RECOMMENDATIONS

1. Approve the final plans and specifications, substantially in the form attached to this Report, for the Reseda Park - Sports Court Lighting (AKA Prop K Sports Lighting Improvement: Reseda RC) (W.O. #E170509) Project (Project);

2. Find that proposed Project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA), pursuant to Article III, Section 1, Class 1(1), Class 1(4) and Class 1(12) of City CEQA Guidelines and Article 19, Section 15301(d) of California CEQA Guidelines, and direct Staff to file a Notice of Exemption (NOE) with the City and the Los Angeles County Clerk's Office;

3. Authorize Department of Recreation and Parks' (RAP) Chief Accounting Employee or designee to make technical corrections as necessary to carry out the intent of this Report.
SUMMARY

Reseda Park is located at 18255 Victory Boulevard, in Council District 3. This 29.68 acre park features basketball and tennis courts, an outdoor swimming pool, picnic areas, walking paths, and a multipurpose center. Approximately 9,114 residents live within one-half (1/2) mile walking distance of the park.

The proposed Project is a Proposition K – L.A. for Kids Program Competitive Grant funded project.

The scope of work for the Project consists of replacing existing lighting at two (2) full-court, and one (1) half-court, basketball courts and four (4) tennis courts with new Light Emitting Diode (LED) light fixtures. This will provide an improved quality of lighting, with reduced spillover of light onto adjacent properties and/or other areas of the recreation center. The new LED light fixtures will also reduce operational costs, by reducing energy consumption relative to current electrical usage.

After review by RAP staff and Department of Public Works, Bureau of Engineering (BOE), it was determined that the work can be performed by RAP pre-qualified on call contractors. RAP staff recommends the Project to be constructed by the on call contractors and recommends BOE to provide construction management services during the construction of these improvements.

RAP’s Planning, Construction, and Maintenance Branch prepared the plans and specifications for the Project, and obtained all the necessary permits for the Project. The final plans for the Project are attached to this Report and are submitted to the Board of Recreation and Park Commissioners (Board) for approval through this Report. As required by the Proposition K, three (3) Local Volunteer Neighborhood Oversight Committee (LVNOC) meetings were conducted. The first LVNOC meeting was held on October 6, 2016. The second LVNOC meeting was held on March 9, 2017. The third LVNOC meeting was held on April 20, 2017. The community, LVNOC and the Office of Council District 3 are in full support of the Project.

Sufficient funds are available for the construction and construction contingencies from the following funds and accounts:

TREES AND SHADE

No trees will be removed and any existing trees near the installation of new lights will be protected during the construction. Since this Project focuses on the improvement of lighting for evening recreation activities, additional trees and shade structures are not part of the scope or work. Furthermore, the approved Proposition K – L.A for Kids Program funds for this Project do not include funds for the installation of shade structures and/or trees.
ENVIRONMENTAL IMPACT

The proposed Project consists of minor construction work to replace existing lighting with new LED lighting fixtures for security reasons. As such, RAP staff recommends that the Board of Recreation and Park Commissioners (Board) determines that the proposed Project is exempt from the provision of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1(1), Class 1(4), and Class 1(12) of City CEQA Guidelines and Article 19, Section 15301(d), of California CEQA Guidelines.

FISCAL IMPACT

There is no immediate fiscal impact to RAP’s General Fund. When completed, the Project should reduce long term maintenance and operational costs, due to replacement of existing and high energy consumption of sports court lighting systems with new and energy efficient LED lighting systems.

STRATEGIC PLAN INITIATIVES AND GOALS

Approval of this Board Report advances RAP’s Strategic Plan by supporting:

**Goal No.5:** Ensure an environmentally sustainable park system
**Outcome No. 1:** Decreased energy consumption and achieve a smaller carbon footprint

This Report was prepared by Erick Chang, Project Manager, BOE Architectural Division. Reviewed by Neil Drucker, Interim Division Manager, BOE Architectural Division, and Darryl Ford, Superintendent, Planning, Construction and Maintenance Branch.
