May 3, 2018

Councilman David Ryu, Council District 4  
Recreation and Parks Board of Commissioners

Dear Councilman Ryu and RAP Board of Commissioners,

The Griffith Park Advisory Board would like to lend it's unanimous and overwhelming support for the Multi-Modal plan as presented and created by Recreation and Parks staff member Tracy James at our April 26th meeting.

The solutions in this plan not only help to manage and mitigate vehicular traffic in Griffith Park, it also effectively supports the city's efforts to increase ridership of public transportation. A true win-win for Los Angeles.

We would also strongly recommend that this Multi-Modal plan be rolled into the Comprehensive Strategy Report authored by Dixon Resources on behalf of CD4. Not only does the Multi-Modal plan align perfectly with Dixon study goals, it exceeds most if not all of the report's strategies -- and deserves equal consideration by all parties currently reviewing and scoring the Dixon Study.

As always, your acknowledgment of receipt of this letter, and keeping the GPAB informed of your deliberations on the subject, would be most appreciated.

Sincerely,

**Ron Deutsch**

Chair

Griffith Park Advisory Board
