outlined in the RFP shall be performed at the sole cost and expense of the selected Contractor.

The Center includes 7,200 square feet of fence-enclosed grounds containing two connecting octagonal shaped modular classroom structures and outdoor play area with play equipment and a storage shed. The indoor and outdoor areas have a California State licensed capacity of forty (40) children, ages two years through kindergarten entry. RAP proposes that Center operations serve children ages two through five years old. Parking at the Center is shared with Bellevue Recreation Center, and will be available to the public on a first-come, first-served basis.

BOARD REPORT

PG. 2 NO. 16-148

Background

The Center's building(s) were purchased and installed in 1982 through Community Development Block Grant funds to provide licensed childcare and extended care services for the Silver Lake and Echo Park communities. Following the installation of the modular buildings, Hilltop Nursery School, Inc. (HNS) was authorized to occupy and use the Center under a lease agreement through the Community Development Department (CDD) and Department of General Services (GSD), which was terminated by CDD and GSD in 2012, when it was determined that it would be more appropriate for RAP to authorize HNS' operation of the Center given its location on park property.

HNS presently operates the Center on a month-to-month basis, through a Right-Of-Entry Permit (PD-ROE-058) that expired on December 31, 2014. Since then, RAP has evaluated a variety of appropriate uses to best meet the needs of the community while conforming to the City's Charter to provide recreational opportunities on park property. RAP has determined that a competitive process should be conducted to allow the opportunity for all interested service providers to submit a proposal for opportunities for recreational child development and childcare.

During the RFP process, HNS shall be allowed to continue its current operations under the existing Right-Of-Entry Permit. Upon the Board's award of a final contract, existing HNS enrolled children will be granted the right of first refusal to enroll into the Center under the selected contractor's operation.

Request for Proposals (RFP)

Proposals will be evaluated under two Levels. Level I will be a check and review by RAP staff for required compliance and submittal documents; Level II will be an evaluation of the proposals by a panel comprised of qualified persons, which may include non-RAP employees.

For the purpose of evaluation under Level II, the proposals found responsive to Level I will be evaluated under the following criteria:

1. Background and Experience (30 Points)
2. Proposed Operating Budget (20 Points)
3. Proposed Participant Client Fee Schedule (20 Points)
4. Proposed Operations Plan (30 Points)

Sample Contract

Attached to the proposed RFP as Exhibit E, is a sample contract (Sample Contract) which contains the general provisions under which the selected contractor (Contractor) will be required to operate and maintain the Center, and which will be used as a template for the final contract (Contract) to be awarded to the Contractor.

Proposal and Contractual Provisions

The proposed RFP and associated Contract will generally include, but not be limited to the following provisions:

BOARD REPORT

PG. 3 NO. 16-148

1. **Contract Term:** The proposed Contract will have an initial term of five years, with one five-year option to extend exercisable at the sole discretion of RAP.
2. **Center Hours / Days of Operation:** The Contractor will ensure that the Center is open for operations from 7:00 a.m. to 6:00 p.m., Monday through Friday, excluding City observed holidays.
3. **Program Schedule:** The Center's operation shall consist of recreational child development and childcare programming, which shall be offered on a year-round basis with the exception of City observed holidays and predetermined vacation periods. Should the proposer choose to propose a traditional school-year calendar, the proposer must include a proposed summer program schedule.
4. **Admissions and Enrollment Policy:** Proposals must include and the Contractor will be required to abide by, admissions, enrollment, and wait list policies that adhere to State licensing regulations and RAP guidelines for recreation and childcare programs, as stated in the proposed RFP and Sample Contract. Admittance of eligible participants shall be processed on a first-come, first-served basis with priority given to applicants residing in the local community within a five-mile radius of the Center; with a majority of children enrolled residing within a five-mile radius of the Center; and low-income eligible scholarships must be offered regardless of their residence radius. In addition, existing HNS enrolled children must be granted the right of first refusal to enroll into the Center under the selected contractor's operation.
5. **Licensing:** The Contractor will be required to obtain and maintain a State of California Childcare License and remain in good standing with such licensing requirements.
6. **Insurance:** The Contractor will be required to obtain and keep in force an insurance policy acceptable to the City Risk Manager, which covers all operations at the Center throughout the term of the Contract.
7. **Reports:** The Contractor will be required to submit quarterly operational and financial reports to RAP, as stated in the Sample Contract. In addition to an annual performance evaluation, such reports shall include an estimated annual budget each year for the following fiscal year; an annual audited financial statement for the previous fiscal year; and bi-annual reports on budget-to-actual expenditures, enrollment, applicant waiting list, and staffing list.
8. **Comply with the City's Good Food Purchasing Guidelines for Food Service Institutions.**
9. **Maintenance:** The Contractor shall be responsible for the maintenance and repair of the Center, and shall reimburse RAP during the term of the Contract for any financial impacts on RAP resulting from Contractor's operation at the Center. If applicable, RAP shall be reimbursed for maintenance and/or repair through cost recovery reimbursement fees for Staff Impacts.

BOARD REPORT

PG. 4 NO. 16-148

10. Utilities and Solid Waste: The Contractor shall be responsible for the cost of all utility services and solid waste disposal, through either direct payment to applicable service providers or cost recovery reimbursement fees paid to RAP in accordance with RAP policies.

Additional provisions mutually acceptable to RAP and the selected Contractor may be inserted into the Contract as necessary to address any situations specific to the Contractor of Center operations not already addressed by the RFP or Sample Contract. However, any substantive deviation from the content or objective of the RFP shall not be allowed. A final contract shall be subject to review and approval by the Board prior to the execution of the Contract, and approved by the City Attorney as to form.

Upon the Board's approval the RFP documents, the RFP will be advertised in periodicals; made available on the RAP website; and posted on the City of Los Angeles Business Assistance Virtual Network (LABAVN). A pre-proposer's conference and Center tour will be held approximately one month following the release of the RFP. At this time, potential proposers will be provided with instructions on the RFP process, a review of required compliance and submittal documents, additional information as needed, and a tour of the Center. The anticipated time required for completion for the RFP process is estimated to be approximately seven to nine months from the date the RFP is released.

Staff recommends that the Board approve the release of this RFP in order to identify a responsible and capable entity to provide recreational child development and childcare programming at Bellevue Recreation Center.

ENVIRONMENTAL IMPACT STATEMENT

An environmental impact statement is not required for releasing the RFP and conducting the RFP process.

FISCAL IMPACT STATEMENT

Releasing and conducting the Request for Proposal process has no impact to RAP's General Fund.

This report was prepared by Vicki Israel, Assistant General Manager, Revenue and Partnership Branch, and Joel Alvarez, Senior Management Analyst II, Partnership Division.

Additionally, the purpose of the CDBG funds was to integrate families with "special needs" into the childcare program, serving "high need" areas in the surrounding community. In accordance with RAP recreational program and childcare practices and guidelines, Center operations shall include, but not be limited to the following minimum operating criteria:

IV. RAP PHILOSOPHY ON RECREATIONAL CHILD DEVELOPMENT AND CHILDCARE

Real property under the jurisdiction of RAP is dedicated parkland subject to City Charter and Administrative Code requirements. The City's philosophy regarding child development and childcare is to provide children with a safe, caring, nurturing, and consistent environment to develop through recreational activities that help them to grow in a positive unrestricted manner. Children should be treated with respect to their interests and allowed to grow and develop according to their own schedule and needs. The overall experience that the children receive at the Center should enrich their lives socially, physically, and emotionally.

The selected Contractor will manage and operate the Center in a manner consistent with the City's philosophy on child development and childcare through recreation, as set forth herein, so as to maintain a high-quality recreational development Center. In addition to the services set forth in the proposed contract resulting from this RFP, the Contractor will be responsible for maintaining the Center's operating income through the collection of all Center fees pre-approved by the Board, and must fully accept any and all risks of any operating losses associated with the operation of the Center. The selected Contractor may not use the facility for any other purpose than child development and childcare services through recreation.

The City reserves the right to request additional information to verify or clarify information included in a submitted proposal. The evaluation of proposals will consist of two levels. **Each proposer must pass Level I in order to advance to Level II.**

Level I – Compliance with RFP Submission Requirements: (Section VI)

The City will conduct a preliminary evaluation of all proposals submitted by the deadline to determine compliance with proposal requirements and mandatory document submissions.

In order to be found responsive to the RFP under Level I Evaluations, Proposals must include:

- Proposal Submission Letter (Exhibit G)
- Proposal Items - referenced Section V (Page 4) of this RFP
- Compliance Documents (Exhibit D) - referenced Section VI (Page 9) of this RFP
- Proof of Insurance (Exhibit F)

Level II – Evaluation and Scoring Criteria of Proposal Items:

For the purposes of Level II evaluation, the responsive proposals will be evaluated, ranked and scored based on the criteria below:

Background and Experience (30 points possible): RFP Section V.2.

Proposed Operating Budget (20 points possible): RFP Section V.3.

Proposed Participant Client Fee Schedule (20 points possible): RFP Section V.4.

Proposed Operations Plan (30 points possible): RFP Section V.5.

B. Evaluation and Recommendation

Responsive proposals will be scored in each of the criteria above and ranked according to scores by a panel comprised of qualified persons, which may include individuals outside RAP.

The City reserves the right to conduct such investigations as the City considers appropriate with respect to the qualifications of each Proposer and any information contained in its proposal.

All proposals will be evaluated on the basis of the criteria listed above and the ranking of any review panel will serve as a basis to formulate the RAP General Manager’s written recommendation to the Board of Recreation and Park Commissioners (referred to herein as, “Board”).

C. Award

The General Manager of RAP recommends contract and agreement awards to the Board. RAP shall notify all proposers of the RAP General Manager’s recommendation.

The Board will consider the General Manager's recommendation during a public Board Meeting and may accept or reject the General Manager's recommendation in making their decision as to the selection.

Section 10.5 of the Los Angeles Administrative Code requires approval by the City Council of contracts and agreements for periods of longer than three (3) years. Contracts and agreements are deemed to be executed upon the date of signature by the selected Contractor, the Board President and Board Secretary, and the City Attorney.

Once the award of contract is approved, the selected Contractor will complete and submit the additional documents as required by this RFP, City Ordinance, State and/or Federal laws, within sixty (60) days of written notification by RAP. If Contractor does not execute the awarded contract and any other necessary documents, within sixty (60) calendar days of Board, Mayor, Council and City Attorney's approval of the awarded contract, RAP may unilaterally rescind the contract award at its sole discretion.

D. Protest to RFP or RFP Provision:

Should a proposer object on any ground to any provision or legal requirement set forth in this RFP, or any addendum to the RFP, the proposer must, not more than ten calendar days after the RFP is issued, provide written notice to RAP, setting forth with specificity the grounds for the objection. The failure of a proposer to object in the manner set forth in this paragraph shall constitute a complete and irrevocable waiver of any such objection.

E. City's Right to Reject Proposals and to Waive Informalities

Notwithstanding any other provisions of this RFP, the City reserves the right to withdraw this RFP at any time without prior notice. The City also reserves the right to reject any and all proposals submitted or to waive any minor administrative irregularities contained in any proposal, when to do so would be in the best interest of the City and pursuant to Los Angeles City Charter Section 371 (c): "The City shall reserve the right to reject any and all bids or proposal and to waive any informality in the bid or proposal when to do so would be to the advantage of the City."

F. Constitutional and Other Limits on Contractor's Rights to Exclusivity

Notwithstanding exclusivity granted to the Contractor by the terms of the awarded Contract, the City in its discretion may require Contractor, without any reduction in cost recovery reimbursement fees or other valuable consideration to Contractor, to accommodate the rights of persons to access and engage in expressive activities, as guaranteed by the first amendment to the United States constitution, the California constitution, and other laws, as these laws are interpreted by the City. Expressive activities include, but are not limited to, protesting, picketing, proselytizing, soliciting, begging, and vending of certain expressive, message-bearing items.

IMPORTANT:

Charter Section 371(e)(10)

In approving this RFP, the Board, in its capacity as the contract awarding authority for the Department, finds, pursuant to Charter Section 371(e)(10), that the use of competitive bidding would be undesirable, impractical or otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by the Department for the improvement, operation and maintenance of the Department's concession. To select the best proposer for this concession, the Board finds it is necessary to utilize a standard Request for Proposals process and to evaluate proposals received based upon the criteria included in this RFP. The Board specifically finds that the narrower and more specialized competitive sealed proposal process authorized but not required by Charter Section 371, subsection (b), would not meet the Department's needs and therefore opts to utilize the standard request for proposals process.

D. CONTRACTOR RESPONSIBILITY ORDINANCE STATEMENT

SECTION D

CONTRACTOR RESPONSIBILITY ORDINANCE STATEMENT

The Contractor Responsibility Ordinance (CRO) requires a determination, via the CRO questionnaire, that prospective contractors are responsible and capable of fully performing the work before a contract is awarded by the City of Los Angeles. Additional information may be found at the following website:

{ HYPERLINK "http://bca.lacity.org/index.cfm?nxt=soo&nxt_body=content_cro.cfm" }

INSTRUCTIONS:

- a. The questionnaire must be completed, appropriately signed, and submitted with the proposal (Pages 1 through 9).

CITY OF LOS ANGELES
CONTRACTOR RESPONSIBILITY ORDINANCE
(Los Angeles Administrative Code Section 10.40 et seq.)

1. What is the Contractor Responsibility Ordinance?

The Contractor Responsibility Ordinance (CRO) requires that each department make a determination as to whether prospective contractors are responsible and capable of fully performing the work before being awarded a City contract. The Ordinance also requires prospective contractors to complete a Responsibility Questionnaire that will be posted on the internet for 14 calendar days for public review.

2. When was the Ordinance adopted?

The City Council adopted the CRO on November 21, 2000. Regulations implementing the Ordinance were adopted on June 19, 2001.

3. Who is responsible for the administration and enforcement of the Ordinance?

Three departments were named as administrative agencies responsible for the administration of the CRO. Each Designated Administrative Agency (DAA) administers the Ordinance for a specific type of agreement. The three DAA's, the type of agreement each DAA is responsible for, and contact information for each DAA is provided in the table below.

Administrative Agency	Agreement Type	Contact Information
Public Works, BCA	Service	Russ Strazella (213) 580-5012
Public Works, BCA	Construction	Russ Struzella (213) 580-5012
General Services	Procurement	Raymond Richards (213) 485-4591

4. Are all service, procurement, and construction agreements subject to the CRO?

Generally, an agreement, including one processed as an Authorization for Expenditure (AFE) with a Letter of Agreement, is covered by the CRO if it meets one of the definitions below.

Service agreements: Agreements covered under the general category of a "service agreement" include:

- An agreement for \$25,000.00 or more and for at least three months in which a contractor will provide services to or for the City.
- An agreement for a lease or license of City property if the service to be performed on the property is something that City employees could perform.
- An agreement for the lease or license of City property that is in a location where a substantial number of the general public might visit.
- An agreement for the grant of City financial assistance for \$100,000 or more if the agreement is for the purpose of economic development or job growth. City financial

assistance may also include loans if certain conditions are met. (Refer to Sec. 10.40.0(b) of the CRO.)

Purchase agreements: Purchase agreements are covered if they are for \$100,000 or more. Agreements to purchase garments are covered if they are for \$25,000 or more.

Construction agreements: All construction agreements are covered, regardless of amount or term.

5. When did the Ordinance become applicable?

The Ordinance is being applied to Invitations for Bids (IFB) (including Requests for Proposals, Requests for Qualifications, “sole-sourced” contracts, and any other procurement process) released to the public **on or after September 4, 2001**. An agreement entered into as a result of an IFB released prior to that date is not subject to the CRO unless it is amended after September 4, 2001, and the amended agreement meets the definitions stated in the answer to Question #4 above.

6. If an IFB is subject to the CRO, what must a department do?

The department must inform prospective bidders/proposers that the CRO is applicable to the IFB. The department must also include the appropriate Responsibility Questionnaire for bidders/proposers to fill out. Depending on the type of contract to be awarded, one of three Questionnaires may be included in the IFB: Service; Procurement; and Construction.

7. What is a Responsibility Questionnaire?

The Responsibility Questionnaire asks for information about the bidder/proposer: business organization or structure; financial resources and responsibility; performance history; prior disputes; and history in complying with laws. Before a department awards a contract, the department will consider information contained in the Questionnaire as part of the review of a bidder/proposer’s responsibility, as well as any information contained in the Office of Contract Compliance’s Contractor Evaluation database [<http://caodocs.ci.la.ca.us/ContEval/>] regarding the proposer’s prior performance on City contracts.

8. What must a bidder/proposer do when responding to an IFB?

If the IFB is subject to the CRO, the bidder/proposer must complete the Responsibility Questionnaire and return it to the City department with the bid/proposal. If a bidder/proposer does not submit a completed Questionnaire with the bid/proposal, the City department may consider the bidder/proposer to be non-responsive to the IFB and may disqualify the bidder/proposer from the rest of the IFB process.

9. Is a separate Questionnaire required for each IFB?

Unless the IFB is exempt, a separate Questionnaire must be submitted for each IFB to which a bidder/proposer responds.

10. What will the City do with the Questionnaire?

The department responsible for awarding the agreement will review the information contained in the submitted questionnaires, and if necessary, follow up with the bidder/proposer to clarify any information contained in the Questionnaire. The awarding authority will send the completed Questionnaires to the appropriate DAA. The DAA will post the Questionnaires on the City's Bidder/Contractor Responsibility website: www.lacity.org/bidresp. This posting also applies to "sole-sourced" contracts, so the completed Questionnaire from a proposed "sole-sourced" contractor must be forwarded to the appropriate DAA for posting.

11. How long will the Questionnaires be posted?

The Questionnaires will be posted on the internet for 14 calendar days. Unless an exemption applies, a department cannot award an agreement until the posting requirement has been met.

12. What happens during the 14 calendar-day posting period?

The general public will be able to review the Questionnaires posted. If, during the 14 calendar-day posting period, the DAA receives information that calls into question a bidder/proposer's responsibility, the DAA will investigate the matter. In that case, no agreement may be awarded until the DAA finishes its investigation. Information obtained during the investigation will be provided to the department to consider in its determination of a bidder/proposer's responsibility.

13. How does a department know that the posting requirement has been met?

The awarding department should complete the top portion of the Posting Verification Form and forward it to the DAA along with the Questionnaires. The DAA will complete the bottom portion of the Posting Verification Form and return it to the department when the posting requirement has been met.

14. Are contract amendments subject to the CRO?

If an agreement is amended after September 4, 2001, and the amended agreement meets the definitions stated in the answer to Question #4 above, it is subject to the CRO. Contractors do not have to submit a Questionnaire; however, the CRO Contract Language must be incorporated into the amended agreement.

15. After the agreement is awarded, or the agreement is amended, what does the CRO require the contractor to do?

The CRO requires a contractor to:

- Comply with all federal, state, and local laws in the performance of the contract, including but not limited to laws regarding health and safety, labor and employment, wage and hours, and licensing laws, which affect employees.

- Notify the awarding authority within 30 calendar days after receiving notice that any governmental agency has started an investigation into violations of, or has found that the contractor has violated, any federal, state, or local law in the performance of the contract..
- When applicable, provide the awarding authority, within 30 calendar days, updated responses to the Questionnaire if a change occurs that would affect the contractor's responsibility and ability to continue the agreement.
- Ensure that subcontractors working on the City agreement comply with all federal, state, and local laws in the performance of the agreement.
- Ensure that subcontractors working on the City agreement submit a Pledge of Compliance to comply with the CRO.

16. What happens if a contractor is found to be in violation of the Ordinance?

The DAA will notify the contractor that a violation has been found and give the contractor 10 calendar days to correct the violation. If the contractor fails to do so, the City may terminate the agreement and pursue all available contractual remedies. The City may also hold a non-responsibility hearing and debar the contractor from doing business with the City for five (5) years.

17. What about subcontractors?

Subcontractors are subject to the CRO, and the contractor must ensure that each of its subcontractors complies with the CRO. Subcontractors do not need to complete a Questionnaire, but they must submit to the awarding department a Pledge of Compliance with the Ordinance before they can start work on a City agreement.

18. What if a subcontractor is found to be in violation of the Ordinance?

Because the prime contractor is responsible for ensuring that all its subcontractors comply with the CRO, the sanctions listed in the answer to Question #16 may be applied to the prime contractor if the subcontractor does not correct the violation(s).

19. Are there any exemptions under the Ordinance?

Generally, two categories of exemptions exist under the CRO:

(1) Agreements exempt from all the CRO requirements:

- Contracts with a governmental entity such as the United States of America, the State of California, a county, city or public agency of such entities, or a public or quasi-public corporation located therein and declared by law to have such status.
- Contracts for the investment of trust moneys or agreements relating to the management of trust assets.
- Banking contracts entered into by the Treasurer pursuant to California Government Code Section 53630 et seq.

(2) Agreements that are only exempt from the requirement that a bidder/proposer submit a Questionnaire. The contractor must still comply with all other CRO provisions.

- Agreements awarded on the basis of emergency circumstances when the awarding authority finds that the City would suffer a financial loss or that City operations would be adversely impacted. This exemption is subject to approval by the DAA.
- Agreements for goods or services that are proprietary or available from only one source. This exemption is subject to approval by the DAA.
- Agreements awarded under the authority of Charter Sections 371(e)(5), (6), (7) or (8). The awarding authority must certify in writing that the contract is entered into in compliance with the requirements of those Charter sections.

20. Where can I obtain a copy of the Contractor Responsibility Ordinance and the Rules and Regulations?

All CRO-related information and documents can be found on the CRO website:
<http://www.lacity.org/bidresp>.

CITY OF LOS ANGELES
LIVING WAGE ORDINANCE
(Los Angeles Administrative Code Section 10.37 et seq.)

1. What is the Living Wage Ordinance?

The Living Wage Ordinance (LWO) requires employers who have agreements with the City to pay their employees at least a minimum “living wage” and to provide certain benefits. If the agreement is subject to the LWO, the employer must do the following:

- Pay employees working on the subject agreement a wage rate that is at least equal to the “living wage” rate. The “living wage” is adjusted annually and becomes effective July 1 of each year. Employers can obtain information about the living wage rate currently in effect by going to Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance (OCC) website at www.lacity.org/bca/OCCmain.html.
- Provide employees with at least 12 paid days off per year for sick leave, vacation, or personal necessity; and at least 10 unpaid sick days off per year.
- Tell employees who make less than \$12.00 per hour that they may qualify for the federal Earned Income Tax Credit and provide them with the forms required to apply for the credit.
- Cooperate with the City by providing access to the work site and to payroll and related documents so that the City can determine if the employer is complying with the LWO.
- Pledge to comply with federal laws prohibiting an employer from retaliating against employees for union organizing.
- Not retaliate against any employee who makes claims about non-compliance with the LWO.

2. When was the Ordinance adopted?

The LWO was adopted in May, 1997 and amended in January, 1999.

3. What types of agreements are subject to the Ordinance?

Generally, the LWO covers the following types of agreements:

- An agreement in an amount over \$25,000.00 and for at least three months in which an employer will provide services to or for the City.
- An agreement for the lease or license of City property if the service being performed on the property is something that City employees would otherwise do.
- An agreement for the lease or license of City property that is in a location where a substantial number of the general public might visit.
- An agreement in which the City gives financial assistance for the purpose of promoting economic development or job growth.
- An agreement in which the City determines that applying the LWO would be in the best interest of the City.

4. Is an agreement subject to the LWO if it was entered into before May, 1997?

Agreements executed after May, 1997 are subject to the LWO. An agreement entered into before May, 1997 may become subject to LWO if it is later amended or modified in order to add time or money to the original agreement.

5. Are there any requirements that would apply to an employer who does not have an agreement with City that is subject to the LWO?

All employers are required to comply with the LWO's prohibition against retaliation, even if the employer does not have an agreement with the City that is subject to the Ordinance.

6. Are all employees covered by the Ordinance?

Intentionally left blank 8/18/06

7. Are an employer's subcontractors subject to the requirements of the Ordinance?

A subcontractor may be covered by the Ordinance if the subcontractor performs work on the subject agreement. If so, the subcontractor must also comply with the requirements of the LWO, including all reporting requirements. The prime contractor is responsible for the making sure that the subcontractor complies with the LWO.

8. What happens if an employer is found to be in violation of the Ordinance?

Payments due may be withheld. Also, the employer may be deemed to be in material breach of the agreement. When that happens, the City may take the following steps:

- Terminate the agreement and pursue all available contractual remedies.
- Debar the employer from doing business with the City for three (3) years or until all penalties and restitution have been fully paid, whichever occurs last.
- Bring a lawsuit against the employer for all unpaid wages and health benefit premiums and/or seek a fine of up to one hundred dollars (\$100.00) for each day the violation remains uncorrected.

9. What if a subcontractor is found to be in violation of the Ordinance?

Because the prime contractor is responsible for making sure that all its subcontractors comply with the LWO, the sanctions listed in answer #8 may be applied to the prime contractor if the subcontractor does not correct the violation(s).

10. What can an employee do if an employer is in violation of the Ordinance?

The employee can submit a complaint to the Office Contract Compliance which will investigate the complaint. Also, the employee can bring his or her own lawsuit against the employer for:

- Back pay for failing to pay the correct wages or correct health benefit premiums.
- Reinstatement and back pay for retaliation.
- Triple the amount of the back pay that is owed if the violation was found by the court to be willful.

11. Are there any exemptions available under the Ordinance?

An employer may apply for an exemption based on the following categories:

- Service agreements that are less than 3 months or \$25,000 or less.
- Agreements for the purchase of goods, property, or the leasing of property (with City as the lessee).
- Construction contracts that do not meet the definition of a service agreement.
- Employees who are required to have an occupational license in order to provide services to or for the City are exempt.
- Employers who are party to a collective bargaining agreement (CBA) that has language stating that the CBA shall supersede the LWO.
- Financial assistance recipients who meet the requirements stated in Section 10.37.1(c) of the LWO.
- Employers (contractors, subcontractors, financial assistance recipients) organized under IRS Code, Section 501(c)(3) whose chief executive officer's hourly wage rate is less than eight times the hourly wage rate of the lowest paid worker are be exempt. However, this exemption does not apply to child care workers.
- Lessees or licensees who have no more than a total of seven employees and who have annual gross revenue of less than \$454, 016 (effective July 1, 2009). The qualifying annual gross revenue is adjusted every July.
- One-person contractors, lessees, licensees or financial assistance recipients who employ no workers.
- Agreements that involve other governmental entities.

12. Who is responsible for the administration and enforcement of the Ordinance?

The Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance, located at 1149 S. Broadway Street, Suite 300, Los Angeles, CA 90015. For additional information, please call (213) 847-2625, or go to the Office of Contract Compliance website at <http://bca.lacity.org>.

LIVING WAGE ORDINANCE STATUTORY EXEMPTIONS

Living Wage Ordinance (LWO) statutory exemptions are now divided into the following three categories:

1. Exemptions that do not require approval from the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance (OCC).
2. Exemptions that do not require OCC approval but require a Contractor Certification of Exemption.
3. Exemptions that require submission of an Application for Exemption and OCC approval of the Application.

1. **The following exemptions do not require OCC approval or any Contractor Certification**: Departments only need to indicate the exemption in the appropriate category on the LWO Departmental Determination of Coverage Form.

- a. **Less than three months OR less than \$25,000 (LAAC 10.37.1(j))**. Service contracts or Authority for Expenditures that do not meet these thresholds are not covered by the LWO.
- b. **Other governmental entities (LAAC 10.37.1(g))**. Agreements with other governmental entities such as Los Angeles County, the State of California, or the University of California, are not covered by the LWO. Subcontractors to these entities are also not covered by the LWO.
- c. **Purchase of goods, property, or the leasing of property, with the City as lessee (LAAC 10.37.1(j))**. Such contracts are categorically exempt from the LWO unless they include a service component that is more than just incidental (regular and recurring services is required). Examples of such categorically exempt contracts include contracts to purchase office supplies or to lease space to be occupied by City departments.
- d. **Construction contracts, not conforming to the definition of a service contract (LAAC 10.37.1(j))**. Such contracts are categorically exempt from the LWO. Examples include construction of buildings and infrastructure.
- e. **City financial assistance not meeting thresholds (LAAC 10.37.1(c))**. Agreements to provide a contractor with City financial assistance (which typically mean grants or loans provided at interest rates that are lower than the Applicable Federal Rate) are categorically exempt from the LWO if they meet both of the following:
 - (1) The assistance given in a 12-month period is below \$1,000,000 AND less than \$100,000 per year.
 - (2) The assistance is not for economic development or job growth.
- f. **Business Improvement Districts (BID) (LWO Regulation #11)**. Service agreements are categorically exempt from the LWO if the services are funded with the BID's assessment money collected by the City after the formation of the BID. Service contracts in which City money is used to hire firms to help in forming the BID remain subject to the LWO unless the contractor otherwise qualifies for an exemption.

2. **The following exemption categories do not require OCC approval, but the contractor must still submit a Contractor Certification of Exemption from Living Wage (OCC/LW-13)**. No OCC approval is required for the exemption to be valid. However, the department must include the Contractor Certification of Exemption with the contract.

- a. **501(c)(3) Non-profit organizations (LAAC 10.37.1(g))**: Employers (contractors, subcontractors, financial assistance recipients) organized under IRS Code Section 501(c)(3) are exempt from the LWO if the hourly wage rate of the corporation's highest paid employee is less than eight times the hourly wage rate of the corporation's lowest paid worker. However, the exemption does not extend to Child Care Workers as defined in the LWO Rules and Regulations (an employee "whose work on an agreement involves the care or supervision of children 12 years of age and under."). A copy of the IRS 501(c)(3) Exemption Letter will be required.
- b. **One-person contractors with no employees (LAAC 10.37.1(f))**: Contractors, lessees, licensees or financial assistance recipients who employ no workers are exempt from the LWO.

LIVING WAGE ORDINANCE STATUTORY EXEMPTIONS (Continued)

3. The following exemption categories require submission of an application for exemption and OCC approval of the application to be valid.

- a. **Collective bargaining agreements (CBA) that supersede the LWO (LAAC 10.37.12):** Contractors whose employees are covered by a CBA that supersede the requirements of the LWO are not subject to the LWO. A copy of the CBA with the superseding language or a letter from the union indicating that the union has agreed to allow the CBA to supersede the LWO will be required to be submitted. Example: Labor agreement between parking contractor and a labor union with language that wages and benefits in the CBA shall supersede the LWO. Contractors must use the LWO Application for Non-Coverage or Exemption form (Form OCC/LW-10) and submit a copy of the CBA or a letter from the union.
- b. **Occupational license (LAAC 10.37.1(f)):** Employees required to possess an occupational license in order to provide the services under the City agreement are not subject to the LWO. However, only the individual employees who are required to possess an occupational license are exempt. Employees who work on the City contract and are not required to possess an occupational license remain subject to the LWO. Example: Under California Labor Code Sections 7375 – 7380, a person must be licensed by the State of California in order to inspect and certify cranes and derricks used in lifting services. Contractors must use the LWO Application for Non-Coverage or Exemption form (Form OCC/LW-10) and submit a listing of the employees who possess occupational licenses and a copy of the licenses.
- c. **Small business exemptions for Public Lessees/Licensees (LAAC 10.37.1(i)):** Small business that lease property from the City may apply for OCC approval for LWO exemption if the lessee or licensee: (1) employs no more than a total of seven employees; and (2) has annual gross revenues of less than \$454,016 (adjusted July 1, 2009). This applies only to lessees with lease agreements executed after February 24, 2001, and to amendments executed after February 24, 2001 that add monies or extend term. Use the Application for “Small Business” Exemption (Form OCC/LW-20) and submit the application with the documents requested on that form.
- d. **City financial assistance agreements that exceed the LWO monetary thresholds may apply for one of the exemptions below.** Applicants and departments should refer to Regulation #3(c) for the requirements and the documents that must be submitted with the LWO Application for Non-Coverage or Exemption (OCC/LWO-10).
 - (1) The City financial assistance recipient (CFAR) is in its first year of operation (LAAC 10.37.1(c)).
 - (2) The CFAR employs fewer than five employees (LAAC 10.37.1(c)).
 - (3) The CFAR would face undue hardship because it employs the long-term unemployed or provides trainee positions to prepare employees for permanent positions (LAAC 10.37.1(c)). REQUIRES COUNCIL APPROVAL.

CITY OF LOS ANGELES
SERVICE CONTRACTOR WORKER RETENTION ORDINANCE
(Los Angeles Administrative Code Section 10.36 et seq.)

1. What is the Service Contractor Worker Retention Ordinance?

The Service Contractor Worker Retention Ordinance (SCWRO), effective May, 1996, requires a successor contractor and its subcontractors to retain for a 90-day period certain employees who worked for the terminated contractor or its subcontractors for at least 12 months. (See also Question #7 regarding which employees are covered.)

2. What is a successor contractor?

A successor contractor is one who has been awarded an agreement to provide services to or for the City that are similar to those that were provided under a recently terminated agreement.

3. What types of agreements are covered by the Ordinance?

The SCWRO covers the following types of agreements:

- For services in an amount over \$25,000.00 and for at least three months.
- In which the primary purpose is to provide services to or for the City (including leases and licenses).
- In which the City provides financial assistance for the purpose of promoting economic development or job growth.

4. What does the Ordinance require a terminated contractor to do?

The SCWRO requires the terminated contractor to provide the awarding authority with the names, addresses, dates of hire, hourly wage, and job classes of each employee who worked on the City agreement for that terminated contractor or its subcontractor. The awarding authority will provide the information to the successor contractor.

5. What does the Ordinance require a successor contractor to do?

The Ordinance requires the successor contractor to:

- Offer employment and retain for a 90-day period the employees who worked for at least 12 months for the terminated contractor or its subcontractors.
- Not discharge the employees retained under the SCWRO without cause during the 90-day period.
- Perform a written performance evaluation of each employee retained under the SCWRO at the end of the 90-day period.

6. Do the employees retained under the Ordinance receive any additional protection?

Employees retained under the SCWRO are employed under the terms and conditions of the successor contractor or as required by law. However, if the agreement the employees are working under is subject to Living Wage Ordinance (LWO), the employees must be paid the wage rate and be provided the benefits required by LWO.

7. Does the successor contractor have to retain all the prior contractor's employees?

The SCWRO covers only employees who meet all of the following requirements:

- Earn less than \$15.00 per hour.
- Primary job is in the City working on or under the City agreement.
- Worked for the terminated contractor or its subcontractor for the preceding 12 months or longer.
- Not a managerial, supervisory, or confidential employee; or an employee required to possess an occupational license.

8. What if the successor contractor determines that fewer employees are required to provide the services than were required by the prior contractor?

The names of the affected employees will be placed in order by seniority within each job classification. The successor contractor is required to retain employees based on seniority. The names of employees not retained will be placed on a preferential hiring list from which the successor contractor must use for subsequent hires.

9. What happens if an employee is discharged in violation of the Ordinance?

The employee may bring a lawsuit against the successor contractor. The employee can also submit a complaint to the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance which will investigate the complaint.

10. What if a contractor is found to be in violation of the Ordinance?

The City may terminate the agreement or pursue other legal remedies.

11. Who is responsible for administering and enforcing the Ordinance?

The Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance, located at 1149 S. Broadway St., Suite 300, Los Angeles, CA 90015. For additional information, please call (213) 847-2625, or go to the Office of Contract Compliance web site at <http://bca.lacity.org>.

**CITY OF LOS ANGELES' POLICY
BUSINESS INCLUSION PROGRAM (BIP) FOR A REQUEST FOR PROPOSAL (RFP)**

SUMMARY

This policy sets forth the City of Los Angeles' rules and procedures to be followed by respondents on advertised personal services contracts in regards to the City's BIP outreach requirements. In general, this policy provides that respondents for contracts must demonstrate compliance with the indicators relating to an active outreach program to obtain participation by MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs. Failure to demonstrate an outreach on the BAVN to comply with the indicators will render the bid non-responsive.

A. GENERAL

This policy statement explains how the City's BIP will be administered within the Awarding Authority for personal services contracts. The Awarding Authority is committed to ensuring full and equitable participation by minority, women, small, emerging, disabled veteran, and other businesses in the provision of all goods and services to the Department on a contractual basis. The BIP is set forth in this policy Statement. Respondents to the Awarding Authority shall be fully informed concerning the requirements of this Program. **Failure to comply with the City's BIP outreach requirements will render the response non-responsive and result in its rejection.**

Note: The State of California does not offer EBE certifications. For the purposes of this program, the State's Microbusiness certification will be considered synonymous with the City's EBE certification.
- c. Certification as a Disabled Veteran Business Enterprise: A DVBE must be certified by State of California, Office of Small Business & Disabled Veterans Business Enterprise Services.
9. Business Inclusion Program Outreach Documentation: The respondent must take affirmative steps prior to submission of their RFP response to ensure that a maximum effort is made to recruit subconsultants. Minority, women, small, emerging, disabled veteran owned and controlled businesses must be considered along with other business enterprises whenever possible as sources of subconsulting services. Affirmative steps for BIP Outreach Documentation are outlined in Paragraph C herein. The BIP Outreach Documentation must be submitted as described in Paragraph C herein. Failure to submit the BIP Outreach Documentation will render the response non-responsive.

 10. Subcontract: For the purpose of this program, the term "Subcontract" denotes an agreement between the prime Consultant and an individual, firm or corporation for the performance of a particular portion(s) of the work which the prime Consultant has obligated itself.

 11. Subconsultant: An individual, firm, or corporation having a direct contract with the consultant for the performance of a part of the work which is proposed to be constructed or done under the contract or permit, including the furnishing of all labor, materials, or

equipment. For the purposes of this Program, a subconsultant may also be referred to as a subcontractor.

12. Vendor and/or supplier: A firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials or supplies required for the performance of the contract are bought, kept in stock, and regularly sold to the public in the usual course of business. The firm must engage in, as its principal business, and its own name, the purchase and sale of the products in question. A vendor and/or supplier of bulk items such as steel, cement, stone and petroleum products need not keep such products in stock, if it owns or operates distribution equipment.
13. Manufacturer: A firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the contractor.
14. Broker: A firm that charges for providing a bona fide service, such as professional, technical, consultant or managerial services and assistance in the procurement of essential personnel, facilities, equipment, insurance or bonds, materials or supplies required for performance of the contract. The fee or commission is to be reasonable and not excessive as compared with fees customarily allowed for similar services.
15. Participation Recognition: This applies to recognition as an MBE, WBE, SBE, EBE, DVBE.
 - a. All listed MBE, WBE, SBE, EBE, and/or DVBE firms must be certified as defined under Paragraph B, Definitions, Item 4, on the date the Awarding Authority awards a contract for the project before credit may be allowed toward the respective MBE, WBE, SBE, EBE, and/or DVBE pledged participation level.
 - b. Work performed by a MBE, WBE, SBE, EBE, and/or DVBE prime consultant will not be a consideration when determining a prime consultant's BIP Outreach. The prime consultant will be required to make a BIP Outreach to obtain reasonable anticipated MBE, WBE, SBE, EBE, and/or DVBE participation levels through subconsulting or materials and supplies acquisition.
 - c. Recognition for materials and/or supplies is limited to 60 percent of the amount to be paid to the vendor for such materials/supplies in computing the pledged levels of MBE, WBE, SBE, EBE, and/or DVBE participation, unless the vendor manufactures or substantially alters the materials/supplies.
 - d. MBE, WBE, SBE, EBE, and/or DVBE credit for brokers required for performance of the contract is limited to the reasonable fee or commission charged, as not considered excessive, as compared with fees customarily allowed for similar services.
 - e. A firm which qualifies as both a MBE and a WBE will be credited as either MBE participation or as WBE participation, but will not be credited for both. However, a MBE and/or WBE firm may also receive SBE, EBE and/or DVBE credit if so qualified.

- f. A listed MBE, WBE, SBE, EBE, and/or DVBE firm must be potentially available to perform a commercially useful function, i.e., must be potentially responsible for the execution of a distinct element of the work and potentially available to carry out its responsibility by performing, managing and supervising the work.
- g. MBE/WBE credit shall not be given to a Joint Venture partner listed as a subconsultant by a Joint Venture respondent.
- h. A SBE, EBE, DVBE prime consultant shall receive pledged participation credit for the work performed by its own workforce.

C. BIP OUTREACH DOCUMENTATION

It is the policy of the City of Los Angeles to provide Minority Business Enterprises (MBEs), Women Business Enterprises (WBEs), Small Business Enterprises (SBEs), Emerging Business Enterprises (EBEs), Disabled Veteran Business Enterprises (DVBEs), and all Other Business Enterprises (OBEs) an equal opportunity to participate in the performance of City contracts. In order to maximize this participation while minimizing the administrative impact on city staff and RFP respondents alike, the Mayor’s Office has developed a Business Inclusion Program (BIP). The BIP requires City departments to set anticipated participation levels based on the opportunities presented in their advertised contracts and department’s achievement of its annual goals. A respondent’s BIP Outreach to MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs shall be determined by their compliance with the following BIP Outreach process which will be performed on the City’s Business Assistance Virtual Network (BAVN). The BAVN can be accessed by going to the City’s Webpage (<http://www.lacity.org>) and linking onto “Bids, RFPs & Grants” or directly at www.labavn.org. Failure to meet the anticipated MBE, WBE, SBE, EBE, and/or DVBE participation levels will not by itself be the basis for disqualification or determination of noncompliance with this policy. **However, failure to comply with the BIP Outreach documentation requirements as described in this section will render the RFP response non-responsive and will result in its rejection.** *Compliance with the BIP Outreach requirements is required even if the proposer has achieved the anticipated MBE, WBE, SBE, EBE, and DVBE participation levels.* Adequacy of a bidder’s BIP Outreach will be determined by the Awarding Authority after consideration of the indicators of BIP Outreach as set forth below.

Any technical difficulties while utilizing the BAVN should be reported immediately using the following steps:

1. Email BAVN Support at support@labavn.org.
2. Email the Contract Coordinator listed in the RFP.
3. If you are not contacted within 15 minutes during normal City working hours (7:00 a.m. to 4:30 p.m. Monday-Friday), call the Contract Coordinator listed in the RFP.

If the above procedures are not followed as stipulated, incomplete outreach and/or incomplete documentation may not be accepted.

Each indicator (2-6) is evaluated on a pass/fail basis. All indicators (2-6) must be passed to be deemed responsive. Only BIP Outreach documentation submitted under the bidders name will be evaluated. Therefore submission by a third party will result in the bidder being deemed non-responsive.

1	LEVEL OF ANTICIPATED MBE, WBE, SBE, EBE, and DVBE PARTICIPATION
---	--

The proposer has performed a BIP Outreach in an attempt to obtain potential subconsultant participation by MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs which could be expected by the Board to produce a reasonable level of participation by interested business enterprises, including the MBE, WBE, SBE, EBE and DVBE anticipated percentages set forth in the RFP and to have the proposer meet the subconsulting expectations for the project.

2	ATTENDED PRE-BID MEETING
---	---------------------------------

The proposer attended the pre-proposal meeting scheduled by the Project Manager to inform all proposers of the requirements for the project for which the contract will be awarded. This requirement may be waived if the proposer certifies it is informed as to those project requirements and has participated in a City-sponsored or City-approved matchmaking event in the prior 12 months.

Required Documentation: An employee of the proposer's company must attend the pre-submittal meeting scheduled for this project. Credit may not be given if the employee arrives late or fails to sign the pre-submittal meeting attendance roster. This requirement will be waived if the proposer both certifies in writing that it is informed as to the BIP Outreach requirements for the project and has participated in a City-sponsored or City-approved matchmaking event in the prior 12 months as is evidenced by the event attendance documents.

Note: If the RFP states that the pre-submittal meeting is mandatory, then attendance at the pre-submittal meeting is the only way to pass this indicator.

3	SUFFICIENT WORK IDENTIFIED FOR SUBCONSULTANTS
---	--

The proposer has identified the minimum number, as determined by the Awarding Authority, of specific items of work that will be performed by subconsultants. This will ensure an opportunity for subconsultant participation among MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs.

Required Documentation: Outreach via e-mail in the selected potential work items. This outreach must be performed using the BAVN's BIP Outreach system. The outreach must be to potential MBE, WBE, SBE, EBE, DVBE, and OBE subconsultants who are currently registered on the BAVN. Failure of the proposer to outreach in all of the potential work items selected by the City as potential subconsulting work items may result in the RFP response being deemed non-responsive.

Note: City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline.

4	WRITTEN NOTICES TO SUBCONSULTANTS
---	--

All notifications must be provided utilizing BAVN, and made not less than **fifteen (15) calendar days** prior to the date the Prime Bid/Proposal is required to be submitted. In all instances, proposers must document that invitations for subcontracting bids were sent to available MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs for each item of work to be performed.

Required Documentation: E-mail notification in each of the selected potential work items to potentially available MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs for each anticipated work item to be performed. The notification must be performed using the BAVN’s BIP Outreach system. The notification must be to potential subcontractants currently registered on the BAVN. If the proposer is aware of a potential subcontractant that is not currently registered on the BAVN, it is the proposer’s responsibility to encourage the potential subcontractant to become registered so that the proposer can include them as part of their outreach. Letters must contain areas of work anticipated to be subconsulted, City of Los Angeles project name, name of the proposer, and contact person's name, address, and telephone number. Proposers are required to send notifications to a sufficient number of firms comprised of MBEs, WBEs, SBEs, EBEs, DVBEs and OBEs in each potential work item chosen, as determined by the City. What is considered sufficient will be determined by the total number of potential subcontractants in each specific work item.

The City will determine each work area by the North American Industry Classification System (NAICS) code. The following table shows the sufficient number of MBE, WBE, SBE, EBE, DVBE and OBE subcontractors that need to be notified for each work area.

# of Subcontractors in NAICS Code	% Prime Must Notify	Number Prime Must Notify
1-10	100%	1-10
11-20	80%	9-16
21-50	60%	13-30
51-100	40%	21-40
101-200	25%	26-50
>200	10%	20+

A proposer’s failure to utilize this notification function will result in their RFP response being deemed non-responsive.

Note: Proposers will not be able to utilize the BAVN’s BIP Outreach notification function if there are less than fifteen (15) calendar days prior to the RFP response submittal deadline. In utilizing the BAVN’s notification function, proposers will receive a message if they have failed to outreach to a sufficient number of firms when they go to view their summary sheet. Proposers will be given an opportunity to include their own customized statements when utilizing the notification function. However, the City will take into consideration the wording and may deem a proposer non-responsive if the wording is perceived to seriously limit potential subcontractant

responses. City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline. Proposers are encouraged to print their BIP Outreach summary sheet prior to logging out as documented proof of their progress.

5	PLANS, SPECIFICATIONS AND REQUIREMENTS
----------	---

The proposer provided interested potential subconsultants with information about the availability of plans, specifications, and requirements for the selected subconsulting work.

Required Documentation: Include in Indicator 4, information detailing how, where and when the proposer will make the required information available to interested potential subconsultants. The notification must be performed using the BAVN’s BIP Outreach system.

Note: For purposes of RFPs, making a copy of the RFP available to potential subconsultants will meet this requirement. At the time a proposer utilizes the BAVN’s BIP Outreach notification function, the required information will automatically be included in the notification. Proposers will not be able to utilize the BAVN’s BIP Outreach notification function if there are less than fifteen (15) calendar days prior to the RFP response submittal deadline. City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline.

6	NEGOTIATED IN GOOD FAITH
----------	---------------------------------

The proposer has responded to every unsolicited offer sent by a Registered Subcontractor using BAVN and has evaluated in good faith bids or proposals submitted by interested MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs. Proposers must not unjustifiably reject as unsatisfactory a bid or proposal offered by a Registered Subcontractor, as determined by the Awarding Authority. The proposer must submit a list of all subcontractors for each item of work, including dollar amounts of potential work for MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs, and a copy of any and all bids or proposals received. This list must include an explanation of the evaluation that lead to the bid or proposal being rejected and the explanation must have been communicated to the subcontractor using BAVN.

