SUMMARY

YPPIC is a long-standing supporter of Palisades Park and Recreation Center (Park), located at 851 Alma Real Drive, Pacific Palisades 90272. YPPIC is a California nonprofit corporation dedicated to the improvement of the Park and adjacent Potrero Canyon Park. Although it established nonprofit status in 2015, its support of the Park goes back to 2002 when YPPIC raised one million dollars ($1,000,000.00) for the development of the existing Field of Dreams baseball field. Additionally, subsequent to the completion of the field’s construction, YPPIC has continuously raised funding for the maintenance of the field.

In 2015, YPPIC approached RAP with a proposed gift project to develop new Bocce courts and a new picnic area at the Park. A conceptual plan was presented to PMC staff for review in developing a design that would be beneficial to the Park and community, and acceptable to RAP pursuant to current design standards and compliance with RAP policies. On August 12, 2015, the Board unanimously approved a conceptual plan (Report No. 15-173) for such improvements. YPPIC commissioned the landscape architectural firm of Pamela Burton and Company to prepare a series of increasingly detailed construction drawings based on the then current concept plan, each of which were submitted to PMC staff for review. YPPIC continued to work with RAP, receiving guidance on RAP standards to prepare a design which once completed would be presented for community stakeholder and potential sponsor/donor consideration. Preliminary designs for the flagpole monument and various recognition signs (collectively “Recognition Signage”) were created by the Gensler architectural firm (Gensler Designs) which were presented along with the architectural plans at several public meetings hosted by the Palisades Park Advisory Board (PAB). A representative from the Office of Councilmember Mike Bonin of the Eleventh Council District (CD-11) followed the project’s design and planning process, including her attendance at meetings between PMC staff and YPPIC representatives.

In addition to the PAB meetings, YPPIC also presented the proposed gift to the community at events, such as the Fourth of July Parade where a parade float displayed an 8’ x 9’ architectural rendering of the project on each side of the float. The PAB meetings and events which occurred from 2015 through 2018, were attended by representatives from CD-11, Pacific Palisades Community Council (PPCC), potential donors and sponsors, and the general public (collectively, “the Community”). Additionally, the Veterans’ Gardens Working Group established a website (www.veteransgardens.net) to further the public outreach effort, providing full transparency with project details for the public’s consideration, support, and comment. The website includes information on project design, fundraising, other project details and YPPIC organization.
information. Some highlights of the Community process are included in the brief, chronology of meetings and events included with this Report as Attachment 2.

Through such process, including the discussions with RAP staff, the original design of the gift approved by the Board in 2015 was expanded to include additional components, but also eliminated certain elements previously considered for the project, such as an electronic scoreboard and information kiosk. The design approved by the Community and submitted for Board consideration under this Report, including the Plans on file in the Board Office, are the result of the approximate three (3) year design and community review period.

The proposed gift evolved from only a picnic area and Bocce court into improvements which now include, (i) the creation of five (5) “outdoor living rooms” with independent recognition panels recognizing each of the five (5) branches of the United States military and each placed individually within one of the outdoor living room locations, respectively; (ii) installation of five (5) donor recognition panels together at a single location recognizing current and future donors and supporters; (iii) installation of a flagpole monument including the proposed name of the improvements once completed, “Veterans’ Gardens”, and a dedication statement recognizing the contributions of U.S. Military Veterans and community virtues; (iv) installation of three (3) bocce courts, each with a plaque at the foot of each court provided by a court contributor in honor of a US. Veteran; (v) removal of an existing concrete slab and installation of new picnic tables and barbeques; (vi) construction of an ADA compliant accessible pathway between the new picnic area and the bocce ball courts; and (vii) installation of landscaping, irrigation, and ancillary park improvements (collectively, “Improvements”), for the benefit and enjoyment of the public. Illustrative renderings of the Improvements location, design, and Recognition Signage are attached to the proposed Agreement as Exhibits A, B, and C, respectively. In addition, and as previously stated, the technical Plans are on file in the Board Office.

