

Please provide the Liability insurance following instructions:

The Track4LA is the website that only the broker/agent can register to use and that system is set up to allow for the information to be typed into the proper templates. This is the only way for a Certificate of Liability Insurance and Endorsement to be accepted and approved, as the Risk Management Department no longer accepts hard copies, faxed copies, scanned copies, or any paper copy. You can forward the instructions to the broker/agent:

"Go to the website <http://track4la.lacity.org>, and register as a broker/agent, and, then, follow the steps to actually input the Certificate of Liability Insurance and the required Endorsement to add the City of Los Angeles as an Additional Insured, as per the requirements. Upon completion in the 24/7 online system and all information being completed properly, the system will automatically accept/approve the insurance, although pending any items that might be missing that could be delayed until the questions are answered.

Please be sure to include this email address (westregion.insurancecoordinator@lacity.org) so that I will be aware when the insurance is accepted/approved. If there are any problems or questions when the insurance broker/agent is trying to use the online system, please contact Risk Management at (213) 978-7475 with any questions regarding Track4LA.

If you have any further questions, please just let us know OR you can call the our district office (310)202-2803 (the person handle permit is Crystal)

Thank you,