Required Documentation:

- a) Schedule A MBE/WBE/SBE/EBE/DVBE/OBE Subconsultants Information Form;
- b) An online Summary Sheet organized by work area, listing the following:
 - 1) The responses and/or bids received;
 - 2) The name of the subconsultant who submitted the bid/quote;
 - 3) A brief reason given for selection/non-selection as a subconsultant;
- c) Copies of all potential MBE/WBE/SBE/EBE/DVBE/OBE bids or quotes received must be submitted prior to award of a contract by the City;

The reasons for selection/non-selection should be included in the notes section of the online Summary Sheet. If the proposer elects to perform a listed work area with its own forces, they must include a bid/quote for comparison purposes and an explanation must be provided and included on the summary sheet. **All bids/quotes received, regardless of whether or not the proposer outreached to the subconsultant, must be submitted and included on the on-line Summary**

Sheet. To that extent, the City expects the proposer to submit a bid from each subconsultant listed on the online Summary Sheet, including those listed on the proposer’s Schedule A. **All potential subcontractors with whom the bidder has had contact outside of the BAVN must be documented on the online Summary Sheet.**

The summary sheet must be performed using the BAVN’s BIP Outreach system and must be submitted by 4:30 p.m. on the first calendar day following the day of the RFP response submittal deadline. If a bid/quote is submitted by a firm that is not registered with the BAVN, the proposer is required to add that firm to their summary sheet. A proposer’s failure to utilize the BAVN’s summary sheet function will result in their RFP response being deemed non-responsive.

Note: Staff will request copies of all of the bids/quotes received as part of the BIP Outreach evaluation process. Proposers must have a bid/quote from each potential subconsultant listed on their Schedule A prior to submission of the Schedule A. The submission of the Schedule A is outlined in G herein. Proposers are encouraged to submit all of their bids/quotes with their RFP response submittal. Proposers will not be able to edit their summary sheet on the BAVN’s BIP Outreach summary sheet function after 4:30 p.m. on the first calendar day following the day of the RFP response submittal deadline. City staff will access the BAVN and verify compliance with the summary sheet provision of this indicator after the RFP submission deadline. Proposers are required to have each of the subconsultants on their Schedule A registered on the BAVN prior to being awarded the contract.

7	BOND, LINES OF CREDIT, AND INSURANCE ASSISTANCE
---	---

Each notification by the proposer shall also include an offer of assistance to interested potential MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs in obtaining bonds, lines of credit, and insurance required by the Awarding Authority or proposer.

Required Documentation: Include in Indicator 4, information about the proposer's efforts to assist with bonds, lines of credit and insurance. The notification must be performed using the BAVN’s BIP Outreach system.

Note: At the time a proposer utilizes the BAVN’s BIP Outreach notification function, the required information will automatically be included in the notification. Proposers will not be able to utilize the BAVN’s BIP Outreach notification function if there are less than fifteen (15) calendar days prior to the RFP response submittal deadline. Proposers will be given an opportunity to include their own customized statements when utilizing the notification function. However, the City will take into consideration the wording and may deem a proposer non-responsive if the wording seriously limits potential subconsultant responses or is deemed contrary to the intent of this indicator. City staff will access the BAVN and verify compliance with this indicator after the RFP submission deadline.

The proposer shall submit completed BIP Outreach documentation either via the BAVN’s BIP Outreach system or prior to award, as specified for each indicator. The Awarding Authority in its review of the BIP Outreach documentation may request additional information to validate and/or clarify that the BIP Outreach submission was adequate. Any additional information submitted after the response due date and time will be treated at a higher level of scrutiny and may require

third Party documentation in order to substantiate its authenticity. Such information shall be submitted promptly upon request by the Awarding Authority.

D. AWARD OF CONTRACT

The Awarding Authority reserves the right to reject any and all RFP responses. The award of a contract will be to the responsive, responsible proposer whose proposal complies with all requirements prescribed herein. This includes compliance with the required Business Inclusion Program Outreach. A positive and adequate demonstration to the satisfaction of the Awarding Authority that a BIP Outreach to include MBE/WBE/SBE/EBE/DVBE/OBE subconsultants' participation was made is a condition for eligibility for award of the contract.

In the event that the Awarding Authority considers awarding away from a proposer because of the proposer's failure to supply adequate BIP Outreach documentation, the Awarding Authority shall afford the proposer an opportunity to present further evidence to the Awarding Authority prior to a public hearing of the proposer's BIP Outreach evaluation.

E. SUBCONSULTANT SUBSTITUTION

In addition to the requirements set forth in the provisions pertaining to the listing of subconsultants, the following shall apply for the purpose of this program:

**J. IRAN CONTRACTING ACT OF 2010 COMPLIANCE
AFFADAVIT**

IRAN CONTRACTING ACT OF 2010 COMPLIANCE AFFIDAVIT

(California Public Contract Code Sections 2200-2208)

The California Legislature adopted the Iran Contracting Act of 2010 to respond to policies of Iran in a uniform fashion (PCC § 2201(q)). The Iran Contracting Act prohibits bidders engaged in investment activities in Iran from bidding on, submitting proposals for, or entering into or renewing contracts with public entities for goods and services of one million dollars (\$1,000,000) or more (PCC § 2203(a)). A bidder who “engages in investment activities in Iran” is defined as either:

1. A bidder providing goods or services of twenty million dollars (\$20,000,000) or more in the energy sector of Iran, including provision of oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; **or**
2. A bidder that is a financial institution (as that term is defined in 50 U.S.C. § 1701) that extends twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created by the California Department of General Services (DGS) pursuant to PCC § 2203(b) as a person engaging in the investment activities in Iran.

The bidder shall certify that at the time of submitting a bid for new contract or renewal of an existing contract, the bidder is **not** identified on the DGS list of ineligible businesses or persons and that the bidder is **not** engaged in investment activities in Iran in violation of the Iran Contracting Act of 2010.

California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts (PCC § 2205).

To comply with the Iran Contracting Act of 2010, the bidder shall provide its vendor or financial institution name, and City Business Tax Registration Certificate (BTRC) if available, in completing **ONE** of the options shown below.

OPTION #1: CERTIFICATION

I, the official named below, certify that I am duly authorized to execute this certification on behalf of the bidder or financial institution identified below, and that the bidder or financial institution identified below is **not** on the current DGS list of persons engaged in investment activities in Iran and is **not** a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person or vendor, for 45 days or more, if that other person or vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current DSG list of persons engaged in investment activities in Iran.

ENDNOTES FOR LWO SUBCONTRACTOR INFORMATION FORM

¹ **Non-Profit 501(c)(3) Organizations:** A corporation claiming exemption under Section 10.37.1(g) of the LWO as a corporation organized under Section 501 (c)(3) of the United States Internal Revenue Code must provide the following additional documents in support of the application for exemption:

(A) A copy of the most recent IRS letter indicating that the contractor has been recognized as a non-profit corporation organized under section 501 (c)(3) of the United States Internal Revenue Code.

(B) An application for non-coverage or exemption, including the non-profit salary certification on the form referred to in Appendix A. The salary certification must list the salary of the corporation's chief executive officer (CEO), computed on an hourly basis, and the hourly wage rate of the lowest paid worker in the corporation. The salary of the CEO, when computed on an hourly basis, must be less than 8 times what the lowest paid worker is paid on an hourly basis. For purposes of this exemption, the "chief executive officer (CEO)" means the CEO of the 501(c)(3) corporation that entered into the agreement

² **One-Person Contractor:** A contractor may apply for exemption under Section 10.37.1(f) of the LWO if that contractor has no employees. The one-person contractor shall submit an application for non-coverage or exemption to the awarding authority on the form referred to in Appendix A with the appropriate one-person contractor certification. If, subsequent to the approval of the exemption application, the contractor hires any employees, the exemption is no longer valid. Any employee the contractor hires becomes covered by the LWO to the extent that the employee performs work on the City agreement. In such cases, the contractor shall notify the awarding authority of the change in circumstances and submit to the awarding authority all the necessary forms to comply with the LWO reporting requirements, including the employee and subcontractor information forms.

³ **Exemption by Collective Bargaining Agreement – LAAC 10.37.12:** An employer subject to provisions of the LWO may, by collective bargaining agreement (CBA), provide that the CBA, during its term, shall supersede the requirements of the LWO for those employees covered by the CBA. The provisions of the LWO should not be interpreted to require an employer to reduce the wages and benefits required by a collective bargaining agreement. All parties to the CBA must specifically waive in full or in part the benefits required by the LWO. An employer applying for this exemption shall submit a copy of the CBA. If the CBA does not specifically indicate that the LWO has been superseded, the employer shall submit written confirmation from the union representing the employees working on the agreement that the union and the employer have agreed to let the CBA supersede the LWO.

(A) Provisional Exemption from LWO during negotiation of CBA: An employer subject to the LWO may apply for Provisional Exemption from the LWO if the employer can document that: (1) the union and the employer are currently engaged in negotiations regarding the terms of the CBA; and (2) the issue of allowing the CBA to supersede the LWO has been proposed as an issue to be addressed during the negotiations. If granted, Provisional Exemption status is valid until the end of the negotiation process, including, if applicable, impasse resolution proceedings. During the negotiation process, the employer shall provide, upon request from the OCC, status reports on the progress of negotiations. At the end of the negotiation process, the employer shall provide the OCC with a copy of the final CBA to verify whether the LWO has been superseded, and the effective dates of the CBA.

(i) If the final CBA signed by the employer and the union supersedes the LWO, the employer shall be considered to be exempt from the LWO's wage and benefits provisions for the time period covered by the effective dates of the superseding CBA. The employer remains subject to all applicable provisions of the LWO for the time period not covered by the superseding CBA. If the employer has not complied with the LWO requirements during the time period not covered by the superseding CBA, the employer shall be required to make retroactive corrections for any period of non-compliance, which may include making retroactive payments to affected employees for the relevant periods of non compliance.

(ii) If the final CBA signed by the employer and the union does not supersede the LWO, the employer shall be required to comply with all applicable LWO requirements, including the wage and benefits provisions. Compliance shall also be required retroactively to the date that the employer first became subject to the LWO. If necessary, the employer shall provide retroactive payments to affected employees for any time period during which the employer did not comply with the LWO.

⁴ **Occupational license - LAAC 10.37.1(f): Exemptions for Employees Requiring Occupational Licenses:** If an employer claims that the LWO does not apply to an employee pursuant to section 10.37.1(f) because an occupational license is required of the employee to perform the work, the employer shall submit to the awarding authority, along with the application for non-coverage or exemption, a list of the employees required to possess an occupational license, the type of occupational license required, and a copy of the occupational license itself. An exemption granted under this provision exempts only the employee who must possess an occupational license to perform work on the City agreement. If an occupational license is not required of an employee to perform the work, the employee remains covered by the LWO.

⁵ **Small Business Exemptions for Public Lessees and Licensees – LAAC 10.37.1(i):** A public lessee or licensee claiming exemption from the LWO under section 10.37.1(i) shall submit the small business application for exemption form referred to in Appendix A along with supporting documentation to verify that it meets both of the following requirements:

(A) The lessee's or licensee's gross revenues from all business(es) conducted on the City premises for the calendar year prior to the date of the application for exemption do not exceed the gross annual revenue amount set by the LWO in Section 10.37.1(i). That gross revenue amount shall be adjusted annually according to the requirements of the LWO. The gross revenue amount used in evaluating whether the lessee or licensee qualifies for this exemption shall be the gross revenue amount in effect at the time the OCC receives the application for exemption.

A public lessee or licensee beginning its first year of operation on a specific City property will have no records of gross annual revenue on the City property. Under such circumstances, the lessee or licensee may qualify for a small business exemption by submitting proof of its annual gross revenues for the last tax year prior to application no matter where the business was located, and by satisfying all other requirements pursuant to these regulations and the LWO.

A lessee or licensee beginning its first year of operation as a business will have no records of gross annual revenue. Under such circumstances, the lessee or licensee may qualify for a small business exemption by satisfying all other requirements pursuant to these regulations and the LWO.

(B) The lessee or licensee employs no more than seven (7) employees.

(i) For purposes of this exemption, a lessee or licensee shall be deemed to employ a worker if the worker is an employee of a company or entity that is owned or controlled by the lessee or licensee, regardless of where the company or entity is located; or if the worker is an employee of a company or entity that owns or controls the lessee or licensee, regardless of where the company or entity is located.

Whether the lessee or licensee meets the seven (7) employee limit provided for in Section 10.37.1(i) of the LWO shall be determined using the total number of workers employed by all companies or businesses which the lessee or licensee owns or controls, or which own or control the lessee or licensee. Control means that one company owns a controlling interest in another company.

(ii) If a business operated by the lessee or licensee is part of a chain of businesses, the total number of employees shall include all workers employed by the entire chain of businesses unless the business operated by the lessee or licensee is an independently owned and operated franchise.

(iii) A public lessee or licensee shall be deemed to employ no more than seven (7) employees if its entire workforce (inclusive of those employees falling within the guidelines stated in subsections (i) and (ii) immediately above) worked an average of no more than 1,214 hours per month for at least three-fourths of the time period that the revenue limitation provided for in section 10.37.1(i) is measured.

Until the OCC approves the application for exemption, the lessee or licensee shall be subject to the LWO and shall comply with its requirements. If the OCC approves the application, the lessee or licensee shall be exempt from the requirements of the LWO for a period of two years from the date of the approval. The exemption will expire two years from the date of approval, but may be renewable in two-year increments upon meeting the requirements.

⁶ **Governmental Entities – LAAC 10.37.1(g):** Agreements with governmental entities are exempt from the requirements of the LWO. If an agreement is exempt from the LWO because the contractor is a governmental entity, subcontractors performing work for the governmental entity on the agreement are also exempt.

as an insured shall not affect any right which such person or organization would have as a claimant if not so included.

7. Renewal:

Once insurance has been approved by the Risk Manager, evidence of renewal of an expiring policy may be submitted on a signed renewal endorsement form. If the policy or the carrier has changed, new evidence as specified in paragraphs a. through e. of Section 9.2 of this CONTRACT must be submitted.

8. Aggregate Limits/Blanket Coverage:

If any of the required insurance coverage(s) contain aggregate limits, or apply to other operations or tenancy of CONTRACTOR separate from this CONTRACT, CONTRACTOR shall give CITY prompt, written notice of any incident, occurrence, claim, settlement or judgment against such insurance which in CONTRACTOR's best judgment will diminish the protection such insurance affords CITY. Further, CONTRACTOR shall immediately take all reasonable and available steps to restore such aggregate limits or shall provide other insurance protection for such aggregate limits.

b. Self-Insurance and Self-Insured Retentions:

Self-insurance programs and self-insured retentions in insurance policies are subject to separate approval by the Risk Manager upon review of evidence of CONTRACTOR'S financial capacity to respond. Additionally, such programs or retentions must provide CITY with at least the same protections from liability and defense of suits as would be afforded by first-dollar insurance.

c. Modification of Coverage:

The RAP General Manager, based upon advice from the Risk Manager, may increase or decrease the amounts of insurance coverage required herein by giving CONTRACTOR ninety (90) days advance written notice. CITY reserves the right at its sole discretion, any time during the TERM of this CONTRACT, to require such changes.

d. CONTRACTOR's Failure to Procure Insurance:

The required coverages and limits are subject to availability on the open market at reasonable cost, as determined by CITY. The non-availability or non-affordability for CONTRACTOR to procure insurance must be documented by written notification from CONTRACTOR'S insurance broker or agent, indicating good faith efforts to procure insurance and showing at minimum, the names of insurance carriers and the respective declinations or quotations received from each.

Within the foregoing constraints, CONTRACTOR's failure to procure or maintain required insurance or a self-insurance program shall constitute a material breach of this CONTRACT under which the RAP General Manager may immediately terminate or suspend this CONTRACT or, at its discretion, procure or renew such insurance to protect CITY'S interests and pay any and all premiums in connection therewith, and recover all monies so paid from CONTRACTOR.

e. Workers' Compensation:

CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 et seq., of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all such times as they may apply during the performance of the work under this CONTRACT.

SECTION 10 – STANDARD PROVISIONS FOR CITY CONTRACTS

SECTION 12 – ENTIRE CONTRACT

This CONTRACT, including exhibits incorporated hereinto, contains the full and complete agreement between PARTIES. No verbal agreement or conversation between CONTRACTOR and any Officer or Employee of CITY shall affect or modify any of the terms and/or conditions of this CONTRACT. No modifications of this CONTRACT shall be valid or effective unless approved by CITY and evidenced by a written agreement executed by all PARTIES.

SECTION 13 – NO JOINT VENTURE OR AGENCY RELATIONSHIP

Nothing herein contained shall be construed to place the PARTIES to this AGREEMENT in the relationship of a joint venture, association, partnership, or other form of a business organization or agency relationship. CONTRACTOR shall have no power to obligate or bind CITY in any manner whatsoever. Further, under no circumstances will CONTRACTOR represent itself to be an agent of the CITY or any of its departments. Nothing in this CONTRACT may be construed to have authorized or

vested in CONTRACTOR the power to be an agent of the CITY or an actor under the color of law, be it civilly or criminally.

SECTION 14 – EXHIBITS

STANDARD PROVISIONS FOR CITY CONTRACTS

PSC-1. CONSTRUCTION OF PROVISIONS AND TITLES HEREIN

All titles, subtitles, or headings in this Contract have been inserted for convenience, and shall not be deemed to affect the meaning or construction of any of the terms or provisions hereof. The language of this Contract shall be construed according to its fair meaning and not strictly for or against the **CITY** or **CONTRACTOR**. The word "**CONTRACTOR**" herein in this Contract includes the party or parties identified in the Contract. The singular shall include the plural; if there is more than one **CONTRACTOR** herein, unless expressly stated otherwise, their obligations and liabilities hereunder shall be joint and several. Use of the feminine, masculine, or neuter genders shall be deemed to include the genders not used.

PSC-2. NUMBER OF ORIGINALS

The number of original texts of this Contract shall be equal to the number of the parties hereto, one text being retained by each party. At the **CITY'S** option, one or more additional original texts of this Contract may also be retained by the City.

PSC-3. APPLICABLE LAW, INTERPRETATION AND ENFORCEMENT

Each party's performance hereunder shall comply with all applicable laws of the United States of America, the State of California, and the **CITY**, including but not limited to, laws regarding health and safety, labor and employment, wage and hours and licensing laws which affect employees. This Contract shall be enforced and interpreted under the laws of the State of California without regard to conflict of law principles. **CONTRACTOR** shall comply with new, amended, or revised laws, regulations, and/or procedures that apply to the performance of this Contract.

In any action arising out of this Contract, **CONTRACTOR** consents to personal jurisdiction, and agrees to bring all such actions, exclusively in state or federal courts located in Los Angeles County, California.

If any part, term or provision of this Contract is held void, illegal, unenforceable, or in conflict with any law of a federal, state or local government having jurisdiction over this Contract, the validity of the remaining parts, terms or provisions of the Contract shall not be affected thereby.

PSC-4. TIME OF EFFECTIVENESS

Unless otherwise provided, this Contract shall take effect when all of the following events have occurred:

- A. This Contract has been signed on behalf of **CONTRACTOR** by the person or persons authorized to bind **CONTRACTOR** hereto;
- B. This Contract has been approved by the City Council or by the board, officer or employee authorized to give such approval;
- C. The Office of the City Attorney has indicated in writing its approval of this Contract as to form; and
- D. This Contract has been signed on behalf of the **CITY** by the person designated by the City Council, or by the board, officer or employee authorized to enter into this Contract.

PSC-5. INTEGRATED CONTRACT

This Contract sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous Contracts or understandings, whether written or oral, relating thereto. This Contract may be amended only as provided for in paragraph PSC-6 hereof.

PSC-6. AMENDMENT

All amendments to this Contract shall be in writing and signed and approved pursuant to the provisions of PSC-4.

PSC-7. EXCUSABLE DELAYS

In the event that performance on the part of any party hereto is delayed or suspended as a result of circumstances beyond the reasonable control and without the fault and negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. Circumstances deemed to be beyond the control of the parties hereunder include, but are not limited to, acts of God or of the public enemy; insurrection; acts of the Federal Government or any unit of State or Local Government in either sovereign or contractual capacity; fires; floods; earthquakes; epidemics; quarantine restrictions; strikes; freight embargoes or delays in transportation, to the extent that they are not caused by the party's willful or negligent acts or omissions, and to the extent that they are beyond the party's reasonable control.

PSC-8. BREACH

Except for excusable delays as described in PSC-7, if any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights

and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in no event shall any party recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

PSC-9. WAIVER

A waiver of a default of any part, term or provision of this Contract shall not be construed as a waiver of any succeeding default or as a waiver of the part, term or provision itself. A party's performance after the other party's default shall not be construed as a waiver of that default.

PSC-10. TERMINATION

A. TERMINATION FOR CONVENIENCE

The CITY may terminate this Contract for the CITY'S convenience at any time by giving CONTRACTOR thirty days written notice thereof. Upon receipt of said notice, CONTRACTOR shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The CITY shall pay CONTRACTOR its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by CONTRACTOR to affect such termination. Thereafter, CONTRACTOR shall have no further claims against the CITY under this Contract. All finished and unfinished documents and materials procured for or produced under this Contract, including all intellectual property rights thereto, shall become CITY property upon the date of such termination. CONTRACTOR agrees to execute any documents necessary for the CITY to perfect, memorialize, or record the CITY'S ownership of rights provided herein.

B. TERMINATION FOR BREACH OF CONTRACT

1. Except for excusable delays as provided in PSC-7, if CONTRACTOR fails to perform any of the provisions of this Contract or so fails to make progress as to endanger timely performance of this Contract, the CITY may give CONTRACTOR written notice of such default. If CONTRACTOR does not cure such default or provide a plan to cure such default which is acceptable to the CITY within the time permitted by the CITY, then the CITY may terminate this Contract due to CONTRACTOR'S breach of this Contract.
2. If a federal or state proceeding for relief of debtors is undertaken by or against CONTRACTOR, or if CONTRACTOR makes an assignment for the benefit of creditors, then the CITY may immediately terminate this Contract.
3. If CONTRACTOR engages in any dishonest conduct related to the performance or administration of this Contract or violates the

CITY'S lobbying policies, then the **CITY** may immediately terminate this Contract.

4. In the event the **CITY** terminates this Contract as provided in this section, the **CITY** may procure, upon such terms and in such manner as the **CITY** may deem appropriate, services similar in scope and level of effort to those so terminated, and **CONTRACTOR** shall be liable to the **CITY** for all of its costs and damages, including, but not limited, any excess costs for such services.
5. All finished or unfinished documents and materials produced or procured under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.
6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the **CITY** provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-11. INDEPENDENT CONTRACTOR

CONTRACTOR is acting hereunder as an independent contractor and not as an agent or employee of the **CITY**. **CONTRACTOR** shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, or agents to be an agent or employee of the **CITY**.

PSC-12. CONTRACTOR'S PERSONNEL

Unless otherwise provided or approved by the **CITY**, **CONTRACTOR** shall use its own employees to perform the services described in this Contract. The **CITY** shall have the right to review and approve any personnel who are assigned to work under this Contract. **CONTRACTOR** agrees to remove personnel from performing work under this Contract if requested to do so by the **CITY**.

CONTRACTOR shall not use subcontractors to assist in performance of this Contract without the prior written approval of the **CITY**. If the **CITY** permits the use of subcontractors, **CONTRACTOR** shall remain responsible for performing all aspects of

this Contract. The **CITY** has the right to approve **CONTRACTOR'S** subcontractors, and the **CITY** reserves the right to request replacement of subcontractors. The **CITY** does not have any obligation to pay **CONTRACTOR'S** subcontractors, and nothing herein creates any privity between the **CITY** and the subcontractors.

PSC-13. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

CONTRACTOR may not, unless it has first obtained the written permission of the **CITY**:

- A. Assign or otherwise alienate any of its rights under this Contract, including the right to payment; or
- B. Delegate, subcontract, or otherwise transfer any of its duties under this Contract.

PSC-14. PERMITS

CONTRACTOR and its directors, officers, partners, agents, employees, and subcontractors, to the extent allowed hereunder, shall obtain and maintain all licenses, permits, certifications and other documents necessary for **CONTRACTOR'S** performance hereunder and shall pay any fees required therefor. **CONTRACTOR** certifies to immediately notify the **CITY** of any suspension, termination, lapses, non-renewals, or restrictions of licenses, permits, certificates, or other documents.

PSC-15. CLAIMS FOR LABOR AND MATERIALS

CONTRACTOR shall promptly pay when due all amounts payable for labor and materials furnished in the performance of this Contract so as to prevent any lien or other claim under any provision of law from arising against any **CITY** property (including reports, documents, and other tangible or intangible matter produced by **CONTRACTOR** hereunder), against **CONTRACTOR'S** rights to payments hereunder, or against the **CITY**, and shall pay all amounts due under the Unemployment Insurance Act with respect to such labor.

PSC-16. CURRENT LOS ANGELES CITY BUSINESS TAX REGISTRATION CERTIFICATE REQUIRED

If applicable, **CONTRACTOR** represents that it has obtained and presently holds the Business Tax Registration Certificate(s) required by the **CITY'S** Business Tax Ordinance, Section 21.00 *et seq.* of the Los Angeles Municipal Code. For the term covered by this Contract, **CONTRACTOR** shall maintain, or obtain as necessary, all such Certificates required of it under the Business Tax Ordinance, and shall not allow any such Certificate to be revoked or suspended.

PSC-17. RETENTION OF RECORDS, AUDIT AND REPORTS

CONTRACTOR shall maintain all records, including records of financial transactions, pertaining to the performance of this Contract, in their original form, in accordance with

requirements prescribed by the **CITY**. These records shall be retained for a period of no less than three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. Said records shall be subject to examination and audit by authorized **CITY** personnel or by the **CITY'S** representative at any time during the term of this Contract or within the three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. **CONTRACTOR** shall provide any reports requested by the **CITY** regarding performance of this Contract. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

PSC-18. FALSE CLAIMS ACT

CONTRACTOR acknowledges that it is aware of liabilities resulting from submitting a false claim for payment by the **CITY** under the False Claims Act (Cal. Gov. Code §§ 12650 *et seq.*), including treble damages, costs of legal actions to recover payments, and civil penalties of up to \$10,000 per false claim.

PSC-19. BONDS

All bonds which may be required hereunder shall conform to **CITY** requirements established by Charter, ordinance or policy, and shall be filed with the Office of the City Administrative Officer, Risk Management for its review and acceptance in accordance with Sections 11.47 through 11.56 of the Los Angeles Administrative Code.

PSC-20. INDEMNIFICATION

Except for the active negligence or willful misconduct of the **CITY**, or any of its Boards, Officers, Agents, Employees, Assigns and Successors in Interest, **CONTRACTOR** undertakes and agrees to defend, indemnify and hold harmless the **CITY** and any of its Boards, Officers, Agents, Employees, Assigns, and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the **CITY**, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever, for death or injury to any person, including **CONTRACTOR'S** employees and agents, or damage or destruction of any property of either party hereto or of third parties, arising in any manner by reason of the negligent acts, errors, omissions or willful misconduct incident to the performance of this Contract by **CONTRACTOR** or its subcontractors of any tier. Rights and remedies available to the **CITY** under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the **CITY**. The provisions of PSC-20 shall survive expiration or termination of this Contract.

PSC-21. INTELLECTUAL PROPERTY INDEMNIFICATION

CONTRACTOR, at its own expense, undertakes and agrees to defend, indemnify, and hold harmless the **CITY**, and any of its Boards, Officers, Agents, Employees, Assigns,

and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the CITY, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever arising out of the infringement, actual or alleged, direct or contributory, of any intellectual property rights, including, without limitation, patent, copyright, trademark, trade secret, right of publicity and proprietary information right (1) on or in any design, medium, matter, article, process, method, application, equipment, device, instrumentation, software, hardware, or firmware used by CONTRACTOR, or its subcontractors of any tier, in performing the work under this Contract; or (2) as a result of the CITY'S actual or intended use of any Work Product furnished by CONTRACTOR, or its subcontractors of any tier, under the Agreement. Rights and remedies available to the CITY under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the CITY. The provisions of PSC-21 shall survive expiration or termination of this Contract.

PSC-22. INTELLECTUAL PROPERTY WARRANTY

CONTRACTOR represents and warrants that its performance of all obligations under this Contract does not infringe in any way, directly or contributorily, upon any third party's intellectual property rights, including, without limitation, patents, copyrights, trademarks, trade secrets, rights of publicity and proprietary information.

PSC-23. OWNERSHIP AND LICENSE

Unless otherwise provided for herein, all Work Products originated and prepared by CONTRACTOR or its subcontractors of any tier under this Contract shall be and remain the exclusive property of the CITY for its use in any manner it deems appropriate. CONTRACTOR hereby assigns, and agrees to assign, all goodwill, copyright, trademark, patent, trade secret and all other intellectual property rights worldwide in any Work Products originated and prepared by CONTRACTOR under this Contract. CONTRACTOR further agrees to execute any documents necessary for the CITY to perfect, memorialize, or record the CITY'S ownership of rights provided herein.

For all Work Products delivered to the CITY that are not originated or prepared by CONTRACTOR or its subcontractors of any tier under this Contract, CONTRACTOR hereby grants a non-exclusive perpetual license to use such Work Products for any CITY purposes.

CONTRACTOR shall not provide or disclose any Work Product to any third party without prior written consent of the **CITY**.

Any subcontract entered into by **CONTRACTOR** relating to this Contract, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract to contractually bind or otherwise oblige its subcontractors performing work under this Contract such that the **CITY'S** ownership and license rights of all Work Products are preserved and protected as intended herein. Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of **CONTRACTOR'S** contract with the **CITY**.

PSC-24. INSURANCE

During the term of this Contract and without limiting **CONTRACTOR'S** indemnification of the **CITY**, **CONTRACTOR** shall provide and maintain at its own expense a program of insurance having the coverages and limits customarily carried and actually arranged by **CONTRACTOR**, but not less than the amounts and types listed on the Required Insurance and Minimum Limits sheet (Form General 146 in Exhibit 1 hereto), covering its operations hereunder. Such insurance shall conform to **CITY** requirements established by Charter, ordinance or policy, shall comply with the Insurance Contractual Requirements (Form General 133 in Exhibit 1 hereto) and shall otherwise be in a form acceptable to the Office of the City Administrative Officer, Risk Management. **CONTRACTOR** shall comply with all Insurance Contractual Requirements shown on Exhibit 1 hereto. PSC-26. WARRANTY AND RESPONSIBILITY OF CONTRACTOR

CONTRACTOR warrants that the work performed hereunder shall be completed in a manner consistent with professional standards practiced among those firms within **CONTRACTOR'S** profession, doing the same or similar work under the same or similar circumstances.

PSC-27. NON-DISCRIMINATION

Unless otherwise exempt, this Contract is subject to the non-discrimination provisions in Sections 10.8 through 10.8.2 of the Los Angeles Administrative Code, as amended from time to time. The **CONTRACTOR** shall comply with the applicable non-discrimination and affirmative action provisions of the laws of the United States of America, the State of California, and the **CITY**. In performing this Contract, **CONTRACTOR** shall not

discriminate in its employment practices against any employee or applicant for employment because of such person's race, religion, national origin, ancestry, sex, sexual orientation, age, disability, domestic partner status, marital status or medical condition. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of **CONTRACTOR'S** contract with the **CITY**.

PSC-28. EQUAL EMPLOYMENT PRACTICES

Unless otherwise exempt, this Contract is subject to the equal employment practices provisions in Section 10.8.3 of the Los Angeles Administrative Code, as amended from time to time.

- A. During the performance of this Contract, **CONTRACTOR** agrees and represents that it will provide equal employment practices and **CONTRACTOR** and each subcontractor hereunder will ensure that in his or her employment practices persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
 - 1. This provision applies to work or service performed or materials manufactured or assembled in the United States.
 - 2. Nothing in this section shall require or prohibit the establishment of new classifications of employees in any given craft, work or service category.
 - 3. **CONTRACTOR** agrees to post a copy of Paragraph A hereof in conspicuous places at its place of business available to employees and applicants for employment.
- B. **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to their race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
- C. As part of the **CITY'S** supplier registration process, and/or at the request of the awarding authority, or the Board of Public Works, Office of Contract Compliance, **CONTRACTOR** shall certify in the specified format that he or she has not discriminated in the performance of **CITY** contracts against any employee or applicant for employment on the basis or because of

race, religion, national origin, ancestry, sex, sexual orientation, age, disability, marital status or medical condition.

- D. **CONTRACTOR** shall permit access to and may be required to provide certified copies of all of his or her records pertaining to employment and to employment practices by the awarding authority or the Office of Contract Compliance for the purpose of investigation to ascertain compliance with the Equal Employment Practices provisions of **CITY** contracts. On their or either of their request **CONTRACTOR** shall provide evidence that he or she has or will comply therewith.
- E. The failure of any **CONTRACTOR** to comply with the Equal Employment Practices provisions of this Contract may be deemed to be a material breach of **CITY** contracts. Such failure shall only be established upon a finding to that effect by the awarding authority, on the basis of its own investigation or that of the Board of Public Works, Office of Contract Compliance. No such finding shall be made or penalties assessed except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.
- F. Upon a finding duly made that **CONTRACTOR** has failed to comply with the Equal Employment Practices provisions of a **CITY** contract, the contract may be forthwith canceled, terminated or suspended, in whole or in part, by the awarding authority, and all monies due or to become due hereunder may be forwarded to and retained by the **CITY**. In addition thereto, such failure to comply may be the basis for a determination by the awarding authority or the Board of Public Works that the **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Charter of the City of Los Angeles. In the event of such a determination, **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until **CONTRACTOR** shall establish and carry out a program in conformance with the provisions hereof.
- G. Notwithstanding any other provision of this Contract, the **CITY** shall have any and all other remedies at law or in equity for any breach hereof.
- H. Intentionally blank.
- I. Nothing contained in this Contract shall be construed in any manner so as to require or permit any act which is prohibited by law.
- J. At the time a supplier registers to do business with the **CITY**, or when an individual bid or proposal is submitted, **CONTRACTOR** shall agree to adhere to the Equal Employment Practices specified herein during the performance or conduct of **CITY** Contracts.

- K. Equal Employment Practices shall, without limitation as to the subject or nature of employment activity, be concerned with such employment practices as:
 - 1. Hiring practices;
 - 2. Apprenticeships where such approved programs are functioning, and other on-the-job training for non-apprenticeable occupations;
 - 3. Training and promotional opportunities; and
 - 4. Reasonable accommodations for persons with disabilities.

- L. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with all such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of the **CONTRACTOR'S** Contract with the **CITY**.

PSC-29. AFFIRMATIVE ACTION PROGRAM

Unless otherwise exempt, this Contract is subject to the affirmative action program provisions in Section 10.8.4 of the Los Angeles Administrative Code, as amended from time to time.

- A. During the performance of a **CITY** contract, **CONTRACTOR** certifies and represents that **CONTRACTOR** and each subcontractor hereunder will adhere to an affirmative action program to ensure that in its employment practices, persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
 - 1. This provision applies to work or services performed or materials manufactured or assembled in the United States.
 - 2. Nothing in this section shall require or prohibit the establishment of new classifications of employees in any given craft, work or service category.
 - 3. **CONTRACTOR** shall post a copy of Paragraph A hereof in conspicuous places at its place of business available to employees and applicants for employment.

- B. **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to

their race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.

- C. As part of the **CITY'S** supplier registration process, and/or at the request of the awarding authority or the Office of Contract Compliance, **CONTRACTOR** shall certify on an electronic or hard copy form to be supplied, that **CONTRACTOR** has not discriminated in the performance of **CITY** contracts against any employee or applicant for employment on the basis or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
- D. **CONTRACTOR** shall permit access to and may be required to provide certified copies of all of its records pertaining to employment and to its employment practices by the awarding authority or the Office of Contract Compliance, for the purpose of investigation to ascertain compliance with the Affirmative Action Program provisions of **CITY** contracts, and on their or either of their request to provide evidence that it has or will comply therewith.
- E. The failure of any **CONTRACTOR** to comply with the Affirmative Action Program provisions of **CITY** contracts may be deemed to be a material breach of contract. Such failure shall only be established upon a finding to that effect by the awarding authority, on the basis of its own investigation or that of the Board of Public Works, Office of Contract Compliance. No such finding shall be made except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.
- F. Upon a finding duly made that **CONTRACTOR** has breached the Affirmative Action Program provisions of a **CITY** contract, the contract may be forthwith cancelled, terminated or suspended, in whole or in part, by the awarding authority, and all monies due or to become due hereunder may be forwarded to and retained by the **CITY**. In addition thereto, such breach may be the basis for a determination by the awarding authority or the Board of Public Works that the said **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Los Angeles City Charter. In the event of such determination, such **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until he or she shall establish and carry out a program in conformance with the provisions hereof.
- G. In the event of a finding by the Fair Employment and Housing Commission of the State of California, or the Board of Public Works of the City of Los Angeles, or any court of competent jurisdiction, that **CONTRACTOR** has been guilty of a willful violation of the California Fair Employment and Housing Act, or the Affirmative Action Program provisions of a **CITY** contract, there may be deducted from the amount payable to **CONTRACTOR** by the **CITY** under the contract, a penalty of ten dollars

(\$10.00) for each person for each calendar day on which such person was discriminated against in violation of the provisions of a **CITY** contract.

The plan shall be subject to approval by the Office of Contract Compliance prior to award of the contract. Affirmative Action Programs developed pursuant to this section shall be effective for a period of twelve months from the date of approval by the Office of Contract Compliance. In case of prior submission of a plan, **CONTRACTOR** may submit documentation that it has an Affirmative Action Plan approved by the Office of Contract Compliance within the previous twelve months. If the approval is 30 days or less from expiration, **CONTRACTOR** must submit a new Plan to the Office of Contract Compliance and that Plan must be approved before the contract is awarded.
 - 1. Every contract of \$5,000 or more which may provide construction, demolition, renovation, conservation or major maintenance of any kind shall in addition comply with the requirements of Section 10.13 of the Los Angeles Administrative Code.
 - 2. **CONTRACTOR** may establish and adopt as its own Affirmative Action Plan, by affixing his or her signature thereto, an Affirmative Action Plan prepared and furnished by the Office of Contract Compliance, or it may prepare and submit its own Plan for approval.
- L. The Office of Contract Compliance shall annually supply the awarding authorities of the **CITY** with a list of contractors and suppliers who have developed Affirmative Action Programs. For each contractor and supplier the Office of Contract Compliance shall state the date the approval expires. The Office of Contract Compliance shall not withdraw its approval for any Affirmative Action Plan or change the Affirmative Action Plan after the date of contract award for the entire contract term without the mutual agreement of the awarding authority and **CONTRACTOR**.

- M. The Affirmative Action Plan required to be submitted hereunder and the pre-registration, pre-bid, pre-proposal or pre-award conference which may be required by the Board of Public Works, Office of Contract Compliance or the awarding authority shall, without limitation as to the subject or nature of employment activity, be concerned with such employment practices as:

 6. The entry of qualified women, minority and all other journeymen into the industry; and
 7. The provision of needed supplies or job conditions to permit persons with disabilities to be employed, and minimize the impact of any disability.
- N. Any adjustments which may be made in the contractor's or supplier's workforce to achieve the requirements of the **CITY'S** Affirmative Action Contract Compliance Program in purchasing and construction shall be accomplished by either an increase in the size of the workforce or replacement of those employees who leave the workforce by reason of resignation, retirement or death and not by termination, layoff, demotion or change in grade.
- O. Affirmative Action Agreements resulting from the proposed Affirmative Action Plan or the pre-registration, pre-bid, pre-proposal or pre-award conferences shall not be confidential and may be publicized by the contractor at his or her discretion. - P. Intentionally blank.

- Q. All contractors subject to the provisions of this section shall include a like provision in all subcontracts awarded for work to be performed under the contract with the **CITY** and shall impose the same obligations, including but not limited to filing and reporting obligations, on the subcontractors as are applicable to the contractor. Failure of the contractor to comply with this requirement or to obtain the compliance of its subcontractors with all such obligations shall subject the contractor to the imposition of any and all sanctions allowed by law, including but not limited to termination of the contractor's contract with the **CITY**.

Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. Failure of **CONTRACTOR** to obtain compliance of its subcontractors shall constitute a default by **CONTRACTOR** under this Contract, subjecting this Contract to termination where such default shall continue for more than ninety (90) days after notice of such default to **CONTRACTOR** by the **CITY**.

CONTRACTOR certifies that, to the best of its knowledge, it is fully complying with the Earnings Assignment Orders of all employees, and is providing the names of all new employees to the New Hire Registry maintained by the Employment Development Department as set forth in Section 7110(b) of the California Public Contract Code.

The City approved Bond Assistance Program is available for those contractors who are unable to obtain the City-required performance bonds. A City approved insurance program may be available as a low cost alternative for contractors who are unable to obtain City-required insurance.

CONTRACTUAL REQUIREMENTS

CONTRACTOR AGREES THAT:

1. Additional Insured/Loss Payee. The CITY must be included as an Additional Insured in applicable liability policies to cover the CITY'S liability arising out of the acts or omissions of the named insured. The CITY is to be named as an Additional Named Insured and a Loss Payee As Its Interests May Appear in property insurance in which the CITY has an interest, e.g., as a lien holder.

2. Notice of Cancellation. All required insurance will be maintained in full force for the duration of its business with the CITY. By ordinance, all required insurance must provide at least thirty (30) days' prior written notice (ten (10) days for non-payment of premium) directly to the CITY if your insurance company elects to cancel or materially reduce coverage or limits prior to the policy expiration date, for any reason except impairment of an aggregate limit due to prior claims.

3. Primary Coverage. CONTRACTOR will provide coverage that is primary with respect to any insurance or self-insurance of the CITY. The CITY'S program shall be excess of this insurance and non-contributing.

4. Modification of Coverage. The CITY reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving CONTRACTOR ninety (90) days' advance written notice of such change. If such change should result in substantial additional cost to CONTRACTOR, the CITY agrees to negotiate additional compensation proportional to the increased benefit to the CITY.

5. Failure to Procure Insurance. All required insurance must be submitted and approved by the Office of the City Administrative Officer, Risk Management prior to the inception of any operations by CONTRACTOR.

CONTRACTOR'S failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the CITY may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the CITY'S interests and pay any and all premiums in connection therewith and recover all monies so paid from CONTRACTOR.

6. Workers' Compensation. By signing this Contract, CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake

self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all time during the performance of the work pursuant to this Contract.

7. California Licensee. All insurance must be provided by an insurer admitted to do business in California or written through a California-licensed surplus lines broker or through an insurer otherwise acceptable to the CITY. Non-admitted coverage must contain a **Service of Suit** clause in which the underwriters agree to submit as necessary to the jurisdiction of a California court in the event of a coverage dispute. Service of process for this purpose must be allowed upon an agent in California designated by the insurer or upon the California Insurance Commissioner.

8. Aggregate Limits/Impairment. If any of the required insurance coverages contain annual aggregate limits, CONTRACTOR must give the CITY written notice of any pending claim or lawsuit which will materially diminish the aggregate within thirty (30) days of knowledge of same. You must take appropriate steps to restore the impaired aggregates or provide replacement insurance protection within thirty (30) days of knowledge of same. The CITY has the option to specify the minimum acceptable aggregate limit for each line of coverage required. No substantial reductions in scope of coverage which may affect the CITY'S protection are allowed without the CITY'S prior written consent.

9. Commencement of Work. For purposes of insurance coverage only, this Contract will be deemed to have been executed immediately upon any party hereto taking any steps that can be considered to be in furtherance of or towards performance of this Contract. The requirements in this Section supersede all other sections and provisions of this Contract, including, but not limited to, PSC-4, to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

GOOD FOOD PURCHASING POLICY

In accordance with Mayor's Executive Directive No. 24, "Good Food Purchasing Policy," proposers are required to comply with the City of Los Angeles' Good Food Purchasing Guidelines.

The purpose of the policy is to make Good Food (defined as "food that is healthy, affordable, fair, and sustainable") more widely available to all Angelenos in order to promote healthier eating habits, support our local business economy, and create more jobs along the food supply chain. The Good Food Purchasing Guidelines (Guidelines) emphasize five core values: Local Economies, Environmental Sustainability, Valued Workforce, Animal Welfare, and Nutrition. The complete Guidelines are included in this exhibit.

All Bidders/Proposers who are awarded contracts with the Department shall complete and submit the Good Food Purchasing Pledge (one [1] page) prior to execution of the contract.

INSTRUCTIONS:

- a. Awarded proposer only: Complete, submit, and comply with the steps outlined in the Good Food Purchasing Pledge (Page 1 of attached informational package).

The Good Food Purchasing Pledge

IN PLEDGING OUR SUPPORT FOR GOOD FOOD,

we will use our purchasing power to encourage the production and consumption of food that is healthy, affordable, fair, and sustainable. We recognize that the adoption of food procurement policies has the power to reform the food system, create opportunities for smaller farmers to thrive, provide just compensation and fair treatment for workers, support sustainable farming practices, reward good environmental stewardship, and increase access to fresh and healthy foods.

We pledge to leverage our purchasing power to support the following values:

- **Local Economies:** support small and mid-sized agricultural and food processing operations within the local area or region.
- **Environmental Sustainability:** source from producers that employ sustainable production systems that reduce or eliminate synthetic pesticides and fertilizers; avoid the use of hormones, antibiotics, and genetic engineering; conserve soil and water; protect and enhance wildlife habitat and biodiversity; and reduce on-farm energy consumption and greenhouse gas emissions.
- **Valued Workforce:** provide safe and healthy working conditions and fair compensation to all food chain workers and producers, from production to consumption.
- **Animal Welfare:** provide healthy and humane care for livestock.
- **Nutrition:** promote health and well-being by offering generous portions of vegetables, fruit, and whole grains; reducing salt, added sugars, fats, and oils; and by eliminating artificial additives.

WE COMMIT OUR INSTITUTION TO TAKING THE FOLLOWING STEPS IN SUPPORT OF GOOD FOOD:

1

As outlined in the *Good Food Purchasing Guidelines for Food Service Institutions*, we commit to **annually increasing our procurement of Good Food** to meet multi-year benchmarks at the baseline level or beyond for five value categories – local economies, environmental sustainability, valued workforce, animal welfare, and nutrition.

2

Establish supply chain accountability and a traceability system with vendors/distributors to verify sourcing commitments, assess current food procurement practices, and compile assessment results in a progress report.

3

Report annually on implementation progress of the *Good Food Purchasing Guidelines*.

TO GUIDE IMPLEMENTATION, WE COMMIT TO THE FOLLOWING TIMELINE:

1

Complete a baseline *Good Food Purchasing* survey within one month of signing the *Good Food Purchasing Pledge*.

2

Communicate Good Food commitment to all suppliers, including distributors and food service companies within one month of the adoption of the *Good Food Purchasing Pledge*.

3

Complete an assessment of food purchasing practices within six months of the adoption of the *Good Food Purchasing Pledge*.

4

Develop and adopt a multi-year action plan with benchmarks to comply with the *Good Food Purchasing Guidelines* within the first year of the adoption to the *Good Food Purchasing Pledge* and share action plans with the Los Angeles Food Policy Council.

5

Incorporate the *Good Food Purchasing Guidelines for Food Service Institutions* into new RFPs and contracts, where applicable.

