

MAKE YOUR OWN DINOSAUR TAIL

MATERIALS NEEDED:

- 4 DIFFERENT COLORS OF CONSTRUCTION PAPER
- SCISSORS
- GLUE STICK (OR GLUE)
- HOLE PUNCHER
- 2 PIECES OF STRING LONG ENOUGH TO TIE AROUND YOUR WAIST.

Directions:

1. Cut out a horizontal triangle out of the orange rectangular paper. This will be the tail.
2. Color the tail with circular designs or patterns.
3. To make the spikes, cut out 5 equilateral triangles out of each additional color of paper.
4. Glue one edge of each triangle along the long edges of the orange triangle to attach the spikes of the tail. Mix and match the colors as you go.
5. Using a Hole Puncher, punch one hole on each side of the top of the orange triangle.
6. Tie each string to one side of the dinosaur tail.
7. Wrap around and tie strings together around your waste.
8. Wear your tail!
