DISPOSITION: APPROVED

COMMISSION TASK FORCE UPDATES

Commission Task Force on Concessions Report

Commissioner Chase reported that the Task Force on Concessions did not meet.

Commission Task Force on Facility Repair and Maintenance

Vice-President Alvarez reported that the Task Force on Facility Repair and Maintenance met to discuss the Potrero Canyon Park - Grading Project.

GENERAL MANAGER’S REPORT AND VERBAL STAFF UPDATES

Anthony-Paul Diaz, Executive Officer and Chief of Staff had several items to report. He invited Kai Wong from Grants Administration to present the Overview of the Los Angeles County Proposition A-Safe Neighborhood Parks, Gang Prevention, Tree Planting, Senior and Youth Recreation, Beaches and Wildlife Protection Acts of 1992 and 1996 – Grant Program Funding for Department of Recreation and Parks.

Ms. Wong reported that there were 165 projects, of which 157 were closed, 2 are pending closeouts, and 2 are active. The 4 remaining projects are waiting LA County Board of Supervisors’ approval to allocate money to fund the projects; they are Sun Valley, Sepulveda for the lighting project, Rancho Cienega for Phase II, and Algin Sutton. She mentioned that under Proposition A, RAP also received Proposition A Maintenance money. RAP collected $28.6 million, of which we completely exhausted the last $6.6 million that were remaining. RAP has claimed $35.2 million of the Proposition A Maintenance Fund.

Mr. Diaz then announced that several staff members have recently returned from the National Recreation and Parks (NRAP) Association’s annual conference. He said this is a way to keep RAP connected and aware of issues in relation to parks on a national scale. Mr. Diaz further stated that RAP is often the leader on issues of social equity, access, conservation and health and wellness. This is in line with the Strategic Plan that this Board approved a few years ago. He also stated that RAP is in the early stages of budget preparations for 2020-21 fiscal year. Early discussions with City leaders and Council members, and aligning our budget with our Strategic Plan are taking place. RAP is also receiving input from other City stake holders, including the Mayor’s office to ensure we accomplish some of the bigger goals of the City. RAP will continue to focus on the concept of social equity and access and ensure that we have these types of
programs in place. Mr. Diaz said that we are near the final stages of coming to agreement with LA 2028 regarding a youth sports program. RAP has reached a preliminary agreement with LA2028, and expects this to be presented for Board consideration very soon. He stated that RAP is gearing up for the Winter quarter programming and registration will start next month. Mr. Diaz shared that RAP is re-opening Leimert Park to the public. He also mentioned that RAP is continuing to work as part of the LA River Taskforce, staff regularly attends meetings with stakeholders and City leaders, and an update will be presented to the Board regarding this ongoing project as the details become more specific. RAP has been directed by a Council Committee to begin community surveys to determine the impact of homelessness on various parks. That motion has not been fully approved by the City Council, but RAP's response will be prepared in a report form for City Council, and this will be shared with the Board. Mr. Diaz said that he and a few staff members will be testifying on park vending before the Public Works Committee, one of six committees dealing with a Citywide vending permit system. He commented that RAP will continue to monitor the development and provide input as well as issues of where individuals can sleep in public areas, such as, parks, outside of hospitals, schools, sidewalks, etc.

COMMISSION BUSINESS

Comments from Commissioners on Matters within the Board's Jurisdiction and Requests by Commissioners to Schedule Specific Future Agenda items. Commissioner Halper requested an update on community school programs.

Chief Losorelli received accolades and praise from the Board as he went above and beyond the call of duty on safety issues at Hansen Dam by personally walking around those areas to show residents and advocates where the rangers are meeting a lot of challenges. He acknowledged the problems at Hansen Dam, but let the community know that they are on top of this issue and addressing the problems as best they can.

NEXT MEETING

The next Regular Meeting of the Board of Recreation and Park Commissioners is scheduled to be held on Wednesday, October 23, 2019, 9:30 a.m., at the Ramona Hall Community Center, 4580 N Figueroa St, Los Angeles, CA 90065.

ADJOURNMENT

There being no further business to come before the Board, President Patsaouras requested a Motion to Adjourn. It was moved by Commissioner Chase and seconded by Commissioner Halper. The meeting adjourned at 10:35 a.m.