PROGRAM COMPONENTS

- **Multi-Year Benchmarks:** Purchasers are asked to meet benchmarks in years one and five, recognizing that the shift towards Good Food purchasing will take time, and purchasers will need to make incremental changes.
- **Tiered-Value System:** A tiered-value system has been developed to evaluate the potential contribution of purchases to a Good Food Purchasing initiative. For each of the five values, foods are ranked from Level One (baseline) through Level Three (highest). Higher tiers of achievement are rewarded with more points accordingly.
- **Ranked Criteria:** For most value categories, third-party certifications and label claims allowed by USDA or FDA are used to determine the level of “Good” achieved by an institution’s purchases. These third-party certifications are used to rank Good Food purchases as Levels One (baseline), Two, or Three within each value category.
- **Baseline Requirements:** A baseline in each category is established that must be maintained throughout participation in the program.
- **Good Food Recognition:** Purchasers are scored and recognized at different levels to reward higher Good Food sourcing commitments within value categories. Purchasers that meet the baseline level for each category receive Good Food Purchaser recognition (one star). Additional levels (two to five stars) are awarded to purchasers to recognize the most dedicated supporters of the *Good Food Purchasing Guidelines*.
- **Traceability:** Purchasers are asked to work with suppliers to establish transparent reporting systems to verify product source.
- **Compliance Plan:** If vendor and/or suppliers do not have a current capacity to meet food purchasing targets, the vendor may submit a plan to achieve full compliance at a baseline level by the end of year one.
- **Annual Report:** Purchasers are asked to report annually on their progress.
- **Promotion:** The City of Los Angeles and the Los Angeles Food Policy Council will regularly promote and celebrate Good Food institutional commitments. Successful participants in the *Good Food Purchasing Pledge* program can also serve as an inspiration and positive role model for other institutions in our region.

PROGRAM OVERVIEW: GOOD FOOD PURCHASING GUIDELINES

Los Angeles Food Policy Council (LAFPC), in collaboration with public, private, and non-profit partners, developed *Good Food Purchasing Guidelines*, model guidelines for food service establishments in assessing and purchasing Good Food — food that is healthy, affordable, fair, and sustainable.

Scaled similarly to LEED green building certification, the *Good Food Purchasing Guidelines* emphasize five key values:

- (1) Local Economies
- (2) Environmental Sustainability
- (3) Valued Workforce
- (4) Animal Welfare
- (5) Nutrition

About the Los Angeles Food Policy Council

The Los Angeles Food Policy Council (LAFPC) is a collective impact initiative created by Mayor Antonio Villaraigosa in January of 2011. LAFPC’s mission is to build a Good Food system for all Los Angeles residents. Such a system ensures that food is healthy, affordable, fair, and sustainable in order to improve the health and well-being of our residents, particularly in low-income communities and communities of color; promotes a thriving Good Food economy for everyone; and strengthens agricultural and environmental stewardship throughout the region. LAFPC coordinates the expertise and leadership of public, private, nonprofit, and academic partners to strengthen connections across the food system. The Food Policy Council and its staff serve as the “backbone” organization for the initiative, which has an extended reach of approximately 300 individuals and over 150 organizations.

LAFPC leverages its unique structure and placement as an independent multi-stakeholder initiative within the Mayor’s Office to advance innovative food policies. LAFPC combines coalition-building, leadership development, and issue and policy advocacy to advance food policies and programmatic innovations. The council’s goal is to shift our regional food system to promote local growers, sustainable agriculture, and fair working conditions for all food workers, and to ensure access to healthy affordable food in underserved communities.

Good Food Purchasing Guidelines RFP EXHIBIT I for Food Service Institutions

Food system transformation depends on large-scale shifts in the demand for and the subsequent purchasing of Good Food. By practicing Good Food purchasing methods, institutions can support food systems that are healthy, ecologically sound, economically viable, socially responsible, and humane. Universities and schools, hospitals, local governments, restaurants, and other institutions with food service venues are beginning to explore the opportunities afforded by thoughtful and value-based purchasing. By exercising their buying power, the purchasing practices of food service institutions can make a major difference in heightening the demand for and availability of Good Food.

The *Good Food Purchasing Guidelines for Food Service Institutions* is designed for public and private food enterprises in Los Angeles County and beyond to assist with their development of Good Food purchasing strategies. The guidelines include suggested measures and practical steps to implementing Good Food measures. The guidelines emphasize the following values:

- **Local Economies:** Support small and mid-sized agricultural and food processing operations within the local area or region.
- **Environmental Sustainability:** Source from producers that employ sustainable production systems that reduce or eliminate synthetic pesticides and fertilizers; avoid the use of hormones, antibiotics, and genetic engineering; conserve soil and water; protect and enhance wildlife habitat and biodiversity; and reduce on-farm energy consumption and greenhouse gas emissions.
- **Valued Workforce:** Provide safe and healthy working conditions and fair compensation for all food chain workers and producers from production to consumption.
- **Animal Welfare:** Provide healthy and humane care for livestock.
- **Nutrition:** Promote health and well-being by offering generous portions of vegetables, fruit, and whole grains; reducing salt, added sugars, fats, and oils; and eliminating artificial additives.

GOOD FOOD IS DEFINED
BY THE LOS ANGELES FOOD POLICY COUNCIL
AS FOOD THAT IS:

HEALTHY

Foods meet the Dietary Guidelines for Americans and provide freedom from chronic ailment.
Food is delicious and safe.

SUSTAINABLE

Food is produced, processed, distributed, and recycled locally using the principles of environmental stewardship (in terms of water, soil, and pesticide management).
accessible to all.

FAIR

All participants in the food supply chain receive fair compensation and fair treatment, free of exploitation.
High quality food is equitable and physically and culturally accessible to all.

AFFORDABLE

Foods that people of all income levels can purchase.

By suggesting opportunities to assess existing policies and methodologies within each establishment, this guide is intended to provide tools to help create a shift to a more diversified and resilient food system, with sustainable and ethical sourcing of food in all levels of food service operations. Good Food production, purchasing, and consumption will require coordinated multi-sector adoption and engagement with participants who are willing to adhere to an established minimum of Good Food procurement, outlined in this document. Included in this document is a tiered assessment of values to help procurement and purchasing offices determine the current state of their farmers and other vendors. This guide is a first step in creating a comprehensive Good Food program that will inform, encourage, support and promote food service establishments of all sizes to become Good Food leaders in their communities.

WHAT IS GOOD FOOD PROCUREMENT?

The term procurement refers to the sourcing and purchasing of food to supply food service operations. This process is much more complex than it may appear on the surface or to one unfamiliar with commercial food service operations. Procurement involves identifying the food needs of the customer base for the food service operation, specifying product requirements, identifying suppliers, taking deliveries, inspecting and storing items, and, depending on the size of the operation, soliciting and evaluating bids and proposals, controlling inventory, and paying suppliers. These guidelines are designed to assist an individual tasked with implementing a Good Food program in their food service operation.

THE IMPORTANCE OF GOOD FOOD PROCUREMENT

Institutions of all kinds, from K-12 schools, universities, and hospitals, to corporate cafeterias and local government agencies, are major purchasers and servers of food. They are therefore in a unique position to influence food supply chains. Due to the collective large purchasing volume, institutional demand for Good Food can encourage suppliers to shift their production practices in order to supply environmentally sustainable, socially responsible, and healthy food products.

Good Food sourcing benefits may include:

- **Economic:** Support of local and regional farmers and food businesses, returning to the local economy three times the purchase price of a food product purchased from out of state;
- **Environmental:** Reduction of food miles, greenhouse gases, carbon footprints, and pollution; promotion of soil fertility, human and animal health, and the conservation of water and biodiversity;
- **Nutritional:** Encouragement of increased purchasing of whole foods and local produce that is fresher and has a higher nutritional content, due to the shorter period of time between harvest and sale;
- **Social:** Transformation of the supply chain, rewarding farmers and food businesses for environmentally sustainable and socially responsible business practices.

Large-scale demand for Good Food is fundamental to building the market for Good Food. By increasing the demand, and thus the infrastructure to distribute Good Food, it will become easier for more institutions to participate. Strong and steady demand for Good Food will increase its affordability and availability in all communities.

Hospitals, universities, schools, and restaurants in Los Angeles have spearheaded the adoption of local and sustainable food procurement policies and these innovators should be looked to as local leaders in proving that, by changing the way one purchases, institutions can create opportunities for regional farmers to thrive, for workers to receive just compensation and fair treatment, for local economies to continue to rebuild, and for reducing our environmental footprint. These outcomes can be accomplished while also increasing access to and consumption of fresh and nutritious food, particularly in underserved communities. The goal of a Good Food procurement system is to bring multiple benefits to all communities by impacting health, social well-being, bottom-line business success, and the environment.

Public institutions, in particular, play a critical role in increasing access to Good Food.

Through their reach to some of the most vulnerable populations, including seniors and children, public programs help ensure that all Angelenos have access to the healthiest foods. These agencies purchase food to provide meals to people in public hospitals, child-care centers, schools, senior programs, jails, and juvenile facilities. Such programs and institutions provide a buffer against hunger, food insecurity

and also serve as a primary source of nutrition for millions of residents. Public and private institutions also purchase food to sell to employees and the public in retail outlets such as vending machines, cafeterias, and concession stands.

Various Los Angeles wholesale food companies have implemented local food lines and certify that their products fall within a variety of parameters. This practice has expanded into processing lines and local fruits and vegetables can now be purchased to create a line of value-added products that are verified as locally sourced (i.e. carrot sticks, bagged salads, crudités, etc.).

Los Angeles nutrition education programs such as the California Department of Public Health and Network for a Healthy California's *Harvest of the Month* program, administered by LAUSD in 250 Los Angeles schools, and some of the Los Angeles county WIC-Only stores are using guidelines that state that their Good Food is sourced from:

- Farms within 200 miles of the final service of the product
- Farms that are less than 200 acres
- Farms that provide more than five items annually (this excludes mono-cropping and allows for crop diversity and better soil management)

Over time, Good Food purchases, from both large and small institutions, can add up to significant investments in a sustainable regional food system.

IMPLEMENTING A GOOD FOOD PROGRAM

Before implementing changes, operations should assess:

- What are the advantages to your institution and the community for purchasing Good Food?
- What percentage of currently purchased food is already local, sustainable, and fairly produced?
- What barriers will limit participation in the program?
- Are there extra transportation costs affiliated with purchasing an increased volume in local products?
- What are the additional processing costs affiliated with purchasing local? What methods exist for offsetting such costs?
- What types of local, sustainable, and fairly produced products do existing distributors or vendors offer?
- How will your institution communicate the changes to consumers and employees?

Prior to implementation, it is also critical to develop operational definitions for words that will be used in Good Food bids; words like: sustainable, fair, local, or humane need to have clear criteria and a means for measurement and compliance (see Appendix A for our glossary of terms). Compliance and/or meeting Good Food objectives will more often than not fall to producers, food distributors, and processors. Without a direct relationship to farmers, ensuring sustainability of foods and beverages requires access to information about the value chain and the farms that produced such foods. Outside of a personal relationship with producers, third-party labels (CCOF, AGA Grassfed, etc.) are useful tools for ensuring sustainability if they are grounded in verifiability.

Most distributors are willing to take on the task of providing origins of their product, particularly if there is a long-term sales opportunity. Often the simple act of asking distributors how they will meet Good Food requirements indicates to suppliers that sustainability and health are important for an institution. Distributors will work with the buyer to develop a qualified Good Food program with buyer-specified parameters.

BUDGETING FOR GOOD FOOD

Sustainable foods are generally associated with higher prices than conventional foods, thus creating little incentive for increasing purchases. However, there are a variety of strategies food service venues can employ to offset increased costs associated with purchasing higher quality foods. In 2012, Los Angeles Unified School District was able to improve meal quality, increase the percent of produce purchased and source approximately 70 percent of that produce locally (within 200 miles), while their food budget remained constant, despite rising food prices nationally. A recent study prepared for UCLA Housing & Hospitality Services found that four UC campuses with sustainable food policies – Davis, Berkeley, San Diego, and Santa Cruz – showed little, if any, increase in per plate costs after sustainable spending. Retailers have found as they increase Good Food purchases, suppliers increase production and, subsequently, food prices fall.

Strategies for offsetting increased costs include:

- Re-designing menus to incorporate less meat and processed food;
- Buying produce in season;
- Creating direct relationships with suppliers;
- Partnering with other food purchasing departments or institutions to leverage purchasing volume;
- Increasing sustainable food purchases incrementally;
- Purchasing foods from produce aggregation hubs (Regional Food Hubs);
- Increasing water and energy efficiency (e.g. by eliminating trays); and
- Buying lower on the beauty chain (e.g., smaller and less aesthetically perfect produce) is less expensive and helps farmers sell more of what they grow.

The guidelines suggested in this document were identified with full acknowledgement of the very real constraints and tight budgets institutions face when trying to provide their customers the highest quality food. To establish varying degrees of Good Food compliance, these guidelines outline tiers of adoption for food service outlets based on procurement standards. Purchasers will need to identify their initial purchasing priorities and incorporate additional standards and levels of adoption in the next stages of the development of their program.

METHODOLOGY FOR ASSESSING GOOD FOOD PROCUREMENT

A tiered value system has been developed to evaluate the potential contribution of purchases to a Good Food Purchasing Program. A baseline in each category is established that must be maintained throughout participation in the program with qualifications noted at both the one year and five year goal levels. By creating goals for a first year of completion through a five-year implementation plan, a great opportunity is created for thoughtful, strategic and progressive sourcing and menu development.

The tiered value system allows for purchasers to participate at varying levels and to scale up their Good Food purchasing over time. Within each value category, purchasers may choose to participate at Levels One, Two or Three. Level One criteria within each value category are assigned one point. Level Two criteria for each value category are more rigorous than Level One and are assigned two points. Level Three criteria within each value category are the premier levels of achievement in the program and are assigned three points.

Purchasers that meet the baseline level for each category are awarded with Good Food Purchaser recognition. A purchaser must score a minimum of five points to meet baseline requirements as a participant in the Good Food Purchasing Program and receive one star. Purchasers scoring 10-14 points receive two stars, purchasers scoring 15-19 points receive three stars, purchasers scoring 20-24 points receive four stars, and purchasers scoring 25 points or more receive five stars. Good Food Purchasers with five stars represent the most dedicated supporters of the Good Food Purchasing Guidelines. These Good Food Purchasing Guidelines are easily modified for any national food service company or government agency.

GOOD FOOD PURCHASING PROGRAM GOALS

The following Good Food goals have been adapted from a variety of local and sustainable food purchasing policies including the City of New York, Kaiser Permanente, Emory University, Yale University, and University of California and are a suggested benchmark for purchasers developing or implementing a Good Food purchasing program. Food service facilities can adjust percentages as necessary with the goal of gradually increasing their Good Food purchases.

GOOD FOOD PURCHASING COMMITMENT LEVELS

				
Good Food Purchaser	Good Food Purchaser	Good Food Purchaser	Good Food Purchaser	Good Food Purchaser
5-9 Points Needed	10-14 Points Needed	15-19 Points Needed	20-24 Points Needed	25+ Points Needed

BASELINE REQUIREMENT

All Good Food Purchasers must score at least one point in each value category.

MIXING LEVELS AND VALUES

Points may be earned by mixing various commitment levels and value categories.

— *Example*

2 points from Level 2 of Nutrition + 1 point from Level 1 of Animal Welfare = 3 points total

ACCUMULATION OF POINTS

Cumulative points may be earned if purchasers comply simultaneously with different commitment levels within a particular value category.

— *Example*

From the Environmental Sustainability category, participants can earn 6 points by fulfilling all the different requirements for Levels 1, 2 and 3.

EXPECTATIONS FOR INCREASED COMMITMENT

After one year of participation in the program, purchasers will be expected to gradually increase the amount of Good Food that they purchase in order to maintain the same number of points. See Good Food Purchasing Guidelines for more details.

SCORING SYSTEM EXAMPLES

These two hypothetical examples will help Good Food Purchasers understand how the Good Food Purchasing Pledge scoring system works. In both of the following examples, the institutions earn three-star ratings (requiring 15-19 points), but each organization takes a different approach.

An Overview of Good Food Values

Procurement suggestions will focus on sourcing products that align with these Good Food principles:

LOCAL ECONOMIES (LOCAL FOOD)

- Use local, seasonally available ingredients from community supported, small and medium sized farms and food processing facilities, to maintain local economies, create jobs, prevent sprawl, preserve farmlands, provide fresher food, and minimize transport and storage. If local ingredients are not available, use regional or at a minimum, domestic, ingredients.

ENVIRONMENTAL SUSTAINABILITY (ENVIRONMENTALLY SUSTAINABLE FOOD)

- Specify food from farming systems that minimize harm to the environment, such as certified organic farms, farms offering high bio-diversity of crop yield, farms actively reducing risk created through pesticide use, and soil enrichment and water conservation programs
- Avoid food products with supplemental growth hormones and non-therapeutic antibiotics and Genetic Modification (GMO) of crops, livestock, and livestock feed
- Minimize foods of animal origin (meat, dairy products, and eggs), as livestock farming is one of the most significant contributors to climate change
- Exclude fish species identified as most 'at risk' by the Marine Conservation Society and Monterey Bay Aquarium's Seafood Watch and give preference to fish derived from sustainable sources.
- Purchase lower-grade (less than retail quality) produce for use in prepared dishes to allow more complete use of farm produce, to reduce waste, and to reduce costs.
- Minimize bottled water sales and instead serve plain or filtered tap water in reusable jugs or bottles, to minimize transport and packaging waste.

VALUED WORKFORCE (FAIR FOOD)

- Choose food products that ensure safe and healthy working conditions, fair compensation, and a voice at work for all food chain workers and producers from production to consumption
- Choose food and drink products that ensure a fair deal for producers and workers in developing nations and economies

ANIMAL WELFARE (HUMANE FOOD)

- If animal products are a featured menu item, ensure that meat, dairy products, and eggs are produced using high verifiable animal welfare standards which consumers would consider to be significantly higher than standard industry practices

NUTRITION (HEALTHY FOOD)

- Promote health and well-being by offering generous portions of vegetables, fruit, and whole grains while reducing salt, added sugars, fats, oils, and red meat consumption, and eliminating artificial additives.

Improving equity, affordability, accessibility, and consumption of high quality culturally relevant Good Food in all communities is central to our focus on advancing Good Food purchasing practices.

LEVEL 1 HEALTHY – MEETS 13–15 OUT OF 25

LEVEL 2 HEALTHY – MEETS 16–20 OUT OF 25

LEVEL 3 HEALTHY – MEETS 21–25 OUT OF 25

EXTRA POINTS HEALTHY – MEETS ALL 25 POINTS (1 POINT)

⁷All nutrition goals listed above may not apply to all types of food service institutions. Food service institutions must ensure the above nutrition goals comply with local, state and federal law that may govern individual food service programs such as youth detention facilities, school meal programs and other meals served to dependent community members. Each food service institution will be eligible for points towards the good food pledge based on the total potential applicable points for that type of food service venue. LAFFC will work with each institution individually on their institution's pledge criteria. These nutrition goals were developed from reputable sources including the United States Department of Agriculture, the Food and Drug Administration, as well as other leading health organizations. The above nutrition goals will be reviewed and revised periodically to ensure they meet current dietary recommendations and take into consideration program implementation.

⁸Low sodium is defined as 140 mg or less per Reference Amount Customarily Consumed (RACC)

⁹Whole grain is listed as the first or second ingredient; 2 grams or more of fiber/serving

¹⁰Recommend plant-based dishes to include fruits, vegetable, beans, and legumes

¹¹If processed meats are offered, recommend using only products with no more than 480 mg per 2 oz.

¹²Low Sodium is 140 mg or less per RACC

¹³Low-Fat is 3 g or less per RACC (and per 50g if RACC is small); Low Sodium is 140 mg or less per RACC (and per 50g if RACC is small); Low Calorie is 40 calories or less per RACC (and per 50g if RACC is small).

¹⁴Reduced-sized portions are no more than 70% of the weight, measured in grams, of a regular-size portion of the same menu item.

ACCOUNTABILITY AND TRACEABILITY

An institution's Good Food purchases are generally limited by their produce and distribution firms because of their access to products carrying food safety approval. Compliance and/or meeting procurement objectives also fall to the produce and food distributors. Therefore bids and contracts should have clauses for ascertaining product traceability, identification, record keeping, and reporting. These clauses may already be accommodated in current Hazard Analysis & Critical Control Points (HACCP) and other third-party action plans.

The Purchaser should develop a customized program in partnership with their distributor and/or produce house to accomplish all of the traceability necessary for each purchaser's specific needs around Good Food purchases.

Sound Good Food bids could include the following accountability and traceability requirements for any produce or distribution firm:

- The name and location of farms and processing facilities providing Good Food to an institution will be provided to the institution at the time of ordering, a week or two prior to ordering or on the product list of available food items. Typically, the produce lists of available products from distributors and produce houses are the way buyers are notified to select the food they want to purchase. Vendors should list how each Good Food supplier fulfills and verifies identified Good Food goals, including local, environmentally sustainable, fair, animal welfare and healthy.
- If an existing vendor is unable to comply with specific targets within the overall Good Food framework, the vendor will be asked to submit a plan outlining a strategy with benchmarks to achieve full compliance within one year and update the plan annually during term of contract. Vendors will verify their progress and compliance with the plan during specified benchmark periods.
- The vendor will provide the net price paid to farmers, ranchers, or fisherfolk to the Purchasing Institution on a per pound, per case, or other applicable case count prior to the distributor's or produce firm's mark up. Costs should be fair, reasonable and transparent. The Purchaser should develop this transparent program in partnership with their Distributor and/or Produce House.
- Paperwork that proves the origin of any processed food items will be provided to an institution upon request, but shall be kept on record by produce or distribution firms. We recommend the development and implementation of a transparent record keeping system between purchasers and fresh produce processors so that there are checks and balances in place in order to confirm that Good Food products remain intact throughout the processing chain

EDUCATION AND MARKETING

Marketing and education of Good Food are critical to building buy-in and support from employees, consumers, and other customers.

Educate and engage – Suppliers and their employees along the supply chain from farm to cafeteria need to be informed, educated, and encouraged to be active participants in creating a successful Good Food Purchasing Program. Successful implementation of these programs in food service settings depends on empowered food service workers in the kitchens and knowledgeable employees, students, or customers visiting the food service venue.

Communicate good work, helping to encourage growth in both the demand for and the supply of Good Food. Be a willing educator of patrons and colleagues.

FINAL THOUGHTS

Food is only one facet of creating a Good Food community. Advocacy for Good Food venues involve several other components:

- Educational outreach both to staff and the surrounding community;
- Use of reusable and environmentally preferred non-reusable food service ware items and minimizing waste by adopting the waste hierarchy of reduce, reuse, and recycle ;
- Reducing energy use by installing energy-efficient equipment and making sure it is properly maintained and up-to-date;
- Supporting local farms, farmers' markets, and community supported agriculture;
- Food donation and waste reduction;
- Alignment of food vendor options with the facility's healthy, sustainable food program; and
- Responsible employer policies related to wages, benefits, and promotions for food service employees.

While this document focused on Good Food purchasing, we are happy to provide additional resources on other aspects of Good Food business implementation.

APPENDIX A: Glossary of Terms

Food Justice-Certified: a domestic fair trade label by the Agricultural Justice Project that certifies fair prices and terms for farmers and at the same time fair working conditions for all employees in certified operations. The standards are rights-based, such as the right to freely negotiate the terms of employment and freedom of association, and a verification model that ensures a safe space is created in which workers can exercise those rights. Other key provisions of the program include strong health and safety protections, including a preference for organic production and strong restrictions on the use of occupational toxins when a farm is not organic; clear grievance and complaints procedures including the right to appeal; and standards covering living wages, housing conditions, and more.

American Humane Certified: a voluntary, third-party animal welfare audit process based on five freedoms:

- Freedom from thirst and hunger – by ready access to fresh water and a diet to maintain full health and vigor
- Freedom from discomfort – by providing an appropriate environment including shelter and a comfortable resting area
- Freedom from pain, injury and disease – by prevention or rapid diagnosis and treatment
- Freedom to express normal behavior – by providing sufficient space, proper facilities and company of the animal's own kind
- Freedom from fear and distress – by ensuring conditions and treatment which avoid mental suffering

Animal Welfare Approved: A consumer certification and labeling program which indicates that egg, dairy, meat or poultry products have been produced with the welfare of the farm animal in mind. The animals have access to the outdoors and are able to engage in natural behavior. No cages or crates may be used to confine the animals, and growth hormones and subtherapeutic antibiotics are disallowed. Some surgical mutilations, such as beak-mutilation of egg-laying hens, are prohibited, while others, such as castration without painkiller, are permitted. Compliance is verified through third-party auditing.

Biodynamic: a farming method that encourages the use of preparations made from fermented manure, minerals and herbs are used to help restore and harmonize the vital life forces of the farm and to enhance the nutrition, quality and flavor of the food being raised. Biodynamic practitioners also recognize and strive to work in cooperation with the subtle influences of the wider cosmos on soil, plant and animal health. Source/Website: <https://www.biodynamics.com/biodynamics.html>

Cage Free: This label indicates that the flock was able to freely roam a building, room, or enclosed area with unlimited access to food and fresh water during their production cycle. Beak cutting is permitted. There is no third-party auditing. Source: Agricultural Marketing Service, USDA; Humane Society

Certified Humane Raised & Handled: A consumer certification and labeling program which indicates that egg, dairy, meat or poultry products have been produced with the welfare of the farm animal in mind. Farm animal treatment standards include: Allow animals to engage in their natural behaviors; Raise animals with sufficient space, shelter and gentle handling to limit stress; Make sure they have ample fresh water and a healthy diet without added antibiotics or hormones. Producers also must comply with local, state and federal environmental standards. Processors must comply with the American Meat Institute Standards, a higher standard for slaughtering farm animals than the Federal Humane Slaughter Act. www.certifiedhumane.com

Certified Organic: Products must meet the federal organic standards as determined by a USDA approved certifying agency. Organic foods cannot be grown using synthetic fertilizers, chemicals, or sewage sludge; cannot be genetically modified; and cannot be irradiated. Organic meat and poultry must be fed only organically grown feed (without any animal byproducts) and cannot be treated with hormones or antibiotics. In order to bear the USDA "Certified Organic" seal, a product must contain 95 to 100 percent organic ingredients. Products that contain more than 70 percent, but less than 94 percent organic ingredients can be labeled "Made with Organic Ingredients," but cannot use the USDA "Certified Organic" seal. Organic ingredients can be listed on the packaging of products that are not entirely organic. <http://www.ams.usda.gov/NOP/indexNet.htm>. While some small farmers grow their food using organic methods, they choose not to go through the certification process for economic or ideological reasons, so they cannot label their food "certified organic."

CIW Fair Food Supplier Code of Conduct: a set of labor standards developed by the Coalition for Immokalee Workers designed to improve working conditions and give workers the ability to voice their concerns over safety, working conditions, and Code violations without fear of retribution. Growers are required to keep a proper time registration system, hire farm workers as employees and pay them wages and benefits directly, provide protective equipment and training, ensure breaks and opportunities for advancement, and implement proper workplace safety systems.

Source: <http://fairfoodstandards.org/code.html>

Cooperative: An autonomous association of persons united voluntarily to meet their common economic, social, and cultural needs and aspirations through a jointly owned and democratically controlled enterprise.

Conventionally Grown: Food grown using chemical fertilizers, pesticides, and herbicides. In most situations, default options are conventionally grown.

Equitable Food Initiative Certified: a program that certifies standards for working conditions, pesticide use and food safety. EFI's labor standards protect farm workers' health and safety; guarantee their freedom of association; provide fair compensation and conditions of employment; ensure non-discrimination and non-retaliation; create dispute settlement mechanisms; address housing conditions; establish a social premium; and cover workers on temporary visas. EFI's food safety standards address risks arising from land and water use, soil amendments, animal waste, and post-harvest packaging and transportation. Environmental standards focus on the safe management of pests, soil, water and habitat.

Website: <http://www.equitablefood.net>

Family Farm: A farm managed by a family or individual who owns the animals or land, receives a good portion of their livelihood from the farm, and participates in the daily labor to work and manage the farm. The USDA also defines a small family farm as having less than \$250,000 gross receipts annually.

Source: http://www.nifa.usda.gov/nea/ag_systems/in_focus/familyfarm_if_overview.html

Fair: All participants in the food supply chain receive fair compensation and fair treatment, free of exploitation.

Fair Trade: A certified label that guarantees that farmers and their workers receive a living wage and a fair price for their labor and their product, and that the product is produced in an ecologically sound manner.

Foodshed: Like a watershed (where the idea of the foodshed takes its inspiration), a foodshed measures the reach of the local landscape in terms of its food production capacities. A foodshed's size is determined by its "structures of supply," the regional, economic, political, and transportation systems that determine how food gets from farm to table. The Los Angeles Urban Rural Roundtable, convened by the Roots of Change in 2010, defined the Los Angeles foodshed as the two hundred mile radius around the Los Angeles urban core, from which the region draws much of its food to feed the local population. This concept continues to evolve. As a starting point, we refer to the 200-mile threshold as the Los Angeles regional foodshed.

Food Alliance Certified: Organization that certifies producers based on healthy and humane animal treatment with no added growth promotants or sub-therapeutic antibiotics, soil and water conservation, integrated pest, disease and weed management, pesticide risk reduction, wildlife habitat and biodiversity conservation, safe and fair working conditions.

Website: <http://foodalliance.org/certification>

Free Range: A USDA-certified label that guarantees that animals (usually poultry) had room to move around and "access to the outdoors." These standards apply to poultry bred for eating only, not to hens that produce eggs. It does not guarantee that the animals ever went outside or that the outdoor space provided was good pasture.

Good Food: Good Food is defined by the Los Angeles Food Policy Council as food that is: 1) Healthy: a) Foods meet the Dietary Guidelines for Americans and provide freedom from chronic ailment; b) Food is delicious, safe, and aesthetically pleasing.; 2. Affordable: Foods that people of all income levels can purchase.; 3. Fair: a) All participants in the food supply chain receive fair compensation and fair treatment, free of exploitation.; b) High quality food is equitable and physically and culturally accessible to all; 4) Sustainable: Produced, processed, distributed, and recycled locally using the principles of environmental stewardship (in terms of water, soil, and pesticide management).

Genetically Modified Organisms (GMOs): In the context of food, GMOS are agricultural products (crops or animals) that have been genetically engineered to possess certain traits. Since there is minimal research on the long-term impacts that GMOs may have on the earth and human health, many organizations caution against use and consumption of GMOs. Organic products are, by definition, non-GMO.

Global Animal Partnership 5-Step Animal Welfare Rating standards: a tiered standards program that encourages higher welfare practices and systems to the benefit of farmers, consumers, retailers, and the animals. Step 1 prohibits cages and crates. Step 2 requires environmental enrichment for indoor production systems; Step 3, outdoor access; Step 4, pasture-based production; Step 5, an animal-centered approach with all physical alterations prohibited; and, finally, Step 5+, the entire life of the animal spent on an integrated farm.

Website: <http://www.globalanimalpartnership.org/the-5-step-program/>

Grassfed (American Grassfed Association (AGA) Certified): This label ensures that animals have continuous access to pasture during the growing season (as opposed to being confined or eating grass out of a trough) and cannot be fed grain or grain products, which can diminish the nutritive benefits of grass feeding.

Grassfed (USDA Certified): Meat products derived from ruminant animals, e.g. beef cattle, dairy cattle, and lamb, may be approved to carry the USDA "grass-fed" label claim if the animal was fed a diet of grass and/or forage throughout its lifetime, with the exception of milk consumed prior to weaning. Animals cannot be fed grain or grain by-products and must have continuous access to pasture during the growing season (last frost in spring to first frost in fall). Use of hormones or antibiotics is not addressed.

Hazard Analysis & Critical Control Points (HACCP): HACCP is a management system in which food safety is addressed through the analysis and control of biological, chemical, and physical hazards from raw material production, procurement and handling, to manufacturing, distribution and consumption of the finished product.

Source: <http://www.fda.gov/food/foodsafety/hazardanalysiscriticalcontrolpointshaccp/default.htm>

Healthy: Foods meet the Dietary Guidelines for Americans and provide freedom from chronic ailment. Food is delicious, safe, and aesthetically pleasing.

Hormone Free: Milk that comes from cows who have not been treated with rBST, also known as rBGH or bovine growth hormone.

Integrated Pest Management (IPM): IPM growers practice a variety of techniques: they apply natural substances like kelp, rock powders, and compost to keep crops disease resistant. They monitor trees and set traps to capture insects. Ideally, IPM growers use pesticides only as a last resort, when pest damage would keep them from bringing in a profitable crop.

Large Scale Operation (LSO): Large scale operations include all levels of the food supply chain. The size is defined by type of operation:

- LSO Farm — a farm larger than 499 acres (NOTE: LSO Farm, as defined by the Good Food Purchasing Guidelines, is based upon the classification of farms by acreage in the 2007 USDA Agricultural Census).
- LSO Food Business — A business (including food processors) whose three (3) year average annual gross revenues exceed \$7 million (NOTE: Size of non-farm food business definition is based on City of Los Angeles Business Inclusion Program).

Living Wage: A wage that allows workers to meet their and their families' basic needs, including housing, food, childcare, transportation, healthcare, clothing, and recreation costs for the area in which they live.

Local: The term "local" will vary depending on your location and what is available to you. The Los Angeles Food Policy Council has defined Los Angeles County's foodshed to span 200 miles, ten counties and touch over 22 million people. This ten county region includes: Kern, Ventura, San Diego, Imperial, Riverside, Santa Barbara, San Luis Obispo, San Bernardino, Orange, and Los Angeles. The term "local" will vary depending on your location and what is available to you.

Los Angeles Business Inclusion Program Definitions:

- Small Business Enterprise (SBE): For the purpose of The Business Inclusion Program, Small Business Enterprise shall mean a business enterprise that meets the following criteria:

- A business (personal or professional services, manufacturer, supplier, and vendor) whose three (3) year average annual gross revenues does not exceed \$7 million.
- A business (construction contractors) whose three (3) year average annual gross revenues does not exceed \$14 million.
- Emerging Business Enterprise (EBE): For the purpose of this program, Emerging Business Enterprise shall mean a business enterprise whose three (3) year average annual gross revenues do not exceed \$3.5 million.

Source: <http://gsd.lacity.org/sms/BIP%20OUTREACH%20DOCUMENTATION%20&%20PROCESS.pdf>)

Marine Stewardship Council certified: an independent, non-profit organization that sets standards for sustainable fishing based on three principles:

- The fishing activity must be at a level which is sustainable for the fish population. Any certified fishery must operate so that fishing can continue indefinitely and is not overexploiting the resources.
- Fishing operations should be managed to maintain the structure, productivity, function and diversity of the ecosystem on which the fishery depends.
- The fishery must meet all local, national and international laws and must have a management system in place to respond to changing circumstances and maintain sustainability.

Website: <http://www.msc.org/>

Meatless Mondays campaign: non-profit initiative of The Monday Campaigns, in association with the Johns Hopkins' Bloomberg School of Public Health that encourages people, groups and organizations to not eat meat on Mondays to improve their health and the health of the planet. The campaign provides information and vegetarian recipes ideas based on USDA nutritional guidelines on their website.

Website: <http://www.meatlessmonday.com/>

Medium Scale Operation (MSO): Medium scale operations include all levels of the food supply chain. The size is defined by type of operation:

- MSO Farm — a farm between 180 and 499 acres (NOTE: MSO Farm, as defined by the Good Food Purchasing Guidelines, is based upon the classification of farms by acreage in the 2007 USDA Agricultural Census).

- MSO Food Business — a business (including food processors) whose three (3) year average annual gross revenues fall between \$3.5 million and \$7 million. (NOTE: Size of non-farm food business definition is based on City of Los Angeles Business Inclusion Program).

Non-GMO Project Verified: is a verification program that seeks to assist farmers, processors and manufacturers in avoiding the contamination of GMO's by progressively reducing the risk of GMO contamination. The Project requires practices and processes for controlling GMO contamination by these at-risk inputs and ingredients. Methods such as segregation, traceability, risk assessment, sampling techniques, and quality control management are emphasized. Website: <http://www.nongmoproject.org/>

Organic: Food grown without the use of chemical pesticides, herbicides, or fertilizers. Animals must be fed organic feed and cannot be given antibiotics or growth hormones. Organic foods may not be genetically modified or irradiated or contain artificial preservatives or additives. Organic meats must come from animals that are "free range."

PRIME (Pesticide Risk Mitigation Engine) score: an online tool that ranks pesticide products for impacts on birds, earthworms, small mammals, aquatic ecosystems and worker/bystander health and safety. This tool applies best available science to permit producers, advisors and regulatory professionals to compare different pest management scenarios for any commodity and select options with the fewest potential environmental and health hazards. Risk is presented on a low/moderate/high scale. Risk index scores below a 10% chance of an undesirable effect to be in the low risk category, where no further risk mitigation is needed. Realistically, 10% is within the margin of error for our risk models. Risk index scores between 10% and 50% fall into the moderate risk category where risk mitigation is recommended. Risk index scores above a 50% chance of an undesirable effect fall into the high-risk category.

Website: <http://ipmprime.org>

Procurement: The sourcing and purchasing of food to supply foodservice operations. Procurement involves identifying the food needs of the customer base for the foodservice operation, specifying product requirements, identifying suppliers, taking deliveries, inspecting and storing items, and, depending on the size of the operation, soliciting and evaluating bids and proposals, controlling inventory, and paying suppliers.

Protected Harvest certified: a points-based certification program is designed to ensure that crops have been raised with integrated pest management. The point system is used that rewards growers for implementing ecologically based practices in nine different management categories: field scouting, information sources, pest management decisions, field management decisions, weed management, insect management, disease management, soil and water quality, and storage management. A minimum number of points must be achieved in each category to qualify for certification.
Website: <http://www.protectedharvest.org/>

“Raised without antibiotics” or “No antibiotics administered” (poultry and meat products): These USDA approved label claims imply that no antibiotics were administered to the animal at any point during its life. If an animal becomes sick and requires treatment, it should be segregated from other animals and sold as a conventional meat product.
Source: http://www.fsis.usda.gov/Fact_Sheets/Meat_&Poultry_Labeling_Terms/index.asp

Raised without added hormones or “No hormones added” (beef and lamb only): This USDA approved label claim implies that no added hormones were given to the animal at any point during its life. Most meaningful when used on beef or lamb products since the use of added hormones is prohibited in poultry and pork production.
http://www.fsis.usda.gov/Fact_Sheets/Meat_&Poultry_Labeling_Terms/index.asp

rBGH-free or rBST-free (dairy): Recombinant Bovine Growth Hormone is a genetically engineered artificial hormone, which is injected into cows to increase milk production. Labeling is voluntary.
<http://www.foodandwaterwatch.org/take-action/consumer-tools/the-milk-tip/>

Small Scale Operation (SSO): Small scale operations include all levels of the food supply chain. The size is defined by type of operation:

- SSO Farm — a farm smaller than 180 acres. (NOTE: SSO Farm, as defined by the Good Food Purchasing Guidelines, is based upon the classification of farms by acreage in the 2007 USDA Agricultural Census. This is in contrast to the USDA definition of “small farm,” which is classified by gross sales less than \$250,000.)

- SSO Food Business — a business enterprise (including food processors) whose three (3) year average annual gross revenues do not exceed \$3.5 million.

(NOTE: Size of non-farm food business definition is based on City of Los Angeles Business Inclusion Program).

Source: A source includes not only the food supplier that the purchaser does business with directly, but also all prior links in the supply, processing and production chain, starting with the farm. The supplier who is working directly with the purchaser will take good faith measures to ensure that, to the best of the supplier’s knowledge, the supplier’s sources also comply with the Good Food Purchasing Guidelines.

Stewardship Index for Specialty Crops: a multi-stakeholder initiative to develop a system for measuring sustainable performance throughout the specialty crop supply chain. The Index does not provide standards, but instead provides a yardstick for measuring sustainable outcomes by offering a suite of outcomes-based metrics to enable operators at any point along the supply chain to benchmark, compare, and communicate their own performance. The four key environmental indicators in the latest version are soil health and the use of nutrients, energy and water.
Website: <http://www.stewardshipindex.org/>

Sustainable: Systems and practices that can be continued indefinitely into the foreseeable future without reliance upon ongoing depletion of non-renewable resources (e.g., soil, energy, biological diversity) or widening social inequities (within and across communities, countries, or generations). With respect to agriculture, the term can include, but is not limited to or synonymous with, certified organic production practices.

Sustainable Seafood: Seafood that comes from sources, either farmed or wild, that can maintain production indefinitely without affecting the integrity of the surrounding ecosystem.

Transitional Organic: This label has been used in the past to mean that a farmer is using organic methods but has not reached the three-year pesticide-free requirement and cannot yet use the Certified Organic label. The USDA does not currently allow or sanction the use of this label for official marketing purposes.

USDA Farm Classification System

The USDA Economic Research Service (USDA-ERS) has developed a farm classification system to divide U.S. farms into eight mutually exclusive and more homogeneous groups. The farm typology focuses on “family farms,” or farms organized as proprietorships, partnerships, and family corporations that are not operated by a hired manager. To be complete, however, it also includes nonfamily farms. For more info, see <http://www.extension.org/pages/13823/usda-small-farm-definitions>

Value Chain: The Wallace Center differentiates food value chains from traditional supply food supply chains in the following way: New food value chains - 1) Operate as a series of win-win strategic partnerships rather than win-lose, interchangeable business deals; and 2) Differentiate products by attributes that traditional supply chains do not typically monitor or promote, such as the environmental and social benefits behind a particular producer’s practices.

**CITY OF LOS ANGELES
CONTRACTOR CODE OF CONDUCT**

RFP EXHIBIT I

The City of Los Angeles has long supported the premise that employers should fairly compensate employees, that the health and safety of workers should be protected, and that no form of discrimination or abuse should be tolerated. Experience indicates that laws and regulations designed to safeguard basic tenets of ethical business practices are disregarded in some workplaces, commonly referred to as "sweatshops."

In its role as a market participant that procures equipment, goods, materials and supplies, the City seeks to protect its interests by assuring that the integrity of the City's procurement process is not undermined by contractors who engage in sweatshop practices and other employment practices abhorrent to the City. When the City inadvertently contracts with these contractors, the City's ethical contractors are placed at a distinct competitive disadvantage. Many times ethical contractors are underbid by unscrupulous contractors in competition for City contracts. These ethical contractors may be dissuaded from participating in future procurement contracts.

The City's proprietary contracting interests are served by doing business with contractors who make a good faith effort to ensure that they and their subcontractors shun sweatshop practices and adhere to workplace and wage laws. Seeking to protect these municipal interests, the City requires that all contractors subject to the Sweat-free Procurement Ordinance certify that they and, to the best of their knowledge, their subcontractors will comply with the City's Contractor Code of Conduct and to promise the following:

- (a) To comply with all applicable wage, health, labor, environmental and safety laws, legal guarantees of freedom of association, building and fire codes, and laws and ordinances relating to workplace and employment discrimination.
- (b) To comply with all human and labor rights and labor obligations that are imposed by treaty or law on the country in which the equipment, supplies, goods or materials are made or assembled, including but not limited to abusive forms of child labor, slave labor, convict or forced labor, or sweatshop labor.
- (c) To take good faith measures to ensure, to the best of the contractor's knowledge, that the contractor's subcontractors also comply with the City's Contractor Code of Conduct.
- (d) To pay employees working on contracts for garments, uniforms, foot apparel, and related accessories a procurement living wage, meaning for domestic manufacturers a base hourly wage adjusted annually to the amount required to produce, for 2,080 hours worked, an annual income equal to or greater than the U.S. Department of Health and Human Services most recent poverty guideline for a family of three plus an additional 20 percent of the wage level paid either as hourly wages or health benefits. For manufacturing operations in countries other than the United States, a procurement living wage which is comparable to the wage for domestic manufacturers as defined above, adjusted to reflect the country's level of economic development by using the World Bank's Gross National Income Per Capita Purchasing Power index.

CERTIFICATION UNDER PENALTY OF PERJURY

I certify under penalty of perjury under the laws of the State of California that I have read and understood the City's Contractor Code of Conduct and agree to comply with its requirements.

Baseline Assessment: Nutrition Guidelines in Food Service Institutions

This baseline assessment will measure your institution's compliance with the nutrition category of the Good Food Purchasing Guidelines. All nutrition goals listed below may not apply to all types of food service institutions. Each food service institution will be eligible for points towards the Good Food Purchasing Pledge based on the total potential applicable points for that type of food service venue. LAFPC will work with each institution individually on their institution's pledge criteria. These nutrition goals were developed from reputable sources including the United States Department of Agriculture (USDA), the Food and Drug Administration (FDA), as well as other leading health organizations. The below nutrition goals will be reviewed and revised periodically to ensure they meet current dietary science and take into consideration program implementation.

Please answer each question below. If box is checked YES, please provide detail on how your institution meets this guideline. If NO, please state why not and if box is checked N/A, please explain why. **Send your self-assessment to [Colleen McKinney at cmckinney@goodfoodla.org](mailto:cmckinney@goodfoodla.org).**

Five-Year GFPP Action Plan | TEMPLATE

The tiered, points based scoring system outlined in the Good Food Purchasing Guidelines allows participants to choose which level of commitment best suits the Good Food goals of their organization. The guidelines require that a baseline be met for each value, but an institution can receive additional points by making even greater commitments in each value category. Participants are awarded one to five stars based on their total score. To maintain their star rating over time, participating institutions are expected to increase the amount of Good Food they purchase each year.

In Year One of the program, Good Food Purchasing Institutions (GFPI) will develop a five-year action plan that describes their purchasing goals and objectives, based on the baseline purchasing practices measured at the time of pledge adoption. The action plan should include measurable deliverables and benchmarks from Years One through Five. The multi-year action plan will serve as a guide for future annual progress reports. The components of a successful action plan, including the any forms to be submitted, are described below. **Submit final action plan and chart to Colleen McKinney at cmckinney@goodfoodla.org.**

SECTION ONE: Year One – Baseline Assessment

Introduction & Purpose

Summarize in a few sentences your institution's interest and involvement in the Good Food Purchasing Program.

Food Service Operations Overview (SUBMIT FORM)

Using the *Food Service Operations Overview* form, describe your operation, including:

Total purchases for each food category: fruits & vegetables, milk & dairy, meat & eggs, seafood, grains & legumes, other products (packaged foods, bakery products, etc.), and beverages.

- Total annual food purchases
- Food service contract terms (i.e. renewal dates) and vendor names
- Existing monitoring & compliance plans included in contracts

GFPP Tracking Sheet (SUBMIT FORM)

Using the *GFPP Tracking Sheet* or the inventory sheet supplied by your vendor(s), provide the following information for each product:

- Food type
- Volume purchased
- Cost per unit
- Source: include brand or label and plant location. Wherever possible, include the name of the farm or ranch where the item was produced
- Any known certifications or product claims associated with each product

Summary of Current Best Practices & Recent Achievements

Highlight any existing best practices or key procurement achievements within your institution. This may include:

- Recent product shifts or commitments (e.g. 100% cage free eggs, direct relationship with local growers)
- Existing healthy and/or sustainable food service initiatives (e.g. trayless dining, compostable dishware, Healthy Picks program)
- Staff trainings or continued learning opportunities related to food service, culinary arts, nutrition, etc.

Current Challenges

In your work to improve your food service operation, what have been the greatest challenges to success? What obstacles might continue to slow progress?

SECTION TWO: Years Two through Five

2-5 Year Plan Goals

Outline the institution's overall long-term goals for the Good Food Purchasing Program (e.g. earn three-star rating by third year of program).

Objectives & GFPP Five-Year Action Plan Chart (SUBMIT FORM)

Identify the objectives your institution will focus on to reach your desired rating (i.e. achieve Level 3 Environmental Sustainability by Year Two, Level 2 in Valued Workforce by Year Four, and maintain Level 1 in all other categories). In each category section, identify any changes you will make to your purchasing that will allow you to meet your desired level in that category. For each of the five value categories, explain your institution's objective, benchmarks, and timeline for completion (see template attached).

RFP EXHIBIT I

Target: The Good Food Purchasing Pledge harnesses the purchasing power of major institutions to encourage greater production of sustainably produced food, healthy eating habits, respect for workers' rights, humane treatment of animals and support for the local business economy by providing new opportunities for small and mid-sized farmers and job creation along the supply chain.

