RECOMMENDATION:

That the Board:

1. Authorize the General Manager to enter into a Memorandum of Understanding (MOU), substantially in the form as Attached, between the Department of Recreation and Parks (RAP), the Cultural Affairs Department (CAD), the Bureau of Engineering (BOE), and the Department of General Services (GSD) to provide construction services for the Lincoln Heights Youth Center (W.O. E170232F), Lincoln Heights Junior Arts Center (W.O. E170231F), Northeast Roller Hockey Rink (W.O. E170235F) and Lincoln Heights Boxing Gymnasium (W.O. E170226F) referred to herein as the Lincoln Heights Youth Center Project, subject to the approval of the City Attorney as to form;

2. In accordance to the MOU indicated above appropriate staff will request Council and Mayor approval through LA for Kids Steering Committee to appropriate $600,000.00 in Proposition K, Year 9 funds following Council and Mayor adoption and approval of the Proposition K, Year 9 project list and funding which is allocated for completion of these improvements, to the appropriate material and salary accounts in GSD to provide funds for completion of the initial phase of work identified in the body of this report and the MOU; and,
3. Authorize the Bureau of Engineering staff to process demands amounting up to $100,000.00 from the previously approved Proposition K Project Funds available in appropriation fund 43K, Account V464. The Department of Public Works (Accounting), to pay legally obligated tenant relocation assistance and moving expenses, and other related acquisition expenses relevant to the acquisition of the property located at 2500 Griffin Avenue as indicated in the Summary section in the November 19, 2003 Board Report No. 03-366.

SUMMARY:

On November 19, 2003, the Board of Recreation and Park Commissioners approved Board Report No. 03-366 which approved the acquisition of the property at 2500 Griffin Avenue, Los Angeles, CA 90031, for the development of a youth-oriented recreation center. The acquisition of this property was funded through acquisition funds available in the Northeast Roller Hockey Rink Proposition K specified line item. The property consists of a 17,746 square feet, two story, former church and school building. The Lincoln Heights Youth Complex Project is planned to include four specified Proposition K projects as listed below:

1. Lincoln Heights Youth Center
2. Lincoln Heights Junior Arts Center
3. Northeast Roller Hockey Rink
4. Lincoln Heights Boxing Gymnasium

The project is currently in pre-design, but the acquired facility is in need of immediate attention. The roof currently leaks which has caused sagging floors, falling ceiling tiles, and in general an unsafe environment in some areas of the facility. In order to help expedite the overall project and take care of immediate repair issues, staff is recommending that rehabilitation of this facility begin through the assistance of the GSD.

Over the course of design, which is expected to take at least a year, having GSD working at the site offers the side benefit of helping to deter vandalism and jump-start the rehabilitation of the facility.

The scope of this initial phase consists of replacing the roof membrane, gutters and downspouts, exterior lead paint abatement, repainting the exterior of the facility, graffiti coating, exterior window and door refurbishment, new masonry property line wall, and general landscape clean-up. GSD has submitted an estimate in the amount of $600,000.00 to complete this work and can begin immediately upon approval of funding. Funding will be available until Yr 9 project list is approved.
Currently, a total of $600,00.00 in funding is available in Prop K from Yr 6 to Yr 9 Specified Funds as listed below:

*Future funding conditional upon City Council’s approval of the Engineer’s Report for Prop K and appropriation for Year 9 Prop K funds approval anticipated in June 2005.

** $100,000 for relocation the balance will be $144,480.00

The Board action of November 19, 2003 authorized the Department to use Proposition K Bond funds approved by the Steering Committee under the Proposition K Five Year Plan for the Specified Project for the payment of acquisition expenses including escrow fees and title insurance fees and relocation assistance. To date, said expenses have been paid through the specified Proposition K funds. At the time of the acquisition, the Council Office, and Department of Recreation and Parks agreed to allow the exiting tenant, The Foundation for Early Childhood Education (Foundation) to remain on said property and continue to operate their Head Start program. The Foundation was on
an existing one year rental agreement for the period of August 1, 2003-June 30, 2004. On March 26, 2004 the Foundation requested an extension of one year. The Department and the Council Office agreed to issue Right of Entry Permit No. 550 for an additional amount of time effective August 1, 2004 through May 31, 2005. Subsequent to this, Department staff with Council Office concurrence agreed to allow the Foundation to stay an additional two weeks until June 17, 2005 to allow them to finish the term of the remaining classes. The decision to allow the Foundation to stay was based on the desire to keep the facility occupied until the proposed project development/construction could be started and at the same time avoid possible vandalism problems by keeping the facility occupied. Remaining acquisition expenditures for this project include relocation assistance and moving expenses not to exceed $100,000.00 for the tenant at 2500 N. Griffin Avenue. It should be noted that this amount may increase or decrease, depending on further determination by the Department of General Services, Asset Management Division.

The remaining Proposition K Bond funds, currently available in appropriation Fund 43K, Account V464, are specified to be used for acquisition related expenditures. Therefore, it is requested that the Board at this time, authorize the Department to access up to $100,000.00 in Proposition K bond funds, currently in appropriation Fund 43K, Account V464, for the payment of all remaining acquisition related expense, including but not limited to tenant relocation and moving expenses.

In compliance with the California Environmental Quality Act (CEQA), an initial study/Mitigated Negative Declaration (IS/MND) and associated Mitigation Monitoring Plan (MMP) were prepared by the Bureau of Engineering for all four projects. The Board reviewed and considered these documents at the November 19, 2003 Board meeting (Board Report No. 03-366). A Notice of Determination was filed with the Los Angeles City Clerk’s office on December 4, 2003, and posted by the County Clerk’s office on December 5, 2003.

FISCAL IMPACT STATEMENT:

There is no anticipated fiscal impact to the Department’s budget for either the MOU or tenant relocation costs at this time as these costs are included in the related project budgets. Will spend up to $100,000.00, dependent on the relocation cost negotiated by staff from the previously approved Proposition K Project Funds available in appropriation fund 43K, Account V464.

This report was prepared by Mike Shull and reviewed by Neil L Drucker, Program Manger, Bureau of Engineering, Recreational and Cultural Facilities Program and reviewed by Bradley M Smith, P.E., Chief Deputy City Engineer, Bureau of Engineering with assistance from John Barraza, Management Analyst II, Real Estate and Asset Management, Planning and Development Division.
