RECOMMENDATIONS

1. Retroactively approve the submission by the Department of Recreation and Parks (RAP) of an application, attached to this Report as Attachment 1, to the California Department of Social Services (DSS) for subsidized preschool services at ten additional licensed preschools through the DSS "Fiscal Year (FY) 2021-22 General Child Care and Development Program (CCTR) Expansion Funds Request for Applications" (CCTR Grant), which was submitted without prior Mayor or Council approval due to this being a competitive grant with no City General Funds or matching funds required as authorized under Los Angeles Administrative Code (LAAC) Section 14.6(a);
2. In connection with the CCTR Grant, approve the DSS Funding Terms and Conditions (FT&C) effective July 1, 2022 and attached to this Report as Attachment 2, the DSS Program Requirements for CCTR effective July 1, 2022 and attached to this Report as Attachment 3, and the DSS General Terms and Conditions (GTC) dated April 2017 and attached to this Report at Attachment 4 (collectively, "CCTR Grant Terms");

SUMMARY

RAP has been receiving funding from the California Department of Education (CDE) for over 36

years to provide licensed preschool services at Jim Gilliam Child Care Center, which has a licensed capacity to serve 45 children in a high-need area, and for the last seven years at Ralph M. Parsons Preschool, which has a licensed capacity to serve up to 90 children. Starting with FY 2022-2023, DSS took control of administering the CCTR program. CCTR provides funding for subsidized care for two- to three-year-old children and assists with serving children of families with incomes at or below seventy-five percent (75%) of the State median income level.

Studies have shown that preschool programming helps children develop academic, cognitive, and behavioral skills that have been proven to increase their chances for future success. Full-day services give participant's parents, who would otherwise be unable to afford these services, the opportunity to seek employment, or return to school in hopes of creating better economic opportunities for their families.

On August 18, 2021, Council Motion 21-0937 was passed to fund the refurbishment and reopening of the following ten licensed preschools at RAP facilities:

- Victory Valley Child Care Center, 6451 St. Clair Ave., North Hollywood
- Branford Child Care Center, 13306 Branford St., Arleta
- Van Ness Child Care Center, 5720 2nd Ave., Los Angeles
- South Park Child Care Center, 345 E. 51st St., Los Angeles
- Ira C. Massey Child Care Center, 5001 Obama Bl., Los Angeles
- Evergreen Child Care Center, 211 S. Evergreen Ave., Los Angeles
- Hubert Humphrey Child Care Center, 12560 Fillmore St., Pacoima
- Echo Child Care Center, 515 Laveta Ter., Los Angeles
- Downey Child Care Center, 219 S. Avenue 18, Los Angeles
- Banning Child Care Center, 1331 Eubank Ave., Wilmington

In anticipation of the opening and licensing of these ten additional preschools, RAP submitted an application, attached to this Report as Attachment 1, through the DSS "FY 2021-22 General Child Care and Development Program (CCTR) Expansion Funds Request for Applications" (Grant). This Grant funding was available for applicants to provide full-day/full-year licensed preschool services after April 1, 2022. The Grant is governed by the CCTR Grant Terms, which are: (1) The CCTR FT&C effective July 1, 2022, attached to this Report as Attachment 2, (2) The CCTR Program Requirements effective July 1, 2022, attached to this Report as Attachment 3, and (3) The DSS GT&C, attached to this Report as Attachment 4. These CCTR Grant Terms were previously approved by the Board of Recreation and Park Commissioners (Board) in Board Report 22-157 on June 16, 2022.

RAP received notification from DSS on June 3, 2022, attached to this Report as Attachment 5, of a proposed award for CCTR Grant funds in the amount of Two Million, Seven Hundred Seventy-Four Thousand, Five Hundred Eighty-Five Dollars (\$2,774,585) to support RAP's ten additional licensed preschools. The total award split between the ten additional preschools is Two Hundred Seventy-Seven Thousand, Four Hundred Fifty-Eight Dollars and Fifty Cents (\$277,458.50) per preschool. The first two sites to become licensed were Branford Child Care Center and Victory Valley Child Care Center. On April 20, 2023, RAP received Amendment 01 to the FY 2022-23 CCTR Local Agreement for Child Development Services (Contract No. CCTR-2086) (Attachment

6), which increased the maximum reimbursable amount of CCTR grant funds by Five Hundred Forty-Four Thousand, Nine Hundred Seventeen Dollars (\$544,917) to fund subsidized preschool services at these two (2) sites, for a total of Five Hundred Seventy-Nine Thousand, One Hundred Fifty-Three Dollars (\$579,153) as set forth in Attachment 6 to this Report. DSS will release future amendments to CCTR Grant contract CCTR-2086 to fund the remaining eight (8) preschools as each preschool becomes licensed and RAP notifies DSS of such licenses. RAP staff recommends advance approval of the execution of such amendments on terms substantially similar to the CCTR Grant Terms and up to a maximum amount Two Million Two Hundred Twenty Nine Thousand, Six Hundred Sixty Eight Dollars (\$2,229,668). Each Grant award will be a maximum reimbursable amount with payments made by CDE/DSS based on RAP's quarterly reports of actual enrollment, attendance, and expenses.

FISCAL IMPACT

Acceptance of a CCTR Grant from DSS does not require RAP to provide matching funding; therefore, it would not impact RAP's General Fund. The Grant, if awarded, provides funding to add subsidized preschool programs at ten additional licensed preschools.

STRATEGIC PLAN INITIATIVES AND GOALS

Approval of this Board Report advances RAP's Strategic Plan by supporting:

Goal No. 2: Offer Affordable and Equitable Recreation Programming

Outcome No. 1: Improved health and social equity for young Angelenos

Section 1: Agency Philosophy and Introduction

Provide a general overview of the agency's child care and development services for children and families. The agency may also use this section to explain its unique features and philosophies, which are important and promote understanding of the program.

Since 1986, the City of Los Angeles Department of Recreation and Parks has taken the responsibility to utilize their existing facilities that were not fully utilized daily to create a safe environment for children and families in need. These facilities were located in economically impacted communities that had multiple education tracks and parents had nowhere for their children to be during the day when they were "off-track". Originally, Recreation and Parks had 12 facilities that provided quality state licensed child care that allowed parents to work while their children were provided learning opportunities and nutritious snacks. Those 12 facilities extended to 26 sites over the course of 20 years. In 2010 the economic downturn and loss of state funding forced the Department to reduce the number of sites to 2 preschool programs. These 2 sites continue to provide care to this day.

Due to the onslaught of the recent pandemic, many parents found themselves having to stay home and care for their children and either could not work due to lack of child care or they had to work from home and juggle child care and work simultaneously. Recreation and Parks has been the go-to agency to assist parents in every community in Los Angeles to provide learning opportunities for their children.