Directions: Use this document as a planning guide for implementing the Good Food Purchasing Guidelines. For each value, you only need to choose one objective from one level. Each Level corresponds with the numeric value. For example, achieving Level 1 would earn you 1 point. Level 2 = 2 points, and so on. If your institution is unable to reach the baseline level for any value category in Year 1, you may submit a plan detailing your goals for achieving baseline compliance within one year.

RECOMMENDATIONS

1. Approve a 3.5% tuition rate and fee increase for the Joy Picus Childcare Center located within City Hall South, in accordance with Contract No. 3538 between the City of Los Angeles and Mount Washington Preschool and Childcare Center, Inc.; and,
2. Approve the proposed monthly tuition rates and fees page for 2016–17, as attached hereto with such rates and fees to be effective August 1, 2016.

SUMMARY

Mount Washington Preschool and Childcare Centers, Inc. (Contractor) has successfully operated the Joy Picus Child Care Center since July 1, 2009, within City Hall South located at 111 East First Street, Los Angeles, California 90012. Located on City of Los Angeles (City) property that is not dedicated park property, this childcare center primarily serves the children of City employees, but with services also offered to the general public contingent upon available space. Contract No. 3538 (Contract) between the Contractor and the City, attached to this Report as Exhibit A, was awarded to the Contractor through a Request for Proposals process and was executed on January 6, 2016. The Contract has a term of five (5) years, from July 1, 2015 to June 30, 2020, with one five-year option to extend at the discretion of the Department of Recreation and Parks (RAP) General Manager.

Pursuant to the terms and conditions of the Contract (Section 6.10), Contractor may submit a written request to RAP for authorization to increase the tuition rate and fees on a yearly basis. The written request must include substantiation for the requested increase. The tuition and fees may not be increased by more than a maximum of 3.5% per year and is subject to approval by the Board of Recreation and Park Commissioners (Board).

RAP received a request from the Contractor for a tuition and fee increase of 3.5% for Fiscal Year 2016-17, effective August 1, 2016. Attached, as Exhibit B, is a monthly tuition and

BOARD REPORT

PG. 2 NO. 16-149

fees rate sheet reflecting the requested 3.5% increase. The proposed rate sheet has been reviewed by staff to ensure it does not exceed the 3.5% increase over the previous fiscal year, as allowed by the Contract. The Contractor has cited as justification for the requested rate increases, that in order to meet the City's required minimum wage of Fifteen Dollar (\$15.00) per hour by the year 2020, Contractor will be required to increase teacher salaries by 3.5% each year during the initial term of the Contract, commencing July 1, 2016. Consequently, the Contractor will also be required to submit to RAP annually for Board approval, requests for 3.5% annual tuition and fee increases each year throughout the remainder of the Contract's initial term. The Contractor also conveyed to RAP that the proposed tuition and fee increase(s) were discussed at a meeting of the Joy Picus Parent Advisory Committee on June 6, 2016, and that the parents indicated they understood the reason(s) for the proposed increase and concurred, providing their support for the requested tuition increases.

As the Contractor will be paying increased salaries to teachers in response to the City's minimum wage requirements in order to cover increased staff salaries, and enable the Contractor to recruit and retain quality teachers, staff recommends that the Board approve the Joy Picus Childcare Center proposed monthly tuition and fee increases reflected on the attached tuition and fees rate sheet for Fiscal Year 2016-17.

FISCAL IMPACT STATEMENT

Approving the tuition and fee increases has no impact to RAP's General Fund as all tuition and fees are retained by Contractor to offset childcare center operating expenses.

This report was prepared by Joel Alvarez, Senior Management Analyst II, Partnership Division.

Instructions for Providing Proof of Insurance

Form Gen. 133 (Rev. 05/12)

**CITY OF LOS ANGELES
INSTRUCTIONS AND INFORMATION
ON COMPLYING WITH CITY INSURANCE REQUIREMENTS
(Share this information with your insurance agent or broker)**

1. **Agreement/Reference** All evidence of insurance must identify the nature of your business with the CITY. Clearly show any assigned number of a bid, contract, lease, permit, etc. or give the project name and the job site or street address to ensure that your submission will be properly credited. Provide the **types of coverage and minimum dollar amounts** specified on the Required Insurance and Minimum Limits sheet (Form Gen. 146) included in your CITY documents.
2. **When to submit** Normally, no work may begin until a CITY insurance certificate approval number ("CA number") has been obtained, so insurance documents should be submitted as early as practicable. For **As-needed Contracts**, insurance need not be submitted until a specific job has been awarded. **Design Professionals** coverage for new construction work may be submitted simultaneously with final plans and drawings, but before construction commences.
3. **Acceptable Evidence and Approval** Electronic submission is the best method of submitting your documents. **Track4LA®** is the CITY's online insurance compliance system and is designed to make the experience of submitting and retrieving insurance information quick and easy. The system is designed to be used by insurance brokers and agents as they submit client insurance certificates directly to the City. It uses the standard insurance industry form known as the **ACORD 25 Certificate of Liability Insurance** in electronic format – the CITY is a licensed redistributor of ACORD forms. **Track4LA®** advantages include standardized, universally accepted forms, paperless approval transactions (24 hours, 7 days per week), and security checks and balances. The easiest and quickest way to obtain approval of your insurance is to have your insurance broker or agent access **Track4LA®** at <http://track4la.lacity.org> and follow the instructions to register and submit the appropriate proof of insurance on your behalf. Insurance industry certificates other than the ACORD 25 that have been approved by the State of California may be accepted, however **submissions other than through Track4LA® will significantly delay the insurance approval process as documents will have to be manually processed.** All Certificates must provide a thirty (30) days' cancellation notice provision (ten (10) days for non-payment of premium) AND an Additional Insured Endorsement naming the CITY an additional insured completed by your insurance company or its designee. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the CITY is an automatic or blanket additional insured. An endorsement naming the CITY an Additional Named Insured and Loss Payee as Its Interests May Appear is required on property policies. All evidence of insurance must be authorized by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter. Completed **Insurance Industry Certificates other than ACORD 25 Certificates** are sent electronically to CAO.insurance.bonds@lacity.org.

Additional Insured Endorsements DO NOT apply to the following:

Indication of compliance with statute, such as Workers' Compensation Law.

Professional Liability insurance.

Verification of approved insurance and bonds may be obtained by checking **Track4LA®**, the CITY's online insurance compliance system, at <http://track4la.lacity.org>.

4. **Renewal** When an existing policy is renewed, have your insurance broker or agent submit a new Acord 25 Certificate or edit the existing Acord 25 Certificate through **Track4LA**® at <http://track4la.lacity.org>.
5. **Alternative Programs/Self-Insurance** Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the CITY has reviewed the relevant audited financial statements. To initiate a review of your program, you should complete the Applicant's Declaration of Self Insurance form (<http://cao.lacity.org/risk/InsuranceForms.htm>) to the Office of the City Administrative Officer, Risk Management for consideration.
6. **General Liability** insurance covering your operations (and products, where applicable) is required whenever the CITY is at risk of third-party claims which may arise out of your work or your presence or special event on City premises. **Sexual Misconduct** coverage is a required coverage when the work performed involves minors. **Fire Legal Liability** is required for persons occupying a portion of CITY premises. Information on two CITY insurance programs, the SPARTA program, an optional source of low-cost insurance which meets the most minimum requirements, and the Special Events Liability Insurance Program, which provides liability coverage for short-term special events on CITY premises or streets, is available at (www.2sparta.com), or by calling (800) 420-0555.
7. **Automobile Liability** insurance is required only when vehicles are used in performing the work of your Contract or when they are driven off-road on CITY premises; it is not required for simple commuting unless CITY is paying mileage. However, compliance with California law requiring auto liability insurance is a contractual requirement.
8. **Errors and Omissions** coverage will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.
9. **Workers' Compensation and Employer's Liability** insurance are not required for single-person contractors. However, under state law these coverages (or a copy of the state's Consent To Self Insure) must be provided if you have any employees at any time during the period of this contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement (<http://cao.lacity.org/risk/InsuranceForms.htm>). A **Waiver of Subrogation** on the coverage is required only for jobs where your employees are working on CITY premises under hazardous conditions, e.g., uneven terrain, scaffolding, caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer's right to recover (from the CITY) any workers' compensation paid to an injured employee of the contractor.
10. **Property Insurance** is required for persons having exclusive use of premises or equipment owned or controlled by the CITY. **Builder's Risk/Course of Construction** is required during construction projects and should include building materials in transit and stored at the project site.
11. **Surety** coverage may be required to guarantee performance of work and payment to vendors and suppliers. A **Crime Policy** may be required to handle CITY funds or securities, and under certain other conditions. **Specialty coverages** may be needed for certain operations. For assistance in obtaining the CITY required bid, performance and payment surety bonds, please see the City of Los Angeles Bond Assistance Program website address at <http://cao.lacity.org/risk/BondAssistanceProgram.pdf> or call (213) 258-3000 for more information.

and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in no event shall any party recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

PSC-9. WAIVER

A waiver of a default of any part, term or provision of this Contract shall not be construed as a waiver of any succeeding default or as a waiver of the part, term or provision itself. A party's performance after the other party's default shall not be construed as a waiver of that default.

PSC-10. TERMINATION

A. TERMINATION FOR CONVENIENCE

The **CITY** may terminate this Contract for the **CITY'S** convenience at any time by giving **CONTRACTOR** thirty days written notice thereof. Upon receipt of said notice, **CONTRACTOR** shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The **CITY** shall pay **CONTRACTOR** its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by **CONTRACTOR** to affect such termination. Thereafter, **CONTRACTOR** shall have no further claims against the **CITY** under this Contract. All finished and unfinished documents and materials procured for or produced under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon the date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.

B. TERMINATION FOR BREACH OF CONTRACT

1. Except for excusable delays as provided in PSC-7, if **CONTRACTOR** fails to perform any of the provisions of this Contract or so fails to make progress as to endanger timely performance of this Contract, the **CITY** may give **CONTRACTOR** written notice of such default. If **CONTRACTOR** does not cure such default or provide a plan to cure such default which is acceptable to the **CITY** within the time permitted by the **CITY**, then the **CITY** may terminate this Contract due to **CONTRACTOR'S** breach of this Contract.
2. If a federal or state proceeding for relief of debtors is undertaken by or against **CONTRACTOR**, or if **CONTRACTOR** makes an assignment for the benefit of creditors, then the **CITY** may immediately terminate this Contract.
3. If **CONTRACTOR** engages in any dishonest conduct related to the performance or administration of this Contract or violates the

this Contract. The CITY has the right to approve **CONTRACTOR'S** subcontractors, and the CITY reserves the right to request replacement of subcontractors. The CITY does not have any obligation to pay **CONTRACTOR'S** subcontractors, and nothing herein creates any privity between the CITY and the subcontractors.

PSC-13. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

CONTRACTOR may not, unless it has first obtained the written permission of the CITY:

- A. Assign or otherwise alienate any of its rights under this Contract, including the right to payment; or
- B. Delegate, subcontract, or otherwise transfer any of its duties under this Contract.

PSC-14. PERMITS

CONTRACTOR and its directors, officers, partners, agents, employees, and subcontractors, to the extent allowed hereunder, shall obtain and maintain all licenses, permits, certifications and other documents necessary for **CONTRACTOR'S** performance hereunder and shall pay any fees required therefor. **CONTRACTOR** certifies to immediately notify the CITY of any suspension, termination, lapses, non-renewals, or restrictions of licenses, permits, certificates, or other documents.

PSC-15. CLAIMS FOR LABOR AND MATERIALS

CONTRACTOR shall promptly pay when due all amounts payable for labor and materials furnished in the performance of this Contract so as to prevent any lien or other claim under any provision of law from arising against any CITY property (including reports, documents, and other tangible or intangible matter produced by **CONTRACTOR** hereunder), against **CONTRACTOR'S** rights to payments hereunder, or against the CITY, and shall pay all amounts due under the Unemployment Insurance Act with respect to such labor.

PSC-16. CURRENT LOS ANGELES CITY BUSINESS TAX REGISTRATION CERTIFICATE REQUIRED

If applicable, **CONTRACTOR** represents that it has obtained and presently holds the Business Tax Registration Certificate(s) required by the CITY'S Business Tax Ordinance, Section 21.00 *et seq.* of the Los Angeles Municipal Code. PSC- 17. RETENTION OF RECORDS, AUDIT AND REPORTS

CONTRACTOR shall maintain all records, including records of financial transactions, pertaining to the performance of this Contract, in their original form, in accordance with

Rights and remedies available to the **CITY** under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the **CITY**. The provisions of PSC-21 shall survive expiration or termination of this Contract.

PSC-22. INTELLECTUAL PROPERTY WARRANTY

CONTRACTOR represents and warrants that its performance of all obligations under this Contract does not infringe in any way, directly or contributorily, upon any third party's intellectual property rights, including, without limitation, patents, copyrights, trademarks, trade secrets, right of publicity and proprietary information.

SUMMARY

On June 27, 2013, the Board of Recreation and Park Commissioners (Board) approved Agreement No. 3482 (Agreement), attached to this Report as Exhibit A, between the City of Los Angeles (City) and Los Angeles Theatre Academy (Organization), authorizing the Organization's operation of Theatre Arts, After School, and Summer Day Camp Programs (collectively "Program"), at Elysian Park Recreation Center, located 929 Academy Road, Los Angeles, CA 90012 (Report No. 13-174). The Agreement, which was executed on December 18, 2013, presently carries a three-year term and is due to expire on December 17, 2016.

The Organization has served the Elysian Park community since 2010. The Theatre Arts and After-School Programs currently serve over forty (40) youth during the school year and over One Hundred Thirty (130) youth each summer in the Summer Day Camp. Additionally, the Organization's operating staff and administration currently consist of twenty-three (23) staff, two

interns, six board members and five advisory board members. Attached as Exhibit A is a list of the board members and advisory board members.

The Organization has successfully operated the Program at the Elysian Park Recreation Center (Premises) for the past three years, consistently receiving positive yearly evaluations from staff. The Organization has consistently paid all required cost recovery reimbursement fees in a timely manner in the amount of four hundred thirty-three dollars (\$433.00) per month, in addition to paying direct staffing costs to the Department of Recreation and Parks (RAP) Metro Region Operations when staff are required to be present and on duty while the Organization is utilizing the Premises before and after the Premises is normally open to the public.

Staff recommends that the term of Agreement No. 3482 be extended three (3) additional years through the proposed Amendment, allowing the Organization to continue operating the Program for the benefit of the local community. With the Board's approval of the proposed Amendment, the Agreement's new date of expiration will be December 17, 2019.

FISCAL IMPACT STATEMENT

Extending the term of Agreement No. 3482 with Organization will have no adverse impact on the RAP General Fund, as the Organization will continue to be solely responsible for all costs and expenses associated with the operation of the Program.

This Report was prepared by Joel Alvarez, Senior Management Analyst II, and Chinyere Stoneham, Senior Recreation Director II, Partnership Division.

CITY OF LOS ANGELES

INSTRUCTIONS AND INFORMATION
ON COMPLYING WITH CITY INSURANCE REQUIREMENTS

(Share this information with your insurance agent or broker.)

1. **Agreement/Reference** All evidence of insurance must identify the nature of your business with the CITY. Clearly show any assigned number of a bid, contract, lease, permit, etc. or give the project name and the job site or street address to ensure that your submission will be properly credited. Provide the **types of coverage and minimum dollar amounts** specified on the Required Insurance and Minimum Limits sheet (Form Gen. 146) included in your CITY documents.
2. **When to submit** Normally, no work may begin until a CITY insurance certificate approval number ("CA number") has been obtained, so insurance documents should be submitted as early as practicable. For **As-needed Contracts**, insurance need not be submitted until a specific job has been awarded. **Design Professionals** coverage for new construction work may be submitted simultaneously with final plans and drawings, but before construction commences.
3. **Acceptable Evidence and Approval** Electronic submission is the preferred method of submitting your documents. **Track4LA™** is the CITY's online insurance compliance system and is designed to make the experience of submitting and retrieving insurance information quick and easy. The system is designed to be used primarily by insurance brokers and agents as they submit client insurance certificates directly to the City. It uses the standard insurance industry form known as the **ACORD 25 Certificate of Liability Insurance** in electronic format – the CITY is a licensed redistributor of ACORD forms. Track4LA™ advantages include standardized, universally accepted forms, paperless approval transactions (24 hours, 7 days per week), and security checks and balances. The easiest and quickest way to obtain approval of your insurance is to have your insurance broker or agent access **Track4LA™** at <http://track4la.lacity.org> and follow the instructions to register and submit the appropriate proof of insurance on your behalf.

Insurance industry certificates other than the ACORD 25 that have been approved by the State of California, may be accepted, however ***submissions other than through Track4LA™ will significantly delay the insurance approval process as documents will have to be manually processed.*** All Certificates must provide a thirty (30) days' cancellation notice provision (ten (10) days for non-payment of premium) AND an Additional Insured Endorsement naming the CITY an additional insured completed by your insurance company or its designee. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the CITY is an automatic or blanket additional insured. An endorsement naming the CITY an Additional Named

Insured and Loss Payee as Its Interests May Appear is required on property policies. All evidence of insurance must be authorized by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter. Completed **Insurance Industry Certificates other than ACORD 25 Certificates** are sent electronically to CAO.insurance.bonds@lacity.org.

Additional Insured Endorsements DO NOT apply to the following:

- Indication of compliance with statute, such as Workers' Compensation Law.
- Professional Liability insurance.

Verification of approved insurance and bonds may be obtained by checking **Track4LA™**, the CITY's online insurance compliance system, at <http://track4la.lacity.org>.

4. **Renewal** When an existing policy is renewed, have your insurance broker or agent submit a new Acord 25 Certificate or edit the existing Acord 25 Certificate through **Track4LA™** at <http://track4la.lacity.org>.

5. **Alternative Programs/Self-Insurance** Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the CITY has reviewed the relevant audited financial statements. To initiate a review of your program, you should complete the Applicant's Declaration of Self Insurance form (<http://cao.lacity.org/risk/InsuranceForms.htm>) to the Office of the City Administrative Officer, Risk Management for consideration.

6. **General Liability** insurance covering your operations (and products, where applicable) is required whenever the CITY is at risk of third-party claims which may arise out of your work or your presence or special event on City premises. **Sexual Misconduct** coverage is a required coverage when the work performed involves minors. **Fire Legal Liability** is required for persons occupying a portion of CITY premises. (Information on two CITY insurance programs, the SPARTA program, an optional source of low-cost insurance which meets the most minimum requirements, and the Special Events Liability Insurance Program, which provides liability coverage for short-term special events on CITY premises or streets, is available at (www.2sparta.com), or by calling (800) 420-0555.

7. **Automobile Liability** insurance is required only when vehicles are used in performing the work of your Contract or when they are driven off-road on CITY premises; it is not required for simple commuting unless CITY is paying mileage. However, compliance with California law requiring auto liability insurance is a contractual requirement.

8. **Errors and Omissions** coverage will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.

9. **Workers' Compensation and Employer's Liability** insurance are not required for single-person contractors. However, under state law these coverages (or a copy of the state's Consent To Self Insure) must be provided if you have any employees at any time during the period of this contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement (<http://cao.lacity.org/risk/InsuranceForms.htm>). A **Waiver of Subrogation** on the coverage is required only for jobs where your employees are working on CITY premises under hazardous conditions, e.g., uneven terrain, scaffolding, caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer's right to recover (from the CITY) any workers' compensation paid to an injured employee of the contractor.

10. **Property Insurance** is required for persons having exclusive use of premises or equipment owned or controlled by the CITY. **Builder's Risk/Course of Construction** is required during construction projects and should include building materials in transit and stored at the project site.

11. **Surety** coverage may be required to guarantee performance of work and payment to vendors and suppliers. A **Crime Policy** may be required to handle CITY funds or securities, and under certain other conditions. **Specialty coverages** may be needed for certain operations. For assistance in obtaining the CITY required bid, performance and payment surety bonds, please see the City of Los Angeles Bond Assistance Program website address at <http://cao.lacity.org/risk/BondAssistanceProgram.pdf> or call (213) 258-3000 for more information

STANDARD PROVISIONS FOR CITY CONTRACTS

PSC-1. CONSTRUCTION OF PROVISIONS AND TITLES HEREIN

All titles, subtitles, or headings in this Contract have been inserted for convenience, and shall not be deemed to affect the meaning or construction of any of the terms or provisions hereof. The language of this Contract shall be construed according to its fair meaning and not strictly for or against the **CITY** or **CONTRACTOR**. The word "**CONTRACTOR**" herein in this Contract includes the party or parties identified in the Contract. The singular shall include the plural; if there is more than one **CONTRACTOR** herein, unless expressly stated otherwise, their obligations and liabilities hereunder shall be joint and several. Use of the feminine, masculine, or neuter genders shall be deemed to include the genders not used.

PSC-2. NUMBER OF ORIGINALS

The number of original texts of this Contract shall be equal to the number of the parties hereto, one text being retained by each party. At the **CITY'S** option, one or more additional original texts of this Contract may also be retained by the City.

PSC-3. APPLICABLE LAW, INTERPRETATION AND ENFORCEMENT

Each party's performance hereunder shall comply with all applicable laws of the United States of America, the State of California, and the **CITY**, including but not limited to, laws regarding health and safety, labor and employment, wage and hours and licensing laws which affect employees. This Contract shall be enforced and interpreted under the laws of the State of California without regard to conflict of law principles. **CONTRACTOR** shall comply with new, amended, or revised laws, regulations, and/or procedures that apply to the performance of this Contract.

In any action arising out of this Contract, **CONTRACTOR** consents to personal jurisdiction, and agrees to bring all such actions, exclusively in state or federal courts located in Los Angeles County, California.

If any part, term or provision of this Contract is held void, illegal, unenforceable, or in conflict with any law of a federal, state or local government having jurisdiction over this Contract, the validity of the remaining parts, terms or provisions of the Contract shall not be affected thereby.

PSC-4. TIME OF EFFECTIVENESS

Unless otherwise provided, this Contract shall take effect when all of the following events have occurred:

- A. This Contract has been signed on behalf of **CONTRACTOR** by the person or persons authorized to bind **CONTRACTOR** hereto;
- B. This Contract has been approved by the City Council or by the board, officer or employee authorized to give such approval;
- C. The Office of the City Attorney has indicated in writing its approval of this Contract as to form; and
- D. This Contract has been signed on behalf of the **CITY** by the person designated by the City Council, or by the board, officer or employee authorized to enter into this Contract.

PSC-5. INTEGRATED CONTRACT

This Contract sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous Contracts or understandings, whether written or oral, relating thereto. This Contract may be amended only as provided for in paragraph PSC-6 hereof.

PSC-6. AMENDMENT

All amendments to this Contract shall be in writing and signed and approved pursuant to the provisions of PSC-4.

PSC-7. EXCUSABLE DELAYS

In the event that performance on the part of any party hereto is delayed or suspended as a result of circumstances beyond the reasonable control and without the fault and negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. Circumstances deemed to be beyond the control of the parties hereunder include, but are not limited to, acts of God or of the public enemy; insurrection; acts of the Federal Government or any unit of State or Local Government in either sovereign or contractual capacity; fires; floods; earthquakes; epidemics; quarantine restrictions; strikes; freight embargoes or delays in transportation, to the extent that they are not caused by the party's willful or negligent acts or omissions, and to the extent that they are beyond the party's reasonable control.

PSC-8. BREACH

Except for excusable delays as described in PSC-7, if any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights

and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in no event shall any party recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

PSC-9. WAIVER

A waiver of a default of any part, term or provision of this Contract shall not be construed as a waiver of any succeeding default or as a waiver of the part, term or provision itself. A party's performance after the other party's default shall not be construed as a waiver of that default.

PSC-10. TERMINATION

A. TERMINATION FOR CONVENIENCE

The **CITY** may terminate this Contract for the **CITY'S** convenience at any time by giving **CONTRACTOR** thirty days written notice thereof. Upon receipt of said notice, **CONTRACTOR** shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The **CITY** shall pay **CONTRACTOR** its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by **CONTRACTOR** to affect such termination. Thereafter, **CONTRACTOR** shall have no further claims against the **CITY** under this Contract. All finished and unfinished documents and materials procured for or produced under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon the date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.

B. TERMINATION FOR BREACH OF CONTRACT

1. Except for excusable delays as provided in PSC-7, if **CONTRACTOR** fails to perform any of the provisions of this Contract or so fails to make progress as to endanger timely performance of this Contract, the **CITY** may give **CONTRACTOR** written notice of such default. If **CONTRACTOR** does not cure such default or provide a plan to cure such default which is acceptable to the **CITY** within the time permitted by the **CITY**, then the **CITY** may terminate this Contract due to **CONTRACTOR'S** breach of this Contract.
2. If a federal or state proceeding for relief of debtors is undertaken by or against **CONTRACTOR**, or if **CONTRACTOR** makes an assignment for the benefit of creditors, then the **CITY** may immediately terminate this Contract.
3. If **CONTRACTOR** engages in any dishonest conduct related to the performance or administration of this Contract or violates the

CITY'S lobbying policies, then the **CITY** may immediately terminate this Contract.

4. In the event the **CITY** terminates this Contract as provided in this section, the **CITY** may procure, upon such terms and in such manner as the **CITY** may deem appropriate, services similar in scope and level of effort to those so terminated, and **CONTRACTOR** shall be liable to the **CITY** for all of its costs and damages, including, but not limited, any excess costs for such services.
5. All finished or unfinished documents and materials produced or procured under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.
6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the **CITY** provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-11. INDEPENDENT CONTRACTOR

CONTRACTOR is acting hereunder as an independent contractor and not as an agent or employee of the **CITY**. **CONTRACTOR** shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, or agents to be an agent or employee of the **CITY**.

PSC-12. CONTRACTOR'S PERSONNEL

Unless otherwise provided or approved by the **CITY**, **CONTRACTOR** shall use its own employees to perform the services described in this Contract. The **CITY** shall have the right to review and approve any personnel who are assigned to work under this Contract. **CONTRACTOR** agrees to remove personnel from performing work under this Contract if requested to do so by the **CITY**.

CONTRACTOR shall not use subcontractors to assist in performance of this Contract without the prior written approval of the **CITY**. If the **CITY** permits the use of subcontractors, **CONTRACTOR** shall remain responsible for performing all aspects of

this Contract. The **CITY** has the right to approve **CONTRACTOR'S** subcontractors, and the **CITY** reserves the right to request replacement of subcontractors. The **CITY** does not have any obligation to pay **CONTRACTOR'S** subcontractors, and nothing herein creates any privity between the **CITY** and the subcontractors.

PSC-13. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

CONTRACTOR may not, unless it has first obtained the written permission of the **CITY**:

- A. Assign or otherwise alienate any of its rights under this Contract, including the right to payment; or
- B. Delegate, subcontract, or otherwise transfer any of its duties under this Contract.

PSC-14. PERMITS

CONTRACTOR and its directors, officers, partners, agents, employees, and subcontractors, to the extent allowed hereunder, shall obtain and maintain all licenses, permits, certifications and other documents necessary for **CONTRACTOR'S** performance hereunder and shall pay any fees required therefor. **CONTRACTOR** certifies to immediately notify the **CITY** of any suspension, termination, lapses, non-renewals, or restrictions of licenses, permits, certificates, or other documents.

PSC-15. CLAIMS FOR LABOR AND MATERIALS

CONTRACTOR shall promptly pay when due all amounts payable for labor and materials furnished in the performance of this Contract so as to prevent any lien or other claim under any provision of law from arising against any **CITY** property (including reports, documents, and other tangible or intangible matter produced by **CONTRACTOR** hereunder), against **CONTRACTOR'S** rights to payments hereunder, or against the **CITY**, and shall pay all amounts due under the Unemployment Insurance Act with respect to such labor.

PSC-16. CURRENT LOS ANGELES CITY BUSINESS TAX REGISTRATION CERTIFICATE REQUIRED

If applicable, **CONTRACTOR** represents that it has obtained and presently holds the Business Tax Registration Certificate(s) required by the **CITY'S** Business Tax Ordinance, Section 21.00 *et seq.* of the Los Angeles Municipal Code. For the term covered by this Contract, **CONTRACTOR** shall maintain, or obtain as necessary, all such Certificates required of it under the Business Tax Ordinance, and shall not allow any such Certificate to be revoked or suspended.

PSC- 17. RETENTION OF RECORDS, AUDIT AND REPORTS

CONTRACTOR shall maintain all records, including records of financial transactions, pertaining to the performance of this Contract, in their original form, in accordance with

requirements prescribed by the **CITY**. These records shall be retained for a period of no less than three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. Said records shall be subject to examination and audit by authorized **CITY** personnel or by the **CITY'S** representative at any time during the term of this Contract or within the three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. **CONTRACTOR** shall provide any reports requested by the **CITY** regarding performance of this Contract. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

PSC-18. FALSE CLAIMS ACT

CONTRACTOR acknowledges that it is aware of liabilities resulting from submitting a false claim for payment by the **CITY** under the False Claims Act (Cal. Gov. Code §§ 12650 *et seq.*), including treble damages, costs of legal actions to recover payments, and civil penalties of up to \$10,000 per false claim.

PSC-19. BONDS

All bonds which may be required hereunder shall conform to **CITY** requirements established by Charter, ordinance or policy, and shall be filed with the Office of the City Administrative Officer, Risk Management for its review and acceptance in accordance with Sections 11.47 through 11.56 of the Los Angeles Administrative Code.

PSC-20. INDEMNIFICATION

Except for the active negligence or willful misconduct of the **CITY**, or any of its Boards, Officers, Agents, Employees, Assigns and Successors in Interest, **CONTRACTOR** undertakes and agrees to defend, indemnify and hold harmless the **CITY** and any of its Boards, Officers, Agents, Employees, Assigns, and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the **CITY**, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever, for death or injury to any person, including **CONTRACTOR'S** employees and agents, or damage or destruction of any property of either party hereto or of third parties, arising in any manner by reason of the negligent acts, errors, omissions or willful misconduct incident to the performance of this Contract by **CONTRACTOR** or its subcontractors of any tier. Rights and remedies available to the **CITY** under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the **CITY**. The provisions of PSC-20 shall survive expiration or termination of this Contract.

PSC-21. INTELLECTUAL PROPERTY INDEMNIFICATION

CONTRACTOR, at its own expense, undertakes and agrees to defend, indemnify, and hold harmless the **CITY**, and any of its Boards, Officers, Agents, Employees, Assigns,

and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the **CITY**, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever arising out of the infringement, actual or alleged, direct or contributory, of any intellectual property rights, including, without limitation, patent, copyright, trademark, trade secret, right of publicity and proprietary information right (1) on or in any design, medium, matter, article, process, method, application, equipment, device, instrumentation, software, hardware, or firmware used by **CONTRACTOR**, or its subcontractors of any tier, in performing the work under this Contract; or (2) as a result of the **CITY'S** actual or intended use of any Work Product furnished by **CONTRACTOR**, or its subcontractors of any tier, under the Agreement. Rights and remedies available to the **CITY** under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the **CITY**. The provisions of PSC-21 shall survive expiration or termination of this Contract.

PSC-22. INTELLECTUAL PROPERTY WARRANTY

CONTRACTOR represents and warrants that its performance of all obligations under this Contract does not infringe in any way, directly or contributorily, upon any third party's intellectual property rights, including, without limitation, patents, copyrights, trademarks, trade secrets, right of publicity and proprietary information.

PSC-23. OWNERSHIP AND LICENSE

Unless otherwise provided for herein, all Work Products originated and prepared by **CONTRACTOR** or its subcontractors of any tier under this Contract shall be and remain the exclusive property of the **CITY** for its use in any manner it deems appropriate. Work Products are all works, tangible or not, created under this Contract including, without limitation, documents, material, data, reports, manuals, specifications, artwork, drawings, sketches, computer programs and databases, schematics, photographs, video and audiovisual recordings, sound recordings, marks, logos, graphic designs, notes, websites, domain names, inventions, processes, formulas matters and combinations thereof, and all forms of intellectual property. **CONTRACTOR** hereby assigns, and agrees to assign, all goodwill, copyright, trademark, patent, trade secret and all other intellectual property rights worldwide in any Work Products originated and prepared by **CONTRACTOR** under this Contract. **CONTRACTOR** further agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.

For all Work Products delivered to the **CITY** that are not originated or prepared by **CONTRACTOR** or its subcontractors of any tier under this Contract, **CONTRACTOR** hereby grants a non-exclusive perpetual license to use such Work Products for any **CITY** purposes.

CONTRACTOR shall not provide or disclose any Work Product to any third party without prior written consent of the **CITY**.

Any subcontract entered into by **CONTRACTOR** relating to this Contract, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract to contractually bind or otherwise oblige its subcontractors performing work under this Contract such that the **CITY'S** ownership and license rights of all Work Products are preserved and protected as intended herein. Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of **CONTRACTOR'S** contract with the **CITY**.

PSC-24. INSURANCE

During the term of this Contract and without limiting **CONTRACTOR'S** indemnification of the **CITY**, **CONTRACTOR** shall provide and maintain at its own expense a program of insurance having the coverages and limits customarily carried and actually arranged by **CONTRACTOR**, but not less than the amounts and types listed on the Required Insurance and Minimum Limits sheet (Form General 146 in Exhibit 1 hereto), covering its operations hereunder. Such insurance shall conform to **CITY** requirements established by Charter, ordinance or policy, shall comply with the Insurance Contractual Requirements (Form General 133 in Exhibit 1 hereto) and shall otherwise be in a form acceptable to the Office of the City Administrative Officer, Risk Management. **CONTRACTOR** shall comply with all Insurance Contractual Requirements shown on Exhibit 1 hereto. Exhibit 1 is hereby incorporated by reference and made a part of this Contract.

PSC-25. DISCOUNT TERMS

CONTRACTOR agrees to offer the **CITY** any discount terms that are offered to its best customers for the goods and services to be provided hereunder and apply such discount to payments made under this Contract which meet the discount terms.

PSC-26. WARRANTY AND RESPONSIBILITY OF CONTRACTOR

CONTRACTOR warrants that the work performed hereunder shall be completed in a manner consistent with professional standards practiced among those firms within **CONTRACTOR'S** profession, doing the same or similar work under the same or similar circumstances.

PSC-27. NON-DISCRIMINATION

Unless otherwise exempt, this Contract is subject to the non-discrimination provisions in Sections 10.8 through 10.8.2 of the Los Angeles Administrative Code, as amended from time to time. The **CONTRACTOR** shall comply with the applicable non-discrimination and affirmative action provisions of the laws of the United States of America, the State of California, and the **CITY**. In performing this Contract, **CONTRACTOR** shall not

discriminate in its employment practices against any employee or applicant for employment because of such person's race, religion, national origin, ancestry, sex, sexual orientation, age, disability, domestic partner status, marital status or medical condition. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of **CONTRACTOR'S** contract with the **CITY**.

PSC-28. EQUAL EMPLOYMENT PRACTICES

Unless otherwise exempt, this Contract is subject to the equal employment practices provisions in Section 10.8.3 of the Los Angeles Administrative Code, as amended from time to time.

- A. During the performance of this Contract, **CONTRACTOR** agrees and represents that it will provide equal employment practices and **CONTRACTOR** and each subcontractor hereunder will ensure that in his or her employment practices persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
 - 1. This provision applies to work or service performed or materials manufactured or assembled in the United States.
 - 2. Nothing in this section shall require or prohibit the establishment of new classifications of employees in any given craft, work or service category.
 - 3. **CONTRACTOR** agrees to post a copy of Paragraph A hereof in conspicuous places at its place of business available to employees and applicants for employment.
- B. **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to their race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
- C. As part of the **CITY'S** supplier registration process, and/or at the request of the awarding authority, or the Board of Public Works, Office of Contract Compliance, **CONTRACTOR** shall certify in the specified format that he or she has not discriminated in the performance of **CITY** contracts against any employee or applicant for employment on the basis or because of

race, religion, national origin, ancestry, sex, sexual orientation, age, disability, marital status or medical condition.

- D. **CONTRACTOR** shall permit access to and may be required to provide certified copies of all of his or her records pertaining to employment and to employment practices by the awarding authority or the Office of Contract Compliance for the purpose of investigation to ascertain compliance with the Equal Employment Practices provisions of **CITY** contracts. On their or either of their request **CONTRACTOR** shall provide evidence that he or she has or will comply therewith.
- E. The failure of any **CONTRACTOR** to comply with the Equal Employment Practices provisions of this Contract may be deemed to be a material breach of **CITY** contracts. Such failure shall only be established upon a finding to that effect by the awarding authority, on the basis of its own investigation or that of the Board of Public Works, Office of Contract Compliance. No such finding shall be made or penalties assessed except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.
- F. Upon a finding duly made that **CONTRACTOR** has failed to comply with the Equal Employment Practices provisions of a **CITY** contract, the contract may be forthwith canceled, terminated or suspended, in whole or in part, by the awarding authority, and all monies due or to become due hereunder may be forwarded to and retained by the **CITY**. In addition thereto, such failure to comply may be the basis for a determination by the awarding authority or the Board of Public Works that the **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Charter of the City of Los Angeles. In the event of such a determination, **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until **CONTRACTOR** shall establish and carry out a program in conformance with the provisions hereof.
- G. Notwithstanding any other provision of this Contract, the **CITY** shall have any and all other remedies at law or in equity for any breach hereof.
- H. Intentionally blank.
- I. Nothing contained in this Contract shall be construed in any manner so as to require or permit any act which is prohibited by law.
- J. At the time a supplier registers to do business with the **CITY**, or when an individual bid or proposal is submitted, **CONTRACTOR** shall agree to adhere to the Equal Employment Practices specified herein during the performance or conduct of **CITY** Contracts.

- K. Equal Employment Practices shall, without limitation as to the subject or nature of employment activity, be concerned with such employment practices as:
1. Hiring practices;
 2. Apprenticeships where such approved programs are functioning, and other on-the-job training for non-apprenticeable occupations;
 3. Training and promotional opportunities; and
 4. Reasonable accommodations for persons with disabilities.
- L. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. - A. During the performance of a **CITY** contract, **CONTRACTOR** certifies and represents that **CONTRACTOR** and each subcontractor hereunder will adhere to an affirmative action program to ensure that in its employment practices, persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
1. This provision applies to work or services performed or materials manufactured or assembled in the United States.
 2. Nothing in this section shall require or prohibit the establishment of new classifications of employees in any given craft, work or service category.
 3. **CONTRACTOR** shall post a copy of Paragraph A hereof in conspicuous places at its place of business available to employees and applicants for employment.
- B. **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to

No such finding shall be made except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.

In addition thereto, such breach may be the basis for a determination by the awarding authority or the Board of Public Works that the said **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Los Angeles City Charter. In the event of such determination, such **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until he or she shall establish and carry out a program in conformance with the provisions hereof.

For each contractor and supplier the Office of Contract Compliance shall state the date the approval expires. The Office of Contract Compliance shall not withdraw its approval for any Affirmative Action Plan or change the Affirmative Action Plan after the date of contract award for the entire contract term without the mutual agreement of the awarding authority and **CONTRACTOR**.

 6. The entry of qualified women, minority and all other journeymen into the industry; and
 7. The provision of needed supplies or job conditions to permit persons with disabilities to be employed, and minimize the impact of any disability.
- N. Any adjustments which may be made in the contractor's or supplier's work force to achieve the requirements of the **CITY'S** Affirmative Action Contract Compliance Program in purchasing and construction shall be accomplished by either an increase in the size of the work force or replacement of those employees who leave the work force by reason of resignation, retirement or death and not by termination, layoff, demotion or change in grade.
- O. Affirmative Action Agreements resulting from the proposed Affirmative Action Plan or the pre-registration, pre-bid, pre-proposal or pre-award conferences shall not be confidential and may be publicized by the contractor at his or her discretion. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. Failure of **CONTRACTOR** to obtain compliance of its subcontractors shall constitute a default by **CONTRACTOR** under this Contract, subjecting this Contract to termination where such default shall continue for more than ninety (90) days after notice of such default to **CONTRACTOR** by the **CITY**.

RECOMMENDATIONS:

That the Board:

1. Approve a proposed three (3) year agreement (Agreement), substantially in the form on file in the Board Office, between the Department of Recreation and Parks (RAP) and Los Angeles Theatre Academy, Inc. (LATA), a California non-profit organization, setting forth the terms and conditions for the shared use of park property at Elysian Park Recreation Center, subject to the approval of the Mayor and of the City Attorney as to form;
2. Direct the Board Secretary to transmit the proposed Agreement, to the Mayor in accordance with Executive Directive No. 3, and concurrently, to the City Attorney for review and approval as to form;
3. Authorize the Board President and Secretary to execute the Agreement upon receipt of the necessary approvals; and,
4. Direct the Department's Chief Accounting Employee to deposit fees for utility and other cost recovery reimbursements received from LATA in the accounts 302/89/89707H; General Recreation Activity Program, Sub-Account TBD established for such purposes.

REPORT OF GENERAL MANAGER

PG. 2

NO. 13-174SUMMARY:

Elysian Park is one of the oldest parks in Los Angeles, consisting of 600 acres. Within Elysian Park is the Elysian Therapeutic Recreation Center now referred to as the Elysian Park Recreation Center located at 929 Academy Road, Los Angeles, CA 90012. Prior to July 2010, the Elysian Therapeutic Recreation Center was used to foster the development of independent, social and recreation skills of developmentally disabled youth. However, the challenging economic environment and resulting staff and service reductions led to the closure of the programs for developmentally disabled youth at Elysian Therapeutic Recreation Center in June 2010. With the availability of some space at the facility, Metro Region administration has allowed LATA to share the use of Elysian Park Recreation Center with RAP's LA KIDS program staff.

LATA, a non-profit community based organization, has been dedicated to providing theatre arts, after school, and summer day camp programs to the community surrounding Elysian Park since 2008. LATA currently offers theatre arts programs that include four (4) full stage productions, an annual children's theatre summer festival, arts in education programs, summer and winter camps supporting working parents, an after-school club and periodic visiting artist workshops. Program participants are subject to modest LATA program fees which are commensurate with other programs in the surrounding area and registration procedure. LATA serves approximately fifty to sixty (50-60) participants each year, with ages ranging from five to sixteen (5-16) years old.

Staff recommends approval of the proposed Agreement so that LATA may be allowed to continue using park property to provide youth programs which provide recreational benefits and is in the best interest of the Elysian Park community.

Should the proposed Agreement be approved, LATA's performance will be monitored through an annual performance review to ensure compliance with the Agreement. As part of the proposed Agreement, LATA will pay a Cost Recovery Fee in the amount of \$433.00 per month or \$5,196.00 a year plus any additional reimbursement for as-needed staff coverage costs to open or close the building during the hours RAP is not operating its programs. The Cost Recovery Fee will cover indirect costs associated with the impact of LATA's program to RAP.

ENVIROMENTAL IMPACT STATEMENT

Staff has determined that the proposed Agreement with LATA will allow the Elysian Park Recreation Center facility to be used for recreational programs involving negligible or no expansion of use, and, therefore, is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1(14) of the City CEQA Guidelines.

REPORT OF GENERAL MANAGER

PG. 3

NO. 13-174

The Superintendent of RAP's Metro Region and the Office of Councilmember Jose Huizar (Council District 14) are aware of the agreement and concur with staff's recommendations.

FISCAL IMPACT STATEMENT:

The proposed Agreement will have no adverse impact on RAP's General Fund as operations and program costs associated with LATA's use of park property will be paid for by LATA and any additional staff impact costs will be compensated through the collection of Board approved Cost Recovery Fees.

This report was prepared by Joel Alvarez, Senior Management Analyst, and Chinyere Stoneham, Senior Recreation Director, Partnership Division.

up to \$6,000.00. The collective value of the NWF's contribution to the League is estimated to be Seventeen Thousand, Seven Hundred Seventy-One Dollars (\$17,771.00).

The 2016 Summer League will be the ninth year of the League's operation and the fifth year of the CMP and associated Essay Contest. The NWF has supported the League every year with financial and in-kind contributions since 2011. In 2015, the league consisted of two divisions/age groups: ages 8-10 (eight to ten) and ages 11-12 (eleven to twelve).

The CMP matches top female athletes from universities nationwide with each of the participating recreation centers. Coach Mentors not only coach but also teach the "Four Points of the Diamond" – discipline, dedication, dignity, and duty. With the help of the Coach Mentors, players between the ages of 11 to 12 (eleven to twelve) are given the opportunity to write an essay based on the core values of character and the Four Points of the Diamond. The 2015 essay contest winner, Jocelyn Montes De Oca from Algin Sutton Recreation Center, and a chaperone attended the National Pro Fast Pitch Championship Game in Hoover, Alabama, and participated in softball clinics taught by top female athletes, with all expenses paid by the NWF.

The 2016 League will consist of fourteen (14) teams representing nine Recreation Centers and their respective communities. Recreation Centers include Baldwin Hills, Central, Green Meadows, Harbor City, Imperial Courts, Jackie Tatum Harvard, Martin Luther King Jr., Ross Snyder and Van Ness. The 2016 League Opening Day was held on June 21, 2016, at Van Ness Recreation Center. Games began on June 28, 2016, and will end in mid-August. Each team will play eight games. RAP will conduct all administrative functions related to the program, such as promoting the League, recruiting and registering players, providing head or assistant coaches who will assist with weekly practices, and hosting the opening and closing ceremonies.

FISCAL IMPACT STATEMENT

Acceptance of this donation results in no impact to RAP's General Fund, but rather supplements the payment of League-related expenses, as RAP does not have the funding resources necessary to conduct these youth programs at the same level, without assistance from supporters like the NWF.

3. Direct the Board Secretary to transmit the proposed Amendment to the Mayor in accordance with Executive Directive No. 3, and the City Attorney for approval as to form;
4. Authorize the Board President and Secretary to execute the Amendment upon receipt of necessary approvals; and,

SUMMARY

Griffith Observatory is located at 2800 East Observatory Road in Griffith Park. The Observatory opened in 1935 and is an icon of Los Angeles, a national leader in public astronomy, and one of Southern California's most popular attractions. In January 2002, the Observatory closed for comprehensive renovation and expansion - including the addition of two concessions: a café and a bookstore and gift shop. The renewed building reopened to the public in November 2006, and

BOARD REPORT

PG. 2 NO. 16-152

has operated continuously for the public. Attendance to this free-admission facility during 2015 was 1,337,608 guests.

The Griffith Observatory Café, Catering, and Food Cart Service Concession (Concession), which also opened in November 2006, is operated by Wolfgang Puck Catering and Events, LLC (Puck) as the result of a Award Recommendation approval (Board Report No. 05-47 – Attachment 2) for a term of ten years with two renewal terms of five years each at the sole discretion of the City acting by and through its Board of Recreation and Park Commissioners.

The Concession is casual, self-service dining, located on the lower level of the Observatory. Due to the delicate, sensitive and expensive instruments (particularly the historic telescopes) and displays in the Observatory, no open flame cooking, frying, broiling, or baking is permitted in the Concession. Menu and pricing consists of high quality, reasonably priced sandwiches, salads, soup, beverages, desserts and snack items found in similar local cultural institutions. The Concession opens at the same time as the Observatory, and closes one hour prior to the Observatory. Catering service and food cart service are also part of the Concession. Alcohol service is permitted with private catering service. (The Bookstore and Gift Shop is operated under a separate Concession Agreement with Event Network, LLC.)

Staff presented an Informational Report to the Board on August 12, 2015, highlighting the operation by Puck which has demonstrated full compliance of obligations under the Agreement. A key factor with Puck's operation is the support for the Concession via Puck's kitchen, storage facility and staff at Hollywood and Highland in Los Angeles. During calendar year 2015, Puck grossed Two Million, Seventy-Three Thousand, Four Hundred Seventy-Eight Dollars (\$2,073,478.00) resulting in One Hundred Eighty-Eight Thousand, Seven Hundred Thirty-Four Dollars (\$188,734.00) in revenue-share to the City.