On January 18, 2018, American Legion Post 283 (Post) agreed to be the principal funder for the construction of the Improvements, providing a charitable contribution to YPPIC in the amount of Four Hundred Thousand Dollars ($400,000.00), pursuant to the terms of a matching grant-funding agreement with YPPIC and stipulating that YPPIC would be responsible for securing an additional Four Hundred Thousand Dollars ($400,000.00) to match the Post’s grant and complete the estimated Improvements budget. A condition of the Post’s grant is that the completed Improvements be named “Veterans’ Gardens”, and that such name remain unchanged for a minimum of thirty (30) years. A second Post stipulation at the time of their commitment was that the community would also make donations and contributions to YPPIC for the Improvements.

As described by Exhibits B and C of the proposed Agreement, the proposed Recognition Signage will be place at various locations throughout Veterans’ Gardens. The design of the Recognition Signage and the names of various contributors and donors to the Improvements as will be displayed on the Recognition Signage are included in Exhibit C for the Board’s review, consideration and approval. Per the terms of the Agreement, the Recognition Signage shall remain in place for a term of thirty (30) years from the effective date of the Agreement. In the event YPPIC receives additional donations to be gifted to RAP beyond the Improvements, the names of the donors contributing such additional donations may be added to the Recognition Signage in the future. Prior to the inclusion of any such additional names, RAP staff shall return
to the Board for acceptance of the additional contribution and approval of the inclusion of additional names on the Recognition Signage.

Pursuant to the proposed Agreement, YPPIC will be solely responsible for the completion of the Improvements through donated private funds, and will contract directly with general contractors, sub-contractors, and vendors (collectively “Contractors”) for the purchase, construction, and/or installation of the Improvements. The estimated cost for completing the Improvements is up to Eight Hundred Thousand Dollars ($800,000.00). Contractors’ access to the site will be authorized through a temporary, revocable Right-Of-Entry permit issued by PMC. YPPIC will make payments directly to the Contractors in accordance with their agreed-upon contracts. Upon completion of the Improvements and completion of a post development inspection of the Improvements by PMC, the Improvements will be donated to RAP as a gift pursuant to the terms of the Agreement. The tentative construction timeline calls for completion of Veterans’ Gardens on or before October 15, 2019. Following its completion, a ribbon cutting ceremony is planned for some time in November, 2019.

Once completed, Veterans’ Gardens will be open to the public and operated by the RAP Recreation Branch through the Park Director, including the scheduling and coordination of Bocce leagues, special events, and permitting. With regard to maintaining Veterans’ Gardens, although RAP Maintenance staff will be solely responsible for the performance of such maintenance, it’s the intent of YPPIC to continue fund raising to support Veterans’ Gardens and associated activities, including its maintenance. Any additional contributions made by YPPIC in support of Veterans’ Gardens beyond the Improvements gifted under the Agreement, shall be presented to the Board for approval in the future.

Staff recommends approval of this Report and proposed Agreement, including approval of proposed Recognition Signage and the Board’s acceptance of this generous Gift to the City of Los Angeles for the future benefit and enjoyment of park patrons, U.S. Military Veterans, the local community of seniors, and the general public.

ENVIRONMENTAL IMPACT STATEMENT

The proposed gift to RAP includes the installation of new landscape and related irrigation, the placement of on premise signs, the placement of play equipment and the construction of minor structures accessory to an existing facility. As such, staff recommends that the Board determine that the proposed gift is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 4(3), Class 4(12), Class 11(1), Class 11(3) and Class 11(6) of City CEQA Guidelines as well as to Article 19, Sections 15304(b), 15304(f); 15311 and 15311(a) of California CEQA Guidelines. A Notice of Exemption will be filed with the Los Angeles County Clerk upon the Board’s approval.

FISCAL IMPACT STATEMENT

The installation of the Improvements and its acceptance by RAP as a gift will not have any fiscal
impact on RAP’s General Fund, as associated costs will be funded entirely by YPPIC through a
grant provided by American Legion Post 283 and various donations from the public. Future
maintenance of the Improvements will be addressed through Palisades Park’s existing
maintenance budget, annual budget process, and future supplemental funding to be provided by
YPPIC.