It is with a request from L.A. City council membership that Recreation and Parks restore the state licensed child care program to help families in need return to the workforce. Many of our families are single parent households, front line workers, essential workers, and low income.

The mission of the Child Care Program of the City of Los Angeles-Department of Recreation and Parks is to provide affordable, quality child care services to the varied residents of our municipality in a safe, nurturing, and academically enhanced environment. We will serve children ages 2 years (toddlers) through entrance to first grade. Our programs aim to enhance the self-esteem, creativity, learning, and social skills of the myriad of children within our diverse communities.

It is the philosophy of the Recreation and Parks state-licensed child care program, to provide a qualitatively superior service to our constituents, which requires a comprehensive approach to administering the latest in age-appropriate curriculum and activities. At each of our child care centers, children will participate in several hands-on learning activities that will invoke cognitive, physical, emotional, and multicultural growth in a recreational setting.

Our focus will be to establish a supportive network among home, school and the recreational community to foster self-awareness within the realm of social interaction. In addition, students and parents alike will become familiar with the functions of extended community organizations that provide outreach opportunities to enhance the overall growth of the neighborhoods they serve.

Section 1: Agency Philosophy and Introduction (additional page, if needed)

Parents will be assured that their children will receive the attention and guidance of our qualified and professional child care personnel. Age-appropriate activities and materials are used to bring about the highest possible level of learning. Children will be allowed to express themselves with a variety of materials and within multiple areas, such as arts and crafts; science and technology (via the use of computers or tablets) manipulatives, music, writing, dramatic play and sports. They will also be given nutrition and physical fitness activities that will encourage and promote healthy lifestyle choices. There are many specialized learning centers available for children to go from area to area without restrictions.

All children are respected as persons with a valid opinion, regardless of their race, creed, sex, or physical ability.

Section 2: Service Delivery Area and Type of Service(s)

- a) Please describe the service delivery model the agency is proposing, please include service delivery area, type of care, etc. (direct service or FCCHEN).
- b) Describe how children and families will be recruited and selected for the program to ensure that services will be provided to those who have the highest need for services.

a) The City of Los Angeles Department of Recreation and Parks has facilities dedicated to serve the needs of preschool children. These facilities are currently being renovated to accommodate between 50 and 75 preschool children taking in consideration the State of California Title 22 guidelines that outline licensing capacity indoors and outdoors. Care of preschool children will take place in stand alone facilities that have been especially designed and scaled to preschool children. Care will be provided in buildings that are upgraded with wi-fi and furnishings that are age appropriate. The cultural makeup of each community will be regarded while maintaining the overall appearance that Recreation and Parks deems reflective of uniformity. Each center will be set up with the same equipment, materials, and furnishings. Staffing will reflect the community served, using employees that live in the same community as the children served.

b) Recreation and Parks has a stellar marketing division that will work with local businesses and the city council members to inform parents of the reopening of the child care centers. We will advertise at local worksource centers, unemployment offices, and vocational schools to inform participants of available and affordable quality child care services. We will market the program to local community-based organizations that express the need for child care assistance of constituents. Another avenue will be to work with the local child care resource and referral agencies to inform working families.

The families that were most impacted by the pandemic will receive priority of enrollment and will be required to show proof of income as required by the Title 5 Funding Terms and Conditions. This step will also allow Recreation and Parks to ensure that marketing is done in an equitable manner.

Section 2: Service Delivery Area and Type of Service(s) (additional page, if needed)

Section 3: Children and Families

Describe the children and families to be served through this application (e.g., ages of children, economic levels of families, ethnicity, languages other than English spoken in home, types of work in the area where services are proposed, and special needs of families served).

Recreation and Parks serves families throughout the entire City of Los Angeles. Those most impacted economically will be addressed with priority. Currently 10 child care facilities will be reopening first in high need communities where many families earn less than 80% of the state median income.

The focus is to serve the highest need as there are not enough infant/toddler and preschool centers that can serve the vast number of children in these areas because they are full to capacity. The target population we plan to serve are children aged 2 years to 3 years, as these children are not the focus of kindergarten readiness programs outlined by California State Preschool program (CSPP). The need is greater in this age category because the local Los Angeles school district offers more programming for kindergarten readiness programming and not much for those younger.

Many of the communities we will target are in the economically disadvantaged parts of the city and many families do not have English as their primary language. Statistics show that many households in the areas that are to be opened have Spanish as the primary home language. We will do everything possible to establish parameters of trust for these families. We will hire employees that live in the neighborhood the center is located in and are aware of the diverse cultural dynamics of each community.

Recreation and Parks' administration is particularly aware that families in these impacted areas are working high risk jobs that do not currently pay fair market wages. Many of these jobs are fast food services, delivery services, rideshare drivers, security, custodial services, and skilled care nursing. If the burden of child care services can be removed from their concerns, they will be able to consider returning to school or applying for different jobs that will allow sustainability for their families.

Recreation and Parks understands that there are also children that may be identified as special needs. We will do everything possible to hire staff with specialized training to work with such children and their families. Special needs children have an advantage to receive services in addition to the licensed child care program through the school district. Recreation and Parks will partner with those families to ensure that they are able to receive all services necessary for their child to get the best education.

Section 4: Administration and Staffing

- a) Describe the roles and responsibilities of the core administrative staff responsible for the fiscal and programmatic components of the contract.
- b) Describe how you will utilize contract funds to recruit, retain and support qualified program staff, and provide ongoing staff development opportunities.

a.) The Department of Recreation and Parks has a Finance Division that will assign an analyst to have oversight of the fiscal spending and distribution of funds for each program. They will collect the monthly enrollment register, ensuring compliance with the Child Development Information Management System (CDMIS) entries. These entries allow CDSS to see that as a Department providing quality care remains in compliance with requirements of serving our diverse communities. They will assist with the annual required audit process as well.

A Child Care Program Manager will have oversight of hiring, monthly in-service training, and acting as a liaison between the Department and outside agencies such as the state Community Care Licensing Division, City council offices, the Department fiscal team, the Department's Planning and Construction and Maintenance forces. The Child Care Program Manager is the link to a successful operation. They will also be the person keeping Departmental executive staff informed about upcoming funding opportunities, or reports needed to remain in compliance. They will attend parent meetings and organize special events.

Every child care center will be assigned a child care director that has a minimum of a BA degree in Early Childhood Education, Child Psychology or a related field. Additionally, they will have a minimum of 12 early childhood education units to satisfy state of California Community Care Licensing requirements. The Directors will be eligible for a Children's Center Permit at the level of Site Supervisor or higher. Each site will also have 2 Child Care Associates that act in the capacity of Assistant Director when necessary and will be Lead teachers. They too will be required to possess or apply for a Children's Center Permit. To support, we will also hire approximately six fully qualified teachers to provide face to face instruction at each site. There will be enough staff to keep the centers in compliance with the 1:4 ratios at each shift. The fully qualified teachers will have a minimum of 12 early childhood education (ECE) units and be eligible for a Children's Center Permit at the level of Associate teacher, Master Teacher or higher.