Discussions with Puck to exercise the first five-year renewal option resulted in proposed terms by Puck which are beneficial to the City:

1. Extend the Agreement's expiration date from September 5, 2016 to September 5, 2021;
2. Increase return to the City through revised gross receipt tiers and shared-revenue percentages;
3. Revise the rental guarantee which ensures yearly escalation;
4. Add capital investment, by Puck to the Concession, valued at Two Hundred Fifty Thousand Dollars (\$250,000.00);

Puck's rent is computed as a percentage of gross receipts. Under the Amendment, the potential for increased rent to the City is achieved through increased percentages over additional gross receipt tiers for café and food cart sales (marked "New" below). The original annual rent guarantee for Puck was seventy percent (70%) of the total rent paid in the previous year. Under the Amendment, the guarantee is changed to One Hundred Seventy Thousand Dollars (\$170,000.00) for the first additional year and guarantees an escalation of three percent (3%)

annually.

City shall receive:

- Percentage of Gross Receipts of all Sales:

Sales Type	Gross Receipts	Original Fee	New Fee
Café and Food Cart	Up to \$1,000,000	8%	8%
	\$1,000,001 to \$1,500,000	10%	10%
	\$1,500,001 to \$2,000,000	10%	12%
	\$2,000,001 to \$2,500,000	10%	15%
	\$2,500,001 +	10%	20%
Catering	Up to \$1,000,000	14%	14%
	\$1,000,001 +	16%	16%

or

- The Annual Minimum Revenue-Sharing Guarantee:

Year	Annual Minimum Guarantee
11 (September 2016 – August 2017)	\$170,000.00
12 (September 2017 – August 2018)	\$175,100.00
13 (September 2018 – August 2019)	\$180,353.00
14 (September 2019 – August 2020)	\$185,763.59
15 (September 2020 – August 2021)	\$191,336.50

whichever is greater.

The Two Hundred Fifty Thousand Dollars (\$250,000.00) capital investment by Puck includes the redesign of the Concessions' interior space to improve the flow of patron selection and payment, expand display areas, increase item choices including kid-friendly and health-conscience selections, while eliminating the bottle-neck of the service station. The redesign includes addition of a new salad bar with soup wells, relocation of soda fountain and coffee machines, new custom shelving, replacement of the service station to self-service space, and installation of new air-screen coolers for grab-and-go purchases (Attachment 4). The City is not responsible for the investment costs, including any overage.

Staff recommends that the Board approve the proposed Amendment to Agreement No. 248 (Attachment 1), so as to accept Puck's proposed terms, exercise the first of two five-year renewal options, approve the capital investment, and attach –the Standard Provisions for City Contracts (Rev. 3/09) to the Agreement in order to ensure all current contracting requirements are met.

BOARD REPORT

PG. 4 NO. 16-152

FISCAL IMPACT STATEMENT

RAP will receive annual minimum revenue guarantee of One Hundred Seventy Thousand Dollars (\$170,000.00) for the first additional year of operation, escalating 3% in subsequent Agreement years to One Hundred Ninety-One Thousand, Three Hundred Thirty-Seven Dollars (\$191,337.00) for year five. Historical figures project annual revenue to be over Two Hundred One Thousand Dollars (\$201,000.00) in the first year under the increased revenue-share percentage tiers.

6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the **CITY** provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-11. INDEPENDENT CONTRACTOR

this Contract. The **CITY** has the right to approve **CONTRACTOR'S** subcontractors, and the **CITY** reserves the right to request replacement of subcontractors. The **CITY** does not have any obligation to pay **CONTRACTOR'S** subcontractors, and nothing herein creates any privity between the **CITY** and the subcontractors.

PSC-13. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

CONTRACTOR may not, unless it has first obtained the written permission of the **CITY**:

- A. Assign or otherwise alienate any of its rights under this Contract, including the right to payment; or

The City approved Bond Assistance Program is available for those contractors who are unable to obtain the City-required performance bonds. A City approved insurance program may be available as a low cost alternative for contractors who are unable to obtain City-required insurance.

CONTRACTUAL REQUIREMENTS

CONTRACTOR AGREES THAT:

1. Additional Insured/Loss Payee. The CITY must be included as an Additional Insured in applicable liability policies to cover the CITY'S liability arising out of the acts or omissions of the named insured. The CITY is to be named as an Additional Named Insured and a Loss Payee As Its Interests May Appear in property insurance in which the CITY has an interest, e.g., as a lien holder.

2. Notice of Cancellation. All required insurance will be maintained in full force for the duration of its business with the CITY. By ordinance, all required insurance must provide at least thirty (30) days' prior written notice (ten (10) days for non-payment of premium) directly to the CITY if your insurance company elects to cancel or materially reduce coverage or limits prior to the policy expiration date, for any reason except impairment of an aggregate limit due to prior claims.

3. Primary Coverage. CONTRACTOR will provide coverage that is primary with respect to any insurance or self-insurance of the CITY. The CITY'S program shall be excess of this insurance and non-contributing.

4. Modification of Coverage. The CITY reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving CONTRACTOR ninety (90) days' advance written notice of such change. If such change should result in substantial additional cost to CONTRACTOR, the CITY agrees to negotiate additional compensation proportional to the increased benefit to the CITY.

5. Failure to Procure Insurance. All required insurance must be submitted and approved by the Office of the City Administrative Officer, Risk Management prior to the inception of any operations by CONTRACTOR.

CONTRACTOR'S failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the CITY may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the CITY'S interests and pay any and all premiums in connection therewith and recover all monies so paid from CONTRACTOR.

6. Workers' Compensation. By signing this Contract, CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake

self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all time during the performance of the work pursuant to this Contract.

7. California Licensee. All insurance must be provided by an insurer admitted to do business in California or written through a California-licensed surplus lines broker or through an insurer otherwise acceptable to the CITY. Non-admitted coverage must contain a **Service of Suit** clause in which the underwriters agree to submit as necessary to the jurisdiction of a California court in the event of a coverage dispute. Service of process for this purpose must be allowed upon an agent in California designated by the insurer or upon the California Insurance Commissioner.

8. Aggregate Limits/Impairment. If any of the required insurance coverages contain annual aggregate limits, CONTRACTOR must give the CITY written notice of any pending claim or lawsuit which will materially diminish the aggregate within thirty (30) days of knowledge of same. You must take appropriate steps to restore the impaired aggregates or provide replacement insurance protection within thirty (30) days of knowledge of same. The CITY has the option to specify the minimum acceptable aggregate limit for each line of coverage required. No substantial reductions in scope of coverage which may affect the CITY'S protection are allowed without the CITY'S prior written consent.

9. Commencement of Work. For purposes of insurance coverage only, this Contract will be deemed to have been executed immediately upon any party hereto taking any steps that can be considered to be in furtherance of or towards performance of this Contract. The requirements in this Section supersede all other sections and provisions of this Contract, including, but not limited to, PSC-4, to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

RECOMMENDATION:

That the Board:

1. Award the Griffith Observatory Café and Catering Concession to Wolfgang Puck Catering and Events, LLC (Puck);
2. Approve a ten-year concession agreement, substantially in the form as on file in the Board Office, for the operation of the Griffith Observatory Café, Cart and Catering Concession, subject to approval of the Mayor and City Council, and approval of the City Attorney as to form;
3. Direct the Board Secretary to transmit the proposed agreement to the Mayor in accordance with Executive Directive No. 16, and concurrently to the City Attorney for review as to form; and,
4. Authorize the Board President and Secretary to execute the agreement upon receipt of necessary approvals.

SUMMARY:

On September 1, 2004, the Board approved the release of a Request for Proposals (RFP) for a new ten-year agreement with two five-year renewal options, to operate the Observatory Café, Cart, and Catering Concession, with an option for a bookstore operation (Board Report 04-266). Previously,

REPORT OF GENERAL MANAGER

on July 9, 2003, the Board had authorized Administrative Resources Staff to retain the services of consultant Art Manask & Associates (Board Report 03-227) to assist Staff with the development of the RFP and the evaluation of the proposals. The RFP was released on October 13, 2004, and two proposals were received on November 30, 2004, from the following firms:

- Wolfgang Puck Catering and Events, LLC ("Puck") – Well-known food service experts operating in various locations nationwide, based in Los Angeles.
- Delaware North Companies Parks & Resorts ("DNC") – Food service experts operating in various locations nationwide, with a regional office in Fresno, California.

Staff, with assistance from Manask and Associates, conducted a preliminary evaluation of all proposals to determine completeness and submission of all compliance documents, and to evaluate each firm's financial ability to fund the minimum \$750,000 required for this project. This initial review indicated that both proposers met the minimum requirements of having extensive experience in the food services industry and the financial backing to fund the required build-outs and FF&E in order to operate the concession. Although both demonstrated strengths in various areas, the Department's challenge was to select the operator with the best combination of expertise and resources suited to this concession. Evaluation was made on the café, carts, and catering portion of the proposals, not any bookstore option. The criteria for selecting the best proposer, as stated in the RFP, were:

- Experience and Capability; Quality of Experience
- Operational Plan
- Build Out Plan and Capital Investment for Café and Carts
- Projected Commissions; Rent to City and Financial Projections

To assist with formulating a recommendation, a five-member panel (identified in the Attachment) convened to review the proposals, scrutinize presentations, and interview both proposers. The panel members were selected based on their expertise in cultural institution foodservice, experience with similar foodservice RFPs and retail business and, in the case of the Observatory Director, his intimate knowledge of the Department's needs and vision for this Los Angeles landmark. After proposal reviews, presentations, and interviews, the panel members were instructed to individually rank the proposals according to each of the four evaluation criteria defined in the RFP, thus awarding corresponding points to the proposals based on their ranking. A top rank within a category would receive the highest value of ten points, and the second ranked proposal in a category would receive eight to nine available points based on the level of characteristics which differentiated the two. As stipulated in the RFP, each of the four categories carried equal weight, and no ties were to exist in any one category. The panel awarded Puck a total of 194 cumulative points, and DNC a total of 177 cumulative points (see Attachment).

REPORT OF GENERAL MANAGER

PAGE 3

NO. 05-47

Both Puck and DNC demonstrated their ability to provide the necessary improvements and to operate the concession. The following is a summary of the panel's ranking and staffs recommendation comments under each of the four evaluation criteria.

Experience and Capability; Quality of Experience

The panel was asked to rank each proposer on the verified years and quality of experience, experience in similar types of business/environment/clientele, prior work with public agencies, catering experience, and experience operating food and/or beverage carts.

Though both companies were closely matched in experience and capability, the panel ranked Puck first, affirming Puck as a Los Angeles-based firm, with local resources already established including an elaborate kitchen/commissary less than five miles from the Observatory and a personnel/staff pool to draw from – both of which are critical elements since the Observatory's renovation and expansion project provided very limited space for food preparation and storage (including cart storage). Puck's existing operations also offered a wealth of experienced and trained personnel/staff to help ensure not only a smooth grand opening but to give the necessary support during occasional catered events hosted at the Observatory. DNC's proposal, while strong in many areas, did not feature an ongoing support kitchen to augment production of the café, cart, and catering menu, nor were local, company-trained personnel at their immediate disposal for large catered events. Staff also believes Puck, established locally, has a keen understanding of the Los Angeles dining clientele, as well as experience/familiarization dealing with the local regulations and standards required for café, cart, and catering operations at cultural and museum locations in Los Angeles.

Operational Plan

In this category, the proposers were ranked on their concept and operational description; creativity and imagination; organizational structure; menus, products and services; price schedules and pricing policies; timelines for build-out and starting operations; employee staffing and training plans; experience of proposed onsite management at Observatory; customer service; alignment to Observatory mission and City goal; marketing and advertising strategy; and environmental awareness, conservation, and recycling. The panel stated that both proposers proposed an adequate operational plan.

Again, citing Puck's local support in kitchen/storage facilities, local administrative staff, and their pool of local/trained service personnel, the panel agreed and staff concurs that local support for this Observatory concession is a key factor. Puck was given the culinary cutting edge in creativity and imagination which should prove beneficial in the development of menus – both café menus offering themed items inspired by the mission of the Observatory, and notably also for catering menus and catering pricing for which audiences are widely varied by culture, expectations, and budget.

DNC does not have the local support in the form of kitchen and storage facilities. All food production and storage would be performed at the Observatory's limited facility, though DNC stated

REPORT OF GENERAL MANAGER

PAGE 4

NO. 05-47

that a rented kitchen, tent, or mobile kitchen would be used for larger productions associated with catered events.

Build-Out Plan and Capital Investment for Café and Carts:

Both proposers demonstrated that their build-out plans were provisional pending discussion with Observatory staff, and both showed imagination in this area. Both proposers provided ideas for the café build-out: DNC included interpretive murals coordinated with counters/tabletops laminated with planets, satellites, comets, asteroids, and other celestial objects, as well as food stations with decorative elements reflective of space exploration equipment; Puck's concept included a retrospective approach that intertwined Arthur Dent's fictional quest for a place to eat, and referenced sci-fi experiences from "Lost in Space" and Orson Wells "Infinite Worlds" by incorporating classic sci-fi book, comic, and film posters on the interior walls of the café. Both were within the acceptable range of plans expected by the Department with an understanding of the sensitivity of the Observatory landmark status and science mission.

In regards to capital investments, the RFP stated if the City terminated the contract for cause, there would be no reimbursement ("buy-back") of any kind. In the event of contract termination by the Operator or City for other than cause (mutual agreement, for example), the City would reimburse unamortized capital investment but would not include any FF&E that is proprietary to the Operator (includes trade dress, logo, etc. and is operator-specific and not transferable to another operator). Puck proposed to invest \$425,000 eligible buy-back capital investment and \$175,000 non, whereas DNC proposed \$388,000 eligible buy-back and \$180,000 non. The amortization will be straight line, non-interest bearing over the 10 years of the initial contract term. The buy-back amounts proposed by each were very close.

Projected Commissions; Rent to City and Financial Projections:

The two firms proposed the following rental terms:

	Café	Carts	Catering (food)	Catering (beverage)
DNC	4% of revenue up to \$2M	4% of revenue up to \$2M	2.5% of all revenue	5% of all revenue
	7.5% of revenue over \$2M to \$4M	7.5% of revenue over \$2M to \$4M		
	10% of revenue over \$4M	10% of revenue over \$4M		
Puck	8% of revenue up to \$1M	8% of revenue up to \$1M	14% of revenue up to \$1M	14% of revenue up to \$1M
	10% of revenue over \$1M	10% of revenue over \$1M	16% of revenue over \$1M	16% of revenue over \$1M

REPORT OF GENERAL MANAGER

PAGE 5

NO. 05-47

In comparison to industry standards, DNC was low in their proposed rent, whereas Puck's percentages were consistent with rent on operations of this type and standard in the industry, including local institutions. As Puck proposed substantially greater rental payments to the City, and the panel concurred that their proposal was realistic, Puck was scored higher in this category. Both proposals included projected three-year commissions, both of which included the sources: café, cart, catering, and bookstore/gift shop. For analysis purposes, staff focused on café and cart commissions only since the retail bookstore/gift shop component was determined moot (for reasons explained below) and since the amount of catering activity permitted by the Department to the prospective concessionaires has yet to be determined. In both cases of retail and catering commissions, Puck was significantly higher; however, the table below reflects only café and cart commissions from both proposers based on their projected sales and proposed rental percentages:

Projected Three Year Total Commissions:

	DNC	Puck
Café	\$185,454	\$360,749
Cart	\$ 61,818	\$ 23,206
Total	\$247,272	\$383,955

There was no rental guarantee on behalf of DNC, whereas Puck proposed a minimum guaranteed annual rent beginning in year two of the agreement in an amount equal to seventy percent (70%) of the total rent paid in the previous contract year; subject to an unanticipated percentage decline in Observatory attendance, applied (as a percentage) to the 70% guarantee.

Bookstore Option Not to be Exercised:

Proposers were asked to submit proposals for operation of either the café, carts, catering services alone; or combined operation of the café, carts, and catering with the bookstore/gift shop. Proposals were ranked solely on food service criteria. As an option, proposers were allowed to add bookstore/gift shop retail services as part of their proposal, though features and benefits stemming from the retail service would not change their respective ranking/points. The evaluation was based strictly on food service(s) attributes.

Both proposers submitted proposals also including the operation of the gift shop, DNC as part of the master operation, Puck by use of a subcontractor. After concluding the café, carts, and catering ranking, and formulation of the recommendation for Puck, staff analyzed Puck's bookstore option. Upon review of Puck's giftshop proposal, staff was not convinced that the proposed services would fulfill the Department's retail services needs. A subcontract arrangement for retail services as proposed by Puck may not allow for close monitoring and controls compared to a direct relationship between the Department and a retail concessionaire. Also, a 10 year agreement plus two five-year extensions may be too long of a term since the retail industry changes more rapidly than the food industry. Therefore, award of this agreement will be solely for the operation of the café, carts, and

REPORT OF GENERAL MANAGER

PAGE 6

NO. 05-47

catering service. Staff will recommend, via a concurrent Board Report, that the Board direct staff to prepare a new RFP exclusively for the operation of the Observatory bookstore/gift shop concession at a five-year term with one five year option.

Conclusion:

The Department was fortunate to receive two excellent proposals for this concession from two proposers of high standing and extensive experience. Overall, the evaluation panel ranked Puck higher in each of the four categories defined in the RFP. Staff believes these categories and the resulting ranks to be crucial for establishing the best proposer for a successful café, cart, and catering concession. In addition, the potential use of the Wolfgang Puck name is a benefit to help draw patrons to the Observatory Café who may otherwise opt not to frequent the café during their visits to the Observatory. Puck's sales and marketing resources in the Los Angeles market were considered superior. Not only will this help promote visitorship in the café, but the catering expertise would be in place to market and utilize the Observatory's rental/catering spaces sensitively and strategically, which could potentially lead to a new and previously untapped revenue stream for the City. Panel members expressed their feelings that given the success and high visibility of Wolfgang Puck Catering and Events, LLC, in the culinary/dining industry and in the celebrity/entertainment industry, and the fact that Los Angeles is their home base with many fine dining restaurants as well as the catering operation and two museums (Natural History Museum of Los Angeles County and the new Kidspace Museum in Pasadena), Puck would be highly motivated to sustain their excellence at this high-profile location.

Subsequent to the panel's ranking, analysis was completed by Staff to verify trade and financial references. As such, as a result of the panel's input and ranking exercise as well as these additional considerations, staff concludes that Wolfgang Puck Catering and Events, LLC, is the best candidate to operate the Observatory café, cart, and catering concession at the Observatory and recommends Puck for award.

The Department prepared an Environmental Impact Report (EIR) for the Griffith Observatory Master Plan in accordance with the requirements of the California Environmental Quality Act (CEQA) and was certified by the Board on May 7, 1997 (No. 187-97). A Notice of Determination was filed with the Los Angeles City Clerk and the Los Angeles County Clerk on May 13, 1997. This EIR covers the current renovation and restoration project for the Griffith Observatory, which includes the provision of concession facilities and services.

SECTION 4. TERM OF CONCESSION AGREEMENT, RENEWAL & CONCESSIONAIRE CAPITAL INVESTMENT BUY-BACK:

The term of this AGREEMENT is ten (10) years, terminating midnight, the evening of the 5 day of SEPTEMBER, 2016.

Any renewal shall be initiated at the sole discretion of the CITY and agreed to by CONCESSIONAIRE. The CITY will consider no more than two (2) renewal terms of five (5) years each provided that CONCESSIONAIRE is in full compliance with its obligations under the AGREEMENT upon the expiration of the initial term or any extensions thereof. Any renewal shall be at the sole discretion of the CITY, which will give the CONCESSIONAIRE a preliminary notice of its willingness to renew and shall be decided not later than six (6) months prior to the end of the then current term.

Upon the expiration of any term not renewed hereunder, the CONCESSIONAIRE shall remove all of its employees and property from the Observatory facilities in a smooth, orderly and cooperative manner and the CONCESSIONAIRE shall bring current all of its financial obligations to the CITY.

The CITY reserves the right at any time during the term of the contract to pay-off the unamortized portion of CONCESSIONAIRE'S capital INVESTMENT (as specified in Section 15. Capital INVESTMENT – Fixed Equipment (FF&E) & Interior Design), if any, with no interest or penalties, and terminate the AGREEMENT for convenience upon ninety (90) days written notice. CITY and CONCESSIONAIRE agree and understand that any consideration of termination for convenience within the first twelve months places a hardship on the CITY, in efforts to provide continuity of outstanding service at OBSERVATORY, and a hardship on CONCESSIONAIRE for reasons that include insufficient opportunity to amortize start-up investments. Should the CITY exercise its right to terminate the AGREEMENT for convenience within the first twelve months of operation, CITY and CONCESSIONAIRE shall meet and confer in good faith to review and determine what remedies are equitable in regard to start-up expenditures assumed by CONCESSIONAIRE. CONCESSIONAIRE may terminate the AGREEMENT for convenience upon one-hundred-twenty (120) days notice to the CITY, as specified in Section 25; however, the Capital INVESTMENT Buy-Back must first be negotiated to the acceptance of the GENERAL MANAGER.

CONCESSIONAIRE will fund certain improvements to CAFÉ to facilitate the performance of Services (INVESTMENT). The scope and specifications for such improvements shall be mutually agreed in writing by the parties prior to the disbursement of any INVESTMENT funds. The INVESTMENT shall be payable in accordance with the disbursement scheduled agreed, in writing, by the parties, and shall be a minimum of Four Hundred Twenty-Five Thousand (\$425,000) Dollars.

The INVESTMENT, shall be amortized over a period of ten years, calculated at a rate equal to straight-line depreciation basis. If the AGREEMENT is terminated, as further detailed in Section 25 herein, prior to the full amortization of the INVESTMENT, then CITY is liable for and promises to pay to CONCESSIONAIRE within ninety (90) days of termination notice date, the unamortized portion of the INVESTMENT.

The INVESTMENT buy-back amount shall be based on single straight-line, non-interest bearing amortization over ten (10) years. Buy-back will be calculated on actual months/years of operation. The following schedule of INVESTMENT buy-back from CONCESSIONAIRE is based on full and completed years from the date of AGREEMENT execution. The schedule will be adjusted as

necessary to reflect the actual time of operation in whole months or one-twelfths (1/12) of the current operating year.

1	\$382,500

If the City terminates the contract for cause there would be no buy-back of amortized INVESTMENT and as specified in Section 15, the unamortized portion of improvements would remain property of CONCESSIONAIRE. In that event, CITY and CONCESSIONAIRE shall meet and confer in good faith to review and determine what portion of the improvement equates to the INVESTMENT amortized as of the date of termination, prorated to reflect the actual time of operation in whole months or one-twelfths (1/12) of the current operating year.

Discounted sales will not be considered for calculation of Gross Receipts.

The term "Gross Receipts" is defined to mean the total amount charged or received for the sale of any service, food, and beverage for which a charge is made or credit is allowed, including all receipts, cash, credits, and property of any kind or nature. However, "Gross Receipts" does not include cash discounts allowed or taken on sales, nor the amount of any sales or use tax required by law to be included in or added to the purchase price and collected from the consumer or purchaser and paid by CONCESSIONAIRE. In the event merchandise is taken in trade, "Gross Receipts" means the retail value of the merchandise sold, less the fair market trade-in allowance. When the traded merchandise is sold, "Gross Receipts" means the actual selling price less retail sales taxes. In the case of vending machines, "Gross Receipts" shall be the total amount taken by the vending machines, less all applicable sales tax, excise taxes, container deposits, spoilage, and CRV. The term "Gross Receipts" shall not include:

1. Receipts from the sale of waste or scrap materials resulting from the operation of CONCESSIONAIRE'S business;

 7. The amount of any discounts given to CONCESSIONAIRE'S employees;
 8. Receipts from the sale at cost of uniforms or clothing to CONCESSIONAIRE'S employees where such uniforms or clothing are required to be worn by said employees;
 9. Proceeds from any arbitration, lawsuit, judgment or settlement of a lawsuit or other dispute unless such receipts are otherwise expressly included in the definition of "Gross Receipts" or losses resulting from bad debt received from the consumers or purchasers.
 10. The cost or value of free meals given to employees of CONCESSIONAIRE pursuant to such employees' employment contracts. CONCESSIONAIRE shall not be credited with nor allowed to have any reduction in the amount of Gross Receipts, as herein defined, which results from any error in cash handling by CONCESSIONAIRE, or from any arrangement for a rebate, kickback, or hidden credit given or allowed to customer.

Within fifteen (15) days after the end of each calendar month, CONCESSIONAIRE shall pay CITY as the rental payment for such previous calendar month the percent of gross receipts received in said previous month.

E. Pro Rata Payment

If the execution or termination of the AGREEMENT falls on any date other than the first or last day of any calendar month, the applicable rental payment for said month, if it is based on a flat rate or a minimum rental, shall be paid by CONCESSIONAIRE to CITY pro rata in the same proportion that the number of days the AGREEMENT is in effect for that month bears to the total number of days in that month.

F. Late Payment Fee

Failure of CONCESSIONAIRE to pay any of the rental payments or any other fees, charges, or payments required herein on time is a breach of this AGREEMENT if not cured by CONCESSIONAIRE pursuant to Section 25, Termination. CITY expects all compensation to be paid on time and CONCESSIONAIRE agrees to pay on time. Payments postmarked after the due date will be considered late.

Without waiving any rights available at law, in equity or under the AGREEMENT, in the event of late or delinquent payments by CONCESSIONAIRE, the latter recognizes that CITY will incur certain expenses as a result thereof, the amount of which is difficult to ascertain. Therefore, in addition to monies owing, CONCESSIONAIRE agrees to pay the CITY a late fee set forth below to compensate CITY for all expenses and/or damages and loss resulting from said late or delinquent payments.

If the sums paid by CONCESSIONAIRE during said period total less than the Rental Guarantee of seventy percent (70%) of the total rent paid in the previous year, CONCESSIONAIRE shall remit to the CITY the under payment amount with the annual statement due on January 30th. The Rental Guarantee is subject to an unanticipated percentage decline in Observatory attendance, applied (as a percentage) to the 70% guarantee. Notwithstanding the expiration of the AGREEMENT, Rental Guarantee provision shall survive the expiration of the AGREEMENT and rental payment, if any due based on a pro-rata portion of an equal number of days operated by CONCESSIONAIRE compared to the previous year, shall be made on or prior to thirty (30) days after AGREEMENT expiration or termination.

SECTION 14. ADDITIONAL FEES AND CHARGES

If CITY pays any sum or incurs any obligations or expense which CONCESSIONAIRE has agreed to pay or reimburse CITY for, or if CITY is required or elects to pay any sum or to incur any obligations or expense by reason of the failure, neglect or refusal of CONCESSIONAIRE to perform or fulfill any one or more of the conditions, covenants or agreements contained in the AGREEMENT, or as a result of a negligent act or omission or willful act of misconduct of CONCESSIONAIRE contrary to said conditions, covenants and agreements, CONCESSIONAIRE agrees to pay to CITY the sum so paid or the expense so incurred, including all interest, costs, (including CITY'S 15% administrative overhead cost), damages and penalties. This amount shall be added to the rental payment thereafter due hereunder, and each and every part of the same shall be and become additional rental payment, recoverable by CITY in the same manner and with like remedies as if it were originally a part of the basic rental payment set forth in Section 13. Rental, hereof.

For all purposes under this section, and in any suit, action or proceeding of any kind between the parties hereto, any receipt showing the payment of any sum by CITY for any work done or material furnished shall be prima facie evidence against CONCESSIONAIRE that the amount of such payment was necessary and reasonable. Should CITY elect to use its own operating and/or maintenance personnel in making any repairs, replacements and/or alterations and to charge CONCESSIONAIRE with the cost of same, receipts and timesheets will be used to establish the charges, which shall be presumed to be reasonable in absence of contrary proof submitted by CONCESSIONAIRE. Receipts showing payments or, in the event that CITY uses its own resources to accomplish repairs, replacements, or alterations, timesheets and receipts, shall be presented to CONCESSIONAIRE ten (10) days prior to the amount being added to the following month's rental payment due.

CONCESSIONAIRE will be responsible to build-out (finish) the café and kitchen spaces (including seating/dining, furnishings, fixtures and equipment) in the amount, at minimum, of \$425,000.00.

CONCESSIONAIRE believes that \$425,000 is sufficient to complete all required capital improvements to the reasonable satisfaction of the GENERAL MANAGER, by September 15, 2006, or as approved by the GENERAL MANAGER. CITY shall hold CONCESSIONAIRE responsible for guaranteeing the completion of all required improvements, according to approved plans, regardless of cost, and the amount subject to buy-back is \$425,000 (in accordance with Section 4. Term of Concession Agreement, Renewal, and Concessionaire Capital INVESTMENT Buy-Back). Should the required improvements be completed to the reasonable satisfaction of the GENERAL MANAGER for less than \$425,000 in authorized costs, the balance shall be expended on other improvements at the PREMISES or environs as mutually agreed between CONCESSIONAIRE and

the GENERAL MANAGER over the original ten (10) year term of this AGREEMENT. If the CONCESSIONAIRE and GENERAL MANAGER do not mutually agree, CITY shall designate the improvements for which the remaining funds will be spent, and CITY'S decision shall be final, so long as the improvements benefit the CONCESSION.

If due to request of CITY additional improvements are required and approved beyond those proposed by CONCESSIONAIRE or related to minimum improvements, prior to performing additional work or adding to the INVESTMENT amount, the CITY and CONCESSIONAIRE shall meet and confer in good faith to amend the Agreement to increase the amount of INVESTMENT subject to Buy-Back.

When fully amortized, ownership to all improvements will revert to the CITY. Evidence of insurance shall be submitted to and approved by City Attorney and City Risk Manager prior to commencement of any work or tenancy under this AGREEMENT.

g. Severability of Interest

Except with respect to the insurance company's limits of liability, each liability insurance policy shall apply separately to each insured against who claim or suit is brought. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.

h. Acceptable Evidence

The appropriate CITY Special Endorsement forms are the preferred form of evidence of insurance. Alternatively, CONCESSIONAIRE may submit a certified copy of the policy or other evidence acceptable to the City Attorney and City Risk Manager containing language which complies with sub-paragraphs a. through g. above. CITY reserves the right at any time during the term of this AGREEMENT to change the amounts and types of insurance required hereunder by giving CONCESSIONAIRE ninety (90) days advance written notice of such change and said change is mutually agreed upon by CONCESSIONAIRE. If such change should result in substantial additional cost to CONCESSIONAIRE, CITY agrees to negotiate additional compensation proportional to the increased benefit to CITY.

The required coverages and limits are subject to availability on the open market at reasonable cost as determined by CITY. Nonavailability or nonaffordability must be documented by a letter from CONCESSIONAIRE'S insurance broker or agent indicating a good faith insurance and showing as minimum the names of the insurance carriers and the declinations or quotations received from each.

Within the foregoing constraints, CONCESSIONAIRE'S failure to procure or maintain

required insurance or a self-insurance program shall constitute a material breach of contract under which CITY may immediately terminate this AGREEMENT or, at its discretion, procure or renew such insurance to protect CITY'S interests and pay any and all premiums in connection therewith, and recover all monies so paid from CONCESSIONAIRE.

5. Underlying Insurance

CONCESSIONAIRE shall be responsible for requiring indemnification and insurance as it deems appropriate from its employees receiving mileage allowance, consultants, agents and subcontractor, if any, to protect CONCESSIONAIRE'S and CITY interest, and for ensuring that such persons comply with applicable insurance statutes. In the event said securities are to be converted to cash because of default, the BOARD may authorize and request the Treasurer to sell said securities on its behalf.

D. Maintenance of Deposit

Said bond shall be held by CITY during the entire term of the AGREEMENT. United States Government negotiable securities shall at all times have both a par value and a market value of not less than the amount specified in this AGREEMENT and, in the event the market value of said securities declines, CONCESSIONAIRE shall, upon written demand of the GENERAL MANAGER, within ten days of the mailing by the DEPARTMENT of such demand, pledge and furnish such additional United States Government negotiable securities with appropriate agreement of indemnity and deposit approved as to form and legality by the City Attorney, as may be necessary to maintain both a par and market value of securities on deposit of not less than the amount specified in this AGREEMENT. If such additional securities are not received by the DEPARTMENT within ten days after the mailing of written notice as stated above, all default provisions may be exercised at the discretion of CITY.

In the event of maturity of the securities prior to termination of the AGREEMENT for which they are deposited, the BOARD shall authorize and request the Treasurer to redeem the securities. The BOARD shall then use the proceeds of the redeemed securities to purchase a sufficient amount of United States Government negotiable securities to be at least equal as to both par and market value to the original amount of the deposit, and place them with Treasurer on receipt.

RECOMMENDATIONS

1. Accept the work performed by the Trust for Public Land (TPL), under Contract No. C-117818, for the Los Angeles River and Aliso Creek Confluence Park Project as outlined in the Summary of this Report;
2. Adopt the Resolution, herein included as Attachment 1, authorizing the acceptance of the donation of the subject property and funds; and,
3. Authorize the Board Secretary to furnish TPL with a Letter of Acceptance.

SUMMARY

The Los Angeles River and Aliso Creek Confluence Park Project (Project) is a multi-phased project for the development of a 1.8 acre park located adjacent to the Aliso Creek and Los Angeles River confluence in the community of Reseda. The Project is located on lands owned by the Los Angeles County Flood Control and the Department of Water and Power, which is currently leased to the Department of Recreation Parks (RAP) for public recreational purposes.

On May 17, 2010, the Board of Recreation and Park Commissioners (Board) approved a Donation Agreement (Contract No. C-117818 herein included as Attachment 2) between RAP and the Trust for Public Land (TPL), a non-profit organization, for the acquisition, development, and construction of new parks in Los Angeles (Report No. 10-121). On November 20, 2013, the Board approved the conceptual plan for the Project and the Third Amendment to the Donation Agreement (Report No. 13-291). The Third Amendment to the Donation Agreement (Attachment 3) included the revised Exhibit A of Contract No. C-117818 which effectively added the Project to the list of prospective park projects to be implemented by TPL. On January 21, 2015, the Board approved the final plans and specifications for the Project (Report No. 15-024).

BOARD REPORT

PG. 2 NO. 16-153

The approved scope of work for the Project included an approximately one half-mile of decomposed granite walking path, benches, shaded picnic areas, a low-maintenance and water-efficient demonstration garden, decorative gates, and educational and interpretive signs.

TPL started construction on the Project, on November 17, 2015. Construction is now one hundred percent (100%) complete. The total cost of the Project, inclusive of costs related to the design of the Project, was approximately One Million, Seven Hundred Five Thousand, Five Hundred Dollars (\$1,705,500.00). The design of the Project was funded by a Two Hundred Fifty-Five Thousand Dollar (\$255,000.00) grant to TPL from the Community Development Block Grant Program. The construction of the Project was funded by a One Million, Five Hundred Thousand Dollar (\$1,500,000.00) grant to TPL from the State of California Proposition 84 Urban Greening Grant Program.

Upon approval of this Report, RAP will furnish TPL with a Letter of Acceptance and TPL will furnish RAP with the all permits, drawings, operation and maintenance manuals, warranties and guarantees, and final as-built plan(s) for the Project.

An estimated Six Thousand, Six Hundred Seventy (6,670) City residents live within a one-half mile walking distance of the Project. Of those Six Thousand, Six Hundred Seventy (6,670) City residents, an estimated Two Hundred Ninety-Four (294) City residents did not previously have access to any improved green spaces or neighborhood parks within a one-half mile walking distance of their residence.

TREES AND SHADE

As a part of the Project, three 12-foot wide by 14-foot tall free-standing shade towers were installed. The shade towers are constructed of laser cut "Corten steel" trellis and galvanized steel posts and beams.

In addition, a total of forty-two (42) new trees were planted as a part of the Project. The specifics regarding the additional trees and shade are as follows:

- Nine (9) Coast Live Oak (*Quercus agrifolia*)
- Four (4) California Bay Laurel (*Umbellularia Californica*)
- Two (2) Mexican Elderberry (*Sambucus Mexicana*)
- Fifteen (15) Western Sycamore (*Platanus racemose*)
- Five (5) White Alder (*Alnus rhombifolia*)
- Two (2) Black Walnut (*Juglans californica*)
- Five (5) Toyon (*Heteromeles arbutifolia*)

BOARD REPORT

PG. 3 NO. 16-153

FISCAL IMPACT STATEMENT

The estimated annual maintenance costs for the park, including the costs for part-time staff, materials and supplies, will be approximately Thirty-Six Thousand, Five Hundred Ninety-Six Dollars (\$36,596.00).

This Report was prepared by Darryl Ford, Senior Management Analyst I, Planning, Construction and Maintenance Branch, Department of Recreation and Parks.

Resolution No. _____

DONATION AGREEMENT
FOR ACQUISITION, DEVELOPMENT AND CONSTRUCTION
OF
NEW PARKS IN CITY OF LOS ANGELES

This Donation Agreement for Acquisition, Development and Construction of New Parks in City of Los Angeles ("Agreement") is entered as of September 1, 2010 by and between The Trust for Public Land ("TPL"), a California non-profit public benefit corporation, and the City of Los Angeles acting by and through its Board of Recreation and Park Commissioners (RAP, and together with TPL, the "Parties" and each a "Party"), a California municipal corporation.

RECITALS

1. Whereas, TPL, through its Parks for People initiative seeks to build great parks which strengthen communities and which increase park access and related health benefits, particularly in areas which are under-served by existing parks and recreation facilities.
2. Whereas, RAP wants to see new parks (each a "Prospective Park") built by TPL, particularly in areas which are under-served by existing parks and recreation facilities, and RAP commits to maintaining such Prospective Parks and Improvements (defined below) once built, for the benefit of the community.
3. Whereas, this Agreement shall be subject to, and contingent upon, successful grant application(s) resulting in one or more grant agreements (each a "Grant Agreement") to award grant funds in support of the development and construction of recreational facilities and other improvements ("Improvements") to be built upon the prospective properties which are described in Exhibit A (each a "Prospective Property"), attached hereto, which list may be amended over time by the mutual written agreement of the Parties. The terms of this Agreement shall apply to each Prospective Property.

Where sufficient grants are successfully awarded, TPL shall coordinate the acquisition, development and construction of a Prospective Park on each Prospective Property. As indicated on Exhibit A, it is anticipated that certain of the Prospective Properties will be acquired by RAP or TPL who will acquire from the current landowner utilizing Quimby funds (each a "Quimby Funded Property") under the terms of this Agreement. For "Quimby Funded Properties," any Quimby funds being used for the acquisition of a Prospective Property will be deposited directly to

escrow. In the case of other Prospective Properties, Quimby funds would not be used for the prospective acquisition (each a "Non-Quimby Funded Property").

4. Whereas, TPL has been asked to partner with RAP to perform two distinct phases of work on the Property. Phase One, or the "Acquisition Phase," shall consist of RAP and/or TPL (i) performing due diligence on the Prospective Property, which may include title review, environmental assessment, and an appraisal (all due diligence will be shared between the two Parties); (ii) TPL negotiating and entering into an Option Agreement with the landowner ("Seller") for the acquisition of the Prospective Property; (iii) TPL identifying and applying for grant funding necessary, for acquisition, development and construction of the Prospective Property based upon the Prospective Property's appraised valuation and estimated cost of Improvements; and (iv) TPL exercising the Option and conveying the Prospective Property to RAP whether using Quimby or other grant funding sources to fund the Prospective Park's acquisition.

Phase Two, or the "Park Development Phase," shall consist of TPL (i) developing a conceptual plan for the Improvements, using the results of outreach to be performed by TPL in partnership with local community organizations and RAP; (ii) contracting for and overseeing the construction of the Improvements; and (iii) identifying and applying for any additional funding necessary for construction of Improvements to the Prospective Property. Should the Acquisition Phase not be successful then the Park Development Phase shall not be undertaken by TPL or RAP.

5. Whereas, upon execution of this Agreement, TPL shall seek to enter into an Option Agreement with Seller (the "Option") for each Prospective Property, which will give TPL the right to purchase the Prospective Property from Seller on the terms and conditions stated in the Option. TPL and RAP both recognize that the Prospective Property is not currently under option to TPL and that TPL cannot acquire the Prospective Property unless the Seller is willing to sell the Prospective Property for a purchase price that is no more than the Prospective Property's market value as determined by a funder-approved Appraisal (defined below).
6. Whereas, if TPL and Seller execute the Option and TPL is in position to exercise the Option, then RAP will take title to the Property. In no event will TPL be the owner or long - term steward of the Prospective Park. RAP shall take title immediately upon TPL's exercise of the Option and close of escrow on any Prospective Park, but shall allow TPL a right of entry to that Prospective Property to construct the Improvements.
7. Whereas, TPL expects that the Statewide Park Development and Community Revitalization Program of 2008 ("Proposition 84 Statewide Park Program") may be the best source of grant funds for the development and construction of the Improvements (and also for acquisition of Non-Quimby Funded Properties as indicated on Exhibit A), and RAP is aware of and willing to commit to the land tenure requirements of the program (as described in Exhibit B).

8. Whereas, this Agreement is intended to summarize the primary roles and responsibilities of TPL and the RAP towards the shared goal of getting Prospective Parks built. This Agreement also intends to highlight some of the contingencies that need to be satisfied in order to fulfill that objective. And TPL and RAP wish to enter into this Agreement to establish the terms whereby TPL and the RAP shall work together on both the Acquisition Phase and, if the Acquisition Phase is successful, the Park Development Phase.

Now therefore, in consideration of the mutual promises contained herein the parties agree as follows:

1. Grant Agreement(s). The Parties acknowledge that TPL's ability to acquire Prospective Properties, and to install the Improvements and to otherwise carry out its role as set forth in this Agreement is contingent upon grant money being awarded for the acquisition of Prospective Properties and installation of the Improvements. Accordingly, TPL will initially use its good faith efforts to apply for grants, and RAP shall use its good faith efforts to cooperate with TPL in the grant application process. TPL's present intention is to apply for those grants identified on Exhibit A opposite the respective Prospective Properties; if those grants are not awarded TPL will determine if other prospective funding sources may be available.
 - (a) Grant Applications. TPL shall lead the grant application process. RAP shall cooperate in the grant application process and shall have an opportunity to review and comment upon grant applications. RAP (subject to approval by the Board of Recreation and Park Commissioners) shall accept an assignment of any Grant Agreement related to the acquisition and development of the Prospective Properties and accept the Improvements. The grant applications shall make clear that RAP is or shall be the owner of the Prospective Property and will be the long-term steward of the Improvements after they are completed by TPL and the Contractor (defined below).
 - (b) Incorporation by Reference. The terms of TPL's acquisition of any Prospective Property and installation of the Improvements and payment therefore, shall be governed by the terms of this Agreement and any Grant Agreement for a Prospective Property. The terms of any such Grant Agreement are specifically incorporated into this Agreement by this reference. In the event of any conflict between the terms of any such Grant Agreement and the terms of this Agreement, the terms of the Grant Agreement shall control, then this Agreement.
 - (c) Land Tenure Requirement. RAP will be the long-term steward of the park site once the Improvements are built on the Prospective Property. RAP understands that grant funding will be sought from the Proposition 84 Statewide Park Program. Consistent with the remainder of this Section 1,

RAP explicitly recognizes that TPL will be relying upon RAP, as owner or future owner of the Prospective Property, to fulfill the twenty or thirty year land tenure requirement of long term stewardship of the Prospective Property and Improvements (if more than \$1,000,000 in Proposition 84 Statewide Park Program grant funds are awarded for a Prospective Property then the land tenure requirement is thirty years, otherwise it is twenty years). This twenty or thirty year land tenure requirement may be renewed by TPL or RAP, however this renewal clause shall be non-binding upon RAP unless RAP is willing to renew at the conclusion of the initial land tenure term requirement. Both Parties are willing to separately provide resolutions to the Proposition 84 Statewide Park Program to confirm their respective commitments under this Agreement. Specimens of the respective resolutions of TPL and RAP are attached hereto as Exhibits D and E, and each will be adopted by the respective board in substantially that form before the Proposition 84 Statewide Park Program grant applications are submitted for any Prospective Park. The land tenure form and details of the land tenure requirement are attached hereto as Exhibit B. More information is set forth online at: http://www.parks.ca.gov/?Page_id=26025 and http://www.parks.ca.gov/pages/1008/files/spp_application_guide_2009.pdf.

2. Term. The term ("Term") of this Agreement shall commence upon full execution and delivery hereof by the parties hereto ("Effective Date"). Except those provisions which are explicitly stated survive the termination of this Agreement, the Term, with respect to any particular Prospective Property, shall expire on the date upon which RAP, subject to final acceptance and approval of the Improvements by the Board of Recreation and Park Commissioners, executes a letter accepting the Improvements as described in Section 18 below, or upon such earlier date as RAP or TPL terminates this Agreement in accordance with Section 22 below. RAP is aware that, pursuant to the terms of the Grant Agreement, the Improvements must be completed by TPL and accepted by RAP prior to expiration of any performance period specified in any Grant Agreement, and RAP shall cooperate with TPL in fulfilling its review, approval and acceptance obligations under this Agreement in a timely fashion in order to allow construction and acceptance of the Improvements to be completed within any performance period specified in any Grant Agreement. The Term may also effectively end, with respect to any particular Prospective Property where either (i) the Seller is not willing to sell, or (ii) for which TPL, despite its good faith efforts, is unable to secure adequate grant funding. So long as the Parties are pursuing at least one Prospective Property (including any Prospective Property subsequently added to Exhibit A by the mutual written agreement of the Parties), the Term shall continue with respect to such Prospective Property.
3. Environmental Assessment. Assuming an Option is executed, TPL or RAP shall select, hire, and instruct an environmental site assessor, who is acceptable to RAP, to prepare an environmental assessment of the soils, waters, and any improvements on the Prospective Property. Each Party will provide the other Party with a copy of any Environmental Assessment such Party contracts for and each

Party will be contractually entitled to rely upon any Environmental Assessment that the other Party obtains.

4. Appraisal. Assuming an Option is executed, TPL or RAP will select, hire, and instruct a private state-licensed appraiser, who is acceptable to RAP and to any public agency or third party providing funding to Buyer or the Public Agency ("Funding Parties"), to prepare a full narrative report appraisal ("Appraisal") of the Property's fair market value. Each Party will provide the other Party with a copy of any Appraisal such Party contracts for and each Party will be contractually entitled to rely upon any Appraisal that the other Party obtains.
5. Purchase of the Property and Transfer to RAP. In accordance with the terms of the Option Agreement and the Grant Agreements, TPL shall purchase the Property from Seller at its appraised market valuation using Grant Agreement funds and then immediately convey the Property to RAP.
6. Grant-writing. TPL will coordinate grant-writing responsibilities with RAP to attempt to raise the funds necessary to cover the full cost of the Acquisition Phase and Park Development Phase for each Prospective Property.
7. Outreach. TPL, working closely with RAP and local community based organizations, shall conduct public workshops and/or other community outreach efforts designed to ascertain the needs of community members in the area surrounding the Property ("Outreach"). TPL shall use the results of the Outreach to develop a conceptual plan for the Improvements.
8. Development of Plans and Specifications. TPL, at its own expense and at no cost to RAP, shall develop a conceptual plan for the Improvements that is consistent with both (i) the terms of the Grant Agreement(s) and (ii) the desires of RAP, local community-based organizations, and the community as a whole as gleaned through TPL-sponsored public workshops and other community outreach efforts. Following RAP's review and TPL's receipt of written approval of the conceptual plan, TPL shall prepare detailed final plans and specifications ("Plans and Specifications"), for RAP's review and approval. TPL will provide two (2) sets of the Plans and Specifications to RAP signed by a licensed landscape architect. TPL shall submit the Plans and Specification for approval by the Board of Recreation and Parks Commissioners.
9. Right of Entry. During the Term, as soon as RAP owns the Prospective Property, RAP shall allow TPL, its employees and agents, full and unrestricted access to the Prospective Property at no cost to TPL to install the Improvements. During the Term, RAP gives TPL full authority to construct, operate, and maintain the project of installing the Improvements on the Prospective Property in accordance with the Plans and Specifications and the terms of any Grant Agreements.

