BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: JOY PICUS CHILD CARE CENTER – TUITION RATE AND FEE INCREASE FOR FISCAL YEAR 2020-21

AP Diaz  S. Piña-Cortez
H. Fujita  C. Santo Domingo
V. Israel  N. Williams

Approved X Disapproved Withdrawn

RECOMMENDATIONS

Approve the proposed Joy Picus Childcare Center monthly tuition and fees page for Fiscal Year 2020-21, as attached hereto as Attachment 1, with such rates and fees to be effective July 1, 2020.

SUMMARY

Mount Washington Preschool and Child Care Centers, Inc. (MWPCC) has operated the Joy Picus Childcare Center (Center) since 2009, which is located within City Hall South at 111 East First Street, Los Angeles, CA 90012. MWPCC executed their most recent Contract No. 3538 (Contract) in 2016, as a result of a Request of Proposal process administered by the Department of Recreation and Parks (RAP). The initial term of the Contract was five years and due to expire on June 30, 2020. The Contract has a five-year renewal option and MWPCC recently exercised the option to renew till June 30, 2025, and RAP’s General Manager approved the exercise of the option to renew.

The original Contract previously allowed MWPCC to request approval from the Board of Recreation and Park Commissioners (Board) for a 3.5% increase to their tuition and fees page annually. The Board has approved a 3.5% tuition and fee increase every year since 2016. However, a Second Amendment to the Contract was approved by the Board on June 6, 2018, increasing the allowable percentage rate increase MWPCC is allowed to request annually, to 4% each year. At such time, the Board also authorized the 4% increase for the 2019-20 fiscal year. The annual increases have been supported each year by the Joy Picus Parent Advisory Committee, as the reason for the annual increases is to position MWPCC financially to be able to gradually boost Joy Picus employee wages and benefits to Fifteen Dollars ($15.00) per hour in order to comply with the City’s minimum wage requirement by 2020, and to improve the health and dental benefits offered to staff in order to attract and retain quality staff.
In accordance with Section 6.10 of said Contract, MWPCCC submitted correspondence to RAP requesting authorization to increase the tuition and fees by 4% and stating that the requested increase is supported by the Joy Picus Parent Advisory Committee, attached hereto as Attachment 2. If approved, the new tuition rates will become effective July 1, 2020.

Based on MWPCC’s written request outlining the reasons for the tuition increase and the Board’s previous tuition rate increase approvals, RAP Staff recommends that the Board approve the proposed 2020-21 Monthly Tuition and Fee Rates as presented by Attachment 1.

**FISCAL IMPACT**

Approving the tuition and fee increases has no fiscal impact on the RAP General Fund.

This report was prepared by Joel Alvarez, Senior Management Analyst II, Partnerships Section.

RE: Joy Picus Child Development Center Contract Number 3538

Dear Mr. Alvarez:

This year childcare in America was called out as an Essential business during the worst Pandemic in 100 years. Not only were we asked to stay open, we had to abide by very strict guidelines to achieve this. Parents that were not essential were forced to work from home with their toddlers running around and getting into EVERYTHING! I am writing this letter to day to request that a 4% increase be granted to the Mount Washington Preschool and Child Care Center, for the Joy Picus Child Development Center.

Currently the guidelines for operating the childcare centers in Los Angeles County states that the children need to be at least 6 feet apart, their play needs to be individualized, and we can only have ten children per room. All of this is out of our realm of child development thinking. However, we have accomplished it. Sadly, many childcare centers are shutting down, because the guidelines are so strict, and there is really no way to make any money.

Andrea Rosales the director at the Joy Picus Child Development Center developed a system, which was then used to guide the other centers, not only through MWPCCC, but to guide other centers in the downtown area. Everyone comes in and gets their temperature checked. The children go to their rooms, the parents are not allowed inside the classrooms. The children go to the activity chart and figure out what they want to do that day, and the teachers find the pre bagged set of toys that the child requested and put them in the child’s basket. Children eat 6 feet apart, and it is no longer family style. The teachers still sit with them and have conversations. The teachers are still there to comfort them, as well as engage, ask open ended questions, and document their daily lives. We call it the new normal, and everyone has made it work.

No one knows how long the guidelines will stay like this. Joy Picus CDC had a 15-18 month waiting list in March to get into the infant room. Now it will be even longer because we can only have ten per room. Our licensed capacity prior to covid-19 was 86, it is now 50. In April when I sent the budget for the next fiscal year, it shows that we need a 4% tuition increase to pay our teachers the new minimum wage, and to continue to operate our business. Now with Covid-19 and the guidelines, we need it and probably more to stay in operation. We surveyed our families, and our PAC members if they were okay with a 4% increase, they all agreed that they were okay with an increase. Here are some of their responses.

One long term City family (Planning) responded with: Joy Picus teachers and administration are the bomb!!! Yes, we agree.

Another City family (Planning) wrote I support this. You all deserve much much more.
A City mom from Payroll says: *We approve the increase. Thank you so much for everything all of you are doing for the kids.*

An LAPD parent wrote: *We support this.*

A City Atty family wrote:  
*Thanks for the update. I'm so glad to hear that everyone is doing well! We miss our JP family and can't wait for things to return to what our new version of normal will look like.*

*Our family fully supports JP and all the teachers. As such, we offer this email in support of the fee increase, particularly since it will help cover salary increase-related expenses. Thanks and let us know if there is anything else we can do to offer our support during this difficult time.*

A city parent that works in the Personnel dept wrote: *We understand the importance of needing to provide a wage increase to the staff and are in support of the tuition increase.*

There are many more just like these. Parents come to the Joy Picus Child Development Center all of the time and ask why our tuition is so much lower than all of the other child care centers, that are NAEYC accredited, have the low ratios, and have an amazing group of teachers. We offer comparable care to the centers that charge over a thousand dollars more for infant care. The only difference to the care is that they can pay their teachers higher, than us.

Over the years we have lost skilled and valuable staff as they have left to other centers for higher pay. Teacher turnover is detrimental to staff moral and continuity of care in a childcare center. Supporting the increase will help ensure we not only meet the minimum wage requirement, but possible prevent staff from leaving and we can continue to offer the best care possible to our families. This is even more important now than ever as our children are returning to school after months of being home during the pandemic.

*We appreciate your consideration of this tuition rate increase matter and look forward to hearing from you as soon as possible.*

Thank you,

*Tamara Brown*