Section 4: Administration and Staffing (additional page, if needed)

b.) Contract funds will be used to apply for Children's Center permits as necessary, and to send teachers to specialized training needed for the permit process as well. In depth training is necessary to stay abreast of ever changing child care tenets. Child care personnel will be encouraged to attend annual conferences relative to early childhood professional growth. This funding will offset the cost of attendance fees for the training. Holders of the childrens center permits also are required to accrue 105 hours of child care training through classes, workshops, or conferences within 5 years of obtaining their initial permit. As an incentive deemed necessary by the employees union, staff will be awarded a monetary bonus for acquiring a childrens center permit. This funding will assist with fulfilling this requirement.

It is important that each and every child care professional feels supported in the career choices made. By making extended training accessible, staff retention is addressed. We will be able to keep qualified staff on board and train them to become Child Care Directors whenever vacancies arise.

Section 5: Curriculum

- a) Please describe the infant/toddler curriculum you currently use or what curriculum are you proposing to use?
- b) Please describe the infant/toddler assessment system you currently use or what assessment system are you proposing to use and how will the assessment results be used?

a) The City of Los Angeles Department of Recreation and Parks Child Care Program will begin to utilize the High Scope curriculum. It is our goal that all the children in our city facilities are given equitable learning opportunities with trained, skilled professionals that prepares them for entry to kindergarten or first grade. The curriculum is centered around a play based, child centered experience. Using this curriculum, the children are active learners in their educational environment. Daily lessons will guide the children through Developmentally Appropriate Practices and activities that promote independence, confidence, creativity, problem solving, and academic skills. There is a strong focus on social and emotional development. Teachers focus on the child's strengths and abilities which allows them to individualize the child's learning experience that can be tailored to children of all abilities. This curriculum provides academic areas such as math, creative arts, science, technology, literacy, and language skills. This curriculum is designed to meet the developmental stages of the California Preschool Learning Foundations. The curriculum promotes the "plan- do- review" sequence. They set up developmentally appropriate materials relative to each academic area for children to choose independently. They engage children in open-ended questions to support and challenge them. The teacher then reviews, and plans activities based on their observations that build on the children's interest.

b) Recreation and Parks will continue to use the DRDP (Desired Results Developmental Profile) to assess the children in our programs. The teachers take anecdotal notes, document through photos, and collect the children's work in a portfolio as they pertain to the educational domains. The assessment is used to document the progression of the children's learning and development and the results are shared during the parent/teacher conferences as well as shared with the other teachers as the children progress through the center's classrooms.

As we are transitioning to the High Scope curriculum, the teachers will continue to assess the children through daily observation and document their findings through anecdotal notes. The High Scope curriculum uses COR (Child Observation Records) to assess the child's development and progress. Staff will be trained in the use of this curriculum and the assessment tools. This tool will help teachers evaluate the children's development and help them plan appropriate activities for the children. As the teachers interact with the children, they will document behaviors, achievements, challenges, and statements. The findings are used to build and expand on their future lesson plans. These results are shared with parents to work together with the teachers between the home and school community.

Section 6: Physical Environment

- a) Describe your process for maintaining a safe indoor and outdoor play area.
- b) Describe your indoor and outdoor play equipment and how it is developmentally appropriate to the various age levels of children in the program.

a) The Department has over 35 years of experience maintaining a safe outdoor play area for our preschool programs. It is the goal of Recreation and Parks to continue to provide the children in our programs with a safe learning environment. Our childcare centers operate in observance of Title 22 and Title 5 regulations. Since we are committed to safety, we have dedicated full time maintenance staff that are fingerprinted and cleared by the DOJ (Department of Justice) and the FBI to clean and sanitize the classrooms daily. The maintenance staff also cleans and maintains the outdoor areas which include the playground area. The Department also has a dedicated playground crew that is committed to the safety and upkeep of our facilities. In addition, it is the staff's responsibility to take certain safety measures to keep children safe during outdoor and indoor activities. Our teachers carry out daily inspections of the equipment both indoor and outdoor for any potential hazards. Hazards are removed to ensure children's safety and job orders are placed to fix items that are unsafe. Teachers make sure that while children are on the play apparatus that they are properly supervised. The same safety measures are taken indoors. Teachers sanitize and clean highly touched equipment and surfaces such as tables, and door handles. Teachers will inspect all equipment and furnishings to ensure the equipment is sturdy and in good condition. Outlet protectors are placed in electrical sockets. Age-appropriate manipulatives are available and easily accessible for a child's reach. The rooms are equipped with child size tables and chairs. Shelving is secured. Any hazards are noted and are eliminated from use until it can be properly fixed. All medication is secured in the Director's office. Cleaning supplies are locked up and secured as well. Staff makes sure that exits aren't blocked. Fire extinguishers are checked monthly to ensure they are charged. Entrances to all facilities are secured and alarmed for the protection of the staff, the children, the families, and visitors. All exit signs are illuminated.

b) Our department is installing new play structures for children ages 2 to 5. This includes shading and soft rubberized surfaces beneath each play structure to absorb falls. The playground encourages gross motor skills, imagination, social interaction among the children of all abilities to enjoy. The play area is fenced to protect the children and keep them secure in the designated play area. The outdoor area follows the licensing regulation of 75 square feet per child. There is ample space with a grass area and pavement for running, jumping, bouncing balls as well as riding bikes and scooters. The children have a water source to drink freely that can be accessible by anchored steps or secured platforms. The teacher to child ratio of 1 to 4 is maintained throughout the day to promote the safety of the children.

Section 6: Physical Environment (additional page, if needed)

All our indoor play areas follow the 35 square feet per child licensing regulations. The childcare centers are temperature regulated to provide a comfortable setting. The centers have ample lighting through light fixtures and natural lighting. The center is equipped with tables and chairs that are scaled to the size of the children. The flooring and carpets are safe and clean. The shelving and permanent built-in cabinets are secure and are accessible to the children. Age-appropriate manipulatives, equipment, and toys are provided with a sufficient quantity for all the children to participate. The items are carefully labeled with pictures for the children to recognize and identify the toys and equipment. All the children are given a designated space to store their personal belongings and napping accessories. Blankets and sheets are bagged and laundered weekly. The individual cots are maintained, kept, and stored for children for use during rest time. The cots are sanitized daily after use. Lastly, all restrooms in each facility include one handwashing station and one toilet for every fifteen children. These restrooms are cleaned regularly by maintenance staff. Our centers continue to maintain the cleanliness and safety for all children in our program.