10. Selection of a Contractor; Installation of the Improvements. TPL will select a contractor ("Contractor") to construct and install the Improvements in accordance with the Plans and Specifications and the terms of any Grant Agreement, including any performance period for installation of the Improvements specified in any Grant Agreement. TPL shall require its contractor to provide a performance bond in the amount of 100% of the contract amount and in a form acceptable to RAP to ensure the completion of the Improvements.
11. Payments. TPL will be fully responsible for all payments to the Contractor and all other contractors and subcontractors at no cost to RAP, in accordance with the terms of any Grant Agreement. During the Term of this Agreement, the real property underlying each Prospective Property shall not be used as security for any loans or mortgages or otherwise have any liens, encumbrances, or stop notices placed on it. By way of specification without limitation, TPL shall keep each Prospective Property free from any liens, encumbrances, or stop notices arising out of work performed, materials furnished, or obligations incurred by TPL and shall indemnify, hold harmless and defend RAP from any liens, encumbrances, and stop notices arising out of any work performed or materials furnished by or at the direction of TPL. In the event that TPL shall not, within thirty (30) calendar days following the imposition of any such lien, cause such lien, encumbrance, or stop notice to be released of record by payment or posting of a proper bond, RAP shall have in addition to all other remedies provided herein and by law, the right, but no obligation to cause, upon five (5) business days prior written notice to TPL, the same to be released by such means as it shall deem proper, including payment in satisfaction of the claim giving rise to such lien encumbrance, or stop notice. All such sums paid by RAP and all expenses incurred by it in connection therewith, including costs and attorneys' fees, shall be paid by TPL to RAP on demand
12. Construction Management. If no professional construction management firm is hired, TPL and Contractor will provide general management of construction activity, including but not limited to scheduling construction activity, insuring construction meets Plans and Specifications, conducting progress meetings, providing meeting minutes and coordinating communications between all parties. RAP staff will participate in the scheduled progress meetings to keep abreast of construction activity and to ensure that work follows approved Plans and Specifications.
13. Construction Inspections. RAP or its designee will conduct on-site construction inspections and approvals, per a pre-determined schedule of critical work, to ensure that construction of the Improvements is in conformance with the Plans and Specifications. Upon substantial completion, RAP or its designee's staff will prepare a punch list ("Punch List"), which will need to be completed by Contractor prior to receiving Final Acceptance pursuant to Section 17.
14. Permits and Fees for Construction Events. Whenever permits, permit fees or any other fees (collectively, "Fees") are due to be paid to any agency of the City or County of Los Angeles in connection with the construction or opening celebration of

the Improvements, TPL shall pay (and/or obtain a waiver from the City or County of Los Angeles) of all such Fees. TPL shall respond to all requests for Fees by obtaining the permits and paying and/or obtaining a waiver of the Fees within fifteen (15) calendar days of receipt of such requests.

15. Indemnification.

- (a) During the Term of this Agreement, with respect to each Prospective Park which RAP owns, until the issuance by RAP of the Acceptance Letter pursuant to Section 17 of this Agreement, TPL shall indemnify and save harmless RAP, its officers, agents and employees from any and all loss, expense, damage, injury, liability and claims thereof for injury to or death of a person or loss of or damage to property, resulting directly or indirectly from any activity or use under this Agreement, regardless of the negligence of RAP or whether liability without fault is imposed or sought to be imposed on RAP, except to the extent that such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of RAP, its officers, agents or employees. The indemnity obligations described in this Section 15(a) shall survive expiration of this Agreement. In addition to TPL's obligation to indemnify RAP, TPL specifically acknowledges and agrees that it has an immediate and independent obligation to defend RAP from any claim that actually or potentially falls within this indemnification provision.
- (b) Following issuance by RAP of the Acceptance Letter pursuant to Section 17 of this Agreement, RAP shall indemnify and save harmless TPL and its officers, agents and employees from any and all loss, expense, damage, injury, liability and claims thereof for injury to or death of a person or loss of or damage to property, resulting directly or indirectly from any activity or use under this Agreement, regardless of the negligence of TPL or whether liability without fault is imposed or sought to be imposed on TPL, except to the extent that such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of TPL, its officers, agents or employees. The indemnity obligations described in this Section 15(b) shall survive expiration of this Agreement. In addition to RAP's obligation to indemnify TPL, RAP specifically acknowledges and agrees that it has an immediate and independent obligation to defend TPL from any claim that actually or potentially falls within this indemnification provision.

16. Insurance. During the Term, TPL shall maintain the insurance coverage required under any of the Grant Agreements. In addition the general liability and automobile liability policies of such coverage shall contain, or be endorsed to contain, the following provisions:

- (a) The RAP, its officers, agents and employees shall be covered as additional insured with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of TPL during the Term; and with respect

to liability arising out of work or operations performed by or on behalf of the TPL during the Term, including materials, parts or equipment furnished in connection with such work or operations.

- (b) For any claims related to this agreement, TPL's insurance coverage shall be primary insurance with respect to RAP, its officers, agents and employees.
 - (c) Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under Subdivision (b) of Section 2782 of the Civil Code.
 - (d) TPL shall in all instances require its contractors to name RAP as additionally insured.
17. Final Acceptance. Upon notice from TPL that the Improvements on any Prospective Park have been installed in accordance with the Plans and Specifications, RAP or its designee shall, within fifteen (15) working days of such notice, perform a final inspection; provided, however, that TPL shall not deliver such notice to RAP until TPL has: (1) obtained all necessary regulatory approvals, (2) submitted to RAP the completed Punch List prepared by RAP or its designee pursuant to Section 13, (3) submitted to RAP the waivers and releases and assignments required under Sections 18 and 19 of this Agreement. If RAP's final inspection discloses any deficiencies, RAP shall prepare a new Punchlist for completion by TPL and Contractor. Upon RAP's inspection and decision to accept the work, RAP will submit the project to the Board of Recreation and Park Commissioners for final approval and acceptance. Upon this approval, RAP shall prepare a letter of final acceptance (the "Acceptance Letter") addressed to TPL. Upon receipt of the Acceptance Letter, TPL shall immediately remove all of its property from the Prospective Property and shall repair, at TPL's cost, any damage to the Prospective Property caused by such removal or caused by TPL's construction activities on the Prospective Property. Following delivery of the Acceptance Letter, RAP shall provide TPL with a Resolution from RAP the Board of Recreation and Parks Commissioners accepting the Improvements as a "gift-in-place" from TPL. Prior to delivery by RAP of (1) the Acceptance Letter to TPL, and (2) the Assignment and Assumption of Grant Agreement(s) detailed in Section 19 below, RAP shall not allow public use of the Prospective Property or Improvements.
18. Assignment and Assumption of Grant Agreement(s). Some obligations of the Grant Agreement(s), e.g., provisions pertaining to accepted uses and maintenance of the Prospective Property, extend beyond installation of the Improvements by TPL and acceptance thereof by RAP. Accordingly, RAP's delivery of the Acceptance Letter shall also constitute RAP's assumption and acceptance of TPL's obligations as grantee of any Grant Agreement. Specifically, and without limitation, RAP shall thereupon assume and accept the obligations of any Grant Agreement pertaining to use and maintenance of the Prospective Property and Improvements and the land

tenure requirements discussed in Section 1(c) above, if a Proposition 84 Statewide Park Program Grant Agreement is awarded for installing Improvements on the Prospective Property. TPL and RAP each agree to execute any assignment and assumption of any Grant Agreement once RAP has delivered the Acceptance Letter to TPL.

19. Delivery of Improvements. Following Final Acceptance by RAP, TPL shall deliver the Improvements free of all liens, easements or potential claims and shall provide RAP fully executed waivers and releases from the Contractor and all other contractors and subcontractors of all claims against RAP, its employees and agents. TPL shall assign to RAP any warranties or guaranties attendant or concomitant to its contracts with the Contractor and any other contractors and subcontractors. TPL shall also assign to RAP the right to any available remedies for latent defects. TPL shall deliver as-built drawings that are marked-up on hard copy of construction drawings, operating manuals, all warranties and any additional requirements as outlined in the Plans and Specifications.
20. Signage. RAP agrees that TPL shall have the right to erect informational plaques or signs on the Prospective Property, detailing proper use of Improvements and acknowledging the contributions of TPL, the grantors under any Grant Agreements, and community based organizations, subject to the prior approval of RAP and contingent upon the receipt of all necessary approvals pursuant to normal RAP procedures. Signage shall be installed by TPL during installation of the Improvements or by RAP following Final Acceptance, in accordance with the requirements of any Grant Agreement. The Board of Recreation and Park Commissioners shall have the sole right to name the Prospective Parks according to its naming policy.
21. Publicity. RAP and TPL agree to cooperate and coordinate with respect to the nature, text, and timing of any press release or public announcement(s) concerning the existence of this Agreement, the acquisition of any Prospective Park, or construction of any Improvements except as may be legally required by applicable laws, regulations, or judicial order. RAP agrees to notify TPL in writing of any press release, public announcement, or marketing of the Prospective Parks. Moreover, to the extent stipulated in any Grant Agreement, RAP shall duly notify any grantors prior to any public or media events publicizing the accomplishments funded by any Grant Agreement, and provide the opportunity for attendance and participation by grantors representatives. Similarly, any document, written report, or brochure prepared in whole or in part pursuant to installation of the Improvements shall contain any acknowledgements required under any Grant Agreement.
22. Termination. Any failure to perform or comply with any of the terms, covenants, obligations, conditions or representations made under this Agreement shall constitute an event of default ("Event of Default"), provided that TPL shall have a period of 15 business days from the date of written notice from RAP of such failure within which to cure such default under this Agreement, or, if such default is not

capable of cure within such 15-day period, TPL shall have a reasonable period of time to complete such cure if TPL promptly undertakes action to cure such default within such 15-day period and uses its best efforts to complete such cure within 60 calendar days after receipt of notice of default. Upon occurrence of an Event of Default by TPL, RAP shall have the right, in its sole discretion, to seek enforcement of the terms and conditions of this Agreement, to terminate this Agreement or to exercise any of its rights or remedies available at law or in equity.

TPL shall have the right to terminate this Agreement, with respect to any Prospective Property, if, despite TPL's good faith efforts, (i) TPL is unable to secure grant funding for the installation of the development and construction of the Improvements on the Prospective Property; or (ii) the Seller is unwilling to sell the Prospective Party.

If TPL successfully completes the installation of the Improvements on a Prospective Property and receives the Acceptance Letter from RAP then this Agreement shall specifically not be terminable by RAP with respect to any continuing obligations of RAP, as successor grantee, under any Grant Agreements, including the land tenure requirement if a Proposition 84 Statewide Park Program Grant Agreement is in place.

23. Use and Maintenance of Prospective Property and Improvements. RAP may only use the Prospective Property and Improvements in a manner which is consistent with the terms of any Grant Agreement, and RAP assumes the obligations for use and maintenance of the Prospective Property and the Improvements for the time and in the manner specified in any Grant Agreement. RAP shall make no other use or sale or other disposition of the Prospective Property, except as authorized by any Grant Agreement. This Agreement shall not prevent the transfer of the property from RAP to another public agency, if the successor public agency assumes the obligations imposed by any Grant Agreement to the satisfaction of the grantor.
24. Memorandum of Grant Agreement. To the extent required under the terms of any Grant Agreement, RAP agrees to execute (with notarized signatures) and deliver to TPL an original memorandum or notice of any such Grant Agreement. TPL may record any such memorandum or notice of Grant Agreement in the Official Records of Los Angeles County, California.
25. CEQA Compliance. RAP shall work with TPL to provide an Environmental Compliance Certification Form, in the form of Exhibit C, which certifies the Project is exempt or in compliance with the California Environmental Quality Act (CEQA) and/or the National Environmental Policy Act (NEPA). TPL shall be responsible for all costs associated with the completion of said process.

26. Miscellaneous.

- (a) This Agreement may be amended or modified only in a writing signed by TPL and RAP. This Agreement may be signed in counterparts.
- (b) This Agreement (including the Exhibits hereto, which are incorporated herein by reference) contains the entire understanding between the parties as of the date of this Agreement, and all prior written or oral negotiations, discussions, understandings and agreements are superseded by this Agreement.
- (c) All actions described herein including but not limited to the construction of the Improvements on the Prospective Property as permitted herein, are subject to and must be conducted and accomplished in accordance with the applicable requirements of the City and County of Los Angeles's charter, its municipal code and applicable state and federal laws, building codes and regulations.

Except as expressly provided to the contrary, all approvals, consents and determinations to be made by RAP hereunder may be made by General Manager of RAP or his or her designee in his or her sole and absolute discretion.

IN WITNESS WHEREOF, the parties have caused this Donation Agreement for Acquisition, Development and Construction of the New Parks in City of Los Angeles to be executed as of the date first written above.

Exhibit B Land Tenure Requirements

Land Tenure Requirement

For PROJECT property that is owned by or leased to the APPLICANT, either #1, #2, #3, or #4 below must be provided to meet the land tenure requirement.

The purpose of the land tenure requirement in #1 below is to verify that the APPLICANT owns the PROJECT SITE. If the APPLICANT does not have ownership, adequate tenure is verified by meeting the requirements in #2, #3, or #4 below.

The land tenure requirements below are not required for ACQUISITION.

1. If the PROJECT site is owned in fee simple by the APPLICANT:
 - Provide a copy of the deed, or the deed recordation number, or a title search, or a current county assessor's parcel map showing that the APPLICANT is the land owner.
2. If the PROJECT site is not owned in fee simple by the APPLICANT, and the APPLICANT and land owner have a land tenure agreement that meets all of the requirements shown on the Land Tenure Form (page 23):
 - A. Provide the Land Tenure Form (page 23). The Form lists the land tenure agreement requirements between the APPLICANT and the land owner.
 - B. Provide a copy of the land tenure agreement between the APPLICANT and the land owner, such as the lease, joint powers agreement, easement, memorandum of understanding, or other document, and highlight the sections that meet the requirements listed in the Land Tenure Form.
3. If the PROJECT site is not owned in fee simple by the APPLICANT and the APPLICANT cannot meet the 20 or 30 year term requirement as described in the "Term of Agreement" item in the Land Tenure Form (page 23).

If an APPLICANT cannot meet the 20 or 30 year term requirement at the time of APPLICATION, provide:

- A and B as explained in #2 above, and the following:
- a letter from the landowner which:
 - States the landowner's policy prohibiting long term land tenure agreements.
 - Describes the long standing use of the property by the APPLICANT.
 - States a commitment to continue to renew the land tenure agreement with the APPLICANT in incremental periods to satisfy the 20 or 30 year land tenure term requirement, absent any unforeseen circumstances.
- A letter from the APPLICANT signed by its AUTHORIZED REPRESENTATIVE which:

- Agrees to renew the land tenure agreement with the landowner in incremental periods to satisfy the 20 or 30 year land tenure term requirement.

DPR expects the GRANTEE to fully comply with the Use of Facilities terms of the CONTRACT (see the CONTRACT provisions in the GRANT ADMINISTRATION GUIDE). If the landlord does not renew a lease, and the GRANTEE cannot comply with the time period stated in the CONTRACT, DPR may hold the GRANTEE in breach of CONTRACT.

4. If the PROJECT site is not owned in fee simple by the APPLICANT and the land tenure agreement is not signed at the time of APPLICATION:

When an APPLICANT does not have a signed land tenure agreement at the time of APPLICATION, provide:

- A and B as explained in #2 above, and letters from the APPLICANT and the landowner in which each commits to sign the proposed land tenure agreement should the GRANT be awarded.

If OGALS sends a letter at the end of the competitive process stating that the GRANT will be awarded, the APPLICANT must send a signed land tenure agreement to OGALS before the GRANT CONTRACT can be signed by DPR.

THIRD AMENDMENT TO DONATION AGREEMENT

THIS THIRD AMENDMENT TO DONATION AGREEMENT ("Third Amendment") is made and entered into as of this _____ day of _____, 20____ by and between the City of Los Angeles ("CITY"), a municipal corporation, acting by and through its Board of Recreation and Park Commissioners ("Board") and the TRUST FOR PUBLIC LAND ("TPL"), a California non-profit public benefit corporation, (herein collectively referred to as the "Parties" and each a "Party").

RECITALS

- A. Whereas, the Parties have entered into that certain Donation Agreement dated September 1, 2010 ("Donation Agreement") pursuant to which the Parties summarized the primary roles and responsibilities of TPL and RAP towards their shared goal of getting Prospective Parks built, as more particularly described in the Donation Agreement. (All capitalized terms not otherwise defined herein shall have the same meaning ascribed to them in the Donation Agreement, as amended.)
- B. Whereas, the Parties have entered into that certain Amendment dated as of October 24, 2012 ("Amendment") pursuant to which the Parties revised Exhibit A of the Donation Agreement in order to add two (2) additional park acquisition and/or development projects to the list of prospective properties.
- C. Whereas, the Parties have entered into that certain Second Amendment dated as of October 24, 2012 ("Second Amendment") pursuant to which the Parties revised Exhibit A of the Donation Agreement in order to add one (1) additional park acquisition and/or development project to the list of prospective properties.
- D. Whereas, Parties now desire to amend the Donation Agreement a third time to revise Exhibit A in order to add the Aliso and Los Angeles Confluence Park Project in the list of Prospective Park Project to be implemented by TPL under the Donation Agreement.
- E. Whereas, this Third Amendment shall modify the Donation Agreement but only with respect to the addition of the Aliso and Los Angeles Confluence Park Project to the Donation Agreement as an additional Prospective Property as defined in the Donation Agreement even though the funding for that park is neither uncertain, nor coming from the sources contemplated in the Donation Agreement (i.e., Quimby and Proposition 84 Statewide Park Program a/k/a AB31 funding), and even though RAP will not ultimately own fee title to Aliso and Los Angeles Confluence Park Project. In other words, the relationship between TPL and RAP with respect to their respective responsibilities shall be as similar as possible to what is contemplated in the Donation Agreement, despite the differences which are specific to the Aliso and Los Angeles Confluence Park Project.

- F. Whereas, there shall be no Acquisition Phase, rather RAP intends to enter into a twenty-five (25) year "Lease Agreement" with the Los Angeles Department of Water and Power ("LADWP") and a twenty-five (25) year "Use Agreement" with the Los Angeles County Flood Control District ("LACFCD"). Collectively, LADWP and LACFCD own all of the underlying Aliso and Los Angeles Confluence Park property (collectively, the "Confluence Property").
- G. Whereas, RAP is aware of and willing to undertake the Land Tenure requirements for the maintenance of the Improvements which TPL installs on the Confluence Property, to the extent that they are required by the funding sources identified to date.
- H. Whereas, the Park Development Phase for the Aliso and Los Angeles Confluence Park Project shall consist of TPL (i) developing a conceptual plan for the Improvements, using the results of outreach to be performed by TPL in partnership with local community organizations, funders, and RAP; (ii) contracting for and overseeing the construction of the Improvements; and (iii) identifying and applying for any additional funding necessary for construction of Improvements to the Confluence Property.
- I. Whereas, this Third Amendment is intended to place the Aliso and Los Angeles Confluence Park project within the well-established framework of the Donation Agreement within which the primary roles and responsibilities of TPL and the RAP are well-defined towards meeting the shared goal of getting all Prospective Parks built and maintained and TPL and RAP wish to enter into this Third Amendment.

NOW, THEREFORE, in consideration of the foregoing, and of the conditions, terms, covenants and agreements set forth herein and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree that the Donation Agreement is amended as follows:

1. Exhibit A. Exhibit A of the Donation Agreement is hereby amended and restated with the following which both adds a new project for which funding has already been secured and also updates the status of the original projects for which funding was sought in 2010, 2011, and 2012:
2. Intention to Read Agreement Broadly re Aliso and Los Angeles Confluence Park Project. The parties further agree that the Donation Agreement, as amended by this Third Amendment, shall be interpreted in a broad and fluid fashion in order to incorporate Aliso and Los Angeles Confluence Park Project into the list of Prospective Parks under the Donation Agreement despite the differences between that Prospective Park and other Prospective Parks both as set forth above and otherwise. The intention is that the broad responsibilities set forth in the Donation Agreement be applied to the Aliso

and Los Angeles Confluence Park Project meaning in short that TPL shall seek funding and install Improvements, and RAP shall subsequently maintain those Improvements.

3. Counterparts. This Third Amendment may be executed in several counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be one and the same instrument when each party has signed one such counterpart. This Third Amendment may be executed and delivered to the other party by facsimile transmission and a facsimile signature shall have the same legal effect as an original signature.
4. Entire Agreement. The Donation Agreement, as amended by this Third Amendment, constitutes the full and complete agreement and understanding between the Parties and shall supersede all prior communications, representations, understandings or agreements, if any, whether oral or written, concerning the subject matter contained in the Donation Agreement, as so amended, and no provision of the Donation Agreement, as so amended, may be modified, amended, waived or discharged, in whole or in part, except by a written instrument executed by the Parties.
5. Force and Effect. Except as modified by this Third Amendment, the terms and provisions of the Donation Agreement are hereby ratified and confirmed and are and shall remain in full force and effect. Should any inconsistency arise between this Third Amendment and the Donation Agreement as to the specific matters which are the subject of this Third Amendment, the terms and conditions of this Third Amendment shall control. This Third Amendment shall be construed to be a part of the Donation Agreement and shall be deemed incorporated in the Donation Agreement by this reference.

IN WITNESS WHEREOF, the Parties have executed this Third Amendment as of the date first set forth above.

SUMMARY

Pershing Square Park is one of the City of Los Angeles RAP's oldest parks. Park operations are funded by parking garage revenues. The Pershing Square Parking Garage (Garage) is a three-story underground public parking facility, located directly under Pershing Square Park. The Garage, constructed in 1950, was leased for fifty (50) years to a private operator. In September 2000, at the end of the long-term lease, RAP assumed self-operation of the Garage.

The Department of General Services (GSD), under a Memorandum of Understanding with RAP, carries out daily garage management and operations. In addition to funding Garage operations, Garage revenues (Revenues) provide enhanced funding for park maintenance, park programs, and special events, security in the Downtown/Metro area and capital improvements. Revenues also provide funding for youth programming for youth and families within a five-mile radius of Pershing

Square Park.

RAP staff is proposing to establish a new Special Fund for Pershing Square Park and Garage in order to capture all financial transactions in one separate fund. Currently, revenue and expenditures are recorded in separate funds. The establishment of this Special Fund will allow RAP to more clearly monitor the financial performance of the Pershing Square Park and Garage.

A description of the new accounts is outlined below:

1. Pershing Square Park Operations – A Pershing Square Park Operations Account will be established to deposit all revenue generated by the Pershing Square Park. Salaries, supplies, services and other related expenses will be expended from this account for Pershing Square Park operations and programming.
2. Pershing Square Parking Garage Operations – A Pershing Square Parking Garage Operations Account will be established to deposit all revenues generated by the Pershing Square Parking Garage. Salaries, supplies, services and other related expenses will be expended from this account for Pershing Square Parking Garage operations.
3. Pershing Square Parking Garage and Park Operations Emergency Contingency – A Pershing Square Parking Garage and Park Operations Emergency Contingency Account will be established to provide interim funding for both Garage and Park operations in the event of unexpected needs, problems and emergencies.
4. Pershing Square Capital Improvements – A Pershing Square Capital Improvement Account will be established to collect and record transactions related to capital improvements for both the Pershing Square Park and the Garage.
5. Pershing Square Project Renew – Environmental, Design, and Construction – A Pershing Square Project Renew Account will be established to collect and record transactions related to Pershing Square Project Renew.

Sub-Accounts will be established to capture more detailed information on an as-needed basis.

FISCAL IMPACT STATEMENT

Establishment of this Special Fund will have no negative impact on RAP's General Fund.

BOARD REPORT

PG. 2 NO. 16-155

SUMMARY

For the last several years, RAP has played a supportive role in the implementation of the Summer Night Lights Program (SNL) as developed and overseen by the Office of the Mayor (Mayor). SNL provides enhanced programming for economically disadvantaged neighborhoods during the summer months. RAP has largely provided maintenance services, opened up our facilities for use by SNL and performed other supportive tasks. In preparation for the SNL program during the Summer of 2015, the Mayor requested that RAP assume the duties of "the Fiscal Agent" for SNL. This involved assisting in the hiring and payment of all the part-time staff to be used in SNL, purchasing of materials and procuring the services of specialized artists/instructors to offer classes to patrons at SNL sites. RAP will continue in its role as Fiscal Agent for SNL for the Fiscal Year 2016-17.

For Fiscal Year 2016-17, funds in the amount of \$1,688,000 were placed in the General City Purposes (GCP) Account, to reimburse RAP for performing its Fiscal Agent duties. This Report requests that the Board approve the appropriation of the funds from the GCP into various accounts, and authorize RAP staff to encumber and pay specialized artists/instructors for services provided to the SNL and other various programs.

FISCAL IMPACT STATEMENT

Establishment of this special fund will have no negative impact on RAP's General Fund.

2. Authorize an encumbrance of funds and payments in the amount of not to exceed Ninety-Five Thousand Dollars (\$95,000.00) to Waterline Technologies, Inc. from Fund 302, Department 88, Contractual Services Account 3040 for summer season pool maintenance services retroactive from July 1, 2016 through September 30, 2016; and
3. Authorize the Department of Recreation and Parks' Chief Accounting Employee to make technical corrections as necessary to carry out the intent of this Report.

SUMMARY

The Department of Recreation and Parks (RAP) has an urgent need for outsourced pool maintenance services during the summer season from July 1, 2016 through September 30, 2016 as a result of shortage of department mechanical staff. RAP has lost 50% of its full-time pool maintenance staff, primarily Mechanical Repairers, due to retirements, promotions and transfers. RAP has not been able to fill the vacant positions pending City's eligible list for the Mechanical Repairer Class. A test for this class was given by the Personnel Department in May 2016. Until RAP is able to recruit and train the mechanical staff, RAP needs to outsource the necessary services in order to properly maintain public swimming pools for the preservation of public health and safety and for providing relief to the public. The need is pressing particularly during the summer season when the public pools are in high demand.

RAP traditionally uses in-house crew for pool maintenance and does not have existing contracts for these types of services. As time is of the essence, staff recommends the following two vendors to provide the temporary as-needed pool maintenance services:

Waterline Technologies, Inc.

Knorr Systems, Inc. and Waterline Technologies, Inc. both have a history with RAP's pool maintenance crew performing sub-contracted services and repairs for swimming pools and splash pads including circulation systems, filtering systems, heating, and chemical controllers. Both have performed maintenance and repairs to equipment with satisfactory results. Additionally, both vendors have worked on multiple RAP's capital projects as sub-contractors with the Department of Public Works, Bureau of Engineering. Both have the capacity to provide the needed services immediately that include, but not limited to the following:

- Maintain, test and balance chemicals and water quality in accordance to Los Angeles County guidelines.
- Monitor, inspect, trouble shoot and maintain pool related equipment.
- Report status, repairs, part failures and related findings to RAP staff.
- Provide after hour emergency responses.
- Provide any other pool maintenance related services as requested by RAP.

All vendors' work will be assigned and approved by RAP staff on an as-needed basis during the summer season from July 1, 2016 through September 30, 2016. The compensation ceiling is Ninety-Five Thousand Dollars (\$95,000.00) for each vendor. Both must have valid City Business Tax Registration Certificate, provide sufficient insurance coverage, and be in compliance with other applicable City requirements.

FISCAL IMPACT STATEMENT

Funding for the pool maintenance services is available in Fund 302, Department 88, Contractual Services Account 3040 for Fiscal Year 2016-17.

RECOMMENDATIONS

1. Find, in accordance with Charter Section 1022, that the Department of Recreation and Parks (RAP) does not have, available in its employ, personnel with sufficient time or necessary expertise to perform athletic surface inspections, testing and other related services, and it is more feasible, economical and in the RAP's best interest, to secure these services by contract to perform this work as-needed and on an occasional, but frequent basis, without engaging in a new open competitive bidding process for each individual project to be performed;
2. Find, in accordance with Charter Section 371(e)(2) and Los Angeles Administrative Code Section 10.15(a)(2), that a competitive bidding is not practicable or advantageous as it is necessary for RAP to be able to call on contractors to perform this work as-needed and on an occasional, but frequent, basis without engaging in a new competitive process for each individual project to be performed; however, from among as-needed contractors each individual project is assigned on the basis of availability of an as-needed contractor to perform the work, the price to be charged and the unique expertise of the as-needed contractor;
3. Find, in accordance with Charter Section 371(e)(10), that use of competitive bidding would be undesirable, impractical or impossible or is otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by RAP to provide athletic surface inspections, testing and other related services;
4. Find, in accordance with Charter Section 372, that obtaining competitive proposals or bids for each individual project for which work may be performed pursuant to this is not

reasonably practicable or compatible with RAP's interests of having available as-needed contractors who are assigned various projects on the basis of availability, price, and expertise, and that it is therefore necessary to have several as-needed contractors for this type of service available when called upon by RAP to perform services;

5. Approve the selection process for the selection of qualified firms;
6. Approve the proposed contract (Contract), herein included as Attachment 3, between the City of Los Angeles and DMA Sports Design Group, L.L.C, for as-needed athletic surface inspection, testing and related professional services for a three-year contract, specifying the terms and conditions, subject to approval of the Mayor and the City Attorney as to form;

Bidder must provide copies of at least five (5) reports associated with the listed projects.
 - c) Bidder must have inspected and provided a final report certifying that all ten field projects were safe for play.
- 5) Bidder must be a current member of the Sports Turf Managers Association (STMA). Bidder must provide evidence of their current membership affiliation.

The bidder was required to provide bid prices on the "Bid Sheet" located on pages 19 and 20 of the RFB package. These bid prices are provided on Exhibit "A" of this Report. Because there was only one bid provided in this bid process, Staff does not have a low bidder determination. Because there is only one bid submittal, Staff needed to performed a market research analysis to determine whether the current bid met market pricing for the same services provided. Based on Staff's market research, the bid prices for line items 1-8 were equal or below market pricing. Bid line items 9-13 were more difficult to determine due to the complexity of the bundled services requested (i.e. various testing, inspections, plans and specification review/ approvals and attendance of five or more project meetings), complicated the market analysis. Most testing laboratories do not provide point of sale material inspection and testing, plans/ specification and submittal review and approvals. We based our market analysis for line items 9-13 on what the City has paid historically for similar services. Based on the Staff's market analysis, the bidder's prices for bid line items 1-13 are acceptable and in line with current market rates.

The selected Bidder is recommended to the Board for a three-year contract, in an amount not to exceed Five Hundred Thousand Dollars (\$500,000.00) per year. The contract amount is an estimate and RAP does not guarantee that the contract maximum amount will be reached. The professional services that RAP is requesting shall be on an as-needed basis; RAP, in entering into an agreement, guarantees no minimum amount of business or compensation. Contracts awarded through this RFB shall be subject to funding availability and early termination by RAP, as provided in the Standard Provisions for City Contracts.

FISCAL IMPACT STATEMENT

Funding for projects will be provided from various funding sources including to but not limited to Proposition K, Quimby, and Proposition 40.

This Report was prepared by Jim Newsom, Sr. Management Analyst I, Finance Division.

EXHIBIT B
ATHLETIC SURFACE TESTING SERVICES

- 1) *GMAX* (ASTM F1936 and F355A) – Gives an indication of high impact shock absorption.
- 2) *Shock Absorption and Vertical Deformation*: Measures the impact absorption provided by synthetic turf to a player running (lower extremity impact) or falling on as well as the foot stability of the surface as a player runs across it. Excess deformation of a surface could lead to over strained joints and fatigue.
- 3) *Rotational Resistance* (Traction): Measures the interaction between the shoe sole and the surface of artificial grass relating to the ability of a player to change direction.
- 4) *Slip Resistance Scale and Deceleration*: Measures the ability of studs to slide through the surface without causing the player to slip over. Slip resistance deceleration measures the deceleration experienced by the player's shoe as it makes contact with the surface. If the deceleration is too high, damages to joints and ligaments may occur.
- 5) *Vertical Ball Rebound*: Measures how high the ball bounces when falling vertically onto a synthetic turf field. (Although a method for soccer, this also gives an indication of consistent infill levels throughout the playing surface in a low cost tool).
- 6) *Ball Roll*: Measures how far the ball rolls onto synthetic grass compared to natural grass. (Although a method for soccer, this also gives an indication whether or not grass piles are standing up in a low cost tool).
- 7) *Off Site Plant Material Inspections*: This site inspection will include yarn type verification, determining average yarn denier, verifying manufacturing yarn uniformity, pile height, coloration throughout the manufacturing "run", verifying primary backing, perforation requirements, verification that the urethane coating is consistently applied and the turf and tuft binding is strong.

EXHIBIT B (Continued)

- 8) *Permeability of Synthetic Turf Sports Field Base Stone and Surface System (ASTM F2898)*: Measures the permeability of synthetic turf systems through a simple method, requiring no special testing apparatus, that would decrease the potential for user technique and assumption errors while at the same time providing intuitive and observable results. The method uses a predetermined flow rate from a water source, two (2) simple ball valves, sections of hose, a five (5) gallon container of measured volume, stopwatch, markers to mark the extent of water migration on the surface, and a tape measure. Water source flow rate is calculated using the time it takes to fill the five gallon container of measured volume as the basis of flow for each individual test.

- 9) *Compaction (ASTM D-1557 or D-698)*: Measures compaction to a dense state to obtain satisfactory engineering properties such as shear strength, compressibility, or permeability. In addition, foundation soils are often compacted to improve their engineering properties. Laboratory compaction tests provide the basis for determining the percent compaction and molding water content needed to achieve the required engineering properties, and for controlling construction to assure that the required compaction and water contents are achieved.

CONTRACT
BETWEEN
THE CITY OF LOS ANGELES
AND
DMA SPORTS DESIGN GROUP, L.L.C.

ATHLETIC SURFACE INSPECTION, TESTING AND RELATED PROFESSIONAL SERVICES

This CONTRACT is made and entered into this _____ day of _____, 20___, by and between the City of Los Angeles, a municipal corporation, acting by and through its Board of Recreation and Park Commissioners (hereinafter referred to as CITY), and DMA Sports Design Group, L.L.C., hereinafter referred to as CONTRACTOR.

RECITALS

WHEREAS, CITY owns various facilities and infrastructure throughout the City of Los Angeles and is responsible for the maintenance and improvements for such facilities and infrastructure; and

WHEREAS, the Department of Recreation and Parks (DEPARTMENT) requires the services of an experienced and responsible CONTRACTOR to perform athletic surface inspections, testing and related professional services for the DEPARTMENT; and

WHEREAS, a Request for Bid (RFB) for athletic surface inspection, testing and related professional services was released on April 12, 2016, and one (1) bid to the RFB was received on May 10, 2016; and

WHEREAS, the CONTRACTOR'S bid met the minimum requirement for athletic surface inspections, testing and related professional services requirements as specified in the RFB; and

WHEREAS, CONTRACTOR has the necessary equipment and staff who possess sufficient knowledge, expertise, and experience required to provide the necessary services and has indicated its willingness to perform such services; and

WHEREAS, CITY, pursuant to Charter Section 371(e)(2), finds that competitive bidding is not practicable or advantageous as it is necessary for the DEPARTMENT to be able to call on contractors to perform this technical and expert work as-needed and on an occasional, but frequent, basis without engaging in a new competitive process for each individual project to be performed; however, from among as-needed contractors each individual project is assigned on the basis of availability of an as-needed contractor to perform the work, the price to be charged and the unique expertise of the as-needed contractor; and,

WHEREAS, CITY, pursuant to Charter Section 372 and Los Angeles Administrative Code Section 10.15(a)(2), finds that obtaining competitive proposals or bids for each individual project for which work may be performed pursuant to this agreement is not reasonably practicable or compatible with the DEPARTMENT's interests of having available as-needed contractors who are assigned various projects on the basis of availability, price and expertise and that it is therefore necessary to have several as-needed contractors for this type of service available when called upon by the DEPARTMENT to perform services; and,

WHEREAS, CITY, pursuant to Charter Section 371(e)(10), finds that use of competitive bidding would be undesirable, impractical or impossible or is otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by DEPARTMENT to provide as-needed athletic surface inspections, testing and related professional services;

WHEREAS, CITY, pursuant to Charter Section 1022, finds that DEPARTMENT does not have sufficient or adequate personnel in its employ to undertake this task on an emergency basis and it is more feasible and economical to secure said services by contract.

NOW, THEREFORE, CITY AND CONTRACTOR, in consideration of the recitals above and of the terms, covenants, and conditions contained herein, agree as follows:

PSC-10. TERMINATION

A. TERMINATION FOR CONVENIENCE

The **CITY** may terminate this Contract for the **CITY'S** convenience at any time by giving **CONTRACTOR** thirty days written notice thereof. Upon receipt of said notice, **CONTRACTOR** shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The **CITY** shall pay **CONTRACTOR** its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by **CONTRACTOR** to affect such termination. Thereafter, **CONTRACTOR** shall have no further claims against the **CITY** under this Contract. B. TERMINATION FOR BREACH OF CONTRACT

1. Except for excusable delays as provided in PSC-7, if **CONTRACTOR** fails to perform any of the provisions of this Contract or so fails to make progress as to endanger timely performance of this Contract, the **CITY** may give **CONTRACTOR** written notice of such default. If **CONTRACTOR** does not cure such default or provide a plan to cure such default which is acceptable to the **CITY** within the time permitted by the **CITY**, then the **CITY** may terminate this Contract due to **CONTRACTOR'S** breach of this Contract.
2. If a federal or state proceeding for relief of debtors is undertaken by or against **CONTRACTOR**, or if **CONTRACTOR** makes an assignment for the benefit of creditors, then the **CITY** may immediately terminate this Contract.

5. All finished or unfinished documents and materials produced or procured under this Contract, including all intellectual property rights thereto, shall become **CITY** property upon date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the **CITY** to perfect, memorialize, or record the **CITY'S** ownership of rights provided herein.
6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the **CITY** provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-15. CLAIMS FOR LABOR AND MATERIALS

In the event of such a determination, **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until **CONTRACTOR** shall establish and carry out a program in conformance with the provisions hereof.

Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. Failure of **CONTRACTOR** to obtain compliance of its subcontractors shall constitute a default by **CONTRACTOR** under this Contract, subjecting this Contract to termination where such default shall continue for more than ninety (90) days after notice of such default to **CONTRACTOR** by the **CITY**.

INSURANCE CONTRACTUAL REQUIREMENTS

CONTACT For additional information about compliance with City Insurance and Bond requirements, contact the Office of the City Administrative Officer, Risk Management at (213) 978-RISK (7475) or go online at www.lacity.org/cao/risk. The City approved Bond Assistance Program is available for those contractors who are unable to obtain the City-required performance bonds. A City approved insurance program may be available as a low cost alternative for contractors who are unable to obtain City-required insurance.

CONTRACTUAL REQUIREMENTS

CONTRACTOR AGREES THAT:

1. Additional Insured/Loss Payee. The CITY must be included as an Additional Insured in applicable liability policies to cover the CITY'S liability arising out of the acts or omissions of the named insured. The CITY is to be named as an Additional Named Insured and a Loss Payee As Its Interests May Appear in property insurance in which the CITY has an interest, e.g., as a lien holder.

2. Notice of Cancellation. All required insurance will be maintained in full force for the duration of its business with the CITY. By ordinance, all required insurance must provide at least thirty (30) days' prior written notice (ten (10) days for non-payment of premium) directly to the CITY if your insurance company elects to cancel or materially reduce coverage or limits prior to the policy expiration date, for any reason except impairment of an aggregate limit due to prior claims.

3. Primary Coverage. CONTRACTOR will provide coverage that is primary with respect to any insurance or self-insurance of the CITY. The CITY'S program shall be excess of this insurance and non-contributing.

4. Modification of Coverage. The CITY reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving CONTRACTOR ninety (90) days' advance written notice of such change. If such change should result in substantial additional cost to CONTRACTOR, the CITY agrees to negotiate additional compensation proportional to the increased benefit to the CITY.

5. Failure to Procure Insurance. All required insurance must be submitted and approved by the Office of the City Administrative Officer, Risk Management prior to the inception of any operations by CONTRACTOR.

CONTRACTOR'S failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the CITY may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the CITY'S interests and pay any and all premiums in connection therewith and recover all monies so paid from CONTRACTOR.

6. Workers' Compensation. By signing this Contract, CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake

self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all time during the performance of the work pursuant to this Contract.

7. California Licensee. All insurance must be provided by an insurer admitted to do business in California or written through a California-licensed surplus lines broker or through an insurer otherwise acceptable to the CITY. Non-admitted coverage must contain a **Service of Suit** clause in which the underwriters agree to submit as necessary to the jurisdiction of a California court in the event of a coverage dispute. Service of process for this purpose must be allowed upon an agent in California designated by the insurer or upon the California Insurance Commissioner.

8. Aggregate Limits/Impairment. If any of the required insurance coverages contain annual aggregate limits, CONTRACTOR must give the CITY written notice of any pending claim or lawsuit which will materially diminish the aggregate within thirty (30) days of knowledge of same. You must take appropriate steps to restore the impaired aggregates or provide replacement insurance protection within thirty (30) days of knowledge of same. The CITY has the option to specify the minimum acceptable aggregate limit for each line of coverage required. No substantial reductions in scope of coverage which may affect the CITY'S protection are allowed without the CITY'S prior written consent.

9. Commencement of Work. For purposes of insurance coverage only, this Contract will be deemed to have been executed immediately upon any party hereto taking any steps that can be considered to be in furtherance of or towards performance of this Contract. The requirements in this Section supersede all other sections and provisions of this Contract, including, but not limited to, PSC-4, to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

RECOMMENDATIONS

1. Approve a proposed Supplemental Agreement to each of the four contracts listed in Attachment 1, herein included as Attachment 2, between the City of Los Angeles Department of Recreation and Parks (RAP) and each of the listed contractors for as-needed general park building construction services, which include:
 - 1) general park building construction
 - 2) pre-fabricated concrete buildings
 - 3) pre-fabricated buildings
 - 4) shade structures

to extend the term of each contract from three years to six years, subject to approval of the Mayor in accordance with Executive Directive No. 3, of the City Council, and of the City Attorney as to form;
2. Find, in accordance with Charter Section 1022, that RAP does not have personnel available in its employ with sufficient time and expertise to undertake these specialized professional tasks and that it is more economical and feasible to secure these services by contract;
3. Direct the Board Secretary to transmit forthwith each proposed Supplemental Agreement to the Mayor in accordance with Executive Directive No. 3 and, concurrently to the City Attorney, for review and approval as to form; and
4. Authorize the Board President and Secretary to execute each Supplemental Agreement upon receipt of the necessary approvals.

SUMMARY:

RAP continues to have a need for general park building construction services that staff cannot

BOARD REPORT

PG. 2

NO. 16-158

provide; therefore, one or more general park building construction service contracts are required. Currently, RAP has contracts with four contractors in place for 1) general park building construction, 2) pre-fabricated concrete buildings, 3) pre-fabricated buildings, and 4) shade structures.

On April 3, 2013, the Board approved a Request for Qualifications (RFQ) for General Park Building Construction, which was released April 5, 2013 (Report No. 13-088). On May 14, 2013, RAP received seven proposals in response to the RFQ for General Park Building Construction. Of those seven proposals, only three were deemed responsive to the RFQ. Award of contracts to each of the three contractors was approved by the Board on June 5, 2013 (Report No. 13-145).

Although, RAP has awarded each of the three contractors a contract, RAP desired to have more than three General Park Building Construction contractors on the pre-qualified list. On September 11, 2013, the Board approved the re-release of the RFQ for General Park Building Construction (Report No. 13-229), which was released on November 1, 2013. On January 14, 2014, RAP received nine proposals. Only one of the nine contractors was deemed responsive to the RFQ. On May 7, 2014, the Board approved the award to the responsive contractor (Report No. 14-111) for a total of four contractors on the As-Needed General Park Building Construction pre-qualified list.

The current contracts for the firms listed on Attachment 1 are set to expire on August 15, 2016. RAP requests that the Board approve the proposed Supplemental Agreements to extend the term of the contracts by three years to lengthen the total contract term to six (6) years with the expiration date of August 15, 2019. The contract amount will remain a not-to-exceed annual expenditure of Ten Million Dollars (\$10,000,000) per contract, and will permit the City of Los Angeles Public Works/Bureau of Engineering to piggyback.

Amending the term of these contracts will allow RAP to continue using the contractors' expertise and resources that otherwise cannot be performed by City staff for 1) general park building construction, 2) pre-fabricated concrete buildings, 3) pre-fabricated buildings, and 4) shade structures. There are several projects that are currently encumbered and will not be completed if all four contracts expire.

Because the contracts are set to expire August 15, 2016, RAP does not have sufficient time to complete Level I and Level II evaluations for the award of contracts pursuant to the Request for Qualifications (RFQ) that the Board approved and released on April 4, 2016 (Report No. 16-087). The As-Needed General Park Building Construction RFQ closed on June 21, 2016, and the Level I evaluation is currently being conducted by RAP staff.

RAP is seeking authorization to prepare Supplemental Agreements for each of the four contracts, and authorize the Board President and Secretary to execute these contracts, subject to approval of the Mayor, City Council, and City Attorney. Because the three-year extension increases the total term of each contract to six years, City Council approval is required. All other terms and conditions of the contracts remain unchanged.

Funding for projects will be provided from various funding sources including, but not limited to, Proposition K, Quimby, and Proposition 40.

RECOMMENDATIONS

1. Approve a proposed Supplemental Agreement to each of the seven contracts listed in Attachment 1, herein included as Attachment 2, between the City of Los Angeles Department of Recreation and Parks (RAP) and each of the listed contractors for as-needed park facility construction services, to extend the term of each contract from three years to six years, subject to approval of the Mayor in accordance with Executive Directive No. 3, of the City Council, and of the City Attorney as to form; and
2. Find, in accordance with Charter Section 1022, that RAP does not have personnel available in its employ with sufficient time and expertise to undertake these specialized professional tasks and that it is more economical and feasible to secure these services by contract; and
3. Direct the Board Secretary to transmit forthwith each proposed Supplemental Agreement to the Mayor in accordance with Executive Directive No. 3 and, concurrently to the City Attorney, for review and approval as to form; and
4. Authorize the Board President and Secretary to execute each Supplemental Agreement upon receipt of the necessary approvals.

SUMMARY

RAP continues to have a need for park facilities construction services that staff cannot provide; therefore, one or more park facility contractors are required. Currently, RAP has seven contracts in place for park facility construction.

On April 3, 2013, the Board approved a Request for Qualifications (RFQ), which was released April 5, 2013 (Report No. 13-089). On May 14, 2013, RAP received five proposals in response to the

BOARD REPORT

PG. 2

NO. 16-159

RFQ for Park Facility Construction. Of those eight proposals, only five were deemed responsive to the RFP. Award of contracts to each of the five contractors was approved by the Board on June 5, 2013 (Report No. 13-146).

Although, RAP has awarded each of the five contractors a contract, RAP desired to have more than five Park Facility Construction contractors on the pre-qualified list. On September 13, 2013, the Board approved the re-release of the RFQ for Park Facility Construction (Report No. 13-229), which was released on November 1, 2013. On January 14, 2014, RAP received thirteen (13) proposals. Only two of the thirteen (13) contractors were deemed responsive to the RFQ. On April 23, 2014, the Board approved the award to the responsive contractors (Report No. 14-087) which makes the total of seven contractors on the As-Needed Park Facility Construction pre-qualified list.

The current contracts for the firms listed on Attachment 1 are set to expire on August 15, 2016. RAP requests that the Board approve the proposed Supplemental Agreements to extend the term of the contracts by three years to lengthen the total contract term to six years with the expiration date of August 15, 2019. The contract amount will remain a not-to-exceed annual expenditure of ten million dollars (\$10,000,000) per contract, and will permit the City of Los Angeles Public Works/Bureau of Engineering to piggyback.

