TO: BOARD OF RECREATION AND PARK COMMISSIONERS
FROM: MICHAEL A. SHULL
General Manager

SUBJECT: OVERVIEW OF THE ADOPTED FISCAL YEAR (FY) 2017-18 DEPARTMENT OF RECREATION AND PARKS BUDGET

The City of Los Angeles (City) Fiscal Year 2017-18 (FY 17-18) Budget was approved by the City Council and the Mayor on May 24, 2017 and May 25, 2017, respectively. Included in the adopted FY17-18 Budget is the $235.6M appropriation for the operations of the Department of Recreation and Parks (RAP), an increase of $12.9M from FY 2016-17 (FY 16-17).

SOURCES OF FUNDS:

The projected sources of funds for FY 17-18 operations include the following:

- $181.7M from the City’s Charter Mandated property tax revenue allocation, an increase of $10.7M from FY 16-17.
- $9.1M from the Golf Revenue.
- $7.2M from the Harbor Department for ground maintenance and recreational services provided by RAP.
- $1M from Budgetary Savings (Unreserved and Undesignated Fund Balance), a reduction of $1.5M from FY 16-17.
- $3.1M of reimbursements from special funds such as Proposition K, an increase of $0.7M from FY 16-17.
- $0.5M of reimbursements from the In-House Capital Delivery Plan, a reduction of $1M from FY 16-17.
- $1M transfer from the Pershing Square Revenue for the Park Ranger Regeneration in the Metro District.
- $2.8M from the Greek Theatre.
- $0.5M from Griffith Park Parking.
- $21.2M from other self-generated revenues, mainly from facility and programming fees and concessions.
- $7.4M from the City’s General Fund.

See Attachment A for Sources of Funds from FY 07-08 through FY 17-18.

APPROVED FUNDING REQUESTS:

RAP submitted its FY 17-18 budget proposal in alignment with RAP’s strategic goals, the City’s Sustainability Plan and the Mayor’s specific goals for the Department. The budget requests center around six core areas: 1) clean and safe parks and facilities; 2) increased recreational opportunities for underserved areas and groups; 3) improved information technology; 4) continued development
and access to RAP sites; 5) implementation of sustainability goals; and 6) providing core services to support other LA City Departments. The adopted FY 17-18 budget provides funding to maintain current RAP’s core services level and additional funding for the following services and programs:

- New and Expanded Facilities ($1,480,000).
- Park Rangers for Harbor Regional Parks and Cabrillo Beach ($221,000).
- Citywide Brush Clearance ($926,000).
- Fire Life Safety ($250,000).
- Citywide Pump Crew ($175,000).
- Park Restroom Enhancement Program (PREP) ($150,000).
- Joint Use with Los Angeles Unified School District to increase park access ($340,000).
- Clean and Safe Spaces Program (CLASS Parks) ($97,000).
- Girls Play Los Angeles Sports (GPLA) ($278,000).
- Venice Beach 24-Hour Public Restroom Access ($255,000).
- Utility increase due to rate increases ($3,203,000).

The FY 17-18 Budget also includes City General Funds ($4.09M) to continue the City Services provided by RAP to other City departments: Joy Picus Child Care Center; Housing Authority of the City of Los Angeles (HACLA) site at Imperial Courts Recreational Center; Public Building Landscape Services; Summer Night Lights (SNL) Program; and Emergency Preparedness.

See Attachment B for the approved budget by program.

Additionally, following programs are funded with City’s General Purpose Fund:
- SNL Fiscal Agent functions ($1,688,000).
- 2017 World Police and Fire Games ($200,000).

**EXPENDITURES BY CATEGORY AND ISSUES:**

- RAP’s non-discretionary expenditures, "chargebacks", continue to increase significantly from a minimal amount in FY 2007-08 to $70.8M in FY 17-18. The chargebacks include City General Fund Reimbursement for employee retirement and healthcare, as well as utility and sanitation expenses. Although RAP received a $10.7M mandated increase in property tax assessment for FY '17-18, the increase will be immediately depleted to offset the significant increase in chargebacks. This means 30% of the Department’s total annual operating budget is being used for “chargebacks”.

  The increase in utility expense is mainly due to water and power rate increases by the Department of Water and Power. Within five (5) years, utility expenses are expected to double from $15M to approximately $31M. Even with moderate growth in the property tax base, these drastic cost increases will erode and eliminate funding used to provide existing and new recreational and public programming services.

- Although RAP’s funding requests for Homeless Encampment Cleanup and Cooling Center/Emergency Shelters (totaling $3.3M) were not approved, we continue to work closely with the Mayor’s Office, Service Providers and City Family to track and prioritize to best address the increasing challenges the City faces. We intend to collaborate very closely with the upcoming City budget process to help us best address homelessness in our City Parks.
See Attachments C and D for expenditures by program and by category.

POSITIONS:

The FY 17-18 Budget includes 1,437 regular authorities for full-time positions, an increase of 16 positions from FY 16-17. These new positions are for the Park Ranger Program (6), new and expanded facilities (9) and CLASS Parks Program (1). The FY 17-18 Personnel Resolution adopted by this Board on June 21, 2017 under Report No. 17-145 provides details of these positions.

Although the number of authorities has increased in FY 17-18, RAP will have difficulties to continue our workforce restoration due to increased salary saving rate to 6.5%, one-time salary reduction of $0.5M, and increased chargebacks.

This Report was prepared by Sondra Fu, Senior Management Analyst II, Finance Division.
