SUMMARY:

RAP, with the support of the Councilmember for the 15th District, is considering the acquisition of the parcel identified by the Assessor Parcel Number: 7347-004-013 located at north side of West 225th Street, 50 feet west of South Normandie Avenue Los Angeles, CA 90501 and adjacent to Normandale Recreation Center. The property measures approximately 2,850 square feet or 0.065 acres. The parcel is situated between two RAP parcels.

RAP is interested in acquiring the property adjacent to Normandale Recreation Center Park to expand the recreational activities by making the park area more complete. The proposed acquisition could provide more recreational space for the surrounding community. The Department of General Services, Asset Management Division, has provided a Class "A" estimate of value for the property. There are Proposition K funds available for the acquisition of the site.

The California Environmental Quality Act (CEQA) and the Phase I Environmental Site Assessment are currently being completed. Both the CEQA and the Phase I Environmental Site Assessment will be completed and made available for review prior to making a determination on the possibility of acquiring this property.

This project has the support of Council District 15. In addition, the Assistant General Manager for Branch Operations and the Superintendent for the Pacific Region have been consulted and concur with staff’s recommendations.

FISCAL IMPACT STATEMENT:

Approval of the acquisition and the proposed improvements will increase the Department’s maintenance cost. Staff will request a budget increase through the standard budget process.