Amending the term of these contracts will allow RAP to continue using the contractors' expertise and resources that otherwise cannot be performed by City staff for 1) asphalt paving, 2) flatwork concrete, 3) athletic field construction-renovation, and 4) new park construction. There are several projects that are currently encumbered and will not be completed if all seven contracts expire.

Because the contracts are set to expire August 15, 2016, RAP does not have sufficient time to complete Level I and Level II evaluation for the contract award of the Request for Qualifications (RFQ). The As-Needed Park Facilities Construction RFQ closed on June 7, 2016, and Level I review is currently being conducted by RAP staff.

RAP is seeking authorization to prepare Supplemental Agreements for each of the seven contracts, and authorize the Board President and Secretary to execute these contracts, subject to approval of the Mayor, City Council, and City Attorney. Because the three-year extension increases the total term of each contract to six years, City Council approval is required. All other terms and conditions of the contracts remain unchanged.

Funding for projects will be provided from various funding sources including, but not limited to, Proposition K, Quimby, Community Development Block Grant, and Proposition 84.

FISCAL IMPACT STATEMENT

Executing these Amendments has no impact to RAP's General Fund.

This Report was prepared by Kai Wong, Management Analyst II, Finance Division.

1. Approve a proposed Amendment to the Memorandum of Understanding (MOU), substantially in the form on file in the Board Office, between the Department of Recreation and Parks (RAP), the Department of Public Works, the Bureau of Engineering (BOE), and the Department of General Services (GSD), Construction Forces to increase the total construction funding for the Daniels Field Sports Center – Renovate Restrooms (PRJ20534) (W.O. #E170104F) project by Forty Five Thousand One Hundred Seventy Five Dollars (\$45,175.00), for a total construction cost not-to-exceed Five Hundred Seventy Five Thousand One Hundred Seventy Five Dollars (\$575,175.00), subject to approval of the City Attorney as to form;
2. Direct the Board Secretary to transmit the proposed Amendment to the City Attorney for review and approval as to form;
3. Authorize the General Manager to execute the Amendment, subsequent to the approval of the City Attorney as to form; and,
4. Authorize RAP to make technical corrections, as necessary, to the transactions included in this Report to implement RAP's intentions.

BOARD REPORT

PG. 2 NO. 16-161

SUMMARY

The Daniels Field Sports Center – Renovate Restrooms (PRJ20534) (W.O. #E170104F) project (Project) is located at 845 West 12th Street, San Pedro, CA 90731. The Project scope consists of remodeling the existing restrooms to comply with the American Disabilities Act (ADA).

On June 6, 2012, the Board approved a MOU to establish responsibilities between RAP, BOE, and GSD for the construction of the Project, for a not-to-exceed amount of Five Hundred Thirty Thousand Dollars (\$530,000.00) (Report No. 12-176). Under the authority of the approved Report No. 12-176, the Project was included in the First Construction Projects Report (CPR) for Fiscal Year 2014-15, prepared by the Office of the City Administrative Officer (CAO), for approval by the City Council and Mayor to transfer fund appropriations to GSD. The CPR was approved by the City and the Mayor on October, 2015 (Council File No. 14-1284). GSD has completed all Contract Work to date.

Additional miscellaneous construction work, which was not part of the original scope of work, was necessary to complete the Project. This additional miscellaneous construction work includes asbestos and lead abatement, replacement of glazing in windows, replacement of light fixtures, and graffiti removal. Lead and asbestos was found within the frames, paint and putty surrounding the window glazing inside the restroom building. Vandalism to the building prior to construction commencement included graffiti as well as broken window glazing and light fixtures. It was determined that issuing this miscellaneous construction work to GSD would be more cost effective and will expedite completion, since GSD has successfully completed similar work on other City-owned buildings in the past and GSD is currently on-site performing construction work.

It is therefore recommended that the Amendment to the MOU which increases the not-to-exceed construction funding from Five Hundred Thirty Thousand (\$530,000.00) to Five Hundred Seventy Five Thousand One Hundred Seventy Five Dollars (\$575,175.00) be approved. This will increase the MOU amount by Forty Five Thousand One Hundred Seventy Five Dollars (\$45,175.00) and will be consistent with the revised construction funding amount, as stated in the 3rd CPR of Fiscal Year 2015-2016, which approves transferring Sixty Four Thousand Dollars (\$64,000.00) to GSD. The Project change order log is shown in Attachment 1. The Funds are available in the following fund and account:

<u>Funding Source</u>	<u>Fund No./Dept. No./Acct. No.</u>	<u>Funding for Proposed MOU Amendment</u>	<u>Total Project Funding</u>

TREES AND SHADE

This project consists of the interior renovation and Americans with Disabilities' Act (ADA) upgrade of a restroom and bathhouse and does not include trees or shade.

BOARD REPORT

PG. 3 NO. 16-161

ENVIRONMENTAL IMPACT STATEMENT

In compliance with the (CEQA), Staff has determined that the underlying project associated with the MOU, as amended, has been previously evaluated for environmental significance and processed in accordance with the City CEQA Guidelines on May 18, 2012. Therefore, the amendment to the MOU is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article II, Section 2(i) of the City CEQA Guidelines.

FISCAL IMPACT STATEMENT

The estimated costs for the design, development, and construction of the proposed park improvements are anticipated to be funded by Sites and Facilities therefore will not impact the RAP's General Fund.

This Report was prepared by Meghan Aldrich, Project Manager, BOE, Recreational and Cultural Facilities Division. RECOMMENDATIONS

1. Authorize the General Manager or Designee to negotiate and issue Change Order No.4, for an amount not-to-exceed Two Hundred Twenty Thousand Dollars (\$220,000.00), to Contract No. 3528 with American Integrated Services, Inc. for the work outlined in the Summary of this Report; and,
2. Authorize the General Manager or Designee to negotiate and issue Change Order No.5, for an amount not-to-exceed Two Hundred Thousand Dollars (\$200,000.00), to Contract No. 3528 with American Integrated Services, Inc. for the work outlined in the Summary of this Report.

SUMMARY

On June 18, 2015, the Board of Recreation and Park Commissioners awarded Contract No. 3528 to American Integrated Services, Inc. (Contractor) (Report No. 15-141), in the amount of Six Million, Two Hundred Ninety-Five Thousand Dollars (\$6,295,000.00) for the Chatsworth Park South – Rehabilitation (PRJ20361) (W.O.#E170331F) project, located at 22360 West Devonshire Street Los Angeles, CA 91311. Construction started on April 4, 2016 and is currently 28% complete.

The Remedial Action Plan and remedial design documents that form the basis of the construction contract generally characterized the project site as both hazardous and non-hazardous. So, specific areas within the project site could not be categorized or quantified as either hazardous or non-hazardous. Because the project was designed as remedial cap that would leave the majority of the soil in-site, the entire project site was preliminarily categorized as non-hazardous with the provision that some excess soils to be disposed off-site could be classified as hazardous. During the excavation at the project site, it was determined through

BOARD REPORT

PG. 2 NO. 16-162

testing that the excess soil set for removal from the site contained high levels of lead and arsenic. The tested soil failed the toxicity characteristic leaching procedure (TCLP) test, thereby classifying this waste stream as Resource Conservation and Recovery Act (RCRA) hazardous waste under Federal Regulations. As a result, this soil cannot go directly to a Class I landfill without first stabilizing the soluble lead. Treating the excess soil was not included in the contractor's scope of work; therefore, a change order must be issued to properly dispose of the contaminated soil. The change order work will include hauling and treating approximately 750 tons of hazardous soil. The difference between non-hazardous soil trucking and hazardous soil trucking will also require additional driving distance for dumping at US Ecology in Nevada, dust mitigation, and traffic control measures. The Contractor is also required to submit daily manifest and dump tickets signed by the project inspector.

The Contractor bid the project assuming the standard trucking times of 8:00 am to 4:00 pm; however, the haul route approval, which was obtained after award of the project, requires the trucking hours to be from 9:00 am to 2:00 pm. This change affects the number of trips each truck can make per day and increases the number of trucking days from 25 to 35 days. Each day, approximately 25 trucks will access the site in order to accommodate the limited haul route trucking hours; however, the full daily rate per truck is charged regardless of the hauling hour requirements. In order to pay for the additional trucking days, a change order must be issued to the Contractor.

The Contractor has submitted a change order proposal, in the amount of Four Hundred Twenty Seven Thousand, Eight Hundred and Ninety-Seven Dollars (\$427,897.00) for a portion of the change order work described above. Bureau of Engineering (BOE) staff is reviewing the change order proposal and recommends that staff requests authority to negotiate the change order, in an amount to not-to-exceed Four Hundred Twenty Thousand Dollars (\$420,000.00).

To date, three change orders (Attachment No. 1) have been executed, for a total amount of Twenty-Nine Thousand, Seven Hundred Twenty-Four Dollars (\$29,724.00) or 0.47% of the original awarded contract amount. These change orders include the addition of a project sign, demolition of the existing playgrounds, and vegetation removal around the community center, which were scope changes requested by the Department of Recreation and Parks (RAP).

With the issuance of the two aforementioned change orders (Change Order Nos. 4 and 5), the total arithmetic value of change orders approved to date would not exceed Four Hundred Forty-Nine Thousand, Seven Hundred Twenty-Four Dollars (\$449,724.00). This would bring the total percent of change orders, in comparison to the original contract value, to 7.1%. BOE staff is reviewing additional change order requests submitted by the Contractor (Potential Change Order Nos. 6 through 11), and anticipates that the total change order exposure will not exceed Five Hundred Eighty Thousand, Seven Hundred Twenty-Four Dollars (\$586,724.00) or 9.3% of the original contract award amount, as listed in Attachment No. 1.

BOARD REPORT

PG. 3 NO. 16-162

FISCAL IMPACT STATEMENT

The change order authority requested in this Report is funded by the project contingency. There is no immediate fiscal impact to RAP's General Fund.

This Report was prepared by Meghan Aldrich, Project Manager, BOE Recreational and Cultural Facilities Program. Reviewed by Neil Drucker, Program Manager, BOE Recreational and Cultural Facilities Division; Jose Fuentes for Deborah Weintraub, BOE, Chief Deputy City Engineer; and Cathie Santo Domingo, Superintendent, Planning, Construction and Maintenance Branch, Department of Recreation and Parks.

SUMMARY

Originally, West Wilshire Memorial Park, at 141 South Gardner Street, Los Angeles, California 90036, and Pan Pacific Park, at 7600 Beverly Boulevard, Los Angeles, California 90036, were two independent, though adjacent, parks, operated respectively by the City and the State of California. In 1997, as they were both to be operated by the City, the Board authorized West

BOARD REPORT

PG. 2 NO. 16-163

Wilshire Memorial Park to be renamed as Pan Pacific Park (Report No. 347-97). The Proposition K Ballot measure listed these two parks separately and funded specified scope of work at each of the parks.

The Department of Recreation and Parks (RAP) and the Department of Public Works, Bureau of Engineering (BOE) propose to construct the West Wilshire (Pan Pacific) Park - Improvements to Athletic Fields (Soccer and Baseball Fields) (PRJ20579) (W.O. #E170496F) project (Project). This Project is designed to improve the aged and dilapidated baseball field and construct an official synthetic soccer field where an open area has been utilized as a soccer field for approximately the last two decades at Pan Pacific Park. The Project combines residual funds from two separate projects that were specified in the Proposition K ballot measure:

- 1) West Wilshire – Improvements to Athletic Fields, Swimming Pools, or Recreation Center; and
- 2) Pan Pacific – Gym & Perimeter Fencing, Irrigation, Sports Field Improvements, Walk and Jog Paths, Child Play Area.

Over the span of several years in the past, the scope for each of the two projects had been completed. As part of the Proposition K Program Reconciliation Report prepared in 2014, it was determined that each project had unexpended funds remaining (residual funds) that could be applied toward additional work under each project scope.

Residual funds from these two specified projects will be used to cover the cost of permits, fees, design and construction to improve existing softball/baseball field. A synthetic turf soccer field will be constructed using Quimby funds, resulting in the combined "Soccer and Baseball Fields" Project.

Plans and specifications provide for the following scope:

1. Soccer field: The existing open space, currently being utilized informally as a soccer field, will be officially replaced with a synthetic turf multi-use sports field. It is configured to accommodate four different sizes of soccer fields: U10 size (1); U8 (2); U6 (1); and flag football field (1). The field will integrate 42,500 square foot of water shedding features, which will allow the field to drain quickly after rain events, and improve overall drainage in the park. It will also have sports field lighting, with security level lighting, trash receptacles (6), sports apparatus and turf maintenance equipment storage bins (2), and storm drains. Furthermore, the following amenities will be considered at the proposed soccer field as additive alternates, should adequate funding be available:
 - a. Two Picnic tables
 - b. Six Bleachers
 - c. Six Shade structures over bleachers
 - d. Score board electric wireless operation

BOARD REPORT

PG. 3 NO. 16-163

- e. Americans with Disabilities Act (ADA) compliant drinking water fountain with bottle filler
 - f. Fence guard and wind breaker fabric
 - g. Litter receptacle with solar compactor
2. Baseball/Softball Field: The existing field will be re-graded to minimize erosion and improve drainage. A "Smart" irrigation system will be provided to sustain the new lawn and the field. The inner field will have three alternative bases settings to accommodate various age levels of baseball and softball games. The outer field perimeter fence will be raised to thirty feet of height to protect the patrons and soccer players on the adjacent soccer field. The sports field lighting will be fitted with energy efficient fixtures and have remote or internet operating capabilities. The following additive alternates will be considered for the baseball/softball field, provided that adequate funding is available.
- a. Two Shade structures over dugouts
 - b. Two Shade structures over spectators' areas
 - c. New wind breaker fabric
 - d. Extend left field
 - e. Concrete block retaining/sluff wall
 - f. Score board - electric wireless operation

The City Engineer's estimate for the construction cost of the baseball/softball field improvements portion of the project is Two Hundred Ninety-Seven Thousand, Six Hundred Dollars (\$297,600.00), and One Million, Three Hundred Sixteen Thousand, Two Hundred Dollars (\$1,316,200.00) for the soccer fields portion, including ten percent (10%) construction contingency, for a total project cost estimate of One Million, Six Hundred Thirteen Thousand, Eight Hundred Dollars (\$1,613,800.00). For the Additive Alternates, the City Engineer's estimate is One Hundred Seventy-Three Thousand, Eight Hundred Dollars (\$173,800.00) for the baseball/softball field improvements and Two Hundred Thirty-Eight Thousand, Four Hundred Dollars (\$238,400.00) for the soccer field, including contingency. The contract will be awarded based on the lowest base bid.

Funding will be from the funding sources listed below:

<u>Funding Source</u>	<u>Fund/Dept./Acct No.</u>
Proposition K Year 11	43K/10/10C570
Proposition K Year 17	43K/10/10K570
Quimby	302/89/460K-WV

It has been the Board's policy to require that the prime contractor on construction projects perform a minimum of thirty percent (30%) of the work for the respective project, as measured by the base bid price. It is proposed that the Board reduce the prime contractor's participation requirement from thirty percent to twenty percent (30% to 20%) on this Project due to the number

BOARD REPORT

PG. 4 NO. 16-163

of specialty subcontractors required. This should help attract a broader range of prime contractors, thus creating a more inviting and competitive bidding environment for this project. In addition, it should create a more competitive pricing among the specialty subcontractors providing bids to the prime contractors.

There are seven and six additive alternates for the soccer and baseball fields, respectively. These alternates will provide competitive prices for the betterment of the fields. The total estimated cost of these additive alternates is Four Hundred Twelve Thousand, Two Hundred Dollars (\$412,200.00), which exceeds the funds available. Thus, additive alternates that can be afforded by the budget will be considered including bleachers and the shade structures at the time of awarding the contract. If not awarded at the time the contract is awarded, any one of these additive alternates can be added at a later date if funding becomes available and will not impede soccer and/or baseball games.

TREES AND SHADE

For the open site shade near the soccer field, there will be five California Sycamore trees planted around the soccer field. The trees are expected to be about twenty-five (25) feet high (when matured), with drip line of twenty feet. In addition, two shade structures are planned over the baseball/softball field dugouts and eight over the bleachers area.

The bid package has been reviewed and approved by the City Attorney's Office.

ENVIRONMENTAL IMPACT STATEMENT

The Project consists of the remodeling of exterior structure (a baseball field), the upgrade of a space currently used to provide a safe playing area, and the upgrade of the soccer field. Therefore, the Project has been determined to be categorically exempt without exception from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1(1, 4) and Class 3(6) of the City CEQA Guidelines

FISCAL IMPACT STATEMENT

Funding for the project is provided by Proposition K – L.A. for Kids Program Specified funds, as well as RAP Quimby funding.

RECOMMENDATIONS

1. Accept and approve the proposal by the Los Angeles Department of Cultural Affairs (DCA) for the installation of temporary public art at two Department of Recreation and Parks (RAP) properties, in addition to the eleven (11) RAP properties approved under Board Report No. 16-145, as part of a Citywide public art initiative;
2. Authorize the General Manager or Designee to issue Right-of-Entry (ROE) Permits to the DCA for the two additional park sites as described in the Summary of this Report;
3. Find that the proposed projects are categorically exempt from the California Environmental Quality Act (CEQA), and direct staff to file a Notice of Exemption; and,
4. Direct RAP's Chief Financial Officer to prepare a check to the Los Angeles County Clerk in the amount of \$75.00 for the purpose of filing a Notice of Exemption.

SUMMARY

On June 15, 2016, the Board of Recreation and Parks Commissioners (Board) approved a proposal by DCA for the installation of temporary public art at eleven (11) park locations and authorized the issuance of revocable ROE Permits for each respective site through Board Report No. 16-145 (Attachment 1).

BOARD REPORT

PG 2 NO. 16-164

At this time, RAP staff is recommending the Board accept and approve a proposal by the DCA for the installation of temporary public art at the following two additional park locations as part of the Citywide public art initiative (Initiative), and provide authorization for the issuance of revocable ROE permits for these sites:

- Del Rey Lagoon (CD 11);
- Griffith Park – Adjacent to L.A. SHARES Leased Building (CD 4);

At Del Rey Lagoon, an interpretive signage project is proposed that portrays the story of the Tongva burial site along Ballona Creek. At the Griffith Park site, located on Riverside Drive, a 'HUB' location is proposed for the Initiative to provide a central place for visitors and volunteers to gather and find information. Renderings and a brief description for each of the proposed locations are provided in Attachment 2.

BACKGROUND

DCA has worked closely with RAP staff to review and consider the addition of two selected park sites. After numerous on-site meetings with relevant RAP staff and event organizers, and after review of access, site security and other logistical considerations, RAP staff recommends that the Board approve the installation of temporary public art installations at subject park sites and authorize the General Manager or his designee to issue Right of Entry (ROE) Permits to DCA for each of the sites.

CURRENT: LA Water will explore and address issues related to water through the activation of fifteen (15) sites throughout the City by presenting outdoor, site-specific temporary installations by international and Los Angeles-based artists. These projects and programs will be located across the City, one in each Council District, at sites with natural and/or manmade bodies of water.

The Initiative is being directed by an independent curatorial team of distinguished arts professionals with experience in issues-based public art. In collaboration with DCA, the curatorial team has invited artists and arts collectives to propose temporary public art projects to explore the issue of water and Los Angeles. On April 12, 2016, Mayor Eric Garcetti announced the roster of ten artists and three artists' teams for **CURRENT: LA Water**. Each selected artist will be required to develop a specific community engagement component as part of their project.

About half of the exhibition will take place along the Los Angeles River in an effort to contribute to the City's broad and long-term support for the River to be revitalized and reimagined as a public corridor for recreation, culture and community. DCA, in consultation with RAP management, identified approximately 61 park sites for consideration, conducted tours to 33 sites, and selected the aforementioned eleven (11) City of Los Angeles park locations for **CURRENT: LA Water** public art installations.

All temporary installations at these locations will comply with access requirements and site-security as recommended by RAP. A volunteer corps will serve as on-site docents and will coordinate with assigned maintenance and/or recreation staff for each location. The Location

Manager, Los Angeles River Revitalization Corporation, has developed and finalized technical and operational site plans in consultation with appropriate RAP staff. In addition, all projects and programs are being installed by Los Angeles City contractors carrying general liability insurance policies.

TREES AND SHADE

No trees will be removed or affected by the temporary installation of the public art work. It is anticipated that no tree shade will be affected as well.

ENVIRONMENTAL IMPACT STATEMENT

RAP Staff has determined that the proposed art projects at the two aforementioned additional sites consist of minor alterations to the condition of public lands that are temporary uses, having no permanent effects on the environment and do not involve removal of mature, scenic trees. Therefore, the proposed projects are categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 4(6) of the City CEQA Guidelines. A Notice of Exemption will be filed with the Los Angeles City Clerk and Los Angeles County Clerk.

FISCAL IMPACT STATEMENT

Approval of the temporary public art work and the issuance of the ROE Permit(s) will have no fiscal impact to the RAP's General Fund. All costs for the fabrication, installation and removal of the public artwork will be the responsibility of DCA.

This Report has been prepared by Mathew Rudnick, Chief Sustainability Officer.

SUMMARY

In June 2015, the Los Angeles Department of Cultural Affairs (DCA) was awarded a One Million Dollar (\$1,000,000.00) Bloomberg Philanthropies Public Art Challenge grant to present a city-wide public art biennial. On May 1, 2015, DCA received approval from the Los Angeles City Council to accept the One Million Dollar (\$1,000,000.00) award and match the grant funding with private arts development fees and other philanthropic support.

PG 2 NO. 16-145

The CURRENT: LA Water initiative (Initiative) will be a free arts and cultural event featuring temporary public art (installations, video, performance) and public programs (workshops, conversations) presented at fifteen (15) outdoor sites across the City of Los Angeles. After numerous on-site meetings with relevant RAP staff and event organizers, and after review of access, site security and other logistical considerations, RAP staff recommends that the Board approve the installation of temporary public art installations at subject park sites and authorize the General Manager or his designee to issue Right of Entry (ROE) Permits to DCA for each of the sites.

The eleven (11) selected sites are as follows:

- South Weddington Park (CD 2);

- Cheviot Hills Recreation Center (CD 5);
- Sepulveda Basin (CD 6);
- Hansen Dam (CD 7);
- Norman O. Houston Park (CD 8);

BOARD REPORT

PG 3 NO. 16-145

The Initiative is being directed by an independent curatorial team of distinguished arts professionals with experience in issues-based public art. In collaboration with DCA, the curatorial team has invited artists and arts collectives to propose temporary public art projects to explore the issue of water and Los Angeles. On April 12, 2016, Mayor Eric Garcetti announced the roster of ten (10) artists and three artists' teams for CURRENT: LA Water. Each selected artist will be required to develop a specific community engagement component as part of their project.

DCA also has a dedicated staff person serving as the Community Coordinator for CURRENT: LA Water who has conducted grassroots research and compiled contact information on arts organizations, social service and environmental organizations, and schools located within a three-mile radius of each site. DCA has also engaged a public relations firm to develop an overall communications strategy for the biennial, including a dedicated website CurrentLA.org, which launched on May 4, 2016 to a mailing list of over 12,000 email addresses. RAP's public relations staff is working with the event organizers to promote the Initiative by distributing printed materials and via RAP's social media platforms.

Additionally, the Public Program providers have been selected through a competitive Request for Proposal process and will be announced in June along with the biennial locations.

About half of the exhibition will take place along the Los Angeles River in an effort to contribute to the City's broad and long-term support for the River to be revitalized and reimagined as a public corridor for recreation, culture and community. DCA, in consultation with RAP management, identified approximately 61 park sites for consideration, conducted tours to 33 sites, and selected the eleven (11) City of Los Angeles park locations referenced above for CURRENT: LA Water public art installations.

All temporary installations at these locations will comply with access requirements and site-security as recommended by RAP. A volunteer corps will serve as on-site docents and will coordinate with assigned maintenance and/or recreation staff for each location. The Location Manager, Los Angeles River Revitalization Corporation, has developed and finalized technical and operational site plans in consultation with appropriate RAP staff. In addition, all projects and programs are being installed by Los Angeles City contractors carrying general liability insurance policies.

The temporary public art installations proposed for two of the parks referenced above, Sepulveda Basin and Hansen Dam, require approval from the U.S. Army Corp of Engineers (USACE). DCA has requested USACE to provide a Letter of Non-Objection for these proposed temporary projects. Staff recommends approval of the ROE Permit(s) related to these respective locations, subject to USACE approval.

TREES AND SHADE

As described above, no trees will be removed or affected by the temporary installation of the public art work. It is anticipated that no tree shade will be affected as well.

South Weddington Park (Council District 2)

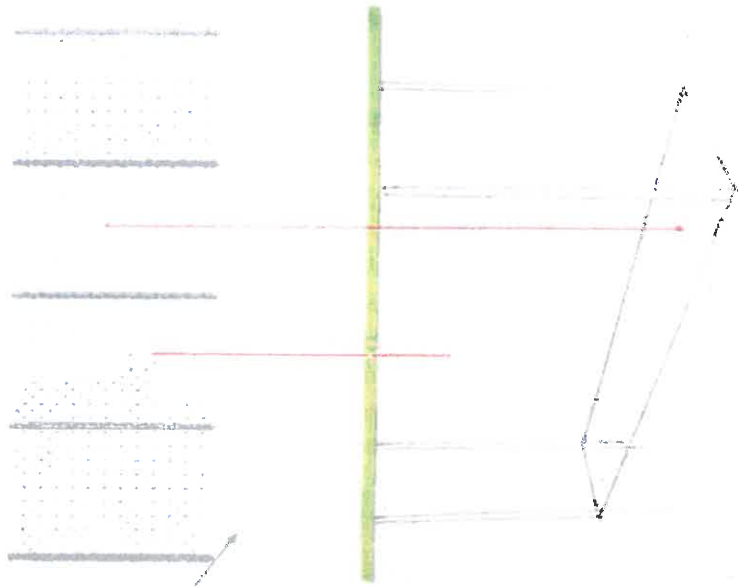

As a part of the Current: LA Water Biennial, DCA has commissioned artist Kori Newkirk for a sculptural installation on the north side of the park. The sculpture will be approximately 8' tall at its highest point, and have a circular footprint approximately 20' in diameter. Referencing the long tradition of horse imagery in public fountains and sculpture around the world, three life-sized colored casts/blanks of horses will be standing in a tight circle, each facing outward, connected at the tails. Chain-link fencing reaching at least 10' high will enclose the complete sculpture. Although water will be referenced through the overall reference of a fountain, no water will be used in the sculpture. The base of the sculpture will be built out of landscape edging about 1½' high. This pre-fabricated edging will be made of concrete. The floor of the base will be made of flat landscape pavers, also pre-fabricated. The installation process requires the artist to dig into the ground so that its concave base is sunken into the landscaping, approximately 2-3' below grade.

As a part of the Current: LA Water Biennial, DCA has commissioned artist Kerry Tribe. Her piece, "Exquisite Corpse" is a nightly open air screening of a new, feature-length experimental film about the LA River. The 51-minute film will accompany the 51 mile body of water from its origins in the flood basins and water reclamation facilities of the San Fernando Valley to its terminus in the estuaries of Long Beach. The nightly screenings include digging into the ground for the installation of the projection screen.

As a part of the Current: LA Water Biennial, DCA has commissioned artist Edgar Arceneaux. His piece, "The Center of the Earth" will replicate drinking fountains in Cheviot Hills and chrome plate them in a variety of different colors. On one side of the fountain will be inscribed, The Center of the Earth. He will also be interviewing Rec and Park staff to record stories about the life, changes and maintenance of the parks overtime. In order to install temporary footings for the 2 water fountains, some digging will occur.

As a part of the Current: LA Water Biennial, DCA has commissioned artist Rirkrit Tiravanija for a sculptural installation south of Lake Balboa and north of the Los Angeles River. His piece, named "Waterfall Pavilion" is a relational space that socializes and activates this otherwise forgotten area. The Waterfall Pavilion takes the form of a small timber-frame pavilion that allows visitors to take in the nature around them under the cooling shade of a humble plywood roof. The pavilion can accommodate 8-10 people at a time and will be spanning the creek. The piece will require the artist dig into the soil on either side of the creek to install temporary footings for the structure. The artist will also be hosting a tea ceremony, two community cookouts, an educational workshop and a Buddhist chanting ceremony on the opening and closing weekend of the biennial.

As a part of the Current: LA Water Biennial, DCA has commissioned the artist Chris Kallymer. The commission, entitled The Los Angeles Department of Weather Modification (LADWM) is a performing group that invites people to get together to address the weather, water, and the idea of the arid western city. They will create six events throughout the 30 day run that engage visitors. These concerts, talks, and actions will point to LA's long and complicated history with weather modification and water. The events will feature LA-based artists, designers, historians, urbanists, and thinkers who will explore the intersection of weather and water through their discipline. The weather station is a 20 foot open-air geodesic dome that will serve as the center of operations, research hub, and performance venue. The dome will be an inviting and porous space for visitors with elements such as a functioning weather station, hanging plants, sun tea, and omnipresent inviting sound. The dome will be bolted into the ground.

As a part of the Current: LA Water Biennial, DCA has commissioned the artists Joshua Callaghan and Daveed Kapoor. The commission, entitled Mothership, is a sculptural piece. The mast will rise 45' out of the ground, with sails as big as 25 X 25' with 2000' of rope. The intention is to make an approximation of a historical sail. In place of the wooden they will use a tapered steel utility pole that will go into the ground. Hemp ropes, like those used on historical ships, will create the intricate linear network that will raise and lower the sails. From a distance the distinct sail silhouette, far removed from the sea, will create an unexpected disruption in the Los Angeles landscape. Up close, the historical technology of the sail rigging will become a spatial composition of lines and shadows playing against the natural environment. The artists will be digging into the ground in order to install the pole, there will be 3-4 yards of dirt that will need to be stored on site.

As a part of the Current: LA Water Biennial, DCA has commissioned the artist Candice Lin. The commission is a sculpture that consists of 5 cylindrical glass vessels in a row, each holding an upside-down porcelain figure inside of it; these five acrylic cylinders will be resting on a waterproof pedestal, feeding water into an aquarium embedded inside the pedestal. Within the aquarium is Kombucha, a live, edible, bacterial culture that uses the water (and other ingredients) to grow. The artist will be hosting 2-3 events to engage the community in her work.

As a part of the Current: LA Water Biennial, DCA has commissioned the artist collective Lucky Dragons. The commission entitled “ Δ ” (“*Delta*”), is the character of a site-specific performance designed to take place in Bee Canyon Park over the course of one month. A predetermined schedule will guide visitors to the time and location of “ Δ ”—a role to be performed daily by a solo, duo, or trio of performers.

Each day, for a regularly scheduled duration, a new performer or group of performers assumes the Δ persona anonymously. Like a pool of water being treated—flowing in, changing state, flowing out— Δ signifies difference, a changing state, dislocation, in process and in dispute. Each performer or set of performers assuming the role of Δ will make use of a “toolkit” that lives on-site—a specially-designed container made to hold scores, objects, and materials for use in tasks, interactions and meditations to be performed daily.

As a part of the Current: LA Water Biennial, DCA has commissioned the artist Michael Parker. The commission, entitled THE IDES OF ARCH DU TRIUMPH, will be a sculptural object. Through a series of systems-based translations starting from gestural clay models, the final public manifestation will be a large scale “arch” sculpture. This form will have both geometric and geologic qualities and will be roughly twelve feet dimensionally. The “arch” will provide a temporary framing of the international trade routes and the complex erosion of human monuments. The arch will be wrapped around the existing architecture of the shade structure in front of the eastern edge of Pt Fermin’s Lighthouse. The arch will face the entry to The Port capturing the point of egress and ingress of the ships. The artist would also like to display the small clay models in the Community Room at Point Fermin, to be open during normal hours of operation.

As a part of the Current: LA Water Biennial, DCA has commissioned the artist Gala Porras Kim. The commission, is an interpretive signage project that tells the story of the Tongva burial site along the Ballona Creek. The information would follow the remains and see where they ended up and how development, government, archeologists and the Tongva descendants have determined their displacement. The signs would follow the Tongva remains as a sort of timeline, from the time they were found to when they were reburied and address the different forces that have influenced the movement of the bones. The artist will use newspaper articles and first person interviews as the source for the text in these interpretive signs as a dramatic narration of the events that took place at the site. The viewer will learn about issues that affect current day Tongva members and not just about their ancient history. The signs will be fastened into the ground at Del Rey Lagoon Park. The artist will dig 2' deep and 12" diameter for each "foot". The footing will be made of pre poured concrete with a metal sleeve in it that will receive the sign posts.

CONCEPTUAL RENDERINGS

Griffith Park – Adjacent to L.A. SHARES Leased Building (CD4)

As a part of the Current: LA Water Biennial, DCA will have a ‘HUB’ to provide a central place for visitors and volunteers to find information and to start or enhance their Current:LA Water experience. The HUB will be open daily throughout the biennial to provide information to visitors and provide support services for Current:LA volunteers and artists. HUB provides visitors a specific location to gather information and more in depth knowledge about artists, sites and CURRENT partners. The HUB is designed and managed by the Production Managers, Dyson and Womack. It will consist of a pre-fab trailer and 6-inch deck that would be placed between a parking lot and the L.A. SHARES leased building on Riverside Drive.

BOARD REPORT

PG. 2 NO. 16-165

SUMMARY

The Board of Water and Power Commissioners (LADWP Board) Resolution No. 012 225 (Resolution), adopted on April 17, 2012, certified the Elysian Reservoir Water Quality Improvement Project (ERWQIP) Environmental Impact Report (EIR) and approved "the establishment of a Twelve Million, Five Hundred Thousand Dollars (\$12,500,000.00) Community Parks Enhancement Fund (the Fund). The proposed MOU authorizes LADWP to transfer Twelve Million, Five Hundred Thousand Dollars (\$12,500,000.00) budgeted to RAP for the Community Parks Enhancement Fund. The Community Parks Enhancement Fund will provide community park enhancements to address and improve aesthetic needs and recreational improvements; though no specific purposes are established at this time. Best efforts shall be used to locate enhancements in the Elysian Park area. However, if no suitable enhancements can be located in the Elysian Park area, best efforts shall be used to locate enhancements in a comparable urban area or areas." All projects that may result subsequent to the approval of this MOU will return to the Department of Recreation and Parks Board of Commissioners (Board) with appropriate CEQA clearance for approval following a community process and input.

The Twelve Million, Five Hundred Thousand Dollars (\$12,500,000.00) Community Parks Enhancement Fund (Fund) is accounted for in the ERWQIP budget and appropriated from the LADWP Water System Revenue Fund. A single payment will be made via interdepartmental transfer upon LADWP receipt and RAP's request for payment. The Accounts Payable Manual Voucher IT system will be used for the inter-city fund transfer and accountability.

On December 11, 2012, the Los Angeles City Council adopted LADWP action through Council File Number 12-0761, as amended with the goal to a prioritize enhancements to the Elysian Park Area and as identified in the proposed master plan. It is to be noted that the Resolution also established the Elysian Reservoir and Park Enhancement Fund with Three Million, One Hundred Sixty Thousand Dollars (\$3,160,000.00), and that on June 27, 2013, the Board approved an MOU with LADWP (Report No. 13-178) for the transfer of funds from that Fund to RAP for improvements in Elysian Park consisting of landscaping and road modifications on the Avenue of the Palms and Phase 1 irrigation pipeline replacement in the Park.

Further City Council Action is not required.

PARK RESIDENTS SERVED

The number of park residents served will be reported to the Board, on a project by project basis, for Board approval.

TREE AND SHADE

Tree and shade issues will be reported to the Board, on a project by project basis, for Board approval.

BOARD REPORT

PG. 3 NO. 16-165

ENVIRONMENTAL IMPACT STATEMENT

Future proposed appropriations from Fund will be fully evaluated under California Environmental Quality Act (CEQA) before any projects funded by such appropriations are approved. All future projects will return to the Board with appropriate CEQA clearance for approval following community input.

As adopted in Resolution No. 012 225 by LADWP Board of Commissioners on April 17, 2012, the LADWP Board found the establishment of the Fund will not create any different or substantially more severe environmental impacts from those examined in the EIR, does not constitute "significant new information" as that term is defined under CEQA Guidelines Section 15088.5, and would not otherwise require recirculation of EIR.

FISCAL IMPACT STATEMENT

The approval of the MOU will transfer Twelve Million, Five Hundred Thousand Dollars (\$12,500,000.00) from LADWP to RAP.

The costs for the design, development, and construction of future projects resulting from the MOU are anticipated to be covered by the funds provided by the MOU. Any additional funding sources that future projects may require will be brought to the Board for approval. A statement on the maintenance impacts of projects to RAP will be made to the Board as each project is brought to the Board for approval.

This Report was prepared by Thomas Gibson, Landscape Architect II, Planning, Construction, and Maintenance Branch.

WHEREAS, Board established a Community Parks Enhancement Fund in the amount of \$12,500,000 (\$12.5 million) in conjunction with the ERWQIP; and

WHEREAS, the goal of the Community Parks Enhancement Fund is to provide community park enhancements for public purposes within the Elysian Park area or comparable urban areas; and

WHEREAS, on December 11, 2012, the City Council adopted Elysian Reservoir Water Quality Improvement Project in Council File Number 12-0761; and

WHEREAS, an amendment to Council File Number 12-0761 was also approved, which stated that the Community Parks Enhancement Fund was not incorporated into the ERWQIP mitigation measures, but that it would be used to provide community park enhancements for public purposes to improve aesthetic and recreational opportunities within the Elysian Park area or comparable urban areas;

FINAL REVISED MARCH 17, 2016 – PENDING SIGNATURES

WHEREAS, LARAP will provide informational reports on all proposed and ongoing projects to the LADWP's Board of Water and Power Commissioners ("Board") on a quarterly basis until the Community Parks Enhancement Fund is exhausted.

The goal of this Community Parks Enhancement Fund (CPEF) is to provide community park enhancements for public purposes within the Elysian Park area or comparable urban areas to address and improve certain aesthetic needs and recreational opportunities. Initiated in conjunction with ERWQIP, CPEF will provide needed park enhancements through LARAP. A paragraph from associated LADWP Resolution No. 012 225 states the following:

“BE IT FURTHER RESOLVED that, the Board hereby approves the establishment of a \$12.5 million Community Parks Fund (the Fund). The Fund will be used of the public purposes related to community parks, though no specific purposes are established at this time. Best efforts shall be used to located (sic) enhancements in the Elysian Park area. Future proposed appropriations from the Fund will be fully evaluated under CEQA before any projects funded by such appropriations are approved. The Board hereby finds that the establishment of the Fund will not create any different or substantially more severe environmental impacts for those examined in the EIR, does not constitute “significant new information” as that term is defined under CEQA Guidelines Section 15088.5 and would not otherwise require recirculation of the EIR.”

LADWP will transfer funds to LARAP pursuant to its authorizing Resolution No. 012 225 requesting LADWP to transfer \$12.5 million for the Community Parks Funds with the goal of prioritizing opportunities identified in the Draft Elysian Park Master Plan.

All CPEF funds shall be expended in accordance with LADWP Resolution No. 012 225.

All CPEF projects shall consider and implement water conservation features, to the extent appropriate and feasible.

ENERGY AND ENVIRONMENT COMMITTEE

ENVIRONMENTAL IMPACT REPORT (EIR) and COMMUNICATION FROM CHAIR and VICE CHAIR, ENERGY AND ENVIRONMENT COMMITTEE relative to the consideration of and recommendation to the City Council on the California Environmental Quality Act (CEQA), Section 21151(c) appeal by the Citizens Committee to Save Elysian Park (CCSEP) represented by Chatten-Brown and Carstens relative to the EIR certification by the Board of Commissioners of the Los Angeles Department of Water and Power for the Elysian Reservoir Water Quality Improvement Project.

Recommendations for Council action:

1. DENY the APPEAL filed by the CCSEP represented by Chatten-Brown and Carstens relative to the Environmental Impact Report certification by the Board of Water and Power Commissioners' for the Elysian Reservoir Water Quality Improvement Project.
2. ADOPT the April 17, 2012 action of the City of Los Angeles, Board of Water and Power Commissioners, as the action of the Council to:
 - a. Certify that the EIR for the Elysian Reservoir Water Quality Improvement Project has been completed in compliance with CEQA, reflects the City's independent judgment and analysis, and was presented to and considered and reviewed by the Council before approving the Project.
 - b. Require implementation of the mitigation measures and adopt the Mitigation Monitoring and Reporting Plan.
 - c. Adopt the findings of Fact and Statement of Overriding Considerations for impacts that remain significant after implementation of the mitigation measures.
 - d. Approve the floating cover alternative with additional enhancements to the reservoir area and park instead of the proposed buried reservoir for the Project after consideration of the EIR and budget.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

Summary:

On November 7, 2012, the Energy and Environment Committee Chair and Vice Chair considered a Board of Water and Power Commissioners (Board) report relative to the Elysian Reservoir Water Quality Improvement Project including the EIR for the Elysian Reservoir Water Quality Improvement Project. Pursuant to Public Resources Code Section 21151, a CEQA appeal has been filed with the City Council on behalf of the CCSEP regarding this project.

The EIR for this Project was approved by the Board on April 17, 2012. The Board's specific action is as follows:

- Certify the EIR for the Elysian Reservoir Water Quality Improvement Project which was prepared in order to comply with the CEQA.
- Require implementation of the mitigation measures and adopt the Mitigation Monitoring and Reporting Plan.
- Adopt the Finding of Fact and Statement of Overriding Considerations for impacts that remain significant after implementation of the mitigation measure.;
- Approve the floating cover alternative with additional enhancements to the reservoir area and park instead of the proposed buried reservoir for the Project after consideration of the EIR and budget.

On April 23, 2012, the CCSEP filed a CEQA appeal of the Board's action with the Council. Pursuant to Public Resources Code Section 21151, if a non-elected decision-making body of a local lead agency certifies an environmental impact report, the certification may be appealed to the agency's elected decision-making body. In this case the Board is a non-elected decision-making body therefore any appeals of its CEQA certifications are referred to the Council.

According to the Los Angeles Department of Water and Power (LADWP), the Elysian Reservoir Water Quality Improvement Project is intended to protect the quality and reliability of the City's drinking water supply and comply with the updated Federal Environmental Protection Agency (EPA) water quality standards.

Specifically, the LADWP must comply with updated Federal water quality regulations to mitigate the formation of potentially carcinogenic byproducts that may result from the chemical disinfection processes. In addition, the LADWP seeks to address local water storage capability as part of the Project. To meet this objective and the water quality requirements, the LADWP must cover the existing Elysian Reservoir and replace both the existing inlet line which connects the reservoir to the Riverside Trunk Line.

The LADWP indicates that it has worked closely with local citizen groups to address the nature and extent of facility improvements at the Elysian Reservoir. The process was an outgrowth of public meetings in the late 1980s between the LADWP and numerous citizens groups throughout the City related to the proposed physical and operational changes at the City's open reservoirs.

As part of the EIR, the LADWP presented a buried concrete-covered reservoir. Under this EIR option, the area atop the buried reservoir would be developed for recreation uses. A shallow wildlife pond of not less than 0.5 acres in size would also be created at the northern end of the project site, but not atop the buried reservoir. After completion of project construction, the site would be open to the public as part of the Elysian Park.

The other two alternatives under the EIR would not provide a publicly-accessible recreation area at the Elysian Reservoir property.

The first alternative under consideration is a floating cover. Under this alternative, a flexible membrane floating cover would be installed over the entire water surface and anchored to the edge of the reservoir basin. It is estimated that the cover option may require replacement every 15 to 20 years. Under this option, the reservoir would essentially retain its existing shape and volume. The EIR identifies the floating cover as the environmentally superior alternative.

The second alternative under consideration is an aluminum cover. Under this alternative, a lightweight aluminum cover would be installed over the entire surface of the reservoir. The aluminum cover would consist of a standing seam roof situated several feet above the water surface, resting on concrete side walls. Under this EIR option, the reservoir would essentially retain its existing shape and volume.

This second alternative also contains an option to install solar photovoltaic panels atop the aluminum cover to assist the DWP's renewable energy production goals. According to the LADWP, the project cost of the proposed buried concrete-covered reservoir is estimated to be \$110 million. The construction duration of the buried reservoir is approximately five and a half years.

In terms of the two alternatives, the floating cover is estimated at \$25 million and the aluminum cover at \$55 million. The durations for these alternatives are less than the buried reservoir - two and a half years for the floating cover and four years for the aluminum cover.

All noted costs relate to reservoir modification, including design, construction, operations, and maintenance over a 60 year life cycle. The floating cover alternative also has the lowest construction contract cost which is estimated to be \$15 million. The funding for the construction of this project will be provided from the Water System Revenue Fund.

The EIR identifies the floating cover as the environmentally superior alternative. It noted that the alternative meets the primary objectives of complying with updated water quality regulations and maintaining local drinking water storage capacity within the Elysian Reservoir service area. However, it would not meet the secondary project objective of providing publicly-accessible open space at the Elysian Reservoir property.

Environmental impacts under both the floating cover alternative and the aluminum cover alternative would be reduced compared to the buried concrete-covered reservoir because these alternatives involve less ground disturbance, truck traffic and construction time; and therefore would have reduced impacts to air quality/greenhouse gas emissions, biological resources and noise.

Further, the EIR finds that environmental impacts related to air quality/greenhouse gas emissions, noise, and transportation/traffic would be less under the floating cover alternative than under the aluminum cover alternative due to the reduced scope of construction required.

The Board's action associated with the EIR, and the approval of the floating cover alternative, includes additional enhancements/mitigations to the reservoir area and park not to exceed \$3,160,000. Construction enhancements include:

- Entry gate and landscaping;
- Dam crest and reservoir security fencing;
- Asphalt Concrete coloring;
- Wildlife pond and additional trees;
- Park trail loops; and
- Park restroom improvements.

The Board's action also included the establishment of a \$12.5 million Community Parks Fund. The Fund will be used for public purposes related to community parks. The LADWP states that best efforts will be used to locate enhancements in the Elysian Park area. However, if no suitable enhancements can be located in the area, best efforts will be used to locate enhancements in a

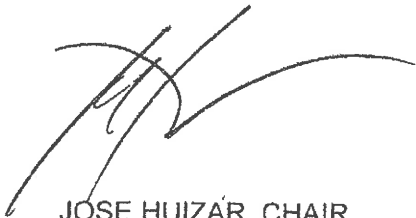

comparable urban area.

The CCSEP maintains that the selected alternative (floating cover) will have significant and unmitigated aesthetic and recreational impacts on Elysian Park and surrounding communities. The CCSEP's letter follows that its members live and recreate in Elysian Park and would be aggrieved by a loss of aesthetic and recreational opportunities in the Park. The letter concludes that the Board's selected alternative violates CEQA.

In terms of the \$12.5 million Community Parks Fund, the CCSEP states that the Fund was not incorporated into the Project's mitigation measures, and the wording creating the Fund fails to actually require its use in or near Elysian Park. The CCSEP seeks to have this matter addressed.

After consideration and having provided an opportunity for public comment, the Committee Chair and Vice Chair recommended approval of the Board's report and to deny the appeal. This matter is now submitted to Council for its consideration.

MOTION

I MOVE that the Energy and Environment Committee Report relative to the California Environmental Quality (CEQA) appeal by the Citizens Committee to Save Elysian Park, Item No. 25 on today's Council Agenda (CF 12-0761), BE AMENDED to include the following additional recommendations:

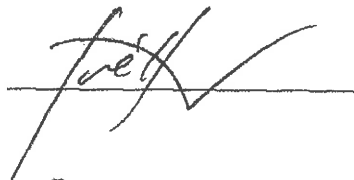

- Request the Department of Water and Power (DWP) to work with the Citizen's Committee to Save Elysian Park with respect to the expenditure of the \$3,160,000 associated with the reservoir area and park enhancements in order to meet project needs and maximize community objectives;
- Request the DWP to transfer the \$12.5 million associated with the Community Parks Fund to California Community Foundation with the goal of prioritizing opportunities identified in the Elysian Park Master Plan;
- At the time of the termination of the currently approved floating cover's lifecycle the DWP should consider other project alternatives to meet federal water quality standards in order to determine the feasibility of implementation anytime leading up to or upon the consideration of a replacement instead of automatically replacing it.