Section 7: Facilities

- a) What is your plan to ensure that infants and toddlers will be served in a licensed facility?
- b) Describe how you intend on meeting health and safety requirements.

a) The Department has over 35 years of providing quality child care services to our communities. The equipment purchased and used will be geared for use with infants and toddlers. The staff will have classes pertinent to providing care for this age group. We will continue to operate in observance of Title 22 and Title 5 regulations with the health and safety and personal rights of the children always the focus of service. The center will remain clean, and open to families of the children in the program during hours of operations. All Child Care Directors have had 16 hours of training in Cardiopulmonary Pediatric Resuscitation (CPR), pediatric first aid and preventive health practices. One person, at all times on site, must have this required training.

b) As part of our safety plan, facility maintenance staff conduct ongoing walk-throughs to mitigate any issues. There are security cameras in and around facilities to ensure the safety of children. Each center is fenced to control access to child care facilities. Teachers must meet the minimum educational requirements to supervise children from 2- 5 years. They are familiar with the teacher-child ratios per classroom requirement and how to instruct and plan developmentally appropriate activities. Teachers and supporting staff go through thorough background checks and must be cleared prior to working with children. In addition, teachers and staff must have a TB test and be Covid – 19 vaccinated. Furthermore, staff must have knowledge on nutrition and provide a snack menu that follows the specified servings that meet or exceed the requirement of the Nutrition Standard for CACFP (Child and Adult Care Food Program). Children are also taught basic hygiene such as handwashing meeting the 20 second requirement of washing while singing "Happy Birthday". Teachers continue to clean and wipe down areas such as tables, play materials, and floors to maintain a clean environment. It is extremely important that teachers conduct emergency drills such as earthquake and fire drills with the students monthly to ensure the children get to safety, quickly and effectively.

Each facility has and will have the AED (Automatic External Defibrillator) available and easily accessible for staff during operational hours. Centers also are equipped with fully stocked first aid kits in every classroom and first aid fanny packs are available for teachers to utilize while supervising children outdoors. Fire alarms are operable and exit signs are illuminated. Doors in the childcare rooms are equipped with panic bars for easy exits and remain unlocked. In each facility, the Emergency Disaster Plan for Child Care Centers (Lic 610) is posted, and staff are aware of their duties. Lastly, every childcare facility has an isolation room to temporarily relocate a child experiencing illness. This room is equipped with a cot as well as a bathroom and is constantly supervised.

Section 8: Family Engagement

- a) How does your program build and maintain relationships between families and staff, such as parent committees, parent education activities, and volunteer opportunities?
- b) How do you connect families with services and supports?

a) The Department of Recreation and Parks Child Care Program holds all parents in high regard. Parents are considered part of the teaching community because they can positively influence their child's educational experience. The Department has a rich history fostering a parent and community partnership. These partnerships are valuable resources which make a positive impact on the needs of the families served. It is our goal to expand this partnership through a parent interview at the time they enroll their child in our program. Our parent survey is used to help us identify needs, interests, and goals for their children. The Child Care Director will explain the importance of the parents role in their child's learning process. We will familiarize all parents with the California Preschool Learning Foundations developmental stages. In addition to the parent survey, our Department has implemented other surveys to give our parents opportunities to provide feedback on what they would like to see in our childcare centers. Additionally, these surveys serve our agency to seek compatible resources in the community that help the families in need of assistance with housing assistance, family counseling, financial advice, job opportunities and legal assistance.

Our Department also has monthly parent meetings with various topics for parents to utilize such as behavior management, nutrition, literacy, and children's developmental stages. Speakers / community resources can be brought in for their expert advice. During the parent meetings, parents get to engage with other parents and the Child Care Director can address upcoming events and share resources and concerns. Directors will invite local school representatives to and suggest strategies for preparing their children for kindergarten and first grade. Furthermore, parent conferences are scheduled twice a year to go over the progress of the child through their developmental stages. Teachers share with the parents the DRDP (Desired Results Developmental Profile) and their day-to-day observations of their child. The parent in turn gives the teachers feedback on their home observations. Together they support the child in their learning experience. Lastly, a parent support group is established that will assist the director in preparation of the Program Self Evaluation (PSE) process. This input is critical in making sure that the program meets the needs of all participants.

Furthermore, our parent volunteer program is very robust, especially as it relates to our year-round events. Parents participate in all events at the centers such as graduations, fundraisers, field trips, etc.

Section 8: Family Engagement (additional page, if needed)

b) Our goal is to connect parents to various resources to utilize at their convenience. The Child Care Director will provide a parent resource board. On this board, we would display brochures and fliers of possible job opportunities and City resources for legal, financial, health services and mental health counseling. Parents, in addition, will be provided with a list of web resources that will encourage at-home activities to enhance what their child has been learning and how children learn in general, as well as other helpful parenting topics. We will make a library resource table available. Families are encouraged to borrow articles and books on parenting as well as their child's favorite classroom book for "overnight" to promote the cooperative effort between child, center, and family. The books and articles will be documented and noted in the child's file to be transferred to the assessment tool. Lastly, the Child Care Director will be working with community groups such as neighborhood councils, Park Advisory Boards, Mayor's office, Council district offices, County Department of Health, other City Department agencies, and community organizations to put on resource fairs for the parents and community members to attend.

Section 9: Program Quality

Describe systems used for ongoing monitoring to ensure your program meets expected quality and safety measures.

The City of Los Angeles, Department of Recreation and Parks, mission statement is to provide quality child care programs for the residents. Part of being a quality program is following the State Licensing requirements. Each facility is licensed and follows the Title 22 and Title 5 regulations. The State Licensing Department does unannounced visitation to inspect the facilities and follow up on complaint investigations, if any. This focuses on protecting the children from harm and is critical in the fundamental components necessary to operate a quality program. Supervision, logistics, safe practices, and nutrition are all considered. The Department also performs a PSE (Program Self Evaluation) on the childcare programs. Staff and Child Care Parent Advisory Council members are asked to assess and analyze the program using the program review instruments. They are asked to identify areas that are effective and areas that need improvement. An action plan is established to rectify the areas of concern. Parents surveys are distributed to the parents to provide valuable feedback. The ECERS (Early Childhood Environmental Rating Scale) is also used to assess the classroom environment. These tools have established criteria which follow through with expected best practices. This data will be utilized to ensure the goals established are met.

The Child Care Program Manager will be responsible for conducting quarterly child care monitoring audits. Under review are the following items: Personnel files, licensing postings, teacher- child ratio, and lesson plans. They are also responsible for conducting quarterly financial audits on the programs. These are used to ensure licensing compliance and City compliance.

Further, accountability of registration will be captured in the Department's system called REC TRAC. This system helps to ensure equity in enrollment in the most disadvantaged neighborhoods. It helps to track payments if eligible, and availability of spaces for enrollment.

Section 9: Program Quality (additional page, if needed)

Section 10: Fiscal Accountability

Describe the fiscal resources available to operate your program for at least three months.