CITY OF LOS ANGELES

INSTRUCTIONS AND INFORMATION
ON COMPLYING WITH CITY INSURANCE REQUIREMENTS

(Share this information with your insurance agent or broker)

1. Agreement/Reference  All evidence of insurance should identify the nature of your business with the CITY. Clearly show any assigned number of a bid, contract, lease, permit, etc. or give the project name and the job site or street address to ensure that your submission will be properly credited. Provide the types of coverage and minimum dollar amounts specified on the Required Insurance and Minimum Limits sheet (Form Gen. 146) included in your CITY documents.

2. When to submit  Normally, no work may begin until a CITY insurance certificate approval number (“CA number”) has been obtained, so insurance documents should be submitted as early as practicable. For As-needed Contracts, insurance need not be submitted until a specific job has been awarded. Design Professionals coverage for new construction work may be submitted simultaneously with final plans and drawings, but before construction commences.

3. Acceptable Evidence and Approval  Electronic submission is the required method of submitting your documents. KwikComply is the CITY’s online insurance compliance system and is designed to make the experience of submitting and retrieving insurance information quick and easy. The system is designed to be used by insurance brokers and agents as they submit client insurance certificates directly to the City. It uses the standard insurance industry form known as the ACORD 25 Certificate of Liability Insurance in electronic format. KwikComply advantages include standardized, universally accepted forms, paperless approval transactions (24 hours, 7 days per week), and security checks and balances. The easiest and quickest way to obtain approval of your insurance is to have your insurance broker or agent access KwikComply at https://kwikcomply.org/ and follow the instructions to register and submit the appropriate proof of insurance on your behalf.

Contractor must provide City a thirty (30) day notice of cancellation (ten (10) days for non-payment of premium) AND an Additional Insured Endorsement naming the CITY an additional insured completed by your insurance company or its designee. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the CITY is an automatic or blanket additional insured. An endorsement naming the CITY an Additional Named Insured and Loss Payee as Its Interests May Appear is required on property policies. All evidence of insurance must be authorized by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter.

Additional Insured Endorsements DO NOT apply to the following:

- Indication of compliance with statute, such as Workers’ Compensation Law.
- Professional Liability insurance.

Verification of approved insurance and bonds may be obtained by checking KwikComply, the CITY’s online insurance compliance system, at https://kwikcomply.org/.

4. Renewal  When an existing policy is renewed, have your insurance broker or agent submit a new Acord 25 Certificate or edit the existing Acord 25 Certificate through KwikComply at https://kwikcomply.org/.

5. Alternative Programs/Self-Insurance  Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the CITY has reviewed the relevant audited financial statements. To initiate a review of your program, you should complete the Applicant’s Declaration of Self Insurance form.
(http://cao.lacity.org/risk/InsuranceForms.htm) to the Office of the City Administrative Officer, Risk Management for consideration.

6. **General Liability** insurance covering your operations (and products, where applicable) is required whenever the CITY is at risk of third-party claims which may arise out of your work or your presence or special event on City premises. **Sexual Misconduct** coverage is a required coverage when the work performed involves minors. **Fire Legal Liability** is required for persons occupying a portion of CITY premises. Information on two CITY insurance programs, the SPARTA program, an optional source of low-cost insurance which meets the most minimum requirements, and the Special Events Liability Insurance Program, which provides liability coverage for short-term special events on CITY premises or streets, is available at (www.2sparta.com), or by calling (800) 420-0555.

7. **Automobile Liability** insurance is required only when vehicles are used in performing the work of your Contract or when they are driven off-road on CITY premises; it is not required for simple commuting unless CITY is paying mileage. However, compliance with California law requiring auto liability insurance is a contractual requirement.

8. **Errors and Omissions** coverage will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.