LOS ANGELES DEPARTMENT OF WATER AND POWER (LADWP) BOARD APPROVAL LETTER

TO: BOARD OF WATER AND POWER COMMISSIONERS		DATE: March 14, 2012
 LORRAINE A. PASKETT Senior Assistant General Manager Sustainability Programs and External Affairs.		SUBJECT: Elysian Reservoir Water Quality Improvement Project Including Environmental Impact Report
 RONALD O. NICHOLS General Manager		
 JAMES B. McDANIEL Senior Assistant General Manager Water System		FOR COMMISSION OFFICE USE: RESOLUTION NO. <u>012 225</u> COPY RESO TO: <u>APR 17 2012</u> <i>1- Sr. Asst. Sustainability Programs & External Affairs</i> <i>2- Sr. Asst. Water System</i>
CITY COUNCIL APPROVAL REQUIRED: Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	IF YES, BY WHICH CITY CHARTER SECTION:	RESOLUTION MODIFIED AND ADOPTED AT APRIL 17, 2012 BOARD MEETING.

PURPOSE

Transmitted for approval by your Honorable Board is a Resolution recommending to act on the following items, which are set forth in the attached Resolution:

- Certify the Environmental Impact Report (EIR) for the Elysian Reservoir Water Quality Improvement Project, which was prepared in order to comply with the California Environmental Quality Act (CEQA);
- Require implementation of the mitigation measures and adopt the Mitigation Monitoring and Reporting Plan (MMRP);
- Adopt the Findings of Fact and Statement of Overriding Considerations for impacts that remain significant after implementation of the mitigation measures;
- Approve the floating cover alternative with additional enhancements to the reservoir area and park instead of the proposed buried reservoir for the Elysian Reservoir Water Quality Improvement Project after consideration of the EIR and budget.

The Elysian Reservoir Water Quality Improvement Project will help ensure the quality, reliability, and stability of the City of Los Angeles drinking water supply and comply with updated United States Environmental Protection Agency (EPA) water quality standards.

COST AND DURATION

Project cost of the proposed buried concrete-covered reservoir is estimated to be \$110 million. The two feasible alternatives, the floating cover and the aluminum cover, were identified and similarly analyzed as part of the CEQA process. In comparison, project costs for these alternatives are \$25 million and \$55 million, respectively. All costs noted are primarily for reservoir modification and include design, construction, operations, and maintenance over a 60-year life cycle. Since both the floating and aluminum covers would need to be replaced during this time period, initial cost for implementation of these alternatives is less than the amounts noted. The floating cover alternative also has the lowest construction contract costs, which are estimated to be \$15 million.

The budget for the procurement and construction of this project will be provided from Water System ratepayer funds. In addition, several loans and grants may be available as the proposed project nears the construction phase. These funding opportunities would be pursued for any of the project options.

There are two primary low interest loan programs available. The largest amount may be obtained from the California Department of Public Health *Safe Drinking Water State Revolving Fund*. This program permits a maximum of \$30 million annually for the Water System, \$20 million of which may be used for a single project. The California Infrastructure and Economic Development Bank *Infrastructure State Revolving Fund* is another low interest loan which allows as much as \$10 million per year. The cost savings realized would be the difference in interest between the revolving fund and normal borrowing rates. It is estimated the total savings on a \$20 million loan would be about \$2 million due to the lower interest costs.

Additionally, there are various grants for open space or recreational park development which are administered by either the City of Los Angeles Department of Public Works (LADPW) or Department of Recreation and Parks (LADRP). Though these funds are smaller in amounts than the loans mentioned above, LADWP could work with these agencies to distinguish recreational components of the reservoir project. One such program, *Proposition K*, has identified Elysian Park as a potential recipient. Several million dollars may be available, but would require reallocation of the funds as they are currently designated for land acquisition and facility enhancements.

Construction duration of the buried reservoir is approximately five and a half years. The durations for the two alternatives are less than the buried reservoir, and are two and a half years for the floating cover and four years for the aluminum cover.

The following tables summarize costs and schedules as well as construction scenarios for the options under consideration. For comparison, the costs are for a 60-year period and include replacement of the floating and aluminum covers at the end of their expected lifespans.

BACKGROUND

Project Description:

LADWP must comply with updated EPA water quality standards, including the Stage 2 Disinfectants and Disinfection Byproducts Rule (D-DBPR), which establishes new regulations related to the formation of potentially carcinogenic disinfection byproducts that may result from certain drinking water chemical disinfection processes, and the Long Term 2 Enhanced Surface Water Treatment Rule (LT2ESWTR), which establishes new regulations related to the presence of microbial pathogens in drinking water supplies. In addition, to maintain reliability and flexibility to meet the Elysian Reservoir service area demand for drinking water at required distribution system pressures, including during emergency or planned outages of upstream supplies, local water storage capability must be preserved. To meet these objectives, LADWP must cover the existing Elysian Reservoir and replace both the existing inlet line which connects the reservoir to the Riverside Trunk Line supply, and the existing bypass line which diverts water around the reservoir when necessary.

For two decades, LADWP has worked closely with the Elysian Reservoir Subcommittee of the Coalition to Preserve Open Reservoirs (CPOR) to determine the nature and extent of facility improvements at Elysian Reservoir that would meet the required federal and state drinking water standards. This process was an outgrowth of public meetings in the late 1980s between LADWP and numerous citizens groups in communities throughout the City related to proposed physical and operational changes at the City's open reservoirs necessary to implement the

Surface Water Treatment Rule, first promulgated by the EPA in 1989. In 1990, the Los Angeles City Council directed that decisions regarding improvements at several open reservoirs (including those at Elysian) be conducted through a mediation process between LADWP and the CPOR committee associated with each reservoir. The Elysian Subcommittee of CPOR strives to preserve Elysian Park open space areas for public use, which includes recreational activities. This includes taking advantage of potential opportunities to provide additional publicly accessible areas within the park. In relation to Elysian Reservoir, CPOR has played a primary role in advocating a buried structure.

To help ensure the quality, reliability, and stability of the City of Los Angeles drinking water supply and to ensure compliance with updated water quality standards, LADWP presented a new, buried concrete-covered reservoir (buried reservoir) as the proposed project in the EIR to replace the existing uncovered Elysian Reservoir. The new buried reservoir would be constructed in essentially the same location as the existing reservoir, although with a slightly reduced footprint. The buried reservoir would provide an equal amount of potable water storage (55 million gallons [MG]) as is available in the existing reservoir. In addition to the buried reservoir, new pipelines are needed for the water distribution system capacity and reliability. This includes a new 54-inch diameter inlet supply line and correspondingly, a new 54-inch reservoir bypass pipeline. These facilities will replace existing infrastructure installed in the early 1940s. The area atop the buried reservoir would be developed for recreation uses. A shallow wildlife pond of not less than 0.5 acres in size would also be created at the northern end of the project site, but not atop the buried reservoir. After completion of project construction, the site would be open to the public as part of Elysian Park. Other than facilities related to water storage and distribution, the site would be maintained and operated by the LADRP.

Two alternatives to the buried reservoir, which would meet the primary water quality and storage objectives, are also under consideration and were fully evaluated in the EIR. These alternatives would not provide a publicly-accessible recreation area at the Elysian Reservoir property. Both alternatives include the replacement of both the existing inlet and bypass lines as well as creation of a wildlife pond at the north end of the reservoir property.

The first alternative under consideration is a floating cover. Under this alternative, a flexible membrane floating cover would be installed over the entire water surface and anchored to the edge of the reservoir basin above the top of water elevation. This cover may require replacement every 15 to 20 years. Although the reservoir liner and appurtenant facilities would be removed and replaced under this alternative, the reservoir would essentially retain its existing shape and volume. The EIR identifies the floating cover as the environmentally superior alternative.

The second alternative under consideration is an aluminum cover. Under this alternative, a lightweight aluminum cover would be installed over the entire surface of the reservoir. The aluminum cover structure would consist of a standing seam roof situated several feet above the water surface, resting on concrete side walls. Although the reservoir liner and appurtenant facilities would also be removed and replaced under this alternative, the reservoir would essentially retain its existing shape and volume. Under this alternative, there is an option to

install solar photovoltaic panels atop the aluminum cover to help meet LADWP's ongoing commitment to renewable energy production.

Environmental Impact Report:

- An Initial Study (IS) was prepared and made available for public review from June 23, 2008 to July 22, 2008. Copies of the IS were made available for review at the Lincoln Heights, Chinatown, and Cypress Park Branch Libraries, as well as on the LADWP website. A Notice of Preparation of an EIR was submitted to the State Clearinghouse and mailed to agencies and individuals believed to have an interest in the project. A public notice was published in the Los Angeles Times on June 23, 2008. The IS and Notice of Preparation are in Appendix A of the Draft EIR, which is included as Attachment 1. The mailing list and proofs of publication are included as Attachment 2.
- An EIR was prepared by LADWP, which analyzed the potential environmental impacts associated with the construction and operation of the proposed project and two alternatives. The proposed project consisted of a buried concrete-covered reservoir. The area atop the buried reservoir would be developed for recreation uses as part of Elysian Park. The alternatives analyzed consisted of a floating cover and an aluminum cover, which also includes an option for the installation of solar panels. All alternatives included replacement of the inlet line connecting the reservoir to the Riverside Trunk Line, and the bypass pipeline to divert water around the reservoir when necessary.
- The EIR was submitted to the State Clearinghouse and made available for public review from March 10, 2011, through April 25, 2011. Copies of the EIR were again made available for review at the Lincoln Heights, Chinatown, and Cypress Park Branch Libraries, as well as on the LADWP website. In response to a community request, additional copies were made available at the Edendale, Echo Park, and Silver Lake Branch Libraries. A Notice of Availability was prepared and mailed to agencies and individuals believed to have an interest in the project. A public notice was published in the Los Angeles Times on March 10, 2011. Copies of the Notice of Availability, Mailing Lists, and the Los Angeles Times proofs of publication are included as Attachment 3.
- The EIR concludes that there are no feasible mitigation measures to reduce the temporary air quality and noise impacts to a level of less than significant during construction of the proposed project. The aluminum cover alternative would also have significant and unavoidable air quality and noise impacts during construction. The floating cover would have significant and unavoidable air quality impacts. Neither the proposed project nor the alternatives would cause significant operational impacts.
- The EIR identifies the floating cover as the environmentally superior alternative. This alternative meets the primary objectives of complying with updated water quality regulations and maintaining local drinking water storage capacity within the Elysian Reservoir service area. It would not meet the secondary project objective of providing publicly-accessible open space at the Elysian Reservoir property.

The following table summarizes the level of environmental impacts in each issue area analyzed in the EIR. Since there are varying degrees of impact above and below the threshold of significance, a comparison of the magnitude of impacts of the alternatives to that of the proposed buried reservoir is also included, as indicated by the less, similar, or greater notations.

Copies of the letters and LADWP's responses are provided in Section 2.0 of the Final EIR. A public meeting was held on April 13, 2011 to solicit comments on the Draft EIR. Approximately 20 people attended this meeting. Comments received at this meeting, both verbal and in writing, along with staff responses, are also provided in Section 2.0 of the Final EIR.

Numerous comments were received expressing support for the buried reservoir in spite of the environmental impacts of construction. Numerous comments were also received opposing the buried reservoir and supporting the floating cover alternative primarily due to the large cost differential between the options. The major environmental concerns that were expressed in the comments consist of the following:

Aesthetics

Comments: Both the floating and aluminum covers would create aesthetic visual environmental damage. Park users have almost continuous views of the reservoir from Grandview Drive and this cannot be screened. Losing the open reservoir would have a negative impact regardless of the alternative chosen, however, creating accessible parkland meadow is acceptable mitigation for losing it.

Staff response: The Draft EIR analyzed the potential aesthetic impacts using a customary approach under CEQA. Given the character of the Elysian Reservoir site and surrounding property as well as the nature of the project and alternatives, it was determined that aesthetic impacts would be less than significant.

Comment: There would be substantial glare from the solar panels if the aluminum cover with solar panels alternative was implemented.

Staff response: The protective glass panes on solar panels would be low in iron content to increase the transmission of light to the photovoltaic cells by reducing absorption, refraction, and reflection of light by the glass. The panes also include an anti-reflective coating to further reduce glare.

Climate Change

Comments: New parkland planted with shrubs, grass, and plants would help mitigate climate change.

Staff response: The Draft EIR evaluated Greenhouse Gas (GHG) emissions (the primary source of climate change) for construction and operation of the buried reservoir. Amortized over a 30-year period, the proposed project (buried reservoir), which includes a park on top, would generate approximately 586 metric tons annually of carbon dioxide equivalent, significantly more than the alternatives. Operation of a recreation facility at the site would continue to generate 849 metric tons annually. Given the limited area (six to eight acres), it is not likely that the landscaped area would offset these additional GHG emissions.

Biological Resources

Comment: All efforts should be made to save the trees in the carob grove even though they are not specifically protected by the City's Protected Tree Ordinance.

Staff response: Efforts would be made to clear only the amount of land necessary to accommodate construction staging activities. All disturbed areas would be restored during the final phase of construction.

Comment: The Draft EIR fails to recognize that Elysian Park is part of a wildlife migration corridor connected to Griffith Park. It only discusses wildlife migration relative to birds and does not address terrestrial species.

Staff response: Because it is fenced and adjacent to a freeway, the Elysian Reservoir property provides limited opportunities for wildlife migration of terrestrial species. As noted, there are mitigation measures that reduce impacts to nesting birds to a level of less than significant.

Traffic

Comment: Caltrans comments included information on all permits needed for work performed within the State right-of-way or impacting access to freeways. They recommend that truck trips on State Highways be limited to off-peak hours.

Staff response: LADWP will obtain all necessary permits. The traffic study performed for the EIR found no significant impacts so there is no need to limit truck trips to off-peak hours.

Comment: Elysian Park is used heavily and roads within the park are used for parking during the weekends. There should be no hauling through the park on Saturdays.

Staff response: The Draft EIR concluded that heavy construction vehicle traffic on interior park roads would conflict with the use of Elysian Park for recreation purposes. As a result, mitigation measures were developed and included in the Draft EIR to reduce traffic-related impacts during construction to a less than significant level.

Comment: On weekdays when there are games or other events at Dodger Stadium, there should be no hauling from two hours before to two hours afterwards rather than the one hour as specified in the Draft EIR.

Staff response: Weekday games and events at Dodger Stadium that could overlap the hours of construction activity would occur infrequently. Although the Dodger's organization has traffic officers and engineers managing traffic for the period starting two hours before a game and ending two hours after a game, the one hour prior to and after a game was found to be sufficient to manage construction traffic.

Land Use and Planning

Comment: The buried reservoir is the only alternative that conforms with the city's General Plan and the Elysian Park Master Plan.

Staff response: The Elysian Reservoir is zoned as Open Space so a land use variance would be required to implement the floating cover or aluminum cover. However, not all Open Space is intended primarily for scenic, recreation, or natural resource values. According to the Open Space Element of the City of Los Angeles General Plan, in order of first importance, Open Space "includes lands needed for life support systems such as the water supply, water recharge, water quality protection, wastewater disposal, solid waste disposal, air quality protection, energy production and noise prevention." The floating cover is consistent with these goals. The Elysian Park Master Plan has not been adopted by the LADRP.

Environmentally Superior Alternative

Comment: The buried reservoir is the only alternative that would create new parkland. This long-term benefit of additional parkland outweighs the short-term damage caused by construction of the buried reservoir. Therefore, the environmentally superior alternative is the buried reservoir, not the floating cover as identified in the Draft EIR.

Staff response: Under CEQA, the determination of environmental superiority among the alternatives is based on the degree of adverse impact to the physical environment in relation to existing conditions at and surrounding the project site. Based on the comparison of adverse impacts in relation to the existing environment among the proposed project and the alternatives to the project, the floating cover was determined to be the environmentally superior alternative. This alternative does not, however, meet the secondary objective of providing publicly accessible parkland at the Elysian Reservoir site.

The Final EIR, comprised of the Draft EIR, comments received on the Draft EIR, responses to those comments, and corrections to the Draft EIR was prepared. None of the changes to the Draft EIR necessitated recirculation of the document. The Final EIR was sent to each agency that submitted comments. It was also made available for public review on the LADWP website and at the libraries that received copies of the Draft EIR. A letter was sent to each person who submitted comments notifying them of the availability and locations of the Final EIR. The Final EIR has been included as Attachment 4. Copies of the letters and the mailing lists are included

Department of Public Health (CDPH) on the deadline for compliance with the water quality regulations. This extension was requested to allow the community time to identify external funding options to help reduce the cost of the buried concrete reservoir to the LADWP customers. This extension was denied by CDPH. Subsequently, Mr. Lassen submitted a letter asking LADWP to request an extension of the deadline from the EPA in light of their review of the LT2ESWTR in response to requests from New York. CDPH has been in contact with the EPA regarding this review process. The EPA indicated that any revision to the requirements would not be in the near-term and that water agencies that have negotiated Compliance Agreements, as LADWP has, should continue to move forward with their projects to address existing water quality requirements. Copies of these letters are included as Attachment 7.

ENVIRONMENTAL DETERMINATION

Adoption of the Resolution will result in the certification of the EIR and the adoption of the MMRP, Findings of Fact and Statement of Overriding Considerations for the floating cover alternative and satisfies the requirements of the CEQA. In addition, the resolution will authorize funding for the reservoir site improvement projects. The MMRP for floating cover alternative is included as Attachment 8.

RECOMMENDATION

It is recommended that your Honorable Board adopt the accompanying Resolution, approved as to form and legality by the City Attorney, and certify the EIR. It is further recommended that your Honorable Board approve the floating cover alternative for the Elysian Reservoir Water Quality Improvement Project.

RESOLUTION NO. 012 225

WHEREAS, the Los Angeles Department of Water and Power (LADWP) has an obligation to deliver a dependable supply of safe, high-quality water to customers in the City of Los Angeles in an efficient and publicly responsible manner; and

WHEREAS, the LADWP must comply with updated United States Environmental Protection Agency (EPA) water quality standards, including the Stage 2 Disinfectants and Disinfection Byproducts Rule, which establishes new regulations related to the formation of potentially carcinogenic disinfection byproducts that may result from certain drinking water chemical disinfection processes, and the Long Term 2 Enhanced Surface Water Treatment Rule, which establishes new regulations related to the presence of microbial pathogens in drinking water supplies; and

WHEREAS, the Elysian Reservoir is currently an uncovered reservoir that provides approximately 55 million gallons of potable water, supplying water to approximately 285,000 people in the greater downtown Los Angeles area; and

WHEREAS, Elysian Reservoir provides crucial emergency storage and operational capacity that allows for the flexibility necessary to meet peaks in demand that could not be satisfied long term through other sources or the use of water distribution pipelines alone; and

WHEREAS, LADWP field demonstrations have established that it is difficult in uncovered reservoirs to maintain the intended chloramine residual and optimal chlorine-to-ammonia ratio necessary to achieve compliance with the Stage 2 Disinfectants and Disinfection Byproducts Rule, and that replacing the uncovered Elysian Reservoir with a buried or covered reservoir would allow for the proper management of chloramine disinfectant levels; and

WHEREAS, the Long Term 2 Enhanced Surface Water Treatment Rule requires that downstream treated-water storage facilities, such as the Elysian Reservoir, maintain the microbial protection of the treated water they receive before the water is discharged from the storage facilities; that treated water stored in uncovered reservoirs can be contaminated from numerous sources such as incidental surface water runoff, bird and animal waste, and airborne deposition (including pollutants and bacteria); and that replacing the uncovered Elysian Reservoir with a buried or covered reservoir would mitigate these contamination risks; and

WHEREAS, LADWP has proposed the Elysian Reservoir Water Quality Improvement Project (Project) whose primary project objectives are to (1) bring the Elysian Reservoir into compliance with updated standards enacted by the EPA and, by extension, the California Department of Public Health, including the Stage 2 Disinfectants and Disinfection Byproducts Rule and the Long Term 2 Enhanced Surface Water Treatment Rule and (2) to preserve the Elysian Reservoir's existing water storage capability to

maintain reliability and flexibility to meet the Elysian Reservoir's service area demand for drinking water at required distribution system pressures, including during emergency or planned outages of upstream supplies; and

WHEREAS, LADWP stated a secondary objective of the proposed Project is to provide a publicly accessible recreation area at the Elysian Reservoir site; and

NOW, THEREFORE, BE IT RESOLVED that the City of Los Angeles Board of Water and Power Commissioners (Board) recognizes that a study was made of the environmental effects of the Project, including its construction and operation. This study is embodied in the Environmental Impact Report (EIR), which analyzed the buried reservoir (Proposed Project) and two alternatives in detail. The Proposed Project consisted of the buried reservoir, with the area atop being developed for possible recreation uses. A new water supply bypass line to replace the existing, aging bypass line would be installed to the west of the reservoir to allow unimpeded water supply operations during construction as well as greater accessibility to the line after construction is complete. A new inlet line would connect the reservoir to the existing Riverside Truck Line located within Riverside Drive to help maintain critical system reliability and provide improved distribution system capability.

BE IT FURTHER RESOLVED that the EIR also analyzed alternatives to the Proposed Project. The alternatives consisted of a floating cover and an aluminum cover, which included the option of solar panels installed on top. The floating cover alternative would not include an option of solar panels because incompatibilities between the floating cover and the solar components would hinder operations and maintenance and compromise the integrity of both the water storage and solar energy systems. Both alternatives would achieve the primary water quality and water storage objectives of the Project, however neither of the two would achieve the secondary objective of providing a publicly accessible recreation area at the Elysian Reservoir site.

BE IT FURTHER RESOLVED that the EIR, including all comment letters and responses, is on file with the Secretary of this Board and is incorporated in this Resolution, and made a part hereof.

BE IT FURTHER RESOLVED that this Board must balance the economic, legal, social, technological, or other benefits against unavoidable environmental impacts and has the discretion to approve the proposed project or either of the alternatives based on these factors.

BE IT FURTHER RESOLVED that this Board recognizes that the EIR identified the floating cover as the environmentally superior alternative as it would result in the least significant adverse impact on the physical environment among all the alternatives when analyzed in relation to the existing environmental conditions at and surrounding the project site. Impacts under both the floating cover alternative and the aluminum cover alternative would be reduced compared to the Proposed Project because these alternatives involve less ground disturbance, truck traffic and construction time, and

therefore would have reduced impacts to air quality/greenhouse gas emissions, biological resources, cultural resources, noise, and transportation and traffic compared to the Proposed Project. Impacts related to air quality/greenhouse gas emissions, noise, and transportation/traffic would be less under the floating cover alternative than under the aluminum cover alternative due to the reduced scope of construction required.

BE IT FURTHER RESOLVED that this Board recognizes that the costs for design, construction, operations, and maintenance over a 60-year project lifespan have been estimated at \$110 million for the buried reservoir, \$25 million for the floating cover, and \$55 million for the aluminum cover without the solar panels.

BE IT FURTHER RESOLVED that this Board recognizes that the staff recommendation for compliance with the updated EPA water quality standards and water storage objectives is the floating cover alternative, which meets the primary project objectives for this Project.

BE IT FURTHER RESOLVED that this Board makes the following findings and determinations with respect to the floating cover alternative for the Project.

The floating cover alternative would install an approximately 325,000-square-foot flexible membrane floating cover anchored to the edge of the Elysian Reservoir. The reservoir liner and appurtenant facilities would be removed and replaced, but the reservoir would essentially retain its existing shape and volume. A shallow wildlife pond would be created at the north end of the reservoir property.

The floating cover alternative includes the construction of a new bypass line to the west of the reservoir and a 54-inch diameter underground inlet line connecting the reservoir to the existing Riverside Trunk Line within Riverside Drive.

The floating cover alternative was found to be the environmentally superior alternative based on the analysis in the EIR.

BE IT FURTHER RESOLVED that this Board makes the following further findings and determinations with respect to the Project:

LADWP is the lead agency under the California Environmental Quality Act (CEQA) and has prepared an EIR in compliance with CEQA.

An Initial Study (IS) and a Notice of Preparation of an EIR were prepared and made available for public review from June 23, 2008, to July 22, 2008. The Notice of Preparation was filed with the Los Angeles City and County Clerks on June 23, 2008. Notices were also published in the legal section of the *Los Angeles Times* on June 23, 2008. Copies of the IS and Notice of Preparation

of an EIR were sent to the California State Clearinghouse as well as local agencies, organizations, and individuals believed to have an interest in the Proposed Project. Copies of the Notice of Preparation and IS are included in Appendix A of the Draft EIR, which is on file with the Secretary of the Board as Attachment 1 to the Board Letter. Copies of the mailing list and proof of publication are on file with the Secretary of the Board as Attachment 2 to the Board Letter.

A total of 11 comment letters were received in response to the Notice of Preparation. Comments received were considered in the preparation of the Draft EIR and have also been included in Appendix A of the Draft EIR Attachment 1 to the Board Letter.

A Draft EIR and Notice of Availability of a Draft EIR for the Project were prepared and made available for a 45-day public comment period from March 10, 2011, to April 25, 2011. The Notice of Availability of the Draft EIR was filed with the City Clerk and County Clerk on March 7, 2011, and March 10, 2011, respectively. Notice was published in the legal section of the Los Angeles Times on March 10, 2011. Copies of the Notice of Availability and Draft EIR were sent to the California State Clearinghouse as well as local agencies, organizations, and individuals commenting on the Notice of Preparation. Copies of the notice, mailing list for the Draft EIR and Proof of Publication of the notice in the Los Angeles Times are on file with the Secretary of the Board as Attachment 3 to the Board Letter.

Eleven comment letters were received on the Draft EIR. A public meeting, attended by approximately 20 individuals, was held on April 13, 2011, at the Solano Avenue Elementary School, 615 Solano Avenue, Los Angeles, CA 90012. Oral comments and written comments submitted on comment cards were received at the meeting.

The Final EIR, comprised of the Draft EIR, written comments received on the Draft EIR, a summary of oral comments received at the public meeting, responses to those comments, errata, and the Mitigation Monitoring and Reporting Program was prepared and made available on the LADWP website on September 9, 2011. Hard copies of the Final EIR were delivered to the libraries and sent to each agency that submitted comments on September 14, 2011. The Final EIR, on file with the Secretary of the Board, has been included as Attachment 4 to the Board Letter.

In response to the Final EIR, one additional comment letter was received. Responses to this comment letter were prepared by staff and provided to the commenter. The additional comment letter on the Final EIR and the responses thereto, on file with the Secretary of the Board, has been included as Attachment 6 to the Board Letter.

The Final EIR, now before this Board, identifies the following potentially significant impacts from implementation of the floating cover alternative and proposed the following mitigation measures:

Impact	Mitigation Measures
<p>AIR QUALITY</p> <p>AIR-1: During the construction phase, nitrogen oxides emissions would exceed the South Coast Air Quality Management District's (SCAQMD) significance threshold, and therefore, the Project would contribute to an existing or projected air quality violation.</p> <p>AIR-2: The Project would expose sensitive receptors to substantial pollutant concentrations of particulate matter less than ten microns in diameter (PM₁₀), particulate matter 2.5 microns in diameter (PM_{2.5}), and toxic air contaminants (TACs) during construction.</p>	<p>AIR-A Heavy-duty equipment operations shall be suspended during first and second stage smog alerts.</p> <p>AIR-B Equipment and vehicle engines shall be maintained in good condition and in proper tune per manufacturers' specifications.</p> <p>AIR-C Based on a 2014 start of construction, all diesel-powered construction equipment shall meet the EPA Tier 3 or higher emissions standards according to the following:</p> <ul style="list-style-type: none"> • <i>January 1, 2014 to December 31, 2014:</i> All off-road construction equipment greater than 50 horsepower (hp) shall meet Tier 3 off-road emissions standards. In addition, all construction equipment shall be outfitted with the best available control technology devices certified by the California Air Resources Board (CARB). Any emissions control device used by the contractor shall achieve emissions reductions that are no less than what could be achieved by a CARB-defined Level 3 diesel emissions control strategy for a similarly sized engine. • <i>Post-January 1, 2015:</i> All off-road construction diesel engines not registered under CARB's Statewide Portable Equipment Registration Program that have a rating of 50 hp or more shall meet, at a minimum, the Tier 4 California Emission Standards for Off-Road Compression-Ignition Engines as

Impact	Mitigation Measures
	<p>specified in California Code of Regulations, Title 13, Section 2423(b)(1) unless such engine is not available for a particular item of equipment. In the event a Tier 4 engine is not available for any off-road equipment larger than 100 hp, that equipment shall be equipped with a Tier 3 engine. Equipment properly registered under and in compliance with CARB's Statewide Portable Equipment Registration Program shall be considered in compliance with this mitigation measure.</p> <p>AIR-D Electricity shall be utilized from power supply sources rather than temporary gasoline or diesel power generators, as feasible.</p> <p>AIR-E Heavy-duty trucks shall be prohibited from idling in excess of five minutes, both on and off site, except as follows:</p> <ul style="list-style-type: none"> • When verifying that the vehicle is in safe operating condition, or • When the vehicle is positioning or providing a power source for equipment or operations, or • While operating defrosters, heaters, air conditioning, or any other device to prevent a health or safety emergency.
BIOLOGICAL RESOURCES	
<p>BIO-1: The Project would have a substantial adverse effect, either directly or through habitat modifications, on species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or the U.S. Fish and Wildlife Service.</p>	<p>BIO-A Project-related activities such as tree removal or vegetation clearance that would be likely to have the potential to disturb suitable bird nesting habitat shall be prohibited from February 15 through September 15 unless a qualified biologist surveys the project sites prior to disturbance to confirm the absence of active nests. Disturbance shall be defined as any activity that physically removes and/or damages vegetation or</p>

	<p>habitat. Surveys shall be conducted weekly, beginning no earlier than 30 days and ending no later than three days prior to the commencement of disturbance. If an active nest is discovered, disturbance within a buffer area surrounding the nest site shall be prohibited until nesting is complete; the buffer distance shall be determined by the biological monitor in consideration of species sensitivity and existing nest site conditions. Limits of the buffer area shall be demarcated with flagging or fencing. Once a flagged nest is determined to be no longer active, the biological monitor shall remove all flagging and allow construction activities to proceed.</p>
<p>BIO-2: The Project would have a substantial adverse effect on riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Game or the U.S. Fish and Wildlife Service.</p>	<p>BIO-B Prior to the start of construction, to minimize incidental impacts to adjacent vegetation, the construction contractor shall place construction fencing (chain link, silt fencing, or other fencing as appropriate) along the construction limits of work. The LADWP shall be responsible for hiring a qualified biologist to inspect the fencing upon installation and monthly thereafter for the duration of the project. The construction contractor shall be responsible for any improvements or repairs deemed necessary by the biologist.</p>
<p>BIO-5: The Project would conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.</p>	<p>BIO-C If it is determined that trimming of coast live oak trees along Grand View Drive is necessary, the LADWP shall follow the procedures and recommendations described in the LADRP Urban Forest Program <i>Tree Care Manual</i>. The LADWP shall apply for a permit from the Board of Public Works and obtain approval prior to pruning of trees. Any pruning shall be performed in compliance with the Oak Tree Pruning</p>

Impact	Mitigation Measures
	<p data-bbox="873 331 1370 428">Standards set forth by the Western Chapter of the International Society of Arboriculture.</p> <p data-bbox="750 466 1370 802">BIO-D All coast live oak, western sycamore, and southern California black walnut trees that are removed shall be replaced at a minimum 2:1 ratio of the same species with a minimum 15-gallon specimen measuring one inch or more in diameter at a point one foot above the base, and not less than seven feet in height, measured from the base.</p> <p data-bbox="740 835 1357 1243">BIO-E Prior to removal of any toyon and holly-leaf cherry plants, the LADWP shall obtain a recommendation for action from the LADRP arborist that has been approved by the LADRP General Manager. Upon completion of construction activities, any removed toyon and holly-leaf cherry shall be replaced in accordance with Los Angeles City Landscape Policy (Urban Forest Program <i>Tree Care Manual</i>, Appendix M).</p>
<p data-bbox="181 1264 542 1297">CULTURAL RESOURCES</p> <p data-bbox="181 1302 626 1432">CR-2: The Project would cause a substantial adverse change in the significance of an archaeological resource.</p>	<p data-bbox="727 1310 1354 1852">CR-A Because the potential to encounter archaeological resources exists within the Elysian Reservoir property, qualified archaeological and Native American monitors shall perform monitoring during all ground disturbing activities, including but not limited to, excavation, trenching, boring, and grading at the Elysian Reservoir site. In the event that potential archaeological materials are encountered during construction, all construction activity in the area of the find shall cease until the discovery can be evaluated by a qualified archaeologist in accordance with the provisions of CEQA Guidelines</p>

Impact	Mitigation Measures
	<p>Section 15064.5. The archaeological monitor shall have the authority, in coordination with the construction manager, to temporarily re-direct construction equipment in the event potential archaeological resources are encountered until appropriate action to protect the resource has occurred.</p>
<p>CR-3: The Project would directly or indirectly destroy a unique paleontological resource or site or unique geologic feature.</p>	<p>CR-B Because the Elysian Reservoir site has high paleontological sensitivity, a qualified paleontological monitor shall perform monitoring during the grading and excavation phases of construction. Monitoring shall include inspection of exposed surfaces and microscopic examination of matrix. In the event that potential significant fossil localities are encountered during construction, all construction activity in the area of the find shall cease until the discovery can be evaluated by a qualified paleontologist. The paleontological monitor shall have authority, in coordination with the construction manager, to temporarily divert grading away from exposed resources until action to protect the resource has occurred. Fossils recovered shall be prepared, identified, and catalogued before donation to the federally accredited repository designated by the lead agency.</p>
<p>NOISE</p>	
<p>NOISE-1: Construction of the Project would result in a substantial temporary increase in ambient noise levels in the vicinity of the Project site.</p>	<p>NOISE-A All mobile construction equipment shall be equipped with properly operating mufflers or other noise reduction devices.</p> <p>NOISE-B Grading and construction contractors shall use quieter equipment as opposed to noisier equipment (such as</p>

Impact	Mitigation Measures
	<p>rubber-tired equipment rather than metal-tracked equipment), to the extent possible.</p> <p>NOISE-C The construction contractor shall use on-site electrical sources to power equipment rather than diesel generators where feasible.</p> <p>NOISE-D The construction contractor shall implement sound barriers or blankets on the Riverside Drive perimeter of the Caltrans island. The sound barriers or blankets shall be capable of blocking at least 15 dB of construction noise. The barriers or blankets shall be placed to the extent possible such that the line-of-sight between ground-level construction activity and sensitive land uses is blocked.</p>
TRANSPORTATION/TRAFFIC	
<p>TRANS-1: The Project would conflict with an applicable plan, ordinance, or policy for establishing measures of effectiveness for the performance of the circulation system on study street segments during construction.</p>	<p>TRANS-A During construction when games or other events are scheduled at Dodger Stadium, the LADWP shall coordinate with the Los Angeles Department of Transportation (LADOT) to establish manual traffic control at established major intersections along the Stadium Way-Academy Road route to and from the stadium. If manual control cannot be provided, construction traffic shall not be allowed on the haul route from the hour before, through the hour after a major event at Dodger Stadium.</p> <p>TRANS-B Traffic on non-park roads shall be controlled during construction by adhering to the guidelines contained in Standard Specifications for Public Works Construction and Caltrans' Traffic Manual, Chapter 5, "Manual of</p>

Impact	Mitigation Measures
	<p>Traffic Controls for Construction and Maintenance Work Zones" and applicable City requirements. These guidelines provide methods to minimize construction effects on traffic flow.</p>
<p>TRANS-3: The Project would create a safety hazard during construction at Elysian Reservoir associated with incompatible uses.</p>	<p>TRANS-D</p> <p>Prior to construction, a construction traffic control plan shall be prepared by the LADWP for review and approval by the LADOT and the LADRP. The plan shall include, at a minimum, advanced signing on Stadium Way and Riverside Drive alerting motorists to construction and an increase in construction vehicle movements; signage to alert motorists to temporary or limited access points to adjacent properties; appropriate barricades for road closures; construction speed limit signage along the haul route; other appropriate signage along the haul route to warn park users of construction equipment and vehicles; flag persons at road closure locations, blind spots, other sharp turns to direct construction and other vehicle traffic; temporary crosswalks for park users; and parking restrictions during construction.</p> <p>TRANS-E</p> <p>Prior to the start of construction, and periodically during construction, as necessary, the construction contractor shall provide all construction drivers with safety training to minimize conflicts between construction activities and park users. Training shall include adherence to posted speed limits, discussion of haul routes, and explanation of the construction traffic control plan.</p>

Impact	Mitigation Measures
	<p>TRANS-F</p> <p>The LADWP shall coordinate with the LADRP and the LADOT to prohibit on-street parking during peak phases of construction on the following street segments: Academy Road (minor), Solano Canyon Drive, and Park Row Drive/Street. Parking would still be maintained for residents on the west side of Park Row Street at the Grand View Drive entrance to the reservoir Project site.</p>

BE IT FURTHER RESOLVED that this Board finds that implementation of these mitigation measures would lessen the environmental effects of the floating cover alternative to a level of less than significant with the exception of temporary construction impacts to air quality, which would remain significant.

BE IT FURTHER RESOLVED that this Board acknowledges that pursuant to CEQA and the Guidelines adopted pursuant thereto, that before it may approve a project, which has potentially significant effects on the environment, it must first make certain findings and determinations. Accordingly, the Board determines that it first find whether there are specific economic, legal, social, technological, or other considerations which make infeasible further mitigation measures or project alternatives as identified in the Final EIR and further determine whether the benefits of the project outweigh such unavoidable temporary significant effects. Accordingly, the Board herewith makes the following findings in support of a decision to approve the floating cover alternative with temporary significant effects:

There are no additional feasible mitigation measures that would reduce air emissions to a level of less than significant. Daily NOx emissions would exceed the SCAQMD regional significance thresholds during certain periods of intensive construction activities. In addition, localized construction emissions of PM2.5 and PM10 would exceed the significance thresholds at residences on Riverside Drive and Park Row Street and at Solano Avenue Elementary School and toxic air contaminants would exceed the significance thresholds at residences on Riverside Drive. Localized concentrations are directly related to the distance between the source and the sensitive receptors.

This Board further finds that the Proposed Project analyzed in the EIR, which would construct a buried reservoir, would result in greater impacts to air quality/greenhouse gas emissions, biological resources, cultural resources, noise, and transportation/traffic than the floating cover alternative. These impacts would be greater because the Proposed Project would involve substantially more ground disturbance, truck traffic and construction time. This Proposed Project

would, however, meets the secondary objective of providing publicly-accessible open space at the Elysian Reservoir property.

This Board further finds that the aluminum cover alternative, both with and without solar panels on top, would also result in somewhat greater impacts to air quality/greenhouse gas emissions, noise, and transportation/traffic than the floating cover alternative due to the larger scope of construction required.

This Board further finds that all other considered alternatives discussed in the EIR were dismissed because they did not meet the basic Project objectives, were deemed to be infeasible, or would result in similar or greater environmental impacts. These included other storage alternatives at the Elysian Reservoir site, functional relocation alternatives, treatment and filtration, distribution system upgrades and increased Metropolitan Water District Supplies, and the Proposed Project without replacement of the inlet line.

This Board further finds that the No Project Alternative is infeasible to approve for the following specific reasons: While it would eliminate the significant short-term construction-related impacts resulting from the floating cover alternative, it would not achieve any of the Project objectives. Under the No Project Alternative, Elysian Reservoir would remain an uncovered treated water reservoir. However, because this would not meet the water quality mandates, the reservoir would ultimately need to be removed from service. This would not preserve local water storage capability to maintain reliability and flexibility to meet demand for drinking water in the Elysian Reservoir service area.

BE IT FURTHER RESOLVED that this Board finds, pursuant to the requirement that it adopt a Statement of Overriding Considerations to support approval of a project with significant effects on the environment, that there are specific economic, legal, social, technological or other benefits of the floating cover alternative which outweigh the temporary significant construction effects on air quality and therefore determines to approve the floating cover alternative project for the following reasons:

The floating cover alternative would achieve compliance with updated water quality standards enacted by the EPA and, by extension, the California Department of Public Health, including the Stage 2 Disinfectants and Disinfection Byproducts Rule, which establishes new regulations related to the formation of potentially carcinogenic disinfection byproducts that may result from certain drinking water chemical disinfection processes, and the Long Term 2 Enhanced Surface Water Treatment Rule, which establishes new regulations related to the presence of microbial pathogens in drinking water supplies.

The floating cover alternative would preserve local water storage capability to maintain reliability and flexibility to meet the Elysian Reservoir service area demand for drinking water at required distribution system pressures, including during emergency or planned outages of upstream supplies.

The floating cover alternative would maintain and improve the quality, reliability, and stability of the Elysian Reservoir service area drinking water supply in order to continue to meet customer demand and fulfill the primary Project objectives in a cost effective, environmentally responsible manner.

BE IT FURTHER RESOLVED that this Board certifies that the Final EIR has been prepared in compliance with CEQA, that it has reviewed and considered the information contained in the EIR, and that the EIR reflects the independent judgment and analysis of this Board.

BE IT FURTHER RESOLVED that this Board certifies the Final EIR, requires implementation of the mitigation measures, and adopts the Mitigation Monitoring and Reporting Plan.

BE IT FURTHER RESOLVED that, based on the balance of economic, legal, social, and technological benefits against unavoidable environmental impacts, this Board approves the floating cover alternative for the Project with additional enhancements to the reservoir area and park (not to exceed \$3,160,000), authorizes its construction, and approves the payment for permit and mitigation costs associated with this Project.

BE IT FURTHER RESOLVED, that the Board hereby approves the establishment of a \$12.5 million Community Parks Fund (the Fund). The Fund will be used for public purposes related to community parks, though no specific purposes are established at this time. Best efforts shall be used to locate enhancements in the Elysian Park area. However, if no suitable enhancements can be located in the Elysian Park area, best efforts shall be used to locate enhancements in a comparable urban area or areas. Future proposed appropriations from the Fund will be fully evaluated under CEQA before any projects funded by such appropriations are approved. The Board hereby finds that the establishment of the Fund will not create any different or substantially more severe environmental impacts from those examined in the EIR, does not constitute "significant new information" as that term is defined under CEQA Guidelines Section 15088.5 and would not otherwise require recirculation of the EIR.

BE IT FURTHER RESOLVED that LADWP shall file a Notice of Determination with the Los Angeles County Clerk and the Los Angeles City Clerk within five working days after deciding to approve the project.

BE IT FURTHER RESOLVED that the Environmental Affairs Section will be the custodian of the record of proceedings for this project.

I HEREBY CERTIFY that the foregoing is a full, true, and correct copy of a Resolution adopted by the Board at its meeting held APR 17 2012

CITY OF LOS ANGELES
DEPARTMENT OF RECREATION AND PARKS

July 13, 2016

TO: BOARD OF RECREATION AND PARK COMMISSIONERS

FROM: MICHAEL A. SHULL 
General Manager

SUBJECT: OVERVIEW OF THE ADOPTED FISCAL YEAR 2016-17 DEPARTMENT OF RECREATION AND PARKS BUDGET

The City of Los Angeles (City) Fiscal Year (FY) 2016-17 Budget was approved by the City Council and the Mayor on May 25, 2016 and June 2, 2016, respectively. Included in the adopted FY 2016-17 Budget is the \$222.7 million appropriation for the operations of the Department of Recreation and Parks (RAP), an increase of \$10.4 million over FY 2015-16. See Attachment A for budget breakdown by category.

SOURCE OF FUNDS:

The projected sources of funds for FY 2016-17 operations include the following:

- \$171,068,000 from the City's Charter Mandated property tax revenue allocation, an increase of \$11.1 million over FY 2015-16.
- \$9 million from the Golf Revenue.
- \$5.7 million from the Harbor Department for ground maintenance services provided by RAP.
- \$2.5 million from Budgetary Savings (Unreserved and Undesignated Fund Balance), a reduction of \$2 million from FY 2015-16.
- \$2.5 million of reimbursements from special funds such as Proposition K.
- \$1.5 million of reimbursements from the In-House Capital Delivery Plan, a reduction of \$0.5 million from FY 2015-16.
- \$1 million transfer from the Pershing Square Revenue for the Park Ranger Regeneration in the Metro District.
- \$0.5 million from Griffith Park Parking
- \$23.3 million from other self-generated revenues, mainly from facility and programming fees and concessions.
- \$5.6 million from the City's General Fund.

See Attachment B for Source of Funds from FY 2006-07 through FY 2016-17.

APPROVED FUNDING REQUESTS:

RAP submitted budget requests centered on five core areas: 1) clean and safe facilities and parks; 2) increased recreational opportunities for underserved areas or groups; 3) improved information technology; 4) continued expansion and access to RAP facilities and parks; and 5) implementation of sustainability goals. The majority of the funding requests were approved, including the following programs and operations:

BOARD OF RECREATION AND PARK COMMISSIONERS

Page 2

- New and Expanded Facilities (\$1,508,000).
- Park Ranger Regeneration Program in the South Los Angeles, Harbor and Venice Districts (\$1,264,000).
- Expanded restroom access serving the needs of homeless (\$675,000).
- Park Restroom Enhancement Program (PREP) (\$455,000).
- Gladys Park maintenance services (\$158,000).
- Joint Use Agreements with schools to increase park access (\$109,000).
- Clean and Safe Spaces Program (CLASS Parks) Enhancements (\$507,000).
- Girls Play Los Angeles Sports (GPLA) Enhancement (\$462,000).
- Increased funding and authority for positions to support various critical functions of RAP operations.
- City Services provided by RAP to other City departments (\$4,104,000), including Joy Picus Child Care Center; Housing Authority of the City of Los Angeles (HACLA) site at Imperial Courts Recreational Center; Public Building Landscape Services; Summer Night Lights (SNL) Program; Emergency Preparedness; and support for the film industry.
- Utility increase due to water rates increases (\$5,200,000).

See Attachment C for the approved funding requests by program.

Additionally funded with City's General Purpose Fund:

- Venice Beach 24-hours year-round restroom access (\$234,000)
- SNL Fiscal Agent functions (\$1,688,000)

EXPENDITURES BY CATEGORY AND ISSUES:

RAP's non-discretionary expenditures, "chargebacks", have increased significantly from a minimal amount in FY 2007-08 to \$60 million in FY 2016-17. The chargebacks include employee retirement, healthcare, and other City overhead costs, as well as utility and sanitation expenses. The \$60 million RAP is to reimburse City's General Fund in FY 2016-17 is 27% of the department annual operating budget.

The increase in utility expense is mainly due to water and power rate increases by the Department of Water and Power. Of the increased operating budget appropriation of \$10.4 million in FY 2016-17, \$5.2 million (50%) will be needed to offset the utility costs. Within five (5) years, utility expenses are expected to double from \$15 million to approximately \$31 million. Even with moderate growth in the property tax base, these cost increases will erode and take away funding that would otherwise be used to provide additional and even ongoing recreational programming public services.

See Attachment D for Expenditures by Category.

POSITIONS:

The adopted FY 2016-17 Budget includes 1,421 regular authorities for full-time positions, an increase of 30 positions over FY 2015-16. The new or regularized positions are for the Park Ranger Program, PREP, GPLA, contract support, new and expanded facilities, and various positions across Divisions. The FY 2016-17 Personnel Resolution adopted by this Board on June 1, 2016 under Report No. 16-142 provides details of these positions.

This report was prepared by Noel Williams, Chief Financial Officer, Finance Division.
