PROJECT CONSTRUCTION

Staff has determined that sufficient funding has not yet been identified for the Venice Beach – Rose Avenue Restrooms (PRJ20882) Project. However, staff recommends that the available funding be transferred to the Venice Beach Account No. 89460K-VE, and allocated to Venice Beach – Rose Avenue Restrooms (PRJ20882) Project, and that those funds remain in that account until the complete project scope has been determined and sufficient funds have been identified to begin project implementation.

TREES AND SHADE
The impact on existing trees or shade at Venice Beach, and discussion of any new trees or new shade are proposed to be added to Venice Beach, will presented to the Board in a subsequent report.

ENVIRONMENTAL IMPACT STATEMENT:
RAP's Staff has determined that the project has been previously evaluated for environmental impacts (Report 12-119) involving the demolition of the existing Rose Avenue restroom at Venice Beach as an accessory structure, and the construction of a new restroom building, and was determined by the Board of Recreation and Park Commissioners’ that the project was categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1 (11) and Class 11 (6) of the City CEQA Guidelines. The work funded by the current Board action will not result in any additional environmental impacts, and therefore, is covered by the existing CEQA exemption. No additional CEQA documentation is required.

FISCAL IMPACT STATEMENT
The approval of this allocation of Quimby Fees will have no fiscal impact and the estimated costs for the design, development, and construction of the proposed park improvements are anticipated to be funded by Quimby Fees or funding sources other than the RAP's General Fund.

The maintenance of the proposed park improvements can be performed by current staff with no overall impact to existing maintenance services.
