RECOMMENDATIONS

1. Rescind approval of Recommendations No. 1, No. 2, and No. 3 of Report No. 15-165, approved by the Board of Recreation and Park Commissioners (Board) on July 24, 2015, which granted approval of a proposed Twenty (20) Year Lease Agreement between the City of Los Angeles, Department of Recreation and Parks (RAP) and the City Los Angeles, Department of Water and Power (LADWP) for the use of 6.16 acres of DWP property for the development, operation and maintenance of the proposed West Lakeside Street Park;

2. Approve a proposed revised Thirty Year (30) Lease Agreement, substantially in the form on file in the Board Office, LADWP for the use of 6.16 acres of LADWP property for the development, operation and maintenance of the proposed West Lakeside Street Park; and,

3. Authorize the Board President and Secretary to execute the Lease Agreement subject to the City Attorney’s Office approval as to form.
SUMMARY

On July 10, 2013, the Board, through Report No. 13-191, adopted and certified the Final Environmental Impact Report (FEIR) for the proposed West Lakeside Street Park project. The proposed project envisioned the development of a park that would provide baseball and/or soccer fields, restrooms, an amphitheater, a picnic area, walking trails, landscaping and a parking lot. The same report authorized RAP’s staff to pursue and negotiate a Lease Agreement with LADWP for the use of a portion of the LADWP’s Lakeside Debris Basin property for the development of the proposed park.

The Lakeside Debris Basin property is located just east of the interchange of the Interstate 5 and Interstate 405 freeways, in the Sylmar community of the City. The entire site measures approximately sixty-eight (68) acres and is bound in the north, east, and south by residential neighborhoods and on the west by the Interstate 5 freeway. The property address is 15275 Lakeside Street, Los Angeles, California 91342 (Exhibit A).

As originally presented in Report No. 13-191, the proposed park was to occupy approximately eleven (11) acres of the Lakeside Debris Basin property. But after considering the limitations of the basin that include overhead transmission lines and available funding from Proposition 84, it was decided to limit the size of the proposed park to 6.16 acres (Exhibit B). The proposed park will service an estimated 1,404 residents who live within a one-half (1/2) mile walking distance (Exhibit C). RAP received Four Million Nine Hundred Sixty-One Thousand Dollars ($4,961,000.00) from the State of California’s Proposition 84 Statewide Park Program for the development of the proposed park.

On July 24, 2015, the Board, through Report No. 15-165, approved a proposed Lease Agreement with LADWP. Subsequent to Board approval of the proposed Lease Agreement, the State of California (State) determined that they had several issues with the Lease Agreement. The State required that the term of the lease be increased from twenty (20) to thirty (30) years to mirror the service payback period of the development grant. The State also objected to the termination at will provision and the absence of a “non-binding” option to extend the term past the initial thirty (30) year term of the Lease Agreement. Initial requests to amend the Lease Agreement to address the State’s issues were rejected by LADWP on the grounds that previous agreements for projects utilizing Proposition 84 Grant Funds contained the same provisions. However, with the full cooperation of LADWP, RAP, and the Office of City Attorney staff, alternative provisions were crafted that satisfied both the LADWP and the State. These are included in the proposed revised Lease Agreement.

ENVIRONMENTAL IMPACT STATEMENT

The West Lakeside Street Park project was evaluated in a Final Environmental Impact Report (FEIR) that was adopted and certified on July 10, 2013 (Report No. 13-191). Board action on the Lease Agreement as amended will result in no additional environmental impacts, and therefore, is covered by the existing California Environmental Quality Act (CEQA) exemption. No additional CEQA documentation is required.
FISCAL IMPACT STATEMENT

There is some fiscal impact to RAP’s General Fund with the approval of the proposed Lease Agreement. As indicated in the Lease Agreement, RAP is required to pay LADWP One Dollar ($1.00) per year for the life of the agreement. The total lease payment will be Thirty Dollars ($30.00). There are sufficient funds in the Real Estate Leasing Account to pay amount.

This Report was prepared by Ian Kim, Management Analyst, Planning, Maintenance and Construction Branch.