As a municipality, the City of Los Angeles, Department of Recreation and Parks child care program is funded by the City of Los Angeles General Fund. These funds are a result of the city charter tax on residential property. The General fund is fiscally responsible for the salaries and benefits of the full-time personnel. The salaries of Child Care Program Manager, Child Care Directors, Child Care Associates, and full time and part time maintenance personnel is covered through the General Fund. The Department also uses this money to furnish all the facilities and purchase all the supplies necessary to meet the operational expenditures.

As mandated by the Early Childhood Development Act of 2020 (ECDA), codified in California Welfare and Institutions Code (*WIC*) Section 10200, et seq., the California Department of Education's (CDE) administration of early childhood education programs listed in *WIC* Section 10203(b) — including the programs governed by these Funding Terms and Conditions — were transferred to the California Department of Social Services (CDSS) effective July 1, 2021. Unless otherwise stated, the CDSS program requirements herein shall supersede any prior CDE program requirements.

These are the Funding Terms and Conditions (FT&C) for childcare and development contracts effective July 1, 2022. Each contractor is required as a condition of its contract ("Contract") with the California Department of Social Services (CDSS), to adhere to the following laws and documents:

Any non-compliance with the Contract may subject the contractor to termination of the contract. Any variance from The Contract must be authorized in writing by the CDSS and signed by the Deputy Director of the Childcare and Development Division

(CCD) or the Deputy Director's authorized representative. Unless otherwise noted, these compliance requirements apply to all programs.

Contractors may adopt any reasonable policies relating to the administration of the program so long as such policies are not in conflict with law, regulations, or the terms of this contract, including any contract amendments. Those potentially affected by the policies shall be duly notified, as provided for in statute and regulation, and adhere to any due process requirements, if applicable.

California Welfare and Institutions Code (*WIC*) Section 10388(f) requires all childcare and development contracts entered into by the CDSS for means-tested childcare and development programs, including, but not limited to, Alternative Payment, General Childcare and Childcare for Recipients of the California Work Opportunities and Responsibility to Kids (CalWORKs) Programs (described in *WIC* 10225, *WIC* 10240, and *WIC* 10370) to implement best practices in consultation with CDSS.

Childcare and Development Division contracts are funded with state general funds, federal funds, or a combination of funds. The funding amounts are listed on the contract encumbrance page.

Contracts may be fully or partially funded through a grant from the federal Department of Health and Human Services and subject to Code of Federal Regulations, Title 45 (*45 CFR*), Parts 98 and 99, the Childcare and Development Block Grant (CCDBG) Act of 1990, as amended by the CCDBG Act of 2014, Public Law 1113-186, the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996, 42 USC 9858.

F. Audit Requirements for Subcontracts (5 CCR 18032)

1. An organization that operates an childcare and development program under a direct service contract with the CDSS is called a contractor. The contractor may choose to enter into an agreement with another organization (subcontractor), where the subcontractor operates one (1) or more of the contractor's childcare and development programs. Consequently, an entity may be acting in the dual capacity of contractor and subcontractor for one (1) or more CDSS contractors – each having one (1) or more CDSS contracts. In some cases, a subcontractor may not directly contract with the CDSS.
2. The organization receiving funds from the state shall be responsible for obtaining the required financial and compliance audits of the organization and any subcontractors, except for subcontracts exempt from CDSS review, as agreed to by the Departments of Finance (DOF) and Department of General Services (DGS).

Child Development and Nutrition Fiscal Services (CDNFS) shall conduct monthly analyses of caseloads and expenditures and adjust agency contract maximum reimbursable amounts and allocations as necessary to ensure that funds are distributed in proportion to need. Prior to such action, however, CDNFS will notify the contractor of the proposed action and the contractor will be given an opportunity to provide written documentation that demonstrates the CDNFS projections are inaccurate. Because of the need to transfer funds to an under-funded agency as quickly as possible, the contractor shall have three (3) working days from the date of notification to respond.

B. Reasonable and Necessary Costs (5 CCR 18013(s), 18033, 2 CFR 200.404)

Contractors may be reimbursed for actual costs that are reasonable and necessary to the performance of the contract. Reasonable and necessary costs are those costs that do not exceed what an ordinarily prudent person would incur in the conduct of a competitive business under the circumstances prevailing at the time of the decision to incur the cost, and whether the cost is of a type recognized as ordinary and necessary for the operation of the entity or the proper and efficient performance of the award. Consideration must be given to market prices for comparable goods or services for the geographic area.

C. Indirect Costs (5 CCR sections 18013(m), 18013(n))

3. For any non-federal entity that has a negotiated indirect cost rate, which includes all school districts and county offices of education, the maximum indirect cost rate shall be the lesser of the negotiated indirect cost rate or ten percent (10%).
4. This rate is applied to budget categories 1000-5000 only in determining the maximum amount of indirect costs that are reimbursable under the contract.
5. The amount of cost allocable to this contract shall not exceed the benefits to this contract. The allocation method must quantify this benefit among all similar programs and then distribute the costs accordingly.

6. The indirect cost rate shall not include consideration of any costs otherwise non-reimbursable. If depreciation or use allowance is included in the indirect cost rate, such allowance shall not be claimed on the asset as a direct cost.

D. Administrative Costs (WIC 10302, 5 CCR 18013(c))

1. Contractors may claim administrative costs, as defined in 5 CCR 18013(c), which are related to the administration of the childcare and development program.
2. Reimbursement of administrative costs shall not exceed fifteen percent (15%) of the net reimbursable program costs or actual administrative costs, whichever is less.
3. The fifteen percent (15%) includes any allowance for indirect costs and audits. Contractors shall maintain written documentation of the rationale used in determining direct and administrative costs.

E. Service Level Exemption (Start-Up) for New or Expanded Programs (WIC 10300)

1. Allowable start-up costs will be in an amount not to exceed fifteen percent (15%) of new or expansion funding authorized in the Budget Act for State Childcare and Development Programs. WIC 10300(a)

 - d. Purchase of a reasonable inventory of materials and supplies; and
 - e. Purchase of an initial premium for insurance.
3. Contractors shall maintain an auditable record of start-up costs which shall be included within the audit at the end of the year.
4. Reimbursable start-up costs shall occur prior to attainment of full enrollment.
5. If all or part of the fifteen percent (15%) allowable start-up costs is needed and spent, that portion will not have to be earned through provision of services.

6. If the contractor neither needs nor chooses to claim any of the fifteen percent (15%) start-up costs, the full service requirements shall be earned at the contract rate.
7. Migrant childcare and development agencies operating on a seasonal basis shall be reimbursed up to fifteen percent (15%) of the contract amount annually for approved start-up and close-down costs associated with starting up and closing down agency operations to correspond with periods of service needed by migrant families as specified in *WIC 10238(b)*.

