Geronimo Bugarin (CD7): Report, update, and possible recommendations re SB423.

## **Agenda Items:**

### **Item #1, Announcement of SB423 Working Group goals:**

This working group was formed in response to passage of SB423 (10-11-2023). This bill addresses planning and land use issues regarding production of streamlined housing, provides important recognition for historic equestrian neighborhoods throughout the state, and contains language relative to horsekeeping sites and exemption requirements. It is important to note that the bill gives local governments until July 1, 2025, to make necessary adjustments.

The working group goals are to identify and define actions (including, but not limited to drafting letters) relative to SB423 and horsekeeping protections for presentation, discussion, and possible action at LAEAC's General Meetings.

**Item #2, Revised "Los Angeles Equine Advisory Committee (LAEAC) Planning and Land Use – Findings and Recommendations"** This report is intended to be used as an attachment to a letter to the Director of Planning from the President of the LAEAC, to be Agendized at the next LAEAC General Meeting (9/23/24).

MOTION: Present, discuss, suggest edits (if any) to, and possible Action(s) regarding the abovementioned report (attached). Include in the discussion tonight's earlier presentation by CD7's Geronimo Bugarin.

General Public Comment

**Item #3, Motion, Discussion, Possible Action(s):** Discuss the progress of any next steps and any additional requests for information, additional strategies / actions. Inquire if there are any active Council Motion or planning files.
