Palms Park Children’s Center (PPCC) Ages & Stages
We offer 3 unique programs designed to prepare you and your child for the early years.

Playtime, our baby and toddler program, facilitated by Karen Dudley, is a special time for you and your child to experience a warm and nurturing environment, engage in movement, songs and discussion of topics relevant to the parent child relationship.

Transition Time, offered for ages 20 months to 3 years, is a program facilitated by Josie Clause. It is a teacher-led, structured play experience with circle time, songs, movement and story-time. Under the direction of Josie, children are encouraged to share, use their words, engage with their peers and prepare for the next stage of learning.

PPCC Preschool is a play based program for children ages 2.75 to 5 years. PPCC is facilitated by our team of caring and compassionate teachers who understand the importance of treating each child as an individual. In each class children will experience circle time, music, story time, games and outside play. We are very proud of our culturally diverse students and staff and we host several special events and performances throughout the year. Our staff to child ratio is typically 1:8 or smaller. Children must be toilet ready and able to participate without a parent or caregiver.
