Private Party Area

Private areas have the added feature of being exclusively for your party. All tables in the area will be set up offering seating for those included in the party package as well as additional guests not participating in the package (up to a maximum of 30). An additional \$40.00 fee will be added to your bill for the use of the private area.

Shared Party Area

In a shared area, your party will have designated tables for those individuals you include in the party package only. Seating for additional attendees is not guaranteed. There may be other parties in the same area but at different tables.

Outside Food & Drinks

We don't allow any outside food or drinks, including water, to be brought into the facility. The Castle Café supplies all food in the facility. If outside food or drink is brought into the facility you will be asked to remove it or service will be denied. The only exception to this policy is the birthday cake. If for any reason you require food that is not on the menu or part of a party package, you may speak to the café about bringing outside food.

Party Hosts

Party Hosts are not responsible for the supervision of children. Party Parents are responsible for the children in their party, both on the golf course and in the arcade and batting cages.

Canceling Your Party

To receive your deposit back, cancellation must be made a minimum of 14 days before your scheduled party.

Canceling within 1-13 days of the party will result in a \$40.00 cancellation fee (forfeiture of deposit).