F. Costs for Travel and Per Diem & Restrictions (WIC sections 10280 and 10285; GC 11139.8, , 5 CCR 18031, 18034, and 18041)

1. Contractors and subcontractors shall be reimbursed for travel and per diem expenses at rates not exceeding those amounts paid to the CDSS's represented employees computed in accordance with the California Department of Human Resources regulations, *California Code of Regulations*, Title 2, Division 1, Chapter 3, Subchapter 1, Article 2.
2. Contractors with collective bargaining agreements allowing higher rates of reimbursement shall not pay the difference out of contract funds.
3. The CDSS shall notify the contractor of a change in expense rates within thirty (30) calendar days after the CDSS has received notification of a change in rates from the California Department of Human Resources.

Reserve account funds are state funds the contractor holds in reserve as deferred revenue until they are properly spent or returned to the CDSS.

- a. **C2AP, C3AP, CAPP, CMAP, CFCC** contractors may retain a reserve balance of up to two percent (2%) of the maximum allowable administration and support costs for the aggregate sum of all alternative payment contracts or one thousand dollars (\$1,000), whichever is greater. *WIC 10441*

- b. Each reserve must be maintained in an interest-bearing account and the amount of interest earned will be included in the reserve balance.
- c. Reserve monies can only be used for expenses that are allowable reimbursable expenses. Transfers from one reserve account type (or category) to another are not allowable. However, transfers to a current-year contract in the same reserve category are allowable and shall be reported as restricted program income on that contract's attendance and fiscal report.
- d. Reserve monies are generated from current year contracts, therefore, the transferable amount generated during the contract period will not be available until July 1 of the subsequent fiscal year.
- e. Transfers to the reserve will be authorized by CDNFS only once per fiscal year. Upon receipt of the June final report, preliminary reserve amounts will be calculated by CDNFS and reported to the contractor. If the contractor is an LEA, this may be the official notification provided there are no further amendments. For agencies required to submit an audit to the CDSS, the amount will not be final until the audit is closed by the OAS and there are no outstanding billings.

- f. Participating agencies must submit a Reserve Account Activity Report with a copy of their supporting General Ledger for each reserve account category type along with their June attendance and fiscal report due July 20. Reports not received in CDNFS by July 20 shall be deemed delinquent and apportionment(s) shall be withheld until the required report is received.

This designation applies to an agency's first contract for any particular service or to the contract of an existing contracting agency for a new, modified, or different type of service. The timeframe of a provisional contract is at the discretion of the CDSS and is given to ensure that the contracting agency can demonstrate fiscal and programmatic compliance before the contract is designated as a clear contract. Contractors on provisional status shall submit monthly fiscal and attendance reports to CDNFS. The contract status shall be reviewed annually.

C. Conditional Contract (*WIC 10397*, *5 CCR 18001*, *18068*, and *18306*)

1. This designation applies to a high-risk contract awarded to a contracting agency that evidences fiscal or programmatic noncompliance, or both fiscal and programmatic noncompliance.
2. A contracting agency with one or more contracts designated as conditional is deemed to be on conditional status with the CDSS for all childcare and development program purposes and is subject to any restrictions deemed reasonable to secure compliance.
3. The conditional contract shall include Conditional Status Addendum that contains a bill of particulars detailing the items of noncompliance, the standards that must be met to avoid termination of the contract and to qualify the agency for clear contract status, and a technical assistance plan.
4. Failure to demonstrate substantive progress toward fiscal or program compliance within six (6) months of that designation shall constitute a breach of contract and may subject the contract to termination for any applicable cause specified in *WIC 10399* or *10400*, in accordance with the independent appeal procedure specified in *WIC 10392* .
5. Contractors receiving conditional contracts (stamped on the face sheet of the contract) shall be on conditional status until the CDSS issues a contract rider formally clearing the contract.
6. While on conditional status, the contractor shall submit monthly fiscal and attendance reports to CDNFS. The first monthly report shall include a current inventory of equipment purchased in whole or in part with contract funds.

7. Contractors on “conditional” status are not eligible to apply for new or additional funds.

X. APPEALS, TERMINATIONS, AND NON-RENEWALS (*WIC 10390-10402 AND 5 CCR 18301, 18302*)

A. Resolution of Contract Administration Disputes (*WIC 10391 and 5 CCR 18301*)

1. The procedure specified in this section shall be used to resolve disputes between contractors and the CDSS that may arise regarding the interpretation and application of any term or condition of a contract, including, but not limited to, requests for waivers, approval of subcontracts or expenditures requiring approval, requests for reimbursement rate adjustments, or reductions in the total amount of contract reimbursement that are not appealable.
2. The contractor shall attempt to resolve contract disputes at the lowest staff level within the CDSS.
3. If the dispute is not resolved at the lowest staff level, the contractor may appeal the decision by submitting a written description of the issues and the basis for the dispute to the Regional Administrator of the CDSS having jurisdiction over the contractor's service delivery area. The Regional Administrator shall make a determination and shall send a written notification of the decision to the contractor, together with the reasons for the decision, within thirty (30) calendar days of the receipt of the appeal by the Regional Administrator.
4. The contractor may appeal the decision of the Regional Administrator to the Associate Director of the ELCD by submitting a written description of the issues in dispute, and a copy of the Regional Administrator's decision. The Associate Director of the ELCD shall send notification of the decision to the contractor and shall specify the reason(s) for the decision within thirty (30) calendar days of the receipt of the appeal by the Associate Director. The decision of the Associate Director of the ELCD shall be the final administrative action afforded the contractor.

B. Independent Appeal Procedures (*WIC 10392 and 5 CCR 18301*)

1. Pursuant to the requirements of *WIC 10390 through 10402*, an independent appeal procedure shall be available to any contractor whose contract is terminated, or where the denial of an agency's contracted payment or a demand for remittance of an overpayment is more than twenty-five thousand dollars (\$25,000) or four percent (4%) of a local contracting agency's annual contract, whichever is less.
2. Such appeals shall be heard by independent hearing officers in accordance with procedures established by the Office of Administrative Hearings (OAH)

as specified in California *Code of Regulations, Title 1*, sections 1121 through 1126,

C. Immediate Termination (*WIC 10398, 10399, and 10401*)

1. A contracting agency that evidences any of the following acts or omissions may have its contract immediately terminated if there is documented evidence of the acts and omissions, and upon review and recommendation of the general counsel of the CDSS for any of the following reasons:
 - a. Fraud, or conspiracy to defraud.
 - b. Misuse or misappropriation of state or federal funds, including a violation of *WIC 10399*.

 - l. Failure to pay salaries owed to employees, or pay federal payroll tax, for more than fifteen (15) days after the employee salaries, or federal payroll taxes were due, unless the failure is attributable to a delay in receiving apportionments from the state.