9. **Workers’ Compensation and Employer’s Liability** insurance are not required for single-person contractors. However, under state law these coverages (or a copy of the state's Consent To Self Insure) must be provided if you have any employees at any time during the period of this contract. Contractors with no employees must complete a Request for Waiver of Workers’ Compensation Insurance Requirement (http://cao.lacity.org/risk/InsuranceForms.htm). **A Waiver of Subrogation** on the coverage is required only for jobs where your employees are working on CITY premises under hazardous conditions, e.g., uneven terrain, scaffolding, caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer’s right to recover (from the CITY) any workers’ compensation paid to an injured employee of the contractor.

10. **Property** Insurance is required for persons having exclusive use of premises or equipment owned or controlled by the CITY. **Builder’s Risk/Course of Construction** is required during construction projects and should include building materials in transit and stored at the project site.

11. **Surety** coverage may be required to guarantee performance of work and payment to vendors and suppliers. A **Crime Policy** may be required to handle CITY funds or securities, and under certain other conditions. **Specialty coverages** may be needed for certain operations. For assistance in obtaining the CITY required bid, performance and payment surety bonds, please see the City of Los Angeles Contractor Development and Bond Assistance Program website address at http://cao.lacity.org/risk/BondAssistanceProgram.pdf or call (213) 258-3000 for more information.

12. **Cyber Liability and Privacy** coverage may be required to cover technology services or products for both liability and property losses that may result when a CITY contractor engages in various electronic activities, such as selling on the Internet or collecting data within its internal electronic network. Contractor’s policies shall cover liability for a data breach in which the City employees’ and/or City customers’ confidential or personal information, such as but not limited to, Social Security or credit card information are exposed or stolen by a hacker or other criminal who has gained access to the CITY’s or contractor’s electronic network. The policies shall cover a variety of expenses associated with data breaches, including: notification costs, credit monitoring, costs to defend claims by state regulators, fines and penalties, and loss resulting from identity theft. The policies are required to cover liability arising from website media content, as well as property exposures from: (a) business interruption, (b) data loss/destruction, (c) computer fraud, (d) funds transfer loss, and (e) cyber extortion.
Veterans’ Gardens
Chronology of Design and Community Process (Highlights)

2015 - The Palisades Park Advisory Board (PAB) approved a conceptual plan for a project to revitalize the upper picnic area of Palisades Park and Recreation Center.

August 12, 2015 - The Board of Recreation and Commissioners (Board) unanimously approved the proposed conceptual plan recommended by the PAB, and determined the project to be exempt under the terms of the California environmental Quality Act.

July, 2016 - At its quarterly meeting, the PAB approved 50% Construction Drawings of the project.

September 23, 2017 - A special meeting of the PAB was held so that the Pacific Palisades community could review the project and proposal to name the project, “Veterans Gardens”. The PAB adopted a resolution recommending to the Department of Recreation and Parks (RAP) that the name “Veterans Gardens” be proposed for Board consideration.

July 4, 2018 - On July 4, 2018, the Veterans Gardens project was again presented to the Palisades community at the annual Fourth of July parade when an architectural rendering of the project, measuring 8’ x 9’ (Architectural Rendering), was displayed on each side of a parade float. Thereafter, to further publicize the project, the Architectural Rendering together with a 2’ x 8’ explanatory sign, was installed at the site proposed for Veterans Gardens. The Architectural Rendering and the explanatory sign have remained in place since that date.

October 30, 2018 - A special meeting of the PAB was held so that the Palisades community could consider (1) the Architectural Rendering, (2) 90% Construction Drawings incorporating the comments of the RAP Planning, Maintenance and Construction Branch (PMC), (3) the additional changes made to the 90% Construction Drawings that resulted from the most recent modifications called for by PMC, (4) the designs created by the Gensler architectural firm for the flagpole monument, military commemorative panels, and donor recognition panels (Gensler Designs). At the conclusion of the special meeting, the PAB unanimously approved Veterans Gardens, as depicted in the Architectural Rendering and Gensler Designs. The 90% Construction Drawings which included final changes made to reflect the most recent comments received from PMC.