- m. Contractors that have in place or who place a person in a position of fiscal responsibility or control who have been convicted of a crime involving misuse or misappropriation of state or federal funds, or a state or federal crime involving moral turpitude, may have its contract terminated if there is documented evidence of the conviction, and upon review and recommendation of the general counsel of the CDSS.
 - i. For purposes of this section, “position of fiscal responsibility or control” includes any authority to direct or control expenditure of, or any access to, state or federal childcare and development funds received pursuant to this section whether that authority or access is conferred based on the person’s status as an employee, director, manager, board member, or volunteer, or based on any other status.
 - ii. If the agency provides evidence to the CDSS, before the effective date given in the notice of immediate termination, that the convicted person has been removed from the position of fiscal responsibility or control and provides assurance that the person will not be returned to a position of fiscal responsibility or control, the CDSS shall withdraw the termination action.

2. A contractor whose contract is immediately terminated retains appeal rights.

Contractors that are the subject of an immediate termination shall not continue to operate during the appeal of termination.

D. Non-Immediate Termination (WIC 10398, 10399, and 10400 and 5 CCR 18301)

- 1. In addition to the grounds set forth above in *Immediate Termination*, which also may be the basis for a non-immediate termination, termination of a contract during the contract period may occur when:
 - a. A contractor fails to correct items of fiscal or programmatic noncompliance within six (6) months of receiving a conditional contract which includes a Conditional Status Addendum stating the specific items of noncompliance and the corrective actions necessary to come into compliance; or
 - b. A contractor fails or refuses to make available for examination or copying by an authorized employee of the CDSS any records or documents that the contractor is required to retain, upon a request by that employee to examine or copy such records or documents; or
 - c. A contractor refuses to permit an authorized employee of the CDSS to enter a facility operated by the contractor during the days and/or hours of operation on file with the CDSS, for the purpose of reviewing administrative operations of the contractor or for observing childcare and development services provided by the contractor.

2. Any action by the CDSS to terminate a contract, other than to terminate a contract on an immediate basis or to take action to deny the contracting agency more than four percent (4%) or twenty-five thousand dollars (\$25,000), (whichever is less), of an agency's contract or to demand remittance of an overpayment of an agency's contract of more than the same amount, as stated in *W/C 10392(a)(1)* through (3), shall be preceded by a ninety (90) day notice of the action, stating the specific reasons for the action and describing the contractor's appeal rights. Except for cases of immediate termination, contractors that are terminated shall be allowed to continue to operate during the appeal of termination.

E. Appeals Procedures For Independent Appeals (5 CCR 18301 and GC 11500)

1. Notice of Defense/Appeal Petition
 - a. The contractor shall be served notice of the action as set forth in *W/C 10396* and *GC 1500 et seq.* The contractor may contest the noticed action as set forth in *GC 11506* by filing a notice of defense/appeal petition with the CDSS within fifteen (15) days after service of the action, and may request a hearing before the OAH. The notice of defense/appeal petition shall include:
 - i. A clear, concise statement of the action being appealed; and
 - ii. The name, address and telephone number of the contractor's authorized representative for the proceeding.
 - b. In addition, the contractor may also, as part of the Notice of defense/appeal petition:
 - i. Object to the action upon the grounds that it does not state acts or omissions upon which the contractor may proceed;
 - ii. Object to the form of the action on the grounds it is so indefinite or uncertain that the respondent cannot identify the transaction or prepare a defense;
 - iii. Admit any of the charges in the action in whole or in part;
 - iv. Object to the action upon the grounds that, under the circumstances, compliance with the requirements of a regulation would result in a material violation of another regulation enacted by another department affecting substantive rights.
2. Failure To Submit A Timely Notice Of Defense Or Appeal Petition Or Proceed With Appeal

If a contractor is served a notice of action and fails to properly file a notice of defense/appeal petition, or files a notice of defense/appeal petition, but fails to appear at the appeal hearing, action may be taken by the CDSS (or by the Administrative Law Judge for failure to appear at the hearing) based upon the contractor's express admissions or other evidence and affidavits without any notice to the contractor. Notwithstanding the default, the CDSS or the OAH may, before a proposed decision is issued, grant an appeal hearing on reasonable notice to the parties. If the CDSS issues a default decision against the contractor, it must serve notice of that decision on the contractor and the contractor has seven (7) days after service to request that the decision be vacated stating the grounds relied on. The CDSS, in its discretion, may vacate the decision and grant a hearing on a showing of good cause.

3. Hearing

- a. If the contractor submits a timely request for a hearing, the CDSS shall have ten (10) calendar days to request that the OAH schedule a hearing and transmit the following to the OAH:
 - i. The notice of defense/appeal petition submitted to the CDSS by the contractor;
 - ii. The original notice of action sent to the contractor; and
 - iii. The name, address and telephone number of the CDSS authorized representative for the proceeding.
- b. The OAH shall schedule a hearing on the appeal filed by a contractor to commence no later than thirty (30) calendar days following the receipt of the petition by the CDSS, but at least ten (10) calendar days' written notice will be given of the time and place of the hearing. An OAH hearing officer will hear evidence submitted by the CDSS and the contractor during the hearing. The hearing will be recorded. The hearing officer may continue hearings, if deemed necessary.

3. The Decision

The hearing officer shall issue a final decision, in writing, within thirty (30) calendar days after the submission of the case. The decision shall be sent by registered mail or personally served on the representatives of the parties by OAH. The decision shall be the final administrative action afforded the contractor.

4. Settlement between the Parties

The CDSS and contractor may, at any time before or after issuance of a notice of action, agree to a settlement of the actions. The settlement terms, as agreed to by both parties, are to be incorporated into a stipulation and waiver

decision that is approved by the CDSS agency head or his or her designee and issued by the CDSS. The decision shall be the final administrative action afforded the contractor.

5. Request for Additional Written Materials on File at CDSS

Contractors may request, in writing, any public documents on which the CDSS intends to rely from the CDSS files at a cost of fifteen cents (\$.15) cents per page, payable in advance. The CDSS will mail the material requested not later than ten (10) days from the receipt of the request.

F. Contractor's Responsibility After Notice of Termination/Nonrenewal (5 CCR 18302 and 18054)

1. After receiving notice of the CDSS's decision to terminate the contract or to make no offer of continued funding, the contractor shall submit copies to, or make available for copying by the CDSS, all of the following:

2. The CDSS shall only be obligated to compensate the contractor for net reimbursable program costs or earnings, whichever is less, in accordance with this contract through the date of termination. There shall be no other compensation to the contractor. The CDSS shall offset any monies the contractor owes against any monies CDSS owes under this contract.

XI.CONTRACT STATUS CHANGE PROCEDURES (WIC 10391 AND 10397)

A. Administrative Review of Changes in Contract Status (5 CCR 18303)

1. Contract performance shall be reviewed at least annually by CDSS staff who shall determine by April 1 of each year whether to offer continued funding on a clear contract, continued funding on a conditional basis or to make no offer of continued funding.
2. If the staff recommends conditional status or no offer of continued funding, the contractor shall be notified in writing of the reasons for the proposed change in contract status by April 7. The notice of proposed action shall be sufficiently specific to allow the contractor to respond to the factual basis for the proposed action.
3. If the contractor disagrees with the proposed action, the contractor's response shall be received by the CDSS within ten (10) calendar days of receipt of the notice of proposed action. The contractor's response shall include any written materials in support of its position and, if the contractor intends to make an oral presentation, the response shall so specify.
4. If the action is being appealed, the staff recommendation and the contractor's response shall be reviewed by an administrative review panel convened by the Director of the ELCD within seven (7) calendar days of receipt of the contractor's response. The review panel will consist of representatives of ELCD management, CDNFS, CDSS's Legal Division, OAS, Contracts Office, and a representative of an childcare and development service provider familiar with the type(s) of program(s) operated by the contractor.
5. Upon review of the written submissions, the panel will do one of the following:
 - a. Issue a final decision upholding or modifying the proposed change in status if no oral presentation has been requested;
 - b. Schedule a time and place for an oral presentation by the contractor; or
 - c. Issue a final decision to not change the contract status.
6. If an oral presentation has been requested, the contractor will be notified by telephone of the time and place of the presentation. The oral presentation will be scheduled no later than fourteen (14) calendar days from receipt of the contractor's response.
7. At the oral presentation, the contractor or the contractor's representative will have an opportunity to explain any material submitted in its response. While the contractor may present any information or arguments that are relevant to

the proposed action, the review panel may set reasonable limits on the scope of the presentation.

8. Within seven (7) calendar days after the oral presentation, the review panel shall issue and mail to the contractor a decision upholding, reversing or modifying the proposed change in contract status. The decision of the review panel shall be the final action of the CDSS with regard to that contract.

B. Conditional Status Imposed During the Contract Period (5 CCR 18304)

1. If the contractor demonstrates fiscal or programmatic noncompliance during the contract period, based on such information as an annual audit report, a FPM/CMR, or a change in licensing status, the CDSS may place the contract on conditional status for the remainder of the contract period.
2. The contractor shall receive notice and may request an administrative review of the proposed action as required by 5 CCR 18303, in the event such a change in contract status is recommended by staff of the CDSS.
3. If the contract is placed on conditional status during the last ninety (90) days of the contract period and the contractor is offered continued funding, the contract for the subsequent contract period will also be on conditional status.

C. Conditional Status Addendum (WIC 10398, 10399, 5 CCR 18305)

1. If the contractor is placed on conditional status during the contract period a Conditional Status Addendum will be issued by the CDSS and the Conditional Status Addendum shall be considered a part of the annual child development contract and binding on the contractor.
2. A Conditional Status Addendum shall contain a bill of particulars as specified in WIC 10397, which shall detail the items of noncompliance, the standards that must be met to avoid termination of the contract and to qualify the contractor for clear contract status and a technical assistance plan. The Addendum shall further include all the following:
 - a. The specific item(s) of noncompliance which the contractor must correct;
 - b. The specific corrective action(s) which must be taken;
 - c. The time period within which the contractor must complete the corrections; and
 - d. Notice that failure to demonstrate substantive progress within six (6) months shall constitute a breach of contract and may result in termination of the contract either through an immediate or ninety (90) day noticed action, or no offer of continued funding.

D. Duration of Conditional Contract Status (WIC 10397(a)(3) and 5 CCR 18307)

1. Failure to demonstrate substantive progress toward fiscal or program compliance within six (6) months of being on conditional status shall constitute a breach of contract and may subject the contract to termination for any applicable cause specified in WIC 10398 or 10400 in accordance with WIC 10392. Regardless of whether the contractor complies with the terms of the Conditional Status Addendum, the contractor's contract may not be renewed the following year pursuant to the procedures set forth in the FT&C Section IX, *Appeals, Termination, and Non-Renewals*.
2. A contractor with a repayment plan shall remain on conditional contract status and not receive any apportionments until full repayment is made.
3. A contractor on conditional contract status that is not on a repayment plan shall remain in that status until:
 - a. The CDSS issues written notice to the contractor that the conditional status has been cleared;
 - b. The contractor is issued a clear contract; or
 - c. The contract terminates according to its terms.

After receiving notice of the CDSS's decision to terminate the contract or to make no offer of continued funding, the contractor shall submit copies to, or make available for copying by the CDSS, all of the following:

1. A current inventory of equipment purchased in whole or in part with contract funds;
2. The names, addresses and telephone numbers of all families served by the contract, all staff members funded by the contract; and

Proposed Award

Vendor Number: 2182
County Name: Los Angeles
FY 2021-22 Proposed Award Amount: \$2,774,585

SUBJECT: FISCAL YEAR 2021–22 GENERAL CHILD CARE AND DEVELOPMENT PROGRAM EXPANSION FUNDS REQUEST FOR APPLICATIONS

Dear Jimmy Kim,

The California Department of Social Services (CDSS), Child Care and Development Division (CDDD), is pleased to offer your agency a proposed award of funding to provide General Child Care and Development Program (CCTR) services for sites listed on Attachment A.

As set forth in the Request for Applications, funding was awarded in the following priority order:

1. Allocated Counties
2. Local Child Care and Development Planning Council priority order
3. Highest score order

Any unused county allocations were redistributed to eligible, unfunded applicants statewide, in the same priorities listed above.

Based upon the scores of your application, your agency will receive funding. The amount of the proposed award for Fiscal Year (FY) 2021-22, indicated above, represents the funding necessary for program operation July 1, 2021, through June 30, 2022.

Final contract terms will be negotiated between your agency and the Fiscal Forecasting and Policy Branch (FFPB). A representative from the FFPB unit will contact your agency to finalize the contract terms.

No award money is final until a contract has been fully executed, which occurs when both parties have signed the contract. Prior to that time, the CDSS has the right to conduct additional due diligence to ensure that the award agency can fulfill all programmatic and fiscal requirements. Upon completion of contract negotiations, your agency will be mailed a contract for your signature. Any costs incurred outside the performance period of a fully executed contract may not be reimbursed. Contracts for subsequent fiscal years (July 1 through June 30, annually) are renewed each spring through a continued funding application process and are subject to CDSS approval.

Please note that contractual negotiations take time based on the funding released to the CDSS following the enactment of the state budget. An FFPB Analyst will provide technical assistance related to funding availability during contract negotiations to ensure that your contract is sufficiently funded and to advise you of the timeframe in which expenditures are eligible for reimbursement.

Congratulations on the submittal of a successful application. Your commitment to provide CCTR services to eligible children is highly commendable. The CDSS looks forward to maintaining an ongoing positive relationship in support of families and children of California.

If you have any questions regarding this subject, please contact Gina Wong, Analyst, Funding Application Unit, by phone 916-651-8850 or by e-mail at gina.wong@dss.ca.gov.

Sincerely,

Lupe Jaime-Mileham, EdD,
Deputy Director
Child Care and Development Division
